

Hood River Glacier.

SATURDAY, JUNE 15, 1895.

In the days before the war, in the times of the "dollar of our daddies," when a man was paid for his labor, or for any commodity, he did not know what his money was worth half the time. Nowadays, a twenty-dollar greenback, a national bank note, a silver certificate, or even twenty dollars in silver, is as good as a twenty-dollar gold piece. We may not have the best monetary system that could be devised, but we now have the best we ever had. The "dollar of our daddies" was a scarce article. The writer grew to manhood before the war and never saw a United States silver dollar till, to the best of his recollection, about the time the "crime of '73" was committed by Senator Stewart and his friends in congress. In the years just preceding the war, we remember that labor was paid in bank notes of fluctuating value, and the only silver in circulation was in five-cent pieces, dimes, quarters and half dollars, to make change. The subsidiary coins were about one-half Spanish pieces, and along with the Mexican dollar, passed at a discount of 20 per cent. Can the free coinage of silver by the United States alone give us a better system than we have now, or one as good? Whenever convinced that it will be in favor of the free coinage of silver. Under the present system, the rich man's money is no better than the poor man's money. Under free coinage, the rich man's gold would still be in his possession, and the poor man, if silver money depreciated, and no one doubts that it would, would be paid in silver—the "poor man's money."

Hon. A. J. Dufur died at his home in Dufur, June 6, 1895, aged 80 years. Deceased was one of the best known and most prominent citizens of the state. He was born in Vermont in 1815, emigrated to Wisconsin in 1855, and in 1857 was elected to the legislature of that state. In 1859 he came to Oregon. For many years he lived near Portland; he took an active interest in public affairs, and in 1862 was elected to the legislature from Multnomah county. In 1876 he was selected as state commissioner to the Centennial exhibition. In 1872, he removed with his family to Wasco county and founded the town of Dufur. Mr. Dufur was a practical farmer, and was good authority on all questions pertaining to agriculture and stock raising. In 1872 he was agricultural editor of the Portland Bulletin, the leading paper of the state at that time. In politics, Mr. Dufur was a democrat.

The high prices which are now being realized for our berries is largely the result of having a Hood River man in the markets looking after our interests. It does not seem to be altogether satisfactory to commission men, but we are after good prices for our fruit now. The vast difference in the demand for our fruit this season over former years is an evidence of the good reputation our fruit has made in the several markets. Ten times the quantity could have been sold at about the same price, and better facilities and rates for shipping could have been obtained had the yield been greater; and more interest would have been taken by dealers, and better results obtained generally. The man with half an acre is a thing of the past, and future strawberry fields in Hood River will be of the twenty-acre pattern.

A bank is among the necessities of business at Hood River. It would be a great convenience during our shipping season to have a banking institution located here. Capital will also be required to carry our land owners through the season of planting and caring for the strawberry crop. And there is no better investment for capital than in our strawberry lands. No other crop will make such sure and quick returns.

There seems to be money in the country when we have something to sell. If our fruit growers had doubled their acreage in strawberries last year, as they should have done, there would be more money coming this way. Let us go to work to increase our yield of winter apples and strawberries, and the financial question will settle itself to our satisfaction.

The GLACIER has received from State Printer Leads a copy of the General Laws, Resolutions and Memorials enacted at the last session of the legislature. A note on the back of the title page, signed by W. H. Leeds, state printer, contains the following: "This volume contains all of the general laws and joint resolutions and memorials adopted by the legislative assembly of Oregon at its eighteenth biennial session. It is published by the state printer at his own expense, and is presented to you with his compliments." All of which is appreciated by us.

Had Reasons Sufficient.
HOOD RIVER, Or., June 12, 1895.—Editor GLACIER: Being aware of the fact that the J. F. Kelly Co. of Butte has issued a circular to the people of Hood River condemning our efforts to secure them fair prices for our berries, I wish to say to those who are inter-

ested in the matter that I have the reasons for discontinuing shipments to Mr. Kelly in the office, which are open to the inspection of our patrons, and hope that no person will consign goods to him without first learning the facts in the case. Kelly is sufficiently responsible to pay for goods which are bought at a price, but our experience is that he is not working to make money for those who ship to be sold on commission. He had matter arranged nicely, but it did not last long enough, and he is mad now.

H. F. DAVIDSON.

Name It And Take It.

