

Hood River Glacier

SATURDAY, MARCH 23, 1896.

THE MAILS.

The mail arrives from Mt. Hood at 10 o'clock A. M. Wednesdays and Saturdays; departs the same days at noon.
For Chewowah, leaves at 8 A. M.; arrives at 6 P. M. Saturdays.
For White Salmon, leaves daily at 1 P. M.; arrives at 6 o'clock P. M.
From White Salmon, leaves for Fulda, Gilmer, Trout Lake and Glenwood Mondays, Wednesdays and Fridays.

SOCIETIES.

Canby Post, No. 16, G. A. R., meets at Odd Fellows' Hall, first Saturday of each month at 2 o'clock P. M. All G. A. R. members invited to attend.
C. J. HAYES, Commander.
A. S. BLOWERS, Adjutant.
Waucoma Lodge, No. 30, K. of P., meets in their Castle Hall on every Thursday night.
L. N. BLOWERS, C. C.
GEO. T. PRATHER, K. of R. & S.

ADVERTISING RATES.

Professional Cards, per month \$1 00
One inch space, per month 1 50
Rates on larger space given on application.
Business notices in local columns will be charged 5 cents a line each insertion; under the head of "Special Notices" half these rates will be charged.
Legal advertisements will be charged to the party ordering them, at legal rates, and must be paid for before proof is furnished.

BRIEF LOCAL MATTERS.

Men's gloves at the Racket Store.
O. B. Hartley has hay for sale at \$11 a ton.
Mrs. Haynes made a trip to The Dalles Tuesday.
Whooping cough is epidemic in Hood River and the valley.
Fruit trees to exchange for work. Inquire at Columbia nursery.
S. E. Bartness is agent for the Bridal Veil Lumber Company.
Lou Morse is authorized agent for all newspapers and periodicals.
Strawberries and cream will be ripe in about sixty days from date.
Mrs. E. Snow, who has been sick for a week or more, is not much better.
C. A. Markham returned on Tuesday's noon train from a trip to Portland.
O. B. Hartley has good hay for sale at \$11 a ton. He will trade hay for cordwood or cattle.
A. P. Bateham has rented the Health-White fruit farm and sub-let the small house to Mr. Richardson.
Davenport & Bros. Lumber Co. are now ready to deliver lumber to any part of the valley.
All varieties of peach trees, 5c each; Spitzenburg and Ben Davis apple trees, 5c each, \$45 per 1000. See Tillet.

We are pleased to state that the peaches were not badly damaged in this valley by the freezing weather of last week.
Send in your orders for trees for spring planting. Prices \$40, \$50 and \$55 per 1000, in 500 and 1000 lots, at Tillet's nursery.
During the last week 5750 fruit trees have been delivered from the Columbia nursery. This is aside from small fruits, vines, etc.
Mr. A. Nollner, editor of the Portland Dispatch, was in Hood River Wednesday and made a pleasant call at the GLACIER office.
Jacob M. Locke and Miss Suste Ethel Clematis, both of Klickitat county, Wash., were married at The Dalles, Tuesday, by Judge Blakeley.
Dr. Sanders is provided with a dental chair for his Hood River office. Also prepared to extract teeth without pain by the use of narcotized air, called gas.
Supervisor Sloper has had a force of men at work during the week on the Haynes hill, making turnouts and hauling gravel and sawdust in places where most needed.
Mr. Pratt, a former resident of Hood River, but now of Vancouver, was seen in The Dalles by E. D. Calkins. Mr. Pratt wants to find a location for growing watermelons and tomatoes.
The first day of spring was ushered in at Hood River by a snow storm. Snow fell for about two hours Thursday morning, preceded by a heavy rain during the night. The snow melted about as fast as it fell.

C. D. Moore of White Salmon yesterday morning (March 22d) brought the editor of the GLACIER three bunches of spring radishes, grown in the open air—in all 25 well-developed radishes of marketable size. What section of country this side of Mexico can beat this?
L. B. Chipman, agent for the Pacific Coast Home Supply Association, was in Hood River last week. Mr. Chipman is a veteran of '61, but you would hardly think so to see him. He is the youngest-looking Grand Army man we have met for some time. He served in a Michigan regiment throughout the war and was in eighteen general engagements.

Hood River was visited Wednesday by a female selling buttons of the bachelor variety, the kind that does not need needle and thread to make them fast to a garment. She rounded up a good many of our bachelors and others and was doing a brisk business till she struck our city marshal, who asked her if she had a license. As she had no license she was escorted to the city recorder's office, which official allowed her to depart in peace, and she took the next train out of town.
Joe Purser wants to know where he can get a sheet-iron reflector for a lamp. He bought a reflector lamp at a bargain, the other night, and while carrying it home under his arm, went to take a chew of tobacco, and while biting his plug, found that the lamp and reflector were slipping from under his arm. He held on to the lamp, thinking the reflector was tin and would not be hurt by a fall, but it proved to be glass, and when it struck the hard road, broke into a thousand pieces, more or less.

