

Hood River Glacier.

SATURDAY, FEBRUARY 16, 1895.

The Moro Observer of last week wrote up our representative, Thos. R. Coon, after the "Oregon style" of thirty years ago. We can inform Bro. Ireland that Mr. Coon is one of Hood River's most respected citizens. His abilities and integrity are not questioned by those who know him. Though some of us think he is not voting on the senatorial question just as we might vote if we were in his place, we can respect the man for voting according to his convictions. His old neighbors know that when Mr. Coon votes against Dolph, or upon any question in the legislature, he has given the subject thorough consideration and does his duty as he sees it.

The Fruit Growers' Meeting.
The joint convention of the state horticultural society and northwest fruit growers' association closed Friday of last week. The northwest association elected the following officers: President, Dr. N. G. Blalock of Walla Walla; secretary, Thomas R. Coon of Hood River; treasurer, T. L. Ragsdale of Walla Walla; vice presidents—For Oregon, S. A. Clarke of Salem; for Washington, F. E. Thompson of North Yakima; for Idaho, L. C. Porter of Lewiston; for the province of British Columbia, J. R. Anderson of Victoria. The state board of horticulture elected the following: President, Hon. E. L. Smith of Hood River; first vice president, Dr. O. P. S. Plummer, Portland; second vice president, J. R. Shepard, Zena; secretary and treasurer, C. B. Watson, Ashland.

Hood River made a good exhibit of fruit at this meeting, and the advertising she received will be of great benefit in the near future. The fruit men present from here say the display of dried fruits from Southern Oregon and Vancouver was fine, but when it came to apples, Hood River's display was the best.

The Hood River exhibit was given to the officials of the Great Northern railroad company, who will send it to their main office in St. Paul, Minn.

From Mount Hood.
MT. HOOD, Or., Feb. 8, 1895.—Editor GLACIER: As your correspondent has seemingly sunk into oblivion, I will, with your permission, contribute a few lines to your justly popular sheet. The winter has been unusually fine, which permitted several social hops. The pleasantest one of the season was given on Thursday evening, the 7th inst., in honor of John Fredenburg's (alias "our Johnnie's") 23d birthday. The evening being fine, the ball was attended by the 400 and the lesser lights for miles around. The music was dished up in good style, the instruments comprising a doleful organ, two violins, a male fiddle and a mouth organ. The music not chording well, and the saw mill being close at hand, the proprietor started the saw a running (two weeks ago). Lunch was served at midnight, furnished after ye olden style of every one bringing their own "hand out." The dance broke up at 5 a. m., after the participants had had a most enjoyable time. The music was furnished by Messrs. Leasure and Gribbles.

The snow is about eight inches deep; the Rhoades is passable; the Cooper is pursuing the even tenor of his occupation, with good prospects of work in the future. Francisco is back at his old haunts again, after his ineffectual attempt to get in the calaboose. And by the way, Judge Dimmick is quite well again. Matt Fredenburg had a log roll on him, causing a severe sprained ankle.

George Booth, while attending the dance on the 7th inst., was taken with a severe attack of cramp colic. He was taken to the residence of "Uncle Dave" Cooper, where, with prompt action, the pain was speedily reduced. More anon. T. CUMSEK.

The Storm in the East.
The storm that raged all over the United States last Friday done more damage to life and property than any other for the last fifty years, not even excepting the storm of March, 1888. It spread over four times as much territory, and there came with it an extraordinary accumulation of death and wreck and fire. It shut off travel in all directions and paralyzed railway traffic in nearly every city in the East, North, South and West.

There is no doubt that the accurate forecasts of the weather bureau prevented a great amount of additional loss. The damage wrought by the elements is almost incalculable. The thermometer ranged in the middle Atlantic states from 2 degrees above zero to 20 below. Growing crops in the South and the fruit crops of the North have everywhere been damaged. In many sections the mercury dropped to a lower point than has been noted in a decade. The following are sample readings covering various sections of the country:

- Moberly, Mo., 24 below zero.
- Urbana, Ill., 27 below zero.
- Burlington, Io., 28 below zero.
- Helena, Ark., zero.
- Lexington, Ky., 14 below zero.
- Belton, Tex., 2 below zero.
- Nashville, Tenn., 6 below zero.
- West Virginia mountains, 14 to 20 below zero.
- New York, 2 to 20 below zero.
- Wilmington, N. C., 10 above zero.
- Charleston, S. C., 12 above zero.
- Tampa, Fla., 15 above zero.

Three children are reported frozen to death on their way from school in the Cherokee Strip. Cattle and horses perished.

