The land slide at Reed's broke loose again last week and swept across the railroad track in a body, 200 feet wide and 20 deep. Trains were delayed, but the management pluckily built right over the moving mass. The road has to be moved back of the hill occasionally, but trains are kept going on time.

Mr. Troy Shelley has received a circular lettar from E. B. It seems probable now that there will be a deficiency of from seventy to eighty millions. The democracy, it strikes us, have overlooked one very important plank on their platform, that is relating to the government "being economically administered." An honest overhauling of the pension list, and a dozen other matters, among them the farce of arresting tramps for selling liquor to Indians, would save all worry over the deficiency, because there wouldn't be any.

Fashion High Arm Singer

Five Years Gugrantee. Delivered Railroad Freight Paid. Full Set of Finest Steel Attachments, in Plush Lined Case.

Our Finest Premium is without doubt the Fashion High Arm Singer Sewing Machine. The "Singer" has stood the test of 49 years and made a princely fortune for its inventor. The "Fashion" Singer, however, is an improvement on the original machine, as it has all modern improvements up to date which are known or found in a first-class family sowing machine.

The automatic bobbin winder winds all sizes of thread on the bobbin as easily as a spool of thread is wound, without care or attention on the part of the operator, except to keep the treadle moving. Owing to the machine having what is termed a tight and loose wheel, the bobbin can be wound without running the working parts of the machine. This is quite an advantage, as it does not necessitate removing the goods from underneath the presser foot, or even unthreading the machine.

The nocile is short and straight, thus insuring great strongth; it is also self-setting, requiring no care on the part of the operator. The pressure on the sowing foot is adjustable, and when the foot is raised to remove the work

from the machine, it brings into play the au-tomatic tension release. This takes the tension from the thread, and the goods can be removed from the machine without bending the needle or breaking the thread. Every operator on old style machines will appreciate this. The woodwork is of either antique oak or

walnut, at choice of purchaser.
Each machine la furnished with the follow-Ing accessories and attachments:
Oil can filled with oil, 12 needles, 6 bobbles. wrench, galde and guide screw, large and small screw driver, Instruction book, feet hommer,

feller, ruffler, tucker, binder, and a set of 4 hearmers of assorted widths. We also furnish a written guarantee warranting the machine for five years, breakage of needles and shuttles excepted. This shows the great confidence we have in the machine, which we justly claim to be the best value for the money ever offered. How to obtain this Machine.-We

will send this machine FREE, treight paid to nearest railroad depot, to any one sending us 40 yearly paid subscriptions, or for to paid subscriptions and \$10.00 in cash; sold to subscribers only for \$24.50 cash, railroad freight paid. Sewing machine agents sell this machine for \$55.00 and \$55.00. The following testimonials were furnished us by the manufacturers:

LaFayerre Spingos, Quincy, Ky., under date of June 24, 1802, writes: "I have one of your High Arm Sewing Machines. We have had it about 3 years, and it has proven to be just as good as represented. It is said to be one of the best machines in our neighborhood by all who have seen it."

by all who have seen it."

MISS SALLIE MCCLELLAN, Vanceburg, Ky, under date of June 23, 1822, writes: "I received the machine and am delighted with it. It does lovely work. There is not another machine in our town for which I would willingly exchange mine. It is a perfect gem in itself. I think I will be able to send you some orders by fall. Everyone likes this one so much."

HENRY JONDAN, Millersburg, Ky, under date of June 13, 1812, writes: "Lour Premium Machine is the best one I ever saw. I would not give it for any of my neighbors, some of whom have paid 50 for their sewing machine. I will tall all of my neighbors about your machines."
