Some notes left with us last week for publication were overlooked. As it was election week and the returns were of a kind exceedingly rare, to the democracy we hope our correspondent will forgive us.

Saturday is grinding day at Harbison Bro's mills until business in that line increases. Near neighbors are always ready to give precedence to those from a distance, so they need not go home without their grist.

The Sunday school of the Riverside Congregational church will have a "Missionary Rally" next Sunday evening at 7 o'clock. The services will consist of appropriate music and speaking by members of the school; and the **Rev. Chas. H. Curtis, State Supt of the Congregational Sunday school society, is also expected to give a short address.**

The Ladies Aid Society will repeat the Medley Social with a number of new interesting features on Tuesday evening Nov. 29th at Middleton's hall. Owing to the inclement weather the first night a good many who desired to be present were kept away and the society by request will repeat it. Come and see a greater variety of climate than even Hood River ever witnessed before.

The "Medley" last Friday evening was a decided success, everybody being pleased. The hall was tastefully decorated with evergreens and chrysanthemums, and the stands were sufficiently beautiful, made so by the presence of Hood River's pretty girls. An excellent supper was served, the proceeds of the evening amounting to $34.75. We understand another entertainment of the same kind will be given soon.

Wednesday night the Stranahan house was burglarized. Mrs. English pocket book and that of Mrs. Lindsay were taken, the former containing about five, the latter from three to four dollars. Mrs. English pocket book was found in the wood shed with a nickel in it next morning. As the thief or thieves took nothing else, easily found the purses, and got in without causing the dog to give the alarm, it seems quite probable the burglar was not an entire stranger to the premises.

Mr. Wm. R. Stevenson, Manager of the Manhattan Life Insurance Company, for Oregon and Idaho, is in town for a few days. The Manhattan has written some large policies in Portland recently. It is a notably clean and strong company, and for years has borne the enviable title of "The Old Reliable". It is eminently a policy holders company, and its contracts have no equal in their simplicity and fairness. Anyone contemplating life insurance will find it worth while to inquire about it, at least while he is in town.

At the court house Wednesday morning during the session of circuit court the people in attendance were startled by seeing a man in the audience suddenly throw himself backward in his seat with a groan and then collapse in a senseless heap on the floor. Help quickly reached him, and he was lifted up and carried into the corridor, where it was found that he was past all earthly help. **It is supposed that heart disease or appoplexy was the cause of his sudden death, but nothing can be determined definitely as to this before the inquest, which will be held this evening.** His name as we learn from Mr. Hans Hansen, is U. S. Becknall, and he is a member of the local carpenter's union, 26 years of age, single, and a native of Ohio. Mr. Becknall has been in the employ of Mr. Louis Ostland, the contractor, for some time, was a steady workman and held in high esteem by his associates. His sudden and tragic death so far away from relatives and loved ones will be a sad blow to them.—Wasco *Sun*.

The grand jury investigated charges against J. T. Delk, for selling liquor without a license, but failed to find a true bill.

BEATTY'S PIANOS AND ORGANS.

Hon. Daniel F. Beatty, the great Organ and Piano manufacturer, is building and shipping more Organs and Pianos than ever. In 1870 Mr. Beatty left home a penniless plow boy, and by his indomitable will he has worked his way up so as to sell so far nearly 150,000 of Beatty's Organs and Pianos since 1870. Nothing seems to dishearten him; obstacles fall in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out at it brighter than ever. His pertinacity, as it is called, his very persistency and determination to succeed in all parts of the world. We are informed that during the next ten years he intends to sell 250,000 more of his make that means a business of $40,000,000, if we average them at $160 each. It is already the largest business of the kind in existence. Send to Daniel F. Beatty, Washington, New Jersey, for catalogue.

The undersigned being located near Hood River, wishes to inform parties who may be desirous of having surveying done, that he is a practical surveyor of many years experience, and that work entrusted to him will be performed with dispatch and correctness. He takes pleasure in referring to Mr. A. S. Blowers, (who for years was county commissioner in Minnesota,) and for whom he did county work as county surveyor, as to his ability. Parties writing me at Hood will receive prompt attention.
