The Oregon legislature adjourns this morning at 10 o'clock. It has committed sins of omission and more of commission, some of which will be noted in these columns later. The republicans being in the majority, were supposed to make the laws, and the democratic minority was supposed to be making political capital. Instead of this, all parties combined and made one grand fizzle.

The Union Pacific have published a very neat pictorial world's fair folder, containing colored lithograph of the various exposition buildings, bird's eye view of the grounds, with a complete map of the city, showing location of the fair, hotels, railway depots, street car lines and city parks. The Dalles papers last week printed a statement concerning the contributions made by different localities at the time of the fire, in which Hood River is credited with a contribution of $20. Now, Hood River is not desirous of advertising her generosity, but, at the same time, does not like to be belittled. The fact is that Hood River gave, to our knowledge, $144, besides a car load of wood and a generous collection of clothing.

The Oyster Supper.

The oyster supper on Tuesday evening was a very pleasant affair. Supper was served to over one hundred persons, the greater number of whom remained during the evening to enjoy the social part of the entertainment. The most attractive spot for the younger portion was at the post office. The person having this in charge was kept busy the most of the evening, and we noticed not a few of the older folks indulging in the pastime of sending valentines, apparently with as much zeal as the young. The ladies netted $19.10 for the evening's work.

White Salmon Items.

Our enterprising merchant G. A. Thomas made a business trip to The Dalles Tuesday.

Capt. Blowers has leased his farm to a Mr. Lauterbach, recently from Texas, and has his eyes, wistfully cast towards Hood River. Mr. Lauterbach Sr. is dissatisfied with the country, and is talking of returning to Germany.

P. C. Cameron was down to Vancouver proving up last week: just in time to be caught in the snow blockade.

The following advice is offered to the citizens of Oregon, gratis, instead of electing members of the legislature to make laws, divide counties etc., why not hire the able editor of the Oregonian to do it for you. The Oregonian opposes county division on general principles and as a result it seems impossible to get any measure of that kind through no matter how worthy, or else elect men who can think for them selves. The Sentinel says we have lost our head, perhaps so, and we predict that all Goldendale office seekers will be in a similar condition at the next election.

Our county division scheme is in the soup where the honorable D. W. Pierce will be if he is ever imprudent enough to run for offlice again. ANON.

An Empress' Good Work.

The young empress of China, contrary to all traditional customs, is taking a prominent place in public life. Formerly no one was permitted to appear on the road traversed by her majesty under penalty of death. Now the emperor permits his subjects to line the streets when he and his consort travel and to approach them with petitions, to which they listen in the kindest manner. The young empress has commanded the custom of sacrificing human beings in order to propitiate the Goddess of Silk Culture to cease. And she has assisted in planting mulberry trees in the forecourt of the temple where the sacrifices once took place.—New York Sun.

Fading Red Cloud.

Old Red Cloud, who was deposed from his position as chief of the Sioux to make room for American Horse, a younger man, is now a pitiful spectacle, it is said. He frequently visits the Chadron agency and weeps and wails about his fall from power. He is now rapidly going blind, and seems to be dying from a broken heart. His aged squaw remains faithful to him, and he is popular with the Sioux nation.—Exchange.

The Spelling Club.

Last Monday night we had the largest attendance since the beginning of the spelling club. There were ninety-three present, and the proceeds amounted to $4.65. After a short programme Prof. H. D. Langille gave us a short ventriloquistic performance. Prof. Langille is new at the business, but has a natural gift for that kind of work. Two hundred and ninety-one words were spelled by Mrs. Faulkner, who took the prize. Della Watson and Frank Jones also did some good spelling. The judges were: Geo. Prather and A. B. Jones; referee, Superintendent Shelley. Society adjourned until Monday, February 20th.

GEO. SLOCUM, Secretary.

TO FRUIT GROWERS.

In looking up a market for our own fruit and produce, we were successful beyond our most extravagant hopes, and have made arrangements by which we can handle unlimited quantities of berries and other produce under advantages that cannot be excelled. We have ascertained from reliable sources, the responsible dealers in all of our fruit marts, and have made arrangements by which we will receive market reports daily from Helena, Butte, Salt Lake, Denver, Tacoma, Seattle and Portland. We propose to do all we can in upholding prices for our fruit, and maintaining its reputation. The more we have to handle the more successful we will be in that line. We shall not confine our business to the berry crop alone, but will handle apples peaches, and all other farm produce. We shall keep on hand in season, all kinds of fruit-boxes, bought in carload lots for cash, that we will be able to sell at reasonable prices and on easy terms. The early spring will find us located in commodious quarters where we will be pleased to see you at any time. In the meantime, those desiring information of our manner of doing business, will please call on H. E. Wiley, our resident representative in Hood River.

HOOD RIVER FRUIT COMPANY.

BEATTY'S PIANOS AND ORGANS.

Hon. Daniel F. Beatty, the great Organ and Piano manufacturer, is building and shipping more Organs and Pianos than ever. In 1870 Mr. Beatty left home a penniless plow boy, and by his indomitable will he has worked his way up so as to sell so far nearly 100,000 of Beatty's Organs and Pianos since 1870. Nothing seems to dishearten him; obstacles laid in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments, as is well known, are very popular and are to be found in all parts of the world. We are informed that during the next ten years he intends to sell 200,000 more of his make; that means a business of $20,000,000, if we average them at $100 each. It is already the largest business of the kind in existence. Send to Daniel F. Beatty, Washington, New Jersey, for catalogue.

Hanna will sell you goods at former prices and give you 5 per cent. discount, but remember he will not put it on the slate, as the slate has been broken.

Having tried the credit system for two years, and not being able to adjust my prices so as to give cash customers the benefit of cash prices, I have concluded to sell for cash only, with a 5 per cent. discount to all.

We often hear our customers ask, "Why can't our merchants sell as cheap as they do at The Dalles?" I will tell you why. When you go to The Dalles you pay cash for your goods and get the benefit of your cash. I will do the same by you. J. E. HANNA.
