Miss Gertrude Minto, the English pianist, will assist Mrs. Hinsdale at the concert Thursday evening. She is a fine artist and well known throughout Great Britain.
Jas. Langille was in town during the week. He has been on his ranch at Mt. Hood until last week, when he was engaged building a scow for John Rankin at White Salmon.
While trotting horses Tuesday at the race track, a horse rode by Charley Stranahan ran away with him, and plunging through a fence, the boy was thrown off, breaking his right arm.

Fruit men intending to set fruit trees next fall should remember that home-grown trees are always the best. Order your trees of Tillett and get the best and the cheapest. He has 20,000 trees growing in his nursery for next fall's delivery.
"Stop and think one minute! Is it not reasonable that without rent to pay, I can sell doors, windows and all kinds of building material, paints and household furniture, and compete with any dealer in any city or town? Call and see."
S. E. BARTMESS.
NOTICE.—Persons contemplating building will find that it will be greatly to their interest to call at the Hood River Box Factory and look at the new stock of doors, windows and all kinds of moldings. Will be pleased to show goods and quote prices to all intending purchasers.
The O. R. & N. Co., always alert to the welfare of their patrons, have placed on sale at principal stations a 1000-mile ticket at the rate of three cents per mile; good one year from date of sale, and good for passage over the rail and water lines of their system.
Dr. W. L. Adams was engaged the other day in setting out poison for squirrels. He placed the strychnine in green peas, of which the digger is quite fond. While away from the table where he was at work, some of the strychnine was blown to the floor by a gust of wind. Two young ducks about ten days old were looking about for something to eat, and spying the crystals, managed to gobble them down. In a short time afterwards they were dead ducks. The strange part of this story is, How did the ducks manage to pick the crystals from the floor?

Owing to the fact that Hood River is without fire protection and short of water, the authorities decided to not allow the firing of fire-crackers and bombs on the 4th. But as the rain came and kept falling all day, with no wind, there was no danger to be apprehended from fire-crackers. Nevertheless, the authorities refused to grant permission to shoot off fire-crackers, and the boys concluded to go ahead and celebrate without permission. As a result, the city recorder issued warrants this morning for the arrest of several of the boys who allowed their patriotism to boil over.
Joe Braut, one of the editors and proprietors of the Vancouver Columbian, was in Hood River Saturday and Sunday, accompanied by his better half. We had not seen Joe for 22 years, and when he walked into the GLACIER office Saturday and struck us for a grab stake, we failed to recognize the boy who acted in the capacity of devil in the old Bulletin office in Portland nearly a quarter of a century ago. Joe is a rattling good fellow and we are glad to know he is a successful newspaper man.

Amos Underwood has finally won his suit against Capt. H. Cook in a land contest. In the contest before the Vancouver land office, Mr. Underwood won the case, but Capt. Cook appealed to the land commissioners at Washington City and the decision of the Vancouver office was reversed. Mr. Underwood then took the case before Secretary Hoke Smith and it was finally decided in his favor. The land in dispute consists of 80 acres of railroad land lying on the east side of the White Salmon river.

The west side of the valley is now well watered by the Hood River Supply Co's ditch. Besides the Davenport Bros. are selling water from their flume for irrigating purposes. There is no excuse now for not raising strawberries in this part of the valley. And where you have black land and no water for irrigating, they will do well without water. We have found that strawberries grown without water will pay better than any crop we can grow.

Hood River people were much surprised 4th of July morning to hear the gentle pitter of the rain. We had had no rain for a month or more and were not expecting it at this season. The rain continued to fall in showers during the day, and there was enough to muddy the roads and interfere with business. It will prove a blessing to the Mazamas and others traveling towards the mountains, as it will lay the dust and clear the atmosphere.

A good many of our citizens attended the celebration at The Dalles on the 4th. Rain fell there during most of the day, which somewhat interfered with the excellent programme arranged for the day. The oration by John Mitchell, editor of the Mountaineer, is pronounced a masterly effort. N. J. Sinnott read the Declaration of Independence in a manner highly complimentary to the young man.

T. J. Watson, while in Portland Saturday, met with a severe accident. He was alighting from a street car on Morrison street when a bicycle rider ran into him with his machine, and Jess says he was knocked about twenty feet. He was picked up insensible and did not regain consciousness for an hour. No bones were broken, but he is still very sore from the effects of the collision.

Hood River has the bicycle craze, and has it bad. There are now about twenty-five wheels in use in this town, and among the riders are some very swift and graceful ones. Among those receiving bicycles this week are Mrs. Bartmess and Alice Cleaver, George P. Crowell, W. C. Stranahan and George Straubhan.
Do you want a wheel? How does this proposition strike you? A bonafide \$65 drop forged, tool steel and drawn, seamless steel tubing, big A little A, "A No. 1" ladies' or gent's; Bicycle, "M. & W." (best in the world) tires, for \$50. Come and see it at the drug store.

Earl Bartmess came in from Hood River falls Friday evening on his bicycle in one hour and 14 minutes. Distance, 13 1/2 miles by his cyclometer. He had to push his bike up the hills and over bad roads, and altogether footed it about 2 1/2 miles.
M. Willis, M. N. Foley and J. T. Neff are doing good work in their strawberry fields. They are grubbing out some of their old vines and will set new plants this month and next, and preparing new ground for more plants.

On an oak tree on the Neff lot, two limbs over hanging Fourth street have grown together, making a perfect graft. Supt. Prather will remove the limbs and save the grafted part for exhibition at our coming fair.

