BRIEF LOCAL MATTERS.

Joseph Frasier, sr., is seriously ill with the grip. Mr. J. E. Feak is now located at Linton, Oregon.

Burns Jones moved his family to Shenewth Wednesday. S. E. Bartness is agent for the Bridal Veil Lumber Company.

Lou Morse is authorized agent for all newspapers and periodicals. The residence of S. J. LaFrance looks neat in its new coat of paint.

M. H. Nicklessan has paper for covering strawberry crates for sale. New stock of corsets just in at the Racket store.

Mrs. Charles Early of Chenoweth is suffering from an attack of la grippe. Dr. H. Isaac Jones of San Francisco is visiting his cousin, Mrs. F. Travers.

Hillery from 10c to 50c per pair at the Racket store. A. M. Sted was down from Mosier Tuesday. He reports Mrs. Creed much improved in health.

Capt. Blowers went to The Dalles Wednesday to attend a session of the Commissioners' court. The Japanese contractor for picking berries will be in Hood River today (Saturday) to meet the growers.

Upon complaint of Mrs. Stella Gray of Cascade Locks, her boy Albert has been sent to the state reformatory school. Davenport & Bros. Lumber Co. are now ready to deliver lumber to any part of the valley.

Snow fell on the mountains above Parker's mill Wednesday morning. It could be seen on the trees from the valley. Mr. Thomas of White Salmon sent over two boxes of strawberries Wednesday, which were sold by Nicklessan at 25 cents a box.

Herrin, the Photographer, will visit Hood River about July 1st. If you want first-class artists to come here, patronize them when they come.

Dr. Sturdevant, of the firm of Sanders & Sturdevant, dentists, of The Dalles, will be in Hood River next Monday and Tuesday, May 13th and 14th. The cool weather of the past week has kept back the strawberries from ripening. They are not much further advanced toward ripening than a week ago.

W. L. Bartlett, state organizer for the order of Maccabees, is in Hood River and has secured enough names to organize a lodge here. A tent of the Knights will be instituted here this (Friday) evening and one at The Dalles Saturday evening.

Ferguson & Davidson have been appointed agents of the Regulator line for Hood River. They will have their office in the Champlin building, and will be prepared to board freight and passengers from the boat landing to town. A wharf boat will be built at the landing. This will be of great benefit to shippers. All freight will be received and delivered at the office in Hood River.

The following members of Temple lodge, A. O. U. W., of The Dalles, attended the meeting of Riverside lodge, Saturday night, to assist at the initiation of eight new members: C. F. Stephens, John Ellison, S. B. M. Higgins, G. G. Gibbons, Sydney Young, D. G. Herrin, W. Beck, Charles Shipes, H. Laurentzen, J. P. Eaton, J. M. Huntington, J. K. Hansen, J. A. Urschur, Andrew Kendall, Jess Simonson and Dr. Doane.

We are indebted to Mr. E. E. Savage, who is an old printer, for getting out our paper last week, when we were laid up by an attack of rheumatism. We are also under obligations to many kind friends who gave us "sure cures" for rheumatism. With a buckeye and potatoes in our pockets, salt in our shoes, onions in our diet and sulphur in our whisky, we will be sure to get the best of our old enemy, and last week's experience will not recur again.

Mr. and Mrs. M. B. Potter are both on the sick list. Miss Edith Potter was sent for and returned home from Hepper last week. Tuesday Mr. Potter went to Portland for treatment by a specialist. At the battle of Stone River Mr. Potter was hurt by his horse being shot and falling on him, and for two and a half hours he was held under the horse before being rescued.

Willis Brown, manager of the Oregon Fruit Union, was in Hood River Wednesday. He was on his return from a trip to Eastern Oregon and Idaho. The state union will handle strawberries from points in Eastern Oregon by sides Hood River as follows: Payette, Walla, Milton, Cove, La Grande, Walla and Boise City.

T. C. Dallas has bought back his store property and will continue in the fruiting and hardware business. He informs us he will stick closer to his shop hereafter, now that he has completed the job at the school house, and we will all know where to find him when we are in need of something in his line.

Last Sunday a week ago the house of Jack Binnis took fire on the roof, but Harry Brown, a neighbor, managed by hard work to put the fire out before much damage was done. Mr. Binnis and family are absent at Wyeth, and his house is in charge of his brother-in-law, who had left the house that morning thinking the fire in the stove was safe.

Capt. Coe has a four-acre patch of strawberries that good judges say will yield a pound of berries to the plant. There is no better four acres of strawberries in Hood River, and this means there are no better in the United States. Now, if the captain can realize the top prices in the market, he will have money to loan.

The delegates from the U. B. Sunday school who attended the state convention at Portland this week were: Cora and Mrs. M. V. Harrison, Mrs. Harry and Miss Alice Cleaver, Mrs. Harry and Earl Bartness, Mrs. Hartley, Miss Cleaver and Earl Bartness. They went on to Salem to attend the Endeavor convention.

T. C. Dallas, who had the contract for the building and tin work on the new school house, completed the finish this week. The carpenters are now engaged putting in the window blinds and building the teachers' platform, and next week the whole job will probably be completed.

Beware of imitations of Peacock Flour. Take none without the picture of the bird on the sack. HANNA & WOLFARD. H. F. Davidson will take contracts for Kinostita & Lee the Japanese strawberry pickers. Prices 1 1/2c and 1 1/4c a box.

