—HARRISON BROS.

Bert Langille returned home Monday from Stanford university. Too close application to his studies proved too much of a strain upon his eyes and he is forced to take a vacation to give them a rest.

Captain Blowers went to The Dalles Wednesday to attend a meeting of the county commissioners. It is expected the matter of the Hood River corporation will have a rehearing, and W. H. Wilson has been engaged to look after the case. Dr. Brosius and C. P. Heald went to the county seat Thursday in the interests of the corporation.

The directors of school district No. 8, of Hood River, will receive applications from teachers till February 15th. They have decided to run three rooms, and will commence a three-months' term the first Monday in March. The board has rented the M. E. church for the primary department. Teachers' salaries will be \$80, \$40 and \$25 per month. For scholars outside the district a tuition of \$1.50 for the primary department and \$2 for the higher grades will be charged per month.

Mr. M. V. Harrison has been in Hood River this week looking after delinquent taxes. Next week he will go to Portland to give the delinquents on Hood River property a chance to square up. Persons knowing their taxes delinquent should not fail to settle with Mr. Harrison. As soon as he has visited the different precincts, the delinquent roll will be made up and published, and all who fail to pay up will find costs added that will make it that much harder to settle with the county. The county clerk is determined to collect these delinquent taxes, and is acting very leniently towards the tax payers by sending Mr. Harrison out to give them another chance to settle up before their property is offered for sale with added costs.

C. M. Knapp of Viento is circulating a petition for the division of school district 2, which divides the district on the line between E. Locke and Con. Repp, and will take in a portion of No. 1, in the Locks district. The new district will have 21 children of school age. The petition was generally signed by the tax payers of district 2. Wm. Curran will circulate the petition in the Locks district.

These may be hard times, and it may be that we have a good many men here in Hood River who want work, but to show that they are not all built that way we will state we learned that the force of men put to work cutting ice Tuesday at \$1.50 a day had decided to strike for \$2 when the work got under way. The chinook stopped the work before noon and spoiled the strike.

In the display of map drawing at the teachers' institute at The Dalles last December, the maps drawn by the pupils of Hood River valley were considered far superior to those drawn by The Dalles pupils. Those drawn by the pupils of district 5, H. L. Howe teacher, were considered the best, and those of district 2, Mrs. Belle Howe teacher, the second best.

Mr. Sam C. Smith of this place met with quite a serious accident last week in the Blue mountains, where he has been at work for the railroad company. While the men were going to work on a hand car they ran into a train, wrecking the hand car, and Mr. Smith came out of the wreck with a broken leg.

A force of men was put to work Monday morning cutting ice for the Portland Ice Co. The high wind prevailing at the time caused the ice to rise and swell and made it dangerous for the teams working the plogers, and work had to be suspended about noon. The ice was about ten inches thick.

Dr. G. E. Sanders will be in Hood River next Wednesday. He lately returned from a business trip East and could not manage to get here last week. He telephoned us Tuesday that he would be here next Wednesday, and every two weeks thereafter till further notice.

The citizens of Viento are enjoying life during these hard-winter times as well as the rest of the world. Saturday night last they had a dance at the section house and kept it up till 3 o'clock in the morning, and to-night there will be a sheet-and-pillow party at R. M. Beard's.

C. P. Ross, late of Huntington, came up from Portland during the first part of the week. He wants to buy a fruit farm and will come back again as soon as the snow is gone.

Mr. H. Prigge will attend the meeting of horticulturists at Portland. He sold his Baldwin and Spitzenburg apples for \$1 a box, the purchaser doing the packing.

Tuesday afternoon the weather here was warm with a strong west wind, thermometer 42, while at The Dalles at the same hour it was calm and freezing in the shade.

The Methodists will hold a series of special meetings at the Barracks, commencing next Monday evening, Feb. 4th. Rev. Brookmiller of Portland will have charge.

The chinook winds have been blowing strong since Tuesday, and the beautiful snow will soon be a thing of the past here at Hood River.

Another invoice of shoes will be received next week by D. F. Pierce, which will make his assortment complete.

B. R. TUCKER, Tucker, Or.

The Sleighing Party.

Mr. and Mrs. Perry were the victims of the sleighing party which went out on last Friday night. There were forty-two in the party, and to say they had a good time is not necessary. A small panic was caused by the chimney of the big fire-place catching fire and burning out, but no harm was done. Refreshments were served at midnight and dancing and whist carried on until 1 o'clock. Judging by the noise made on the way home, everybody must have been happy. Those present were: Mr. and Mrs. W. B. Perry, Mr. and Mrs. J. E. Rand, Mr. and Mrs. A. J. Graham, Mr. and Mrs. A. B. Jones, Mr. and Mrs. M. F. Sloper, Mr. and Mrs. E. V. Husbands, Mr. and Mrs. Wm. Tillet, Mrs. Ellison, Mrs. Roberts, Misses Henry, Ellison, Emma Ehrck, Hansberry, Ingalls, Mary Ehrck, Billings, Henrichs, Forde; Messrs. Moore, McCrory, B. Stranahan, J. Dimmick, Peterson, E. D. and W. N. West, McGuire, Ellsworth, Hansberry, Baldwin, Hunt, Langille, Jones, Daly and George Stranahan.