Hard Scrabble, June 12.—Editor GLACIER: I would like to hear from some of my neighbors and let them name some wheat I am growing. I bought some seed wheat of Mr. Blowers, called blue stem, and it is a good kind for hay. It is five feet high and still growing. I also bought some seed of Mr. Jackson, which he called blue stem, but I don't believe it is blue stem, unless there is two kinds. It is from three to four inches high and headed out. The heads are about three-fourths of an inch long; the stem is fine, from a thread to a knitting-needle in thickness. I am glad I did not plant it close to the barn, for the chickens would have got knee-sprung reaching down for the heads. If I can get a barrel of soft soap I will lather it and shave it, so I can get enough to fill a tick for the baby's crib. It will beat feathers. This wheat grows so close to the ground the digger squirrels have to dig holes to sit in while they reach down for the heads. If any one can name it I would be pleased to hear from him.

JOSEPH PURSER.

Council Proceedings.

The common council met at the council chambers on June 11th, at 8 o'clock p. m. Present, Mayor Wolfard, Aldermen Button, Hartley, Morse, Rand and Watt; Recorder Heald and Marshal Olinger.

Minutes of the last meeting were read and approved.

The petition of A. S. Blowers and 49 others was read and ordered filed.

The finance committee reported approving the bill of Robt. Rand for \$15 rent for April, May and June. The same was allowed and ordered paid.

Report was made by Morse for the council as committee of the whole, in regard to its action with Mr. Blowers concerning the leasing of the water works, to the effect that a majority had reached an agreement with Mr. Blowers, but that he had taken such action on his part as would probably terminate any further consideration of the proposition. On motion of Watt, the report was accepted and the committee discharged.

Enrolled ordinance number eleven was read.

Watt moved that it be passed, sections 1 to 9 inclusive; seconded.

Morse moved to amend by inserting after the words, "Hood River," in line 4, section 1, the words, "during the months of December, January, February and March, or between the hours of 8 o'clock p. m. to 6 o'clock a. m. during the remainder of the year," and by striking out the words, "or shall permit or allow the same to be herded upon any of the streets or roads of Hood River," from section 1.

Watt moved to amend the amendment by inserting after the words, "Hood River," in line 5 of section 1, the words, "Provided, however, that any person or persons who shall reside and keep a cow giving milk within the corporate limits of Hood River, may permit such cow to run at large between the hours of 6 a. m. and 8 p. m. of each day during the months of May, June, October and November of each year, without being liable to the provisions of this ordinance."

Both motions to amend were lost.

Bartness appeared and asked to be excused on account of business; granted.

Watt then moved to amend section 1 to conform with the petition of A. S. Blowers and others, so as to permit milk cows to run at large between the 1st of April to the 1st of December from 6 a. m. until 8 p. m.; motion lost.

Question being called, ordinance number 11, as enrolled, was put to a vote, and passed as follows: Yeas—Watt, Button and Rand; nays—Morse and Hartley.

The reports of the treasurer and recorder were presented and ordered filed.

Hartley urged that some action should be taken for protection against fire from defective chimneys and other exposures. The matter was referred to committee on fire and water to prepare an ordinance.

Morse called attention to the fact that there was no provision for a dog pound.

Watt moved to adjourn till Monday, June 17th at the regular hour; carried.

Odell School House Items.

[Written by the Pupils.]

Mr. L. D. Boyd has moved on his farm bought of Mr. Wilson.

Mr. Harry Silliman cut his foot very badly with an ax.

Mr. Kemp is down with the grip and is not able to work.

Dr. Brosius was in attendance at the meeting of the Oregon Medical Society at Portland during the week.

"Hood River Strawberries."

"Hood River strawberries" are selling in Portland six boxes for a quarter. Here at home they are not sold for less than 5 cents a box. Another strange thing about their selling so cheap in Portland is that not a box of Hood River berries has been shipped west from here since the Mt. Taber berries were ripe enough to pick in quantities for market. A dealer in Cascade Locks wrote to Wm. Tillett that he could get all the Hood River berries he wanted at \$1 a crate. No berries are being shipped from here to Cascade Locks. A lady from Hood River stopping in Portland asked her grocer if he had Hood River berries. He said he had, and pointed out some marked "Hood River Strawberries." The lady said they didn't look much like Hood River berries, and asked the grocer's name; but the dealer had forgotten it. The fact is our berries are selling in Omaha by the car-load for more than enough to net the growers 5 cents a box. The reputation of Hood River berries is not helped by dealers marking inferior berries as coming from here, and some day an example might be made of some of them for obtaining money under false pretenses.

The Strawberry Crop.

Strawberries shipped from Hood River in refrigerator cars are arriving in Omaha in excellent condition. Twelve full carloads have been shipped, besides those sent by express. The last carload left for Omaha on the 13th. The bulk of berries were shipped during the week to Omaha. The demand for our berries in the East is increasing; every day brings inquiries for them from Kansas City, St. Paul and Sioux City. The markets have kept up much better than was expected at the beginning of the season. Prices range from \$3 to \$3.50 per crate.