The Hudson river, which is three and one-half miles wide at Nyack, N. Y., was frozen over. A young man was found in the middle of the river terribly frozen.

The first snow storm on record visited Tampa, Fla. Although the warmest spot in the United States, orange and fruit trees were killed outright, causing a loss of millions of dollars. There will probably be no Florida strawberries this year.

The Kansas board of railroad commissioners have ordered 121 cars of coal shipped to sufferers in Western Kansas. Mrs. Richard Mays, two grown daughters, a 10-year-old girl and 6-year-old son, were forced to walk a quarter of a mile barefooted and in their night clothes to secure shelter, their residence near Kirksville, Mo., having burned during the absence of Mr. Mays. Their feet and boddies were badly frozen and some may die.

The yells of panthers and bears in East Tennessee mountains are hideous, as a result of the intense cold. At Chattanooga they raided a smokehouse and devoured some hogs.

The thermometer registered 12 above zero at Charleston, S. C., breaking all February records. Strawberries and much vegetation was killed. Wilmington, N. C., experienced the coldest weather in 24 years, 10 above zero, with the wind blowing 46 miles an hour.

The thermometer in West Virginia mountains ranged from 14 to 20 below and trains were delayed.

Digest of Land Decision.
[Furnished by W. D. Harlan, Land Attorney, Washington, D. C.]

A settler who has established his residence in good faith does not forfeit his rights thereunder by a temporary absence in the discharge of official duties, nor is the right of transmutation during such absence affected thereby.

The rule that recognizes official duty as an excuse for temporary absence is equally applicable whether the duty is imposed by the appointing power or by electors.

The presumption as to the mineral or agricultural character of a tract, created by the return of the surveyor-general, does not preclude the assertion of any right, or the proof of the facts as they really exist.

ASS'T SEC'Y SIMS.

A Case for the Courts.
Mrs. Oiler recently fenced up the road on her land near the Hood river bridge, and had a gate put in leading to the cordwood and posts piled on the river bank below the bridge. Before the present county bridge was built, The Dalles and Sandy wagon road crossed this strip of land to the old ford of the river. Mrs. Oiler claims that this part of the road was vacated by the county court when the new bridge was built and the road changed. Others claim that it was vacated except a strip 80 feet wide running from the present road to the river just below the bridge.

During the terms of Capt. Dukes and Geo. T. Brather as road supervisors the road was closed at the same place, and they received written orders from the county court to open it and keep it open. Wednesday, M. F. Sloper, the present supervisor, went to the scene of the reported obstruction of the road. We are informed he found no obstruction, and decided to hear from the court before taking further action. Mrs. Oiler informed the supervisor she would stand a lawsuit before she would surrender what she considered her rights in the premises.

Don't Stop Tobacco.
The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Baco-Curo, it will notify you when to stop. We give a written guarantee to permanently cure any case with three boxes, or refund the money with 10 per cent interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke. Sold by all druggists, with our ironclad guarantee, at \$1 per box, three boxes, (thirty days treatment), \$2.50, or sent direct upon receipt of price. Send six two-cent stamps for sample box. Booklet and proofs free. Eureka Chemical & Manufacturing Chemists, LaCrosse, Wisconsin.

Just Received at Tucker's Store.
New Clothing direct from manufacturer. Have about fifty suits that must be closed out. Try 'em. Will sell working suits at \$3.50 and upwards, to Lutz' worsted at \$15, formerly sold for \$30. Try us once for clothing; you'll never regret it. Consult your pocket and your own interests.

B. R. TUCKER, Tucker, Or.

Dr. E. T. Carns, Dentist.
Has returned to Portland. He will be in Hood River again about the first of March, prepared to do all kinds of dentistry work—examine, fill, extract, regulate and make new teeth; also, crown and bridge work.

Representative Coon has a very meritorious bill providing a new and more complete home-tead law. It is a very finished measure, covers the subject entirely, enacting many important provisions relating to honest and expeditious. It is the most important land law before this legislature and Mr. Coon deserves the thanks of the people of Oregon for his labors in preparing it. It is a bill that will pass—Salem Journal.

If there has been a crop of small fruit on your trees for the past two years try one of two things. If the trees have born an immense crop of small fruit, this well next summer as soon as it begins to form. If the trees have few and small fruit try pruning, thorough fertilizing and thorough cultivation.—Pacific Farmer.

Rising Above Party.

