 J. L. Atkinson, the well known real estate dealer of Portland, and Mrs. Jennie Champlin came up Monday and went out to her father's, Mr. Geo. Booth. Tuesday, Mr. Atkinson went up to Cloud Cap Inn.  
 Stop and think one minute! Is it not reasonable that without rent to pay, I can sell doors, windows and all kinds of building material, paints and household furniture, and compete with any dealer in any city or town? Call and see.  
 S. E. BARTMESS.  
 The O. R. & N. Co., always alert to the welfare of their patrons, have placed on sale at principal stations a 1000-mile ticket at the rate of three cents per mile; good one year from date of sale, and good for passage over the rail and water lines of their system.  
 Geo. McIntosh is building a barn on Paradise farm. He will use a good deal of the material from the old barn recently torn down, and which was about the oldest building in the valley. The timbers are found to be as sound and as serviceable as the day they were hewn for the old barn.  
 A fine young Jersey bull belonging to H. C. Hengst broke his neck in a singular manner one day last week. The animal had a rope around its neck held by two men, and in trying to break away from its captors the rope caught on at oak grub and the bull was thrown on his head and broke his neck.  
 Mrs. J. E. D. Stallings of Portland is improving her twenty acres 14 miles south of town, opposite the place of M. E. Cook. The lady has bought an interest in the Rand ditch extension. Jack Nealeigh has been employed to grub the land and will begin work next week. Mrs. Stallings, we understand, will build a residence on her lots in town.  
 Dr. Adams returned from Portland Saturday. He says people in Portland are constantly inquiring for a nice place to board in Hood River. He is anxious to recommend some place, but cannot, as he does not know who takes boarders. He says if boarding houses would advertise in the GLACIER or call and tell him about recommendations, prices, etc., he may be of some service to them.

The report of the librarian, in last week's GLACIER, was somewhat misleading in regard to the books donated to the library. To make the matter straight, we are asked to state that the books came from the late First Congregational church, which organization is now disbanded and the members have united with the Congregational church in town. The lamps of the church were also sold, and the proceeds—\$6 or \$8—which had not been collected, will be turned into the library funds.  
 Dr. Adams informs us that in less than ten hours after the GLACIER came out with an ad for a cow, a man led a fine milk cow to Paradise farm, price \$25. He found a market and went home happy. Applications came in so fast by letter that one morning, when Mrs. A. saw the herders bringing up some twenty town cows, she said, "Well, I believe there is another lot of cows coming in answer to our ad in the GLACIER."  
 The city government of Hood River has been run economically so far. After all the expense of the election, preparing ordinances and publishing the same, printing, etc., the outstanding warrants against the town amount to only \$65.90. Licenses have been collected to the amount of \$48, and there has been paid out of the general fund \$39.45—leaving cash in the treasury to the amount of \$8.55.  
 The little boy of Postmaster Morse, aged about 2½ years, has been dangerously ill with summer complaint for the past week. The child has not been well for about six weeks, and while the family were in the mountains seemed to be getting well, but since their return home it has grown worse again.  
 The ladies' aid society of the Congregational church will spend next Friday with Mrs. McCoy, leaving the church at 8:30 in the morning. A good attendance is desired as there is some work to be finished at this meeting. There will not be another meeting during the month of August.  
 Rev. J. L. Hershner and family left Thursday for Monmouth, Polk county, where Mrs. Hershner's parents reside. They will be absent about one month. The Christian endeavor society will have charge of the Sunday morning services during the pastor's absence.  
 D. F. Pierce received a large invoice of Henderson shoes from Chicago Thursday, and to make room for a shipment from Boston, due the coming week, he will run a bargain counter and clear out a lot of summer and other goods at cost for cash. See change of ad next week.  
 Wednesday, F. M. Warren, Frank Warren, Jr., Mr. and Mrs. F. B. Strong and Mr. and Mrs. Geo. Taylor of Portland arrived at the Langille house and went to Cloud Cap Inn. Thursday, W. A. McKensie and wife of Portland came up and went out to the Inn.  
 Mr. B. Warren has sold the west half of his Oakdale property to Richard Kirbyson for \$400. Mr. Kirbyson will build upon the land during the coming fall and move upon it with his family, consisting of a wife and three children.  
 J. H. Cradlebaugh has gone back to his old business and opened a law and gospel shop in The Dalles, where, he says, he will dispense law and dispense with the gospel. Read his card in another column.  
 Lost—Between the places of John Monroe and M. V. Rand, on the East Side, a coat containing pocket book. A reward of \$1 will be paid for same if left at Hanna & Wolfard's.  
 W. M. TILLET.  
 Any thing you need in the line of doors, windows, window glass, mouldings, thresholds, casings, etc., you will find at the Box Factory.  
 Miss Currie Poor, who has often visited Hood River, came up from Portland last Saturday with Dr. Adams and his family.  
 Miss Ida Foss returned Tuesday from Shattuck, near Portland, where she has been visiting for a couple of months.  
 Williams & Brosius have received their \$50 bicycles. They are daisies. Call and see them at the drug store.  
 Mrs. Geo. C. Nicholson and son of Portland came up Tuesday and are stopping at Mrs. Alma Howe's.  
 The question of bringing out a big ditch from Hood river to irrigate the west side of the valley is again talked of.  
 Mrs. Belle Schaller, music teacher, came up from Portland Tuesday and is stopping at Paradise farm.  
 Rev. S. Hornbrook from Goldendale arrived on Thursday to attend the Belmont camping.  
 Mrs. Peter Cordes, who has been sick for a long time, is now very low.  
 Ladies sailors and lace flats at the Racket store.  
 Bed room set with bevel edge mirror for \$12.50 at S. E. Bartmess'.  
 Mayor Wolfard and family are in camp at Sandy Flat.  
 School will begin Sept. 2d in district 2; J. T. Neff and Miss Isenberg, teachers.  
 Mrs. C. P. Heald is quite sick.  
 "Kling Lear" to night.  
 To Set Strawberries.  
 If every one who contemplates setting strawberry plants this summer and fall succeed in setting as many as they claim they will, the acreage in that delicious and profitable crop will be increased at least ten times over what it has been. Many new planters will be in the field, and the output of strawberries next year will astonish some of our old-timers here who at one time were of the opinion that Hood River climate was only good for health and its lands could grow nothing but mortgages. Among others, S. J. LaFrance intends to set six acres on his land adjoining the Lyman Smith place. Lyman Smith will set five acres. J. J. Luckey and M. N. Foley each four acres. W. J. Baker has commenced to set two acres, which will make him five acres in strawberries.