Hon. T. R. Coon is now in Omaha. Wednesday he reshipped berries to Sioux City and they arrived Thursday in fine condition. Sample shipments will be sent to Kansas City, St. Paul, Minneapolis and possibly to Chicago, to secure markets for future seasons.

The Hood River Fruit Growers' Union has shipped the following number of crates since last report: June 7th 233; June 8th, 142; June 9th, 129; June 10th, 478; June 11th, 397; June 12th, 324; June 13th, 215.

Send in Your Address.

Mr. E. Schanno, our district commissioner of the board of horticulture, is desirous of obtaining as complete a list of our fruit growers as possible, with approximately the number of trees set by each man. It will be to the material advantage of each fruit grower to have his name and address on this list, that he may receive the communications and bulletins of the board and doubtless in many other ways. Names should be left at once with H. C. Bateham, assistant commissioner, or H. F. Davidson, secretary Hood River Fruit Growers' Union.

Riverside lodge, A. O. U. W. of Hood River invited The Dalles lodge to a supper yesterday that they would not come, and only the regular meeting will be held tonight.

Mr. Frank Woodcock of Wanie is in Hood River on a visit to L. E. Morse. Mr. Woodcock is a good all-around citizen as well as one of the best democrats in Oregon.

Mrs. W. W. Rawson of The Dalles was visiting her sister Mrs. F. L. Johns during the week, returning home on Wednesday.

The valley is full of Indians from Yakima and Warm Springs.

Lawn Social.

There will be an ice cream and strawberry social at Mrs. Hanna's on next Tuesday evening, the 18th, given by the ladies of the U. B. church. A fine time is anticipated. Come one, come all. Ice cream, cake and berries all for 15 cents.

Cram's Atlas Received.

This office is in receipt of a copy of Cram's standard railway and business atlas of the United States for the current year. It is bound in full Russia, handsomely gilt, and is a necessity to the editor, author, lawyer, business man or teacher who wants an atlas complete in detail and up to date. It contains the largest and finest collection of business maps ever placed between two covers; all of the United States and Canada maps, showing the different railway systems in different colors, artistically executed in continuous lines of color, so that a single glance will show each entire railroad separate and distinct from all others. It has special charts of islands and principal cities.

Cram's atlas also contains every county, town, village and postoffice in the United States, and gives the number of banks each contains as well as whether it is a telegraph station, and what company reaches it, and gives the population of each place according to the last census, that of 1890. This information makes it a perfect shipper's guide, and important to every business man. The atlas is bound to fill a want in households fortunate enough to possess it, as it will be of interest to the entire family.

This work is sent out by the Eureka Chemical & Mfg. Co. of La Crosse, Wis., manufacturers of bacu-curo, the only remedy which permits the use of tobacco while taking a cure for the habit, being the only scientific and reliable cure for that habit on the market. This guaranteed remedy, purchase money being refunded in case of failure to cure, can be purchased of all leading druggists at \$1 a box or three boxes (thirty days treatment) \$2.50. By sending six two cent stamps to the company a sample box will be sent to any address.

Don't Stop Tobacco.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user becomes a stimulant that his system continually craves. Bacu-Curo is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Bacu-Curo, it will notify you when to stop. We give a written guarantee to permanently cure any case with three boxes, or refund the money with 10 per cent interest. Bacu-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke. Sold by all druggists, with our ironclad guarantee, at \$1 per box, three boxes, (thirty days treatment), \$2.50, or sent direct upon receipt of price. Send six two-cent stamps for sample box. Booklet and proofs free. Eureka Chemical & Manufacturing Chemists, La Crosse, Wisconsin.

HOOD RIVER NURSERY.

WM. TILLET, Proprietor.

Grower and dealer in choice Nursery stock. He has the only stock of the

Yakima Apple.

The best of red apples, and as long a keeper as the Yellow Newtown. I have about 20,000 apple trees of the best varieties growing in my nursery. All standard varieties are grafted from the best stock in Hood River.

To Lease.

From 4 to 5 acres of strawberry land, in good condition to plant at any time. Within one mile town. Plenty of water. Apply at Glacier office.

Assessment No. 2.

Notice is hereby given to the stockholders of the Hood River Fruit Growers' Union that the Board of Directors have levied assessment No. 2, of 50 cents per share on the capital stock, to be collected, according to the provisions of the by-laws.

Ordinance No. 11.

An Ordinance entitled "An Ordinance to Prevent Certain Animals and Fowls from Running at Large, or from Being Herded upon the Streets or Roads of Hood River, and Providing for the Impounding and Sale of Such Animals."

