

**DOLPH'S DEFEAT.**

Contrary to general expectation, the balloting for senator in the legislature in joint assembly Wednesday resulted in no choice. Tuesday the two houses voted separately, when the vote in the senate stood:

Dolph—Ally, Bancroft, Brownell, Calbreath, Carter, Dawson, Denny, Gesmer, Gowen, Hobson, Johnson, Maxwell, McClung, McGinn, Patterson, Price, Steiwer, Simon, Woodard—19.

Bennett, Dem.—Beckley, Butler, Cogswell, Huston, McAllister, Raley, Smith of Clatsop, Smith of Sherman—8.

Hare, pop.—Holt, King, Vanderberg—3.

In the house, 22 republicans bolted the caucus nominee and voted for Judge F. A. Moore of the supreme bench. Following is the vote of the house:

Dolph—Beach, Blundell, Bridges, Calvert, Caldwell, Cleaton, Conn, Cooper, Daly, David, Davis, Gowdy, Keyt, Long, McCracken, McGreer, Mintie, Moorhead, Myers, Paxton, Secklbrede, Sluttrum, Stanley, Smith of Clackamas, Smith of Polk, Smith of Josephine, Templeton, Thompson and Mr. Speaker—29.

Moore—Baker, Barkley, Boothby, Burke, Cole, Conn, Craig, Curtis, Gates, Guild, Gurdane, Hilligas, Hofer, Hope, Lester, Lyle, Patterson, Rinearson, Smith of Linn, Tigard, Wright, Yates—22.

Hare—Buckman, Burleigh, Huffman, Jeffrey, Nealon, Steiwer, Young—7.

Lord—Dunn—1.

On the ballot taken Wednesday Senators Alley, McClung and Johnson and Representative Keyt deserted Dolph. Representative Scott being absent, sick, this ballot left Dolph short one vote of being elected.

Thursday's ballot resulted 44 for Dolph, and as the sick man had returned, he lacked two votes of election. Dolph's defeat is now generally conceded.

Senator McGinn of Multnomah has introduced a bill to give all legal printing in each county to the newspaper having the largest circulation. This would give the Oregonian a great advantage in Multnomah just at present, but if this free-silver fight keeps up, and we guess it will, the Sun will soon beat the Oregonian's circulation. The bill would not affect the GLACIER one way or the other, but we hope it will not become a law. It would raise prices on this class of advertising and foster monopoly, and would be about as objectionable as the old litigation law enacted by the democratic legislature of 1870, giving the democratic state administration the right to designate the newspapers that should have the legal advertising. That law helped to elect the republican legislature of 1872.

The free-silver republicans of Hood River (and they seem to be in the majority) were proud of Hon. T. R. Coon, our representative at Salem, when it was learned by his vote for senator that he was not governed by the instructions sent him from The Dalles. We are not a free-silverite, but we can respect the independence of Mr. Coon in voting according to his convictions in this election. He has been an advocate of free silver for years, and as his party is hopelessly divided on the question, he is not abusing the confidence reposed in him by voting for a free-silver republican for United States senator.

Wednesday citizens of Hood River "instructed" their representative from this part of the county. A request to Mr. Coon, asking him not to vote for Mr. Dolph, was circulated, and in about two hours it received the signatures of 52 republicans who had voted for Mr. Coon. All republicans who were asked to sign the paper complied except four; but the names of these four were very conspicuous by their absence from the list.

The one vote in the Yamhill county convention that defeated Mr. J. W. Morton for the nomination for joint representative from Yamhill and Tillamook counties defeated Senator Dolph's re-election. Mr. Morton was a Dolph man when we talked with him only last Tuesday. His successful competitor, H. C. Geiff, votes against Dolph in the legislature.

Judges Gilbert and Bellingher have removed from office United States Commissioner C. L. Parrish of Lakeview. Mr. Parrish is the commissioner who recently sent a special deputy marshal with an assistant, all the way from Lakeview to Portland, bringing a worthless fellow to jail for selling a pint of whisky to an Indian. And for this Mr. Parrish was turned down.

The GLACIER is indebted to Mr. M. Willis for a copy of the Klamath Falls Express souvenir number of January 10th. It is handsomely printed and gives fine illustrations of views in that distant part of Oregon, with descriptive articles of the country and pictures of all prominent citizens.