A Novel Entertainment.

A novel entertainment by the children under the leadership of the Howell girls, was given at the home of Mr. and Mrs. S. E. Bartmess on Tuesday evening, a number of invited guests being present. The girls show an ability in the handling of children worthy of notice, and would do well in class training, and in that particular line we recommend them to the consideration of parents.

The exercises consisted of songs and recitations, class-drill, etc., followed by two sets of magic lantern views which caused an immense amount of merriment among the little children and the big children. The remainder of the evening was spent in a social manner by young and old.

S. E. BARTMESS.

The Catsup Plant Will Come Here.

Mr. W. Lovelock, representing the Portland Vinegar company, was in Hood River the first part of the week, where he met a good many of our farmers who are interested in the growing of tomatoes. He called at the GLACIER office Tuesday and informed us that he had received encouragement enough to be able to state that his company will establish a plant here next summer for the manufacture of tomato catsup. White Salmon and the Underwood settlement in Washington will furnish a good share of the tomatoes.

Mr. Lovelock expects to contract with Mr. N. C. Evans of Hood River for the tomato plants, which will be furnished by the company to the farmers at \$3 per thousand. To plant an acre will require about 4000 plants. The price to be paid for the tomatoes will be \$10 a ton. It is estimated that from fifteen to twenty tons can be grown upon an acre. The plants will be forced along and be in bloom when the time comes for transplanting, and the tomatoes will begin to ripen about the first of August, one month earlier than in the Willamette valley.

Mr. Lovelock is quite elated over his prospects of getting Hood River tomatoes. He says tomatoes raised in the Willamette valley make a very poor quality of catsup. The company experimented last year with tomatoes from different parts of the Pacific coast, and found that the tomatoes from Hood River made a superior article, better, he claimed, than that manufactured by Snyder of Cincinnati, which has the reputation of being the best, and is shipped to this coast by the train load.

The establishment of this catsup plant will give employment to from ten to fifteen women and girls during the picking season. Hood River can beat the world now in the flavor of her strawberries, apples, pears, plums, prunes, peaches, cherries, etc., and soon she will be known also by her catsup.

A Handsome Gift.

TROY, Ohio, Jan. 16, 1895.
S. F. BLYTHE, Esq., Hood River, Oregon—My Dear Sir: I saw by your paper that the people of Hood River are attempting to raise a fund to buy a public library. I do not know who the parties are who have the matter in charge. I desire to do something to aid in this project and thereby author-

ize you to say to your people that I will subscribe \$25 for that purpose. There is from \$12 to \$15 owing me in Hood River on account, which I authorize your committee to collect at once and apply in the purchase of books. The balance I will pay them when I return to Hood River next summer. Very truly yours,
A. R. BYRKETT.

The Hood River Box Factory has plenty of apple boxes on hand.

Wm. Tillet has ordered apple trees of the following varieties: 3000 Spitzenburg, 2000 Baldwin, 1000 Northern Spy, and 500 Gravenstein. Apple trees, it is expected, will be scarce in the spring, and it behooves planters to order early.

The Rural Northwest of Portland is a paper published expressly in the interests of the fruit growers and horticulturists of this region. If every fruit grower in the valley was a subscriber it would be of more benefit to the valley collectively and to each person individually than any like sum that could be invested. To this end and for this reason I will make the following offer good until April 1, 1895: To every person purchasing 100 or more trees of me during this time I will give a year's subscription to the Rural Northwest.

H. C. BATEHAM, Agent.
The Portland Sun is for sale every day at the post office after the arrival of the train from Portland.

A Legislative Session.

Provokes more newspaper comment than almost any other subject of public interest. The last two Oregon law-making bodies afforded much material for interesting discussion, and the next general assembly will be no exception to the rule. Whatever occurs the public knows that the Daily and Weekly Capital Journal of Salem will give correct reports of its work as well as intelligent discussion of the same. If you want to know what is done, how it is done, and why, you should read the Capital Journal. It is the first One-Cent Daily published on the Pacific coast, and is conducted in the interest of the people. The Daily will be sent you a year for \$4, four months for \$1, or one month for 25 cents. The Weekly is payable cash in advance, and no paper will be sent after your time expires. Positively "no pay no paper." The Journal is a modern newspaper run on modern methods. It is conducted in the interest of the people editorially, as well as in a business sense. Its editor being a member of the lower house, his editorial work will be doubly interesting this winter. Order it at once.