Ex-Governor Pattison of Pennsylvania, who is the democratic and reform candidate for mayor of Philadelphia, has issued an address to the electors of that city. He outlines his policy of municipal government in case of his election. The details of that policy are not of interest outside of Philadelphia, but the figures he uses to prove the corruption and extravagance which have characterized Philadelphia government are astounding and will attract attention everywhere.

In 1887 the expense of conducting municipal government in Philadelphia was \$17,638,304. This expense had increased in 1894 to the colossal figure of \$32,190,000. In other words, while the population of the city has not increased in the seven years included in the comparison more than 20 per cent, and while few new streets have been made, few new public institutions established, the expense of running the city has increased almost 100 per cent.

These figures show a more startling condition of affairs in Philadelphia than ever existed in New York in the worst Tweed and Tammany days.

New York corruptionists were democrats. Philadelphia corruptionists have been and are republicans. In New York the democrats voted for and elected a republican candidate for mayor, to destroy a democratic ring. In Philadelphia the republicans now have an opportunity of voting for a democrat to destroy a republican ring.

The country will watch with considerable interest the returns of the Philadelphia election, held on Feb. 19th, which will afford an opportunity for the comparison of the ability of democrats and republicans to "rise above party."—St. Louis Republic.

Mr. Emil Schanno has just returned from Portland where he has been attending the meeting of the state board of horticulture. He was highly pleased with his visit and says that the only counties that had any fruit exhibit worth mentioning were Wasco and Union, and that the former, owing largely to the interest that Hood River took in the matter and her contributions, was the better. Mr. Schanno is an active member of the board, and insists that the money now appropriated for the use of the board is sufficient. He says with considerable foresight, that if the money set apart for the horticultural board is increased in amount, the office will become a political one for the reward of political workers, and will be filled by persons who know no more about fruit than the railroad commissioners do about railroads, and who will be after the place simply for the money in it. As it is the money would tempt no one, and consequently only some person interested in the business would accept the place.—Chronicle.

The grand jury Wednesday returned not a true bill in the case of the State against Broadbent. As his wife refused to appear against him, under the peculiar laws of the state, the prosecution had to be dropped. Before discharging the prisoner Judge Bradshaw gave him quite a lecture which, if heeded, will be a lasting benefit to the defendant. Among other things he called his attention to the fact that wifely forbearance under certain conditions ceased to be a virtue, and warned him against again being forced to rely on it for his liberty.

Circuit court met Monday morning and the following gentlemen were selected to serve as a grand jury: John Marden, Chas. Fraley, M. Sellick, E. A. Griffin, W. F. Norval, Amos Root and W. J. Davidson. The court appointed Mr. Marden foreman. J. Doherty and James Harper were appointed court bailiffs and J. Blakeney, sr., grand jury bailiff.

The steamer Regulator will make a trip to the Cascades Monday, and on Wednesday she will begin her regular trips, connecting with the Dalles City on the lower river.

Chris Dethman cut a large pine tree last week, and in the butt found a bird's nest. The tree was hollow near the stump, and in probing with a stick he brought out some feathers, and sections of a bird's nest. He counted the rings on the stump and found the tree to be over 200 years old.

SPECIAL NOTICES.

Pure-blooded Pekin Duck eggs for \$2 per dozen. These are the most profitable birds to raise on the farm; they will lay from March 1st to July 15th. Eggs large.

W. R. WINANS, Hood River, Or.
Ask at the stores for our old-fashioned Rye Graham. It will make you stout. Also notice the new brand on all our breadstuffs. It is a warranty of purity and excellence.

J. A. HARRISON BROS.
First class timothy hay for sale by Ferguson & Loy at \$15 per ton. Jan 19

Black harness oil, 25 cts a quart, at Pierce's Harness and Shoe Store.

Wm. Tillett is still in the nursery business, with a good stock of home-grown trees. If he is out of what you want, he can supply you with the following varieties from one of the largest nurseries in Oregon: All kinds of cherry trees; Spitzberg, Gano, Ben Davis, Red Delaware, Hyde's King of the West, Tompkins King, and other leading varieties of apples. Would be glad to quote prices on lots of 500 and 1000 trees. Drop him a postal for terms.

The Hood River Box Factory has plenty of apple boxes on hand.

For sash, doors, mouldings, brackets, combination fencing and turning, go to the Hood River Box Factory.

Wm. Tillett has ordered apple trees of the following varieties: 3000 Spitzberg, 2000 Baldwin, 1000 Northern Spy, and 500 Gravenstein. Apple trees, it is expected, will be scarce in the spring, and it behooves planters to order early.

