The foreign policy of Mr. Cleveland's administration, outside of strong partisans, has few admirers or even supporters, and yet it has been a very fair one, appealing to the enlightened intelligence of the world.

"But didn't you tell me you were an Episcopalian?" "Oh, yes," said the old man. "I'll tell you how it is. Last spring I went down to New Orleans to visit, and while I was there I went to church, and it happened to be an Episcopalian one, and among other things I heard 'em say that they'd left undone them things they'd oughter done and done them things they hadn't oughter done; and I said to myself, 'That's just my fix too,' and since then I have always considered myself an Episcopalian."

Plans of the Fruit Growers' Union. HOOD RIVER, April 22, 1895.—Editor GLACIER: Owing to the fact that a large number of the fruit growers have canceled their names from the article of agreement which formed the basis of the Hood River Berry Association, the board of managers elected have decided to turn the business of shipping the fruit over to the Fruit Growers' Union, which was organized on a sounder basis.

Every effort will be made to furnish to those who have helped to build up the local union every possible advantage in securing the best prices for fruit at the lowest possible expense. Any information desired will be furnished as far as possible by the secretary and local manager.

We have lots, blocks and acreage in the town of Hood River; also, fruit, hay and berry farms and timber claims in the most desirable locations in the valley. If you have anything in the real estate line to sell or rent, or if you want to buy, give us a call.
