THE PANAMA CANAL

No Definite Plan Will be Decided Upor for Some Time.

Paris, December 21 .- M. Tournerie, the chief engineer of the new Panama Canal Company, states that, although 800 men are working at the Culebra cutting, a definitive plan is not likely to be decided upon for eighteen months. Fifteen engineers went out a month ago, and eleven of them are about to start on a thorough survey of the Isthmus. They will make borings and test the soil. It may be found advisable to dispose of the waters of the Chagres river by damming it in the mountain valleys and thus form lakes, which can be utilized to supply the power for executing the works and eventually operating the locks. NEW SILVER BILL

Bland Has a Substitute for the Carlisle Currency Plan.

RETAINS NATIONAL BANK LAW

And Provides for Coin Notes Redeemable at the Option of the Government in Either Silver or Gold-An Emergency Fund is Also Created.

Washington, December 20 .- Representative Bland of Missouri will move to strike out all after the enacting clause in the Carlisle currency bill now before the House of Representatives and substitute a measure he has prepared for a currency system based on coin and coin notes. Mr. Bland's plan does not interfere with the existing national bank system, but instead of allowing banks to issue notes as the Carlisle plan proposes, Mr. Bland proposes that the government issue the notes, calling them coin notes. These are to be redeemed in gold and silver coin and the government is to coin both metals. The Bland measure would have been offered as a substitute for the pending bill, but as Mr. Walker of Massachusetts has given notice of presenting a substitute embodying the Republican view of the subject, Mr. Bland's plan will be offered in connection with a motion to strike out all after the enacting

The Bland bill provides for the free coinage of silver and for the deposit of gold and silver bullion and the issuance of legal tender notes upon it. The bullion is to be subsequently coined and the coin notes are to be redeemed in gold and silver without discrimination, as may be most advantageous to the government. Provision is also made for issuing coin notes on standard silver coin. All the outstanding gold and silver certificates are to be retired and coin notes are to be substituted therefor.

Provision is also made for the redemption of outstanding greenbacks and treasury notes in gold or silver coin without discrimination. An emergency fund is created so that in case of panic or money stringency the Secretary of the Treasury may, on deposit of United States interest bearing bonds, issue to

lepositors of the bonds coin notes.
Interest on such bonds is to go to the government while they are on deposit, and should they mature while on deposit they are to be cancelled.

The laborers are pring cipally those employed in mahogany and logwood cutting. The delayed reply of the Governor was to the effect that, while he felt much sympathy for the men, he could not see his way clear to inte employer and

employe. The laborers were very much exasper-ated at the reply, and toward evening of the day the reply was given they congregated in large crowds and began rioting. They proceeded to break into and ing. They proceeded to break into and rifle large stores; and, while no one was seriously hurt, many were badly bruised. CONFIRMED BY BAKER.

Mosquito Indians Incorporated With Nicaragua

Washington, December 20 .- The De partment of State has received a dispatch from Minister Baker at Managua saying that the Mosquito Indians have surrendered their rights under the treaty of Managua, and have become incorpor ated with Nicaragua. This surrender t is understood, disposes of the last ves tige of the claim of sovereignty by the Mosquito Indians over the Mosquito reserve set apart by the Managua treaty of 1860 and the award of the Emperor of Austria thereunder. It also terminates any ground for continued pretext of a British "protectorate" over the Mosquito reservation, and greatly simplifies the right of transit across the isthmus.

TIEN TSIN POORLY DEFENDED. London, December 19.-The Times correspondent in Tien Tsin says that there are only fourteen shells to each gun in the city's defenses. This scarcity is due largely to the action of the Peking Board of Finance, which has curtailed the supplies of ammunition for years.

Whereas, we believe that the political union of the two great English-speaking of Port Arthur. Dispatch says the government is not recommended. ernment is not yet in possession of the full facts, but has ascertained the following circumstances: Many Chinese soldiers both at Port Arthur and those who came in from the outlying fortifications taken by Japanese soldiers discarded their uniforms, and it is now known to be certain that nearly all the Chinese killed in plain clothes were soldiers in disguise. The Chinese inhabitants/presumably a majority) of Port Arthur left before the engagement, though a few re-mained, having been armed and ordered them. This they did, and in the confusion of the fight it was impossible to distinguish them from the Chinese soldiers. The Japanese army entering Port Arthur was greatly excited by the sight of the fearfully mutilated bodies of their comrades, some of whom had been burned alive and some crucified. Notwithstand-ing this the discipline of the army was maintained. Numbers of Chinese pris oners were taken and kindly treated. The wounded who could be moved are on the way to Tokio, and will arrive in

a few days. THE RED CROSS IN THE WAR.

Washington, December 19.—An official telegram was received by Miss Clara Barton, President of the American Red Cross Society, to-day from the Japanese legation to correct the erroneous statements going the rounds of the press, that the Red Cross had been rejected by Japan, etc. The Japanese Minister very courteously volunteered to ascertain the facts from his government, and as a result the following message was received by him from the Minister of Foreign Affairs at Tokio, dated December 16, 1894:

"After the fall of Port Arthur a Chinese steamer entered Port Arthur with a few foreigners on board, who stated that they belonged to a so-called private Red Cross Society of Tien Tsin, and asked that the wounded Chinese should be delivered to them for treatment at Tien Tsin. They produced certificates from Li Hung Chang and some foreign Consuls. Our military authorities replied that, while they appreciated the philanthropic spirit which prompted this action, the Chinese wounded were pris-oners of war and could not be allowed to be taken to their own country, which was hostile to Japan, even though the request was made through the good offices of the Consuls of neutral powers. They added that the Japanese field hospital would care for the wounded Chi-nese, for which purpose it had abundant facilities, and requested the Chinese vessel to leave the harbor within a specified time.

ANTI-REVOLUTION BILL

Introduced in the Reichstag, But That Body Adjourns

Berlin, December 19 .- Dr. Neiberling, Imperial Secretary of Justice, introduced the anti-revolutionary bill in the Reichstag to-day. He said it was not intended to upset public opinion; nor was it a disguised anti-Socialistic law, but it was directed against excesses of a criminal nature and against the work of revolutionists seeking to undermine the State. The Secretary of Justice then proceeded to refer to several inflammatory pamphlets which have recently appeared. Interruptions of Socialists were so frequent and of such a nature that the President of the Reichstag, Herr Von Levetzow, was compelled to several times call them to order. Dr. Neiberling then produced a revolutionary broad sheet, which he asserted was intended for circulation in the barracks of the soldiers. He added: "The aim of our opponents can only be obtained by overthrowing all order, and I trust the majority of the House will support the government against this enemy who deny everything sacred to people." Herr Singer moved adjournment of the Reichstag, expressing a doubt whether a sufficient number of Deputies were present to enable a vote Paris, December 19.—A dispatch from Shanghai says the first and second Japanese armies have joined each other north of New Chwang and are now marching direct to Tien Tsin.

uary 6. PARLIAMENTARY CONFLICT COMING.

Berlin, December 19 —The Governor of the Zwickau district has dissolved the Social Democratic organization within his jurisdiction on the ground that it is a society without the rights of a corporation. Wilhelm Stolle is the Social Democrat who sits in the Reichstag for the constituency. This summary action with Mr. Koehler's defiant utterances in the Reichstag are taken by many radicals. Mr. Koehler's defiant utterances in the Reichstag are taken by many radicals and Social Democrats to indicate that the government is steering straight for a parliamentary conflict. Several opposition Deputies say that the Emperor evidently seeks to govern with a Federal Council as suggested by Councillor Roessler in a recent pamphlet, but without a Reichstag.