E. D. Calkins went to Sherman county, Saturday, to see his colts, and found them doing nicely. He expects to winter in Sherman county next winter, as the climate is dryer than here. He thinks there is no place like Hood River for summer residence, but owing to the shattered condition of his health, caused by wounds and sunstroke in the army, he finds a change of climate for the winter desirable. Mr. Calkins was a member of the famous Iron brigade from Wisconsin and lost a leg at the battle of Antietam.

Willis Brown, manager of the State Fruit Union, was in Hood River Tuesday and Wednesday. He rented the building formerly used by Joe Delk for a soloon, near the depot, and will enlarge it and use it for storing fruit boxes and making up the same, and will have an office in the same building for the manager here. Fruit boxes will be shipped here k. d. and made up by a force of men employed here. This will be a great saving of freight. The office here will be connected by telephone, and the latest bulletins will be posted. A special brand will be designed for Hood River fruit. Mr. Brown thinks that strawberry crates can be furnished here for something less than 18 cents.

Patrons of the Portland and Dalles accommodation train will be pleased to learn of the change made in the passenger equipment. The O. R. & N. Co. has replaced the former one combination car carried with a straight baggage car and an elegant lately remodeled first-class coach and smoker. This arrangement virtually gives a day passenger train between Portland and Dalles, leaving Portland at 8:00 a. m., and arriving at Dalles 1:00 p. m., and returning, leave Dalles at 2:00 p. m., arriving at Portland 7:00 p. m. daily, except Sunday. The through passenger train still retains its old schedule, leaving Portland at 7:00 p. m. for the East and leaving Dalles at 4:00 p. m. for Portland.

Rev. J. R. Parker, presiding elder, will conduct quarterly meeting at the U. B. church. He will preach Saturday night, Sunday morning and evening, and will conduct communion services and attend to the ordinances of baptism at 11 o'clock Sunday.
Miss Earl, a niece of Mrs. S. E. Bartness, recently sent from California a handsome present in the shape of a box of oranges to Mr. and Mrs. Bartness.
Will Langille made the trip to Cloud Cap Inn last week. He found but little snow at the Inn, not half so much as there was at this time last year.
Miss Emmie Brettell, who has been the guest of Mrs. Blythe for a couple of months, left by steamer Regulator Saturday for her home in Portland.
Co. D is ordered by Col. Thompson to meet for inspection on Monday, March 25th, at 7:30 p. m.

Rev. J. R. Parker, presiding elder of the U. B. church, came here from The Dalles Tuesday.
School in Crapper district commenced Monday with 29 pupils; Miss Dunlap, teacher.
A letter for John Sipma was advertised in the Dalles Chronicle of March 15th.
R. J. Ellis is down with the grip.

Accident on the Haynes Hill.
Monday evening, about 8 o'clock, Frank Miller and E. Locke met with an accident on the Haynes hill. While going down the hill in a two-wheeled cart, in the darkness they got off the grade and both were pitched out of the vehicle. Mr. Miller received a sprained ankle, but Mr. Locke escaped unhurt. The accident happened just below the point where Abe Foley's team went over last winter. We understand that Mr. Foley has never applied for damages from the county for the loss of his wagon and the crippling of his team. He probably remembers the fate of the action brought by E. D. Calkins when his team went over the bluff. The accident to Mr. Calkins caused a railing to be placed at the most dangerous point on the grade, but the railing should be continued its whole length to make it safe.

Fruit Growers' Union.
There will be a meeting of the stockholders of the Hood River Fruit Growers' Union, at their office, on Saturday, March 30, 1896, at 10 a. m., to revise the by-laws and transact other important business. H. F. DAVIDSON, Secretary.

SPECIAL NOTICES.
The bulk of the season's grinding is over, but the miller will be at home every Saturday during the summer months, prepared to grind your grist promptly.
HARRISON BROS.
First class timothy hay for sale by Ferguson & Davidson at \$15 per ton.
Black harness oil, 35 cts a quart, at Pierce's Harness and Shoe Store.
Wm. Tillet is still in the nursery business, with a good stock of home-grown trees. If he is out of what you want, he can supply you with the following varieties from one of the largest nurseries in Oregon: All kinds of cherry trees; Spitzenburg, Gano, Ben Davis, Red Delaware, Hyde's King of the West, Tompkins King and other leading varieties of apples. Would be glad to quote prices on lots of 500 and 1000 trees. Drop him a postal for terms.
The Hood River Box Factory has plenty of apple boxes on hand.
For sash, doors, mouldings, brackets, combination fencing and turning, go to the Hood River Box Factory.
Wm. Tillet has ordered apple trees of the following varieties: 3000 Spitzenburg, 3000 Baldwin, 1000 Northern Spy, and 500 Gravenstein. Apple trees, it is expected, will be scarce in the spring, and it behooves planters to order early.