**A Destitute Family.**  
 Saturday last a destitute family were brought down from Mt. Hood and reported to Capt. Blowers, county commissioner. The family consists of an aged couple and five children ranging from 5 to 12 years of age. The mother of two of the children was sent to the asylum about one year ago. The old folks are living on a claim near Mt. Hood, where they find it hard to make a living. The old gentleman had been without tobacco for some time, and no having enough to eat, was on the verge of insanity. His wife thought him insane, but he was examined by Dr. Brosius, who pronounced him all right if he could have his regular rations of grub and tobacco. Capt. Blowers furnished them with something to eat and then gave them a supply of provisions on account of the two children whose mother is in the asylum. He will report the case at the next meeting of the commissioners and the children will probably be sent to the state orphan asylum. While in Blowers' store, the eldest went into the warehouse to get a drink of water. Before he reached the water he spied a pile of bacon, when he hurried back to the store and yelled to the other children, "I saw meat! I saw meat!" Capt. Blowers could do no more than send them back to their claim by the same conveyance that brought them in, with provisions enough to last for some time.  
**Campmeeting Items.**  
 Teams will be at the M. E. chapel Sunday morning at 9 a. m. to convey the Sunday school children, their parents and all interested to the campgrounds and return. All come and bring your lunch.  
 The presiding elder will be present, as it is the fourth quarterly meeting occasion. Love feast at 9 o'clock; preaching at 10; children's meeting at 2 o'clock.  
 Quarterly conference Saturday afternoon at 2 o'clock. It is especially desired that all the official board be present.  
 The interest is good on the camp-ground and souls are obeying the Spirit of God and receiving His blessings. Everybody invited. F. L. J.  
**DIED.**  
 At Mount Hood, Sunday, July 29, 1895, Alexander Joss, aged 70 years.  
 Deceased was born in Aberdeen, Scotland, came to this country seven or eight years ago and located on a claim at Mt. Hood. He was a miller by occupation, and for sixteen years was night foreman of a flouring mill. He contracted miller's asthma, which disease caused his death. He was father-in-law of Wm. Davidson of Hood River valley. A widow and six children are left to mourn his loss.  
 At Hood River, Oregon, July 27, 1895, of consumption, Eva W., only daughter of Mr. and Mrs. I. R. Birt of Portland, aged 16 years, 7 months and 2 days.  
 The little sufferer was brought to our city about two weeks ago, but the dreaded disease had gained too large a hold on her for our invigorating climate to eradicate. Her last moments were peaceful as a May day.  
**SPECIAL NOTICES.**  
 Beware of imitations of Peacock Flour. Take none without the picture of the bird on the sack. HANNA & WOLFARD.  
 Ferguson & Davidson have chilled plow points for sale.  
**Don't Stop Tobacco.**  
 The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Baco-Curo, it will notify you when to stop. We give a written guarantee to permanently cure any case with three boxes, or refund the money with 10 per cent interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke. Sold by all druggists, with our ironclad guarantee, at \$1 per box, three boxes, (thirty days treatment), \$2.50, or sent direct upon receipt of price. Send six two-cent stamps for sample box. Booklet and proofs free. Eureka Chemical & Manufacturing Chemists, La Crosse, Wisconsin.

**DON'T STOP TOBACCO**  
 IT'S INJURIOUS TO STOP SUDDENLY and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant, and in most all cases the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about BACO-CURO. It is purely vegetable. You do not have to stop using tobacco with BACO-CURO. It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you first took your first chew or smoke. An iron-clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Price \$1.00 per box, or 3 boxes (30 days treatment) and guaranteed cure, \$2.50. For sale by all druggists, or will be sent by mail upon receipt of price. SEND SIX TWO-CENT STAMPS FOR SAMPLE BOX. Booklets and proofs free. Eureka Chemical & Mfg. Co., La Crosse, Wis.

OFFICE OF THE PIONEER PRESS COMPANY, C. W. HORNICK, Supt.  
 St. Paul, Minn., Sept. 7, 1894.  
 Eureka Chemical and Mfg. Company, La Crosse, Wis.—Dear Sirs: I have been a tobacco fiend for many years, and during the last two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physicians told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keely Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago today I commenced using your preparation, and today I consider myself completely cured. I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours very truly,  
 C. W. HORNICK.
