Mrs. I. C. Nealeigh, drew the hat, Tuesday offered by Mrs. Hunt; 17 being the lucky number.
The reason Mr. Coon, resigned the office of school director, is that he is moving out of the district.
If you want to insure your property, remember that we represent three of the best companies in existence.
All the dogs in town have the distemper, and Captain Dukes says the election is what made them sick.
Be on hand today at the Armory to elect officers for the Hood River Water Supply Company, 2 o'clock is the time.
We are pleased to note that Mr. Billen, is improving, even though slowly, and hope he may yet regain his health.
John Perry and Mr. Straif, were over from White Salmon Tuesday, and will make proof on their purchase applications.
Tablets, accordeons, violins, boots and shoes, and many other things at Tucker's, cheaper than ever before offered in Hood River. Try 'em and see.
The Odd Fellows are making arrangements for a grand masquerade ball Thanksgiving night, at Armory hall, which promises to be the affair of the season.
The goods in Harrison's store are being sold for just what they will bring, and now is the time to secure bargains. Call and make your purchases at once.
Rev. R. D. Howells, is home from Ferndale Washington, for a brief visit. Since taking charge of the church at that point he has built a neat little church building.
B. R. Tucker has just received a carload of "flat" for making berry boxes, and will order four carloads more which will make 500,000 boxes, and this will not hold the crop next year.
Sidney Young, The Dalles jeweler, desires to say that he is still in business and can be found in I. C. Nickelsen's store on Second street, next door to his old stand. Watch repairing a specialty.
The total vote in this precinct was 319, a gain of 26 since June, and this too with a large number of voters having moved with the mill to Chenoweth. The vote represents a gain of at least 100 since June.
C. L. Gilbert, being one of the board of school examiners went to The Dalles Wednesday noon to attend the regular meeting of the board. Miss McKay being sick, the pupils in both rooms had a holiday.
Saturday is grinding day at Harrison Bro's mills until business in that line increases. Near neighbors are always ready to give precedence to those from a distance, so they need not go home without their grist.
The Lone Star Literary met at the Barrett school house last night, it being the first meeting of the season. The question was: "Resolved that woman has more influence over man, than money." H. F. Davidson had the affirmative and J. A. Soesbe the negative, but how the decision went we do not know.
Monday night some party or parties broke into Delk's place, by prying up the back window. Whoever it was got away with 200 cigars, about ten gallons of whiskey and a lot of bottled beer. Besides this they took a lot of empty beer bottles filling them with whiskey from the barrels. Delk is anxious to have the denijohns, bottles and cigar boxes returned so that they can be filled again.

Mr. D. D. Rogers, left some fine carrots at this office Monday, and one day last week the Underwood brothers of White Salmon, left four mammoth fellows weighing 77 pounds each.

The ladies of the Congregational church, furnished dinner and supper to the public election day, taking in \$40. They had assumed \$150 of the church indebtedness, and the above amount will be used to reduce it.

Mr. Hilstrom, has some fine fire clay on his place. He left a piece at this office. This week that had been used as a stove back by him for nine years, and it was evidently good for twenty years more.

Joe Soesbe has sold his farm to Thomas Bishop of Umatilla county, who will move down with his family in March next, until which time Mr. Soesbe will remain in possession. The price was \$2850, area 80 acres.

Captain Blowers couldn't stand the suspense, so came over Wednesday morning to hear the returns. He became one of the returns himself, leaving for home so suddenly that we never got a glimpse of him. It happens that way sometimes but generally to us democrats.

Dan Cameron, brother of R. D. Cameron, of White Salmon, was elected sheriff of Shoshone county Idaho, on the republican ticket, being the only man on the ticket that was not defeated. A Nevada man can't be downed with anything short of a cannon.

We want to say that we have a bargain in real estate for some one. We will sell for cash 160 acres, with good house, barn and outbuildings that cost over \$1,000, ten acres cleared, well fenced, for less than the improvements cost. Call and see us, for it is a snap, and the first comer gets it.

The following Hood Riverites were down on the jury, for the term beginning Monday: A. Winans, W. Rand, E. C. Sherriff, A. S. Blowers, T. E. Maskens, M. B. Potter, E. E. Lyons, J. W. Wallace, J. R. Nickelsen, S. F. Blythe, J. W. Ingalls, C. H. Stranahan. Ten out of 33, is a pretty large average for this neck of the woods.

Jackson the Indian, had a fight he's Sunday, caused by too much bug-juice, and got the worst of it. Monday he went home to White Salmon and got even, just like some of his civilized white brethren would have done by, beating his wife. He knocked her down and jumped on her until he got tired, and thinking he had killed her skipped out, and up to date has not been caught. The squaw remained unconscious for nearly 24 hours, but will recover.

M. P. Isenberg can now retire from political life. Election day he publically worked for the democratic ticket, heedless of the fact that the republicans elected him one of the judges of election. Charley Johnson, the Indian wanted to vote the democratic ticket, while the democrats were trying to have him vote for Weaver. The combination was too hard for an Indian, just as it was for some whitemen, to understand, and Isenberg insisted that as he wanted to vote for the democrats he should vote that or none. The misguided creature—voted that way.

Barn Burned.
The Odell barn, twenty-five tons of hay and 250 bushels of barley, were burned Wednesday evening. Will Odell had gone into the barn to take care of his horses, when one of them kicked the lantern over and the flames spread so rapidly they could not be controlled. The loss is a serious one, as outside of the value destroyed which will amount to at least \$750.00, the hay is hard to replace.

School Election.
The special school meeting Wednesday afternoon gathered only about six of our citizens, the balance being too busy managing the National election to attend. As a result the meeting was postponed until Saturday the 19th inst. The directors met and accepted the resignation of N. C. Evans, so that instead of one, two directors will be elected next Saturday.

This Precinct.
The election in this precinct resulted in favor of the republicans by 27 majority. The vote standing as follows: Harrison, 139; Cleveland, 42; Weaver, 112; Bidwell, 17. Nathan Pierce, one of the Weaver electors received 129 votes. The total vote polled was 319, a gain of 25 since the June election. Many democrats, probably 30 refused to vote for Pierce, who had been endorsed by the democratic central committee.

Dance.
There will be a dance at Tucker's hall Friday night the 18th inst. Henry York will furnish the music, and W. T. Hibbard will have charge of the floor. Tickets 50 cents and everybody invited.

BORN.
To Mr. and Mrs. O. Howells twins, both boys. The little fellows are lucky each having a birthday of his own, one being born before midnight Sunday, the other after.

BEATTY'S PIANOS AND ORGANS.
Hon. Daniel F. Beatty, the great Organ and Piano manufacturer, is building and shipping more Organs and Pianos than ever. In 1870 Mr. Beatty left home a penniless plow boy, and by his indomitable will he has worked his way up so as to sell so far nearly 100,000 of Beatty's Organs and Pianos since 1870. Nothing seems to dishearten him; obstacles laid in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments, as is well known, are very popular and are to be found in all parts of the world. We are informed that during the next ten years he intends to sell 200,000 more of his make; that means a business of \$20,000,000, if we average them at \$100 each. It is already the largest business of the kind in existence. Send to Daniel F. Beatty, Washington, New Jersey, for catalogue.

The undersigned being located near Hood River, wishes to inform parties who may be desirous of having surveying done, that he is a practical surveyor of many years experience, and that work entrusted to him will be performed with dispatch and correctness. He takes pleasure in referring to Mr. A. S. Blowers, (who for years was county commissioner in Minnesota,) and for whom he did county work as county surveyor, as to his ability. Parties writing me at Hood will receive prompt attention.
C. J. HAYES.