The first number of the Lance, Portland's new weekly, has been received. Mr. Charles E. Downing, late of the Tomahawk, will have editorial management of the Lance, and this is assurance that the editorials will be interesting reading. He will be assisted by that brilliant Oregon genius, Sam L. Simpson, whose verse will doubtless be recognized by his numerous admirers.

A letter of Senator Hill's, written over a year ago and declaring for free silver, has recently been made public. Hill is planning to capture the Southern delegates to the next democratic convention. From this time until the convention next year he will be a good democrat, and this explains his recent visit to the white house. But that 153,000 majority given Levi P. will rise up and again overcome David B. when convention time comes around.

While the world's production of gold increased 30 per cent from 1890 to 1893, the production of silver during the same time increased 385 per cent; hence there is a decline in the price of silver. The increased production of wheat, cotton and wool has produced a like reduction in prices for these staple commodities.

It is sad to think of the Honorable Joseph N. Dolph going back to private life after the 4th of March next! to sink into obscurity along with G. H. Williams, J. K. Kelly, L. F. Grover and J. H. Slater.

The big storm is reported to have done a tremendous lot of damage to the orchards in Clarke county, Washington. Some of them are stripped clean of limbs.

Senator Patterson's bill, reducing the mileage of county officers from 10 cents to 5 cents a mile, should become a law.

Oregon has "gone idiotic," Brother Gourlay.

**Meeting of Northwest Fruit Growers.**

The Northwest Fruit Growing Association and the Oregon State Horticultural Society will hold their annual meeting at the city of Portland, commencing Wednesday, February 6, 1895.

The Northern Pacific, the Oregon Railway and Navigation Co. and the Great Northern have agreed for a full fare going and one-fifth returning. Tickets must be purchased within three days of the time of holding the convention. To obtain the reduced rate on return the purchaser must obtain from the agent a certificate that he purchased such ticket for the purpose of attending said convention. He must also receive a certificate from the secretary of said convention that he attended the same. On presenting these certificates to the agents of these roads at Portland he will receive his return ticket for one-fifth of the regular fare.

It is hoped that there will be a large attendance from all parts of the northwest, also that there will be every effort made to secure a good display of the fruits of our region. To this all are asked to contribute.

The intention is to organize and harmonize the fruit-growing interests of the entire northwest—Idaho, Washington, Oregon and British Columbia—in the best manner and invite full discussion of all questions involved. The meeting will be made valuable and instructive by practical discussion of many topics involved in horticulture, and the advantages of every section of this broad northwest will be explained by representative men present.

It was hoped to secure the presence of the American Pomological Society in full force, but while disappointed in this, we yet have assurance from Mr. Brackett, the secretary, and other distinguished pomologists from the East, that they will remain on this coast and intend to be present at our convention to read valuable papers and take part in our discussions.

The fruit growers of the northwest will be here in great numbers and are abundantly able to lend interest to the discussion of all questions that will come before them. S. A. CLARKE, Sec'y N. W. F. G. Ass'n.

**Collapse of an Ancient Aristocracy.**

The latest advice from China shows that the hope of resisting the Japanese has been abandoned. The defensive campaign has collapsed with a disgraceful completeness unequalled in history since the great Roman empire went down before a handful of half-naked barbarians.

The causes of the fall of China are obtrusively self-evident. The government is now, as it has been for centuries, a pure aristocracy, no doubt the purest in history, for elsewhere the element of birth or of religious caste has entered into the theory that the best have a divine right to govern. The classical aristocracies were adulterated by democracy, by plutocracy and by caste. But in theory the Chinese aristocracy is purely one of personal attainment.

In America, as in India, aristocracy and Brahminism have always gone together. The most powerful of our living aristocrats are also theocrats—men who earnestly believe that their superiority to the rest has made them the special agents of the divine will for the mastery of the rest. But in China there are no Brahmins. The Chinese aristocrat who complies with the theory of the government has secured his rank by his own effort. He is a mandarin because of being a "superior man," and he has become superior by studying the literature, the art, the science, the philosophy, handed down from generation to generation for many centuries as the most prized possession of his country.

The whole object of the Confucian system is to create "superior men" fit to rule the rest—to wear a mandarin's button and a peacock's feather. As a result they have been developed away from the people and their culture has degraded the people until at last the degradation of the people has reacted on the ruling class in the collapse of the great empire before a comparatively feeble foe. So, of necessity, must end every class government.—N. Y. World.