For Sale—Forty acres unimproved land, east side of Hood river, 4 1/2 miles from town. Will sell 5 or 10 acre tracts cheap. Inquire at Glacier office.

The Portland Sun is for sale every day at the post office after the arrival of the train from Portland.

The constitution of Oregon provides that an enumeration of the people of the state shall be made every ten years, beginning with 1850. The state further provides that this enumeration shall be made by the county assessors, beginning not later than May 10th, and that, besides enumerating the people of the state, they shall classify them by age and sex and collect various simple statistics of production and industry. The assessors are to make returns to the county clerks, and these to the secretary of state, who is to furnish blank

forms for the enumeration and declare the result. Penalties are imposed upon assessors who fail to perform the duties imposed upon them by law.

The Dayton Herald speaks of a young man of that place who has secured a position to work on a farm back in Wabash county, Indiana. The Herald says "the young man, we have no doubt, will make his way all right, and 'lay up something for a rainy day.'"

Top Grafting.

Wm. Tillett is prepared to do Top Grafting, and all work in the line of grafting, by contract or by day's work. Leave orders early, so that seasons can be prepared to do good work. Here's your chance to get red apples to grow on your yellow apple trees. WM. TILLETT.

Stockholders' Meeting.

The annual meeting of the stockholders of the East Fork Irrigation and Canal Co. will be held at the Odell school house, Saturday, February 23, 1895, at 1 o'clock P. M.

J. A. KNOX, President.
B. R. TUCKER, Secretary.

AT A BARGAIN.

HOOD RIVER, - - - OREGON.

[Timber Land, Act June 3, 1878.]

NOTICE FOR PUBLICATION.

United States Land Office, The Dalles, Oregon, January 23, 1895.—Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the states of California, Oregon, Nevada and Washington Territory," Harry H. Campbell of the Dalles, county of Wasco, State of Oregon, has this day filed in this office his sworn statement No. 119, for the purchase of the southwest 1/4 of section No. 19, in township No. 1 south, range No. 1 east, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at The Dalles, Oregon, on Wednesday, the 10th day of April, 1895.

He names as witnesses: Perry Van Kamp, N. H. Fagan, George Belries and L. J. Norman, all of The Dalles, Oregon.

Any and all persons claiming adversely the above described lands are requested to file their claims in this office on or before said 10th day of April, 1895.

JAS. F. MOORE, Register.

Ripans

ONE GIVES RELIEF.

To Water Consumers.

Owing to hard times I have decided to make a reduction in water rates, but as some have paid up to March 1, 1895, new rates will not take effect until that date. For all water rents paid promptly the first day of the month, the following rates will be accepted: Present rates of \$1.50 reduced to \$1.25; bath tubs, now 50 cents, reduced to 25 cents; livery stables, \$2.50, reduced to \$2; hotels, \$3, reduced to \$2.50; rates now \$1, no change; irrigation, reduced 10 per cent from old price.

Above prices apply to those only who pay promptly first of each month.

Jas 23 A. S. BLOWERS.

NOTICE OF FILING PLAT.

United States Land Office, The Dalles, Oregon, Jan. 16, 1895.—Pursuant to circular instructions of the General Land Office, issued at Washington, D. C., February 6, 1892, notice is hereby given that the survey and plat made and approved by John C. Arnold, surveyor general for Oregon, on the 8th day of November, 1894, of township 2 north of range 11 east of the Willamette Meridian, Oregon, has been received at this United States land office, and will be filed in this office on the 25th day of February, 1895, at 9 o'clock a. m. of said day, and we will be prepared on and after said day of filing said plat, to receive applications for the entry of lands in such township.

JAS. F. MOORE, Register.

NOTICE FOR PUBLICATION.

Land Office at The Dalles, Oregon, January 22, 1895.—Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before Register and Receiver at The Dalles, Oregon, on March 9, 1895, viz:

Robert B. Lindsay,
Hd. E. No. 323, for the northeast 1/4 section 18, township 2 north, range 10 east, W. M.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz:

Antone Wise, Henry Prigge, H. C. Stranahan and John Parker, all of Hood River, Oregon. JAS. F. MOORE, Register.

FOR SALE.

Two choice lots, with good residence, in the town of Hood River, will be sold at a bargain. Inquire at the Glacier office. sel

20 Acres of Fruit Land for Sale.

I have for sale 20 acres of unimproved land that I will sell on reasonable terms. It is of the best quality for apples and other fruit. The land is easily cleared and can be watered from the Hood River supply Co.'s ditch. For further particulars, call on or address H. L. CRAPPER, Hood River, Oregon.