The following teachers have been appointed by the school board of district 3 for the fall term: H. L. Howe, principal; Miss Grace Graham, intermediate; Miss Grace Elliot, primary.

The Dalles Mountaineer says there is wool enough in the warehouses in that city to make a piece of cloth 700 miles long and a yard wide, and weighing one pound to the yard.

The man who took my 12-inch steel plow from my place, some two months ago, will save himself some trouble by returning it at once. Am needing it now.
H. F. DAVIDSON.

Mr. Kirbyson and family, from Kilekita, were camped at M. Willis' place during the week. Mr. Kirbyson is looking for a place to grow strawberries.

Hanna & Wolfard, L. E. Morse and M. F. Loy will plant five acres to strawberries on L. E. Morse's place, 2 1/2 miles south of town.

Capt. H. C. Coe has gone up the Columbia river towards Umattila Co. to look out a good location to grow strawberries.

Dr. E. T. Carns will return to Hood River, July 15th, and will be prepared to fix all the teeth in the valley.

Lost—A Knight Templar charm. Finder will oblige by leaving same at GLACIER office.

C. J. Hayes has bought two acres of land of O. L. Stranahan, adjoining the Howell place.

Mountain climbers can find Alpine stacks at Dallas'; 75 cents apiece, or \$1.25 a pair.

Bed room set with bevel edge mirror for \$12.50 at S. E. Bartmess'.

Captain Ferguson went to Portland on Wednesday.

The Concert.
Next Thursday evening, at the U. B. church, the music-loving citizens of Hood River will be treated to a first-class concert. Mrs. F. Webster Hinsdale of Portland, recently San Francisco's favorite soprano, is sojourning here for health and recreation. Recently she favored the audience at the U. B. church by singing, and has since consented to give a concert. She is a singer of European as well as continental renown; is a graduate of the Royal Academy, London, England, and has sung with the great artists of the age throughout the United States, Canada, Mexico and Great Britain, with great success on the operatic stage and concert platform. Her voice is a clear, sweet soprano, sympathetic and of great power and exceptional range, crowned by graceful mannerisms. We give below extracts from press notices she has received in different parts of the world:

Mrs. F. Webster Hinsdale, the young American singer, soprano soloist of the Hoherer Concert Co. at St. James, has a brilliant soprano voice of exceptional timbre and power. Her execution of Bishop's Almas showed to good advantage her highly cultivated voice and was an intelligent interpretation of the masterpiece.—London Globe.

The vocalist of the evening was Mrs. F. Webster Hinsdale, whose charming soprano voice and dainty mannerisms added a new sweetness to the old Scotch ballads.—New York Times.

Mrs. F. Webster Hinsdale's selections were as beautiful as her voice—brilliant in opera, sympathetic in ballad—a rare combination in a singer.—San Francisco Wave.

"Dance Negresse," by Miss Gertrude Minto of London, England, was executed in an artistic manner. She has a brilliant, forceful touch, and in the fine passages shows great delicacy of execution.—Fresno (Cal.) Expositor.

To The People of Hood River.
Owing to a change in my business affairs I will be unable to return to Hood River until July 15th.
DR. E. T. CARNS, Dentist.

Fresh bread, buns and doughnuts at the Bakery every day.
Lumber wagon, light, for sale.
E. E. SAVAGE.

A pleasant gathering was held at the house of Mrs. Scott Boorman July 4th. The lady had sent out invitations to a picnic to be held in a fine grove near her house. The boys had fixed up tables and procured rope for swings, but the rain interfered and the table was set for dinner in the house. Twenty-one sat down to dinner and a very enjoyable time was had.

The GLACIER will hereafter be published on Fridays. Correspondents and advertisers will please take notice that all matter intended for publication must be handed in time to be set up on Thursday.

A weather report was received today from Cloud Cap Inn which will appear next week.

BORN.
At M. E. parsonage, Belmont, June 25, 1895, to Mr. and Mrs. F. L. Johns, a daughter.

Written for the GLACIER.
In the Strawberry Season.
On each side of this mountain stream The strawberry fields look nice and green; From the first of May till the last of June The strawberry season is in full bloom.

In this valley, a few years ago, We didn't know strawberries would grow; On the hillside, where grass was dead, You'll find the ground now painted red.

Far in the East and far in the West, Hood River berries are known as the best. We ship them now in carload lot, And never was known one berry to rot.

Now, as the close of the harvest draws near, And the strawberry fields look brown and sore, Think of the berries you have sold, And count your checks that call for gold.

And in the year of ninety-six, A large berry patch you should fix; Let it spread from road to road, So we may ship them by train load. —M.

SPECIAL NOTICES.

DON'T STOP TOBACCO

IT'S INJURIOUS TO STOP SUDDENLY and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant, and in most all cases the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about BACO-CURO. It is purely vegetable. You do not have to stop using tobacco with BACO-CURO. It will satisfy you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you first took your first chew or smoke. An iron-clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Price \$1.00 per box, or 3 boxes (30 days' treatment and guaranteed cure), \$2.50. For sale by all druggists, or will be sent by mail upon receipt of price. SEND SIX TWO-CENT STAMPS FOR SAMPLE BOX. Booklets and proofs free. Eureka Chemical & Mfg. Co., La Crosse, Wis.

Eureka Chemical and Mfg. Company, La Crosse, Wis.—Dear Sirs: I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physicians told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keely Cure," "No-To-Bac" and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago today I commenced using your preparation, and today I consider myself completely cured. I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it to every truly.
