HANNA & WOLFARD. The O. R. & N. Co., always alert to the O. R. & N. Co., always alert to the welfare of their patrons, have de-cided to discontinue the mixed passen-ger and freight train leaving Portland in the morning, returning in the even-ing, and substitute a regular passenger train which will run daily including Sundays: Leaving Portland 8:00 a.m., arriving Dalles 12:15 p.m., and return-ing to Portland 6:30 p.m. About April 15th this train will carry an elegant

observation car, and low rates for the round trip will be placed in effect. The meetings of the Hood River Fruit Growers Union held last Saturday morning and that of the straw-berry growers held in the afteruoon made some change in the plans of all interested in the subject of marketing this year's crop. The strawberry growers organized by electing Hon. T. R. Coon president, H. F. Davidson secretary, and Captain A. S. Blowers treasurer. Many of the fruit growers will and day. ship through the state union, the local manager of which will be appointed according to their recommendation. We understand Mr. W. B. Perry has made arrangements to work for the Oregon Fruit Union elsewhere.

W. J. Baker is shipping his New-town pippins to Portland and receiv-ing \$2 a box. We had a look at his apples in the boxes while loaded on the wagon, and can say we believe they are worth every cent he gets for them. There is no better apple at this season of the year than the Yellow Newtown, and Mr. Baker's are of the best quality. This price makes some of us feel tired who sold our red apples (which the market is said to demand) for a dollar a box, and that but a short while ago. While we are talking about the best apple for market, what's the matter with the Yellow Newtown? The market may demand red apples, but all who possess well-drained hill land, with a north slope, will do well to consider the Yellow Newtown when looking for an apple that will sell.

Patrons of the Portland and Dalles accommodation train will be pleased to learn of the change made in the passenger equipment. The O. R. & N. Co has replaced the former one combination car carried with a straight baggage car and an elegant lately remodeled first-class coach and smoker. This arrangement virtually gives a day pas-senger train between Portland and Dalles, leaving Portland at 8:00 a. m., arriving at Dalles 1:00 p. m., and returning, leave Dalles at 2:00 p. m., arriving at Portland 7:00 p. m. daily, except Sunday The through passenger train still retains its old schedule, leave ing Portland at 7:00 p. m for the East and leaving Dalles at 4:00 p. m. for

Eureka Chemical and Mfg. Company, La Crosse, Wis.—Dear Sirs: I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physicians told me I mast give up the use of tobacco for the time being, at least. I tried the so-called "Keely Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo," Three weeks ago today I commenced using your preparation, and today I consider myself completely cured. I am in perfec health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours very truly,