Mrs. Wm. Bubb of Boise, Idaho, sister to E. D. Calkins, arrived here on the 4 o'clock train Friday morning. Prof. C. L. Gilbert came down from The Dalles Saturday and remained in Hood River over Sunday. Ladies' ready made waists only 75c at the Racket store.

Mr. J. N. McCoy is quite sick with the grip. B. Warren has a fresh cow for sale. Stereoptical Exhibition. Rev. J. W. Wells, formerly pastor of the U. B. church of Hood River, will be in this place next Friday, accompanied by his wife.

Mr. Wells is agent for a stereoptical company and will give an entertainment in Hood River, Friday night, May 16th. Mr. Wells' entertainment is highly spoken of by the press. We clip the following from The stereoptical exhibition given by Rev. Wells at the Congregational church last night was a delightful and instructive entertainment.

The views picturing several of the more important land and naval battles of the rebellion were simply grand and intensely realistic. There is no more pleasant way to spend an evening than in attending a lecture illustrated by the lime light process, and we can cheerfully testify to Mr. Wells' ability to satisfy the most exacting audience in this line of entertainment.

Republican Club Meeting. The Hood River Republican-Protective Club will meet at the council hall May 11th, at 2 o'clock, p. m., for the purpose of electing delegates to the convention to be held at Portland May 22d. By order of J. A. COBBE, President.

Odell School House Items. Mr. Chapman of Portland was up, last week, fishing and looking after an orchard near Mr. Booth's, belonging to his sister. He brought a sack of carrots and four bottles of strychnine to poison gophers.

Mr. Lentz has put up considerable wire fence on his place. Miss Nettie Kemp has had a long siege of the grip. She has improved enough to enter school again. Mr. L. M. Miller came up from Washington county and is at work for Mr. Slingerland at present.

It is a boy; its birthday is May 6th; its parents, Mr. and Mrs. Frank Boswell. The grip has had a number of victims of late in this neighborhood. It has been rather severe with Mr. Wm. Ehrek and Miss Mary Jochimsen. It is the first time in the memory of the oldest inhabitant that Mrs. Henry's has been sick.

Willie Ehrek caught a 13-inch trout in Odell creek lately. See the new spring-tooth cultivator at Ferguson & Davidson's. It is the thing for orchard work. They also have a nice line of chard and steel plows and some cultivators, which they offer at prices in keeping with the times, at the Champlin building.

The Strawberry Crop at Milton.

The Milton grower of May 3d says: "The Strawberry Eagers inform the reporter that a heavy yield of this favorite fruit is expected and there will be ripe berries in the market by the 15th inst. Indications now are that prices will not range very high but so continue throughout the entire season."

The Eastern Oregon Fruit Growers' Union have perfected all preparations for caring for the new crop. They have recently completed a new warehouse at the depot and have everything now arranged with special attention to convenience. The local union is now a part of the state organization and in a manner the guidance of the officers of the state association."

Horse Meat to Eat. The incorporation of a local company to engage in killing and canning horses has caused a great deal of talk about horseflesh and its edibility. Every one admits that there is no reason on earth why horseflesh should not be as good as beef and better than pork.

Yesterday Mr. Sam J. Gorman, who has been investigating the horse-canning business, received from an agent half a dozen experimental cans of horseflesh. He opened one in his office, and every one who looked at it said it looked like beef, and smelled like beef, and there was no reason why it should not taste like beef; but very few had the strength of their convictions, or the courage to taste the meat.

A can was opened in the reporters' room of the Oregonian office, and five of the force tasted it. All acknowledged that it tasted like beef, and that, unless it was horseflesh, no one could tell that it was horseflesh. This meat was not from the choicest of the herd, and next week the agent intends to kill and can a fine young filly. The meat of this will pass in France for "fillet de boeuf," sure.

There has "been de occasion" to eat horse meat in this section, and horse meat has always been dearer than beef until the present time. It has always been charged by sailors that they were fed on salt horse, and many will remember the old song in Dana's "Two Years Before the Mast": "Old horse, old horse, how can you here I carried stone for many a year; Till, at last, we were by sea abuse, They sailed me down for sailors' use."

The horse meat, which may be put up here, will be from horses which have never been worked or abused, but live run wild on the ranges all their lives; and it will certainly be much better than that used in France and Germany, made from old worn-out horses. It is not likely that it will come into use in Portland, but, if horses are neglected and canned here, for the next ten years it is possible that some may find out that good horseflesh is better than poor beef, and it may come in use to some extent.

There seems to be no reason why it should not be eaten, except prejudice, which is merely a lack of reason.—Oregonian. CHURCH NOTICES. Sunday school at the Valley Congregational church each Sunday at 10:30, except on church days, when it meets at 10 o'clock. "Come, now, let us reason together, saith the Lord."

Congregational Church.—Rev. J. L. Hershner, pastor. Worship, with preaching, will be conducted every Sunday, at 11 a. m. and 7:30 p. m., unless otherwise announced. Prayer meeting and Sunday school conference on Wednesday evening. Christian Endeavor society on Sunday evening. All who attend these services will be made welcome.

Regular services are held at the M. E. barracks morning and evening of the first Sunday of each month; in the evening the remaining Sundays of the month. The fourth Sunday evening occupied by T. D. GORTHY. F. L. JOHNS.

BLACK HARNESS OIL, 35 cts a quart, at Pierce's Harness and Shoe Store. For wash, doors, moldings, brackets, combination fencing and tin work, the Hood River Box Factory is now prepared to print standards. Ferguson & Davidson have chilled plow points for sale. Ferguson & Davidson have good cow pasture for \$1.25 a month.