Don't Stop Tobacco.
The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is to sever a shock to the system, as tobacco, to an inveterate user becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Baco-Curo, it will notify you when to stop. We give a written guarantee to permanently cure any case with three boxes, or refund the money with 10 per cent interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke. Sold by all druggists, with our ironclad guarantee, at \$1 per box, three boxes, (thirty days treatment), \$2.50, or sent direct upon receipt of price. Send six two-cent stamps for sample box. Booklet and proofs free. Eureka Chemical & Manufacturing Chemists, La Crosse, Wisconsin.

An Outing.
H. C. Bateham, who has been spending most of the past week up at the Odell place planting some 2000 fruit trees which he has contracted to set, writes us the following with regard to the job:
Camp Odell, Tuesday, March 19.—A good force of men are at work on the place, and great changes are being made right along. There are now at work two Indians slashing, five men grubbing, two teams plowing, one man carpentering, two setting stakes, two digging holes, and two, including self, setting trees. One man put up a shack, another is living in a tent, and the Indians live in an old outbuilding without windows or chimney. As Hobson's choice was left to me, I took the barn, where I had plenty of company. Mice first began to crawl over me, getting bolder all the time, until they began nibbling my hair to make nests of. Fearing they would tackle my mustache next, and not finding a very heavy crop, might try to go inside to investigate, I tried to drive them away, but in vain. Soon I was awakened again by a skunk nudging me under the arm, trying to find mice. I finally succeeded in inducing him to begin his hunt at the other end of the barn first. An owl, which kept hooting on the top of the barn, was evidently in partnership with the skunk in the business, the same as they take up with the prairie dogs in Kansas. I finally fell asleep, wondering if the third partner, the rattlesnake, would not turn up next. I was soon awakened again by the horses, which were evidently having a controversy, and finally came to blows. A stray cow then took compassion on my sleepless condition, and coming into the shed on the other side of the barn, laid down and patiently rang her bell while she chewed her cud. Under its benign influence I went to sleep again.
Another curiosity I met with was an eight-year-old boy who had never been down below Tucker's mill in his life; had never been more than three miles from home; never saw a steamboat or an engine. Nevertheless, he was a bright lad and made me a good help in setting trees.

Peaches All Right.
HOOD RIVER, March 19, 1896.—Editor GLACIER: I notice in your last issue a statement that the peach crop of Hood River was killed, which statement is not correct. With fifty years' experience in peach culture, I have noted this fact: If the thermometer goes down to 10 and the buds are dry, only in exposed situations will the damage be. If the buds are closed, all observing horticulturists have noted that there is one-third of the blossom at the bottom of the fruit bud in a water-proof cup, and if it has rained the day previous and filled this cup with water surrounding the embryo fruit, then it is a sure victim to the frost; but if dry and the bud is inclosed, there is but little danger; the real cause of alarm being when the blossom is blown and the fruit germs exposed. I have not found thus far this season a peach, cherry or pear bud that was damaged.
W. P. WATSON.

BORN.
In Hood River valley, on the East Side, Wednesday, March 20, 1896, to Mr. and Mrs. Warren Wells, a daughter.
In Hood River, March 21, 1896, to Mr. and Mrs. E. W. Udell, a son, weight 11 pounds.

CHURCH NOTICES.
The subject of the sermon at the Congregational church next Sunday morning will be, "Where Am I Wrong?"
Rev. J. L. Hershner will preach at Crapper's school house next Sunday, at 3:30 p. m.
Sunday school at the Valley Congregational church each Sunday at 10:30, except on church days, when it meets at 10 o'clock. "Come, now, let us reason together, saith the Lord."
Regular services are held at the M. E. barracks morning and evening of the first Sunday of each month; in the evening the remaining Sundays of the month. The fourth Sunday evening occupied by T. D. Gregory.
F. L. JOHNS.
Elder J. W. Jenkins will preach in the Valley Congregational church Sunday, March 24th, at 11 a. m. and 7:30 p. m.

DON'T STOP TOBACCO

IT'S INJURIOUS TO STOP SUDDENLY and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant, and in most all cases the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about BACO-CURO. It is purely vegetable. You do not have to stop using tobacco with BACO-CURO. It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you first took your first chew or smoke. An iron-clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Price \$1.00 per box, or 3 boxes (30 days' treatment and guaranteed cure), \$2.50. For sale by all druggists, or will be sent by mail upon receipt of price. SEND SIX TWO-CENT STAMPS FOR SAMPLE BOX. Booklets and proofs free.
Eureka Chemical & Mfg. Co., La Crosse, Wis.

OFFICE OF THE PIONEER PRESS COMPANY, C. W. HORNICK, Supt. ST. PAUL, Minn., Sept. 7, 1894.
Eureka Chemical and Mfg. Company, La Crosse, Wis.—Dear Sirs: I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physicians told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keely Cure," "No-To-Bac" and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago today I commenced using your preparation, and today I consider myself completely cured. I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours very truly,
C. W. HORNICK.
