Shakespeare's "King Lear" is the subject of President Chapman's lecture. It is the only lecture in the whole course that will need any preparation. To understand and enjoy it every one must read "King Lear." It is one of Shakespeare's best plays and is full of life, incidents, good thoughts and happy wit. Don't fail to read it and then go home from the lecture and call it a failure. Our public library has the play and no one is to be excused who has not read it.  
All of our school children who hope for a higher education should take this opportunity of seeing and hearing the president of the university that they will probably attend.

At a special meeting held by the Congregational church last Saturday, a unanimous call was extended to Rev. J. L. Hershner, who has filled the pastorate nearly one year, to remain with the church as pastor for an indefinite time. The call is under consideration and will probably be accepted. The pastor was voted a vacation, which will be taken during August. A committee consisting of Mr. Armor and Mr. Dukes was appointed to take preliminary steps to build a parsonage. The membership of the church has been doubled, lacking only two, the past year, and the church is in a most harmonious condition.

Wild blackberries and cinnamon bear are quite numerous around the hills now. About two weeks ago, one morning while Mrs. Antone Wise was picking wild blackberries in the woods near her house, she heard a noise behind her, and turning around, beheld a large cinnamon bear. Woman like, she tried to scare Bruin by shaking her tin pail at him, but the bear wouldn't scare worth a cent and Mrs. Wise thought it wise to run for the house.

## Attempted Robbery.

Sunday morning some one entered Mr. M. F. Sloper's residence, intent upon robbery. Saturday evening, at 7 o'clock, Mr. Sloper had unlocked the front door for the convenience of Clay Folsom, the photographer, who was rooming there. The would-be thief then entered the house, unobserved by any one, and passed out by the rear entrance, leaving the door unbolted. About three o'clock in the morning Mr. Folsom was awakened by a noise in his room, and by the dim light he could see some one going through his clothes. Fortunately, Clay had placed his wealth under his pillow. Fearing the thief was armed, Mr. Folsom lay quiet until he left the room, when he endeavored to awaken Mr. McGuire, who was asleep in an upper room. Falling in this, he hurried down to the Langille house and awoke Mr. Sloper, who went up to his house and searched for the thief, but he had made good his whereabouts. The thief must have known that Mr. Folsom had money. Nothing else in the house was molested.

**A Success.**  
The entertainment and festival given at Frankton school house Friday evening last was a decided success in every way. Though the evening was rather cool for ice cream and edibles being served in the open air, there was a big crowd and every one seemed to fully enjoy the occasion. Mr. Sam Campbell of the East Side, who is an expert at making ice cream, volunteered his services to prepare this part of the entertainment. Mr. E. Locke sent up nine boxes of his delicious peaches and furnished the lemons for the lemonade stand, which was presided over by Miss Maggie Locke and Miss Edith Eastman. The lemonade and fruit stand realized \$4.75. The ice cream was all sold and \$22.85 realized—making the total receipts for the evening \$27.60. The expense for ice and ingredients for the ice cream amounted to \$4.50, leaving the net receipts \$23.10. The music and literary programme was good throughout.

**Spud Thief.**  
Some enterprising person without the fear of the Lord or the laws of Oregon is robbing the potato patch of Capt. Blowers and Will Yates, two miles west of town. The ground being very loose, it is an easy matter to go along the rows and with the hands root out the potatoes from the hills, leaving the vines standing. Some of the vines were robbed a little too closely and they wilted, which caused the theft to be noticed. The enterprising spud thief left the impression of his heavy-soled shoes with nails in them in the soft earth, and the detectives who are working up the case think they have an easy job to locate the aforesaid enterprising s. t.

**Railroad Improvements.**  
The O. R. & N. Co. is about ready to build a new bridge over Hood river at this point. The road is to be strengthened by building the bridge at a point below the old one, and making a straight line from the depot to the east bank of Hood River. This will avoid the crook in the road which is made going to the present crossing of the river. The old road bed will be used as a switch for the loading of cord-wood and other products of Hood River.

Eureka Chemical and Mfg. Co., La Crosse, Wis.  
OFFICE OF THE PIONEER PRESS COMPANY, G. W. HORNICK, Supt. ST. PAUL, Minn., Sept. 7, 1884.  
Dear Sirs: I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system has been afflicted, until my physicians told me I must give up the use of tobacco for the time being, at least, I tried the so-called "Keely Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago today I commenced using your preparation, and today I consider myself completely cured. I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours very truly,  
G. W. HORNICK.
