THE NEW TOWN has been platted on the old enup ground, at the Forks and Falls of Hood river, with large sightly lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain elimate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir IMBER, possessing millions of horse power in its dashing stream and water falls easily harnessed. Where cheap motive power exists, there the manufacturies will center, surrounded by soil and elimate that cannot be excelled any where for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.