Be it Ordained by the Common Council of the Town of Hood River: Section 1. No person or persons owning or being in the possession of any horse, mare, gelding, mule, cattle, sheep, hog, goat, chicken, turkey, goose, duck or other fowl, shall permit or allow the same to run at large within the corporate limits of Hood River, or shall permit or allow the same to be herded upon any of the streets or roads of Hood River; and it shall be the duty of the marshal to take up any such animal found running at large or herded as aforesaid, and impound the same in some place to be provided by the marshal. At any time thereafter prior to the sale of such animal the owner or owners, or persons entitled to possession thereof, shall have the same released to them upon the payment of all costs, charges and expenses which shall have accrued up to the time of such payment.

Sec. 2. Upon taking up or impounding any animal under the provisions of this ordinance, the marshal of Hood River shall forthwith prepare four notices, which shall be substantially as follows, to wit:

Notice is hereby given that I did on the day of in Hood River, take up (here give a description of property taken up), and that I will, on the day of at the hour of one o'clock p. m. of said day, in front of my office in Hood River, Oregon, sell said property at public auction, to the highest bidder, for cash in hand.

(Signed) Marshal of Hood River.

One of said notices shall be filed in the office of the recorder of Hood River, one shall be posted in front of the marshal's office, one shall be posted at the post office in said town, and one shall be sent to the owner or owners of the property taken up if known to the marshal. Such notices shall be posted and given for not less than five nor more than ten days, and the time shall be computed by excluding the first and including the last. If said property be not redeemed, it shall be sold in accordance with the notice of sale, and such sale shall have the effect to vest a complete title in the property sold to the purchaser thereof.

Sec. 3. Any one having an interest in the property taken up or impounded, who shall feel himself aggrieved thereby, may at any time before the sale thereof takes place, make an affidavit before the recorder of Hood River setting forth his interest in such property and the facts in relation thereto as claimed by him, and have the same tried out before said recorder, and if it appear to said recorder that said property ought not to have been taken up or impounded, the recorder shall make up a receipt for the property taken up or impounded without charge to the claimant. If on the other hand it shall appear to the recorder that the taking and impounding was proper and rightful, and in compliance with the proceedings and enter up a judgment against the claimant for all costs, charges and expenses made on such trial, and the same shall be paid out of the proceeds of the property taken up when sold; and if said property shall not be sufficient to pay the same, the recorder shall issue execution upon the judgment for whatever sum remains unpaid.

Sec. 4. The marshal shall, upon the sale of any property, file a certified statement with the recorder of said town, containing first, a brief description of the property sold; second, the amount received for the same; third, the name or names of the purchasers thereof; fourth, an itemized statement of his own and the recorder's fees and charges and expenses; fifth, the amount paid the treasurer; which statement shall be entered in a book kept by the recorder for that purpose, and shall be at all times open for inspection by any party interested.

Sec. 5. The proceeds of any sale shall be paid forthwith by the marshal to the treasurer of Hood River, less his own fees, all costs, charges and expenses and the fee of the recorder. The marshal shall file a receipt therefor with the recorder of Hood River. In cases where the amount received upon the sale of any animal, or from the fines imposed under this ordinance, shall not be sufficient to pay the fees, expenses and charges of the marshal and recorder, the amount so received shall be apportioned between said officers in proportion to the amount due each, and the town shall not be liable to them for any greater amount.

Sec. 6. The marshal, beside the actual expense of keeping any animals taken up or impounded under this ordinance, shall be entitled to recover as his legal fees the sum of one dollar per head for horses, geldings, mares, mules and cattle; fifty cents per head for swine, sheep and goats; and 10 per cent of any sale.

Sec. 7. The recorder of Hood River shall receive his legal fees under this ordinance, ten cents for filing notice of sale, ten cents for filing treasurer's receipt, fifty cents for entering the certified statement of the marshal and ten cents for filing the same; fifty cents for docket entries in any one case, and three dollars for hearing any contested case, to be paid by the party in whose favor the case is decided.

Sec. 8. Any person or persons found guilty of violating this ordinance in any way, shall, upon conviction thereof before the recorder's court, be fined not less than five nor more than ten dollars.

Sec. 9. The owner or owners of any property sold under the provisions of this ordinance, shall, at any time within one year from the date of sale, upon satisfactory proof to the common council of such ownership, be entitled to an order on the town to reimburse the net proceeds of such sale, deposited as aforesaid.

Passed the Common Council of the town of Hood River, on the 11th day of June, 1895, and approved by me this 13th day of June, 1895.

C. M. WOLFARD, Mayor.

Attest: C. F. HEALD, Recorder.