**Digest of Land Decision.**

[Furnished by W. D. Harlan, Land Attorney, Washington, D. C.]

An entry, though improperly allowed, should not be cancelled without notice to the entryman, and due opportunity to show cause why such action should not be taken.

Work done outside the boundaries of a mining claim, for the purpose of facilitating the extraction of mineral therefrom, is as available for holding the claim as though done within the boundaries of the claim itself.

The rule of approximation will be applied to a homestead entry that embraces fractional subdivisions in two sections.

**Eat Apples.**

An exchange says everybody ought to know that the very best thing they can do is to eat apples before retiring for the night. Persons uninitiated in the mysteries of the fruit are liable to throw up their hands in horror at the visions of dyspepsia which such a suggestion may summon up, but no harm can come to even a delicate system by the eating of ripe and juicy apples just before going to bed. The apple is an excellent brain food, because it has more phosphoric acid in easily digestible shape than other fruits. It excites the action of the liver, promotes sound and healthy sleep, and thoroughly infects the mouth. This is not all. The apple helps the kidney secretions and prevents calculus growths, while it obviates indigestion and is one of the best preventives known of diseases of the throat.

**The St. Louis Republic Free.**

The "twice-a-week" St. Louis Republic will be sent FREE FOR ONE YEAR to any person sending, before January 31, 1895, a club of three NEW yearly subscribers, with \$3 to pay for the same. Already the clubs are gathering for the fray in 1896, and 1895 will be full of interesting events. The skirmishing lines will be thrown out, the maneuvering done and the plans of campaign arranged for the great contest in '96. The remaining short session of the democratic congress, to be followed shortly by a republican congress with a democrat in the presidential chair will be productive of events of incalculable interest. In fact, more political history will be constructed during 1895 than in any year since the foundation of the government, and a man without a newspaper will be like a useless lund in the movements of public opinion. You can get three subscribers for the Republic by a few minutes' effort. Remember in the Republic subscribers get a paper twice a week for the price of a weekly—only \$1 a year. Try it, AT ONCE, and see how easily it can be done. If you wish a package of sample copies, write for them. Cut out this advertisement and send with your order. Address the St. Louis Republic, St. Louis, Mo.

**CHURCH NOTICES.**

Services will be conducted at the Congregational church next Sunday morning by the pastor. Subject, "A Good Conscience."

Sunday school at the Valley Congregational church each Sunday at 10.30, except on church days, when it meets at 10 o'clock. "Come, now, let us reason together, saith the Lord."

Regular services are held at the M. E. barracks morning and evening of the first Sunday of each month; in the evening the remaining Sundays of the month. The fourth Sunday evening occupied by T. D. Gregory.

F. L. JOHNS.

S. E. Barnes is building a roof over the porch in front of his store.

An exchange tells of a wise farmer who mortgaged his farm to buy his wife a diamond ring; the wife took in washing to pay the interest on the mortgage, but finally lost her ring in the suds, and in a fit of despondency she tried to commit suicide by hanging herself from a rafter in the barn, but the rope broke and she fell on a \$50 cow and broke the animal's back; the farmer tried to shoot the cow to end her suffering, when the gun burst and put out both his eyes; then the wife ran away with a lightning-rod peddler and the farmer went to the poor house. The mortgage is still doing business at the old stand.

Our state law makers were awfully liberal—to themselves—this week. They voted themselves each a pen-knife, six dollars' worth of stamps and a large supply of stationery, six daily papers, etc. By the time they get through at this rate the taxpayers will have to provide a wet nurse and whisky toddies every night for them, to say nothing of female clerks.—Troutdale Champion.

**To Water Consumers.**

Owing to hard times I have decided to make a reduction in water rates, but as some have paid up to March 1, 1895, new rates will not take effect until that date. For all water rents paid promptly the first day of the month, the following rates will be accepted: Present rates of \$1.50 reduced to \$1.25; bath tubs, now 50 cents, reduced to 25 cents; livery stables, \$2.50, reduced to \$2; hotels, \$3, reduced to \$2.50; rates now \$1, no change; irrigation, reduced 50 per cent from old price.

Above prices apply to those only who pay promptly first of each month.
