BRIEF LOCAL MATTERS.

W. J. Baker and daughter Pansy went to Portland Saturday.
 Lou Morse is authorized agent for all newspapers and periodicals.
 Wm. Tillett of the Hood River nursery series says the ground is yet too dry to dig trees.
 Mrs. Pealer gave us a Bartlett pear, last week, from a tree that bore the second crop this year.
 Saturday and Monday of each week will be our grinding days throughout the fall and winter. HARBISON BROS.
 Rev. Barnhart and family arrived from Fossil on the morning train Tuesday and are the guests of Mr. and Mrs. H. Pugh.
 Capt. Coe has rented his Kliekittat ranch to Albert Reiner, who has had charge of W. J. Sherman's place for the past year.
 Warren Miller came up from Scholl's Ferry Saturday and returned Wednesday. He will remove to Hood River in the spring to stay.
 Billy Hay, an old-time resident of Hood River, came down from his ranch at Mosier, Saturday, to visit a few days with his old neighbors.
 Any thing you need in the line of doors, windows, window glass, mouldings, thresholds, casings, etc., you will find at the Box Factory.
 William Tillett will commence digging trees for delivery and shipment as soon as the rains come. His Yakima apple trees are in great demand.
 The friends of W. J. Sherman will be glad to learn that he is back on the railroad, making his first trip last Sunday in charge of the engine on the night passenger train.
 Good advice: Never leave home on a journey without a bottle of Chamberlain's colic, cholera and diarrhoea remedy. For sale by Williams & Brosius, druggists, Hood River.
 A good, soaking rain fell last Friday night, which was much needed. Saturday the weather cleared, and since then we have had cold nights, the mercury, Wednesday morning, going down to 20.
 A pound social will be given next Friday evening, Nov. 8th, at the residence of Rev. J. M. Denton and wife. Everybody cordially invited to come and help in the pounding. Refreshments will be served.
 J. H. Cradlebaugh was in Hood River Tuesday attending to some legal business. He has retired from the editorship of the Mountaineer and will devote his attention to the law this winter. After the adjournment of circuit court he will spend one day of each week in Hood River.
 W. A. Slingerland returned from Portland Monday. While there he sold 100 boxes of apples for shipment to Hong Kong. Mr. Slingerland thinks it may be an opening for a large trade at good prices. He is much encouraged at the outlook for the sale of our apples.
 Frank Caddy went to The Dalles Tuesday on the boat, and Wednesday made final proof on his homestead. His witnesses were E. D. Calkins and Antone Wise. Frank has a good piece of land and has made some good improvements upon it. It has some valuable timber and is situated in the neighborhood where some of our best apples are grown.
 Capt. Coe informs us that he went to his ranch in Kliekittat county, September 1st, and remained there till the 18th of November. C. H. Ellsworth went with him, and together they built a 6-room house, fenced 300 acres and put in 20 acres of grain. Mr. Ellsworth has also taken up a homestead and has since moved there with his family. Capt. Coe says there is thousands of acres there open to entry of as good land as lies out of doors.
 D. F. Pierce, who came here about a year and a half ago and opened a harness shop, and afterwards started a shoe store, has decided to leave us. He has purchased a business at LaGrande, Oregon, which is a much larger town, and as he will have the only harness business in the place, will no doubt make a good move, financially. Mr. Pierce is a fine workman and neat in everything he does. His buildings are all models of neatness. We need more such citizens, and can ill afford to lose him. He will be especially missed when we need repairs to our harness, or when we want to buy new ones, for it has been found that he has been selling at less than Portland prices to keep the trade at home. Read his ad in another column; offering bargains in harness and shoes.
 The second part of the stereopticon lecture, to be given at the U. B. church on the evening of the 15th inst., will be well worth the price of the lecture. The Italian lake district is one of the most attractive places to which the tourist can resort for a holiday. The most direct route from England is through the forest cantons of Switzerland and along the St. Gothard railway to Bellinzona, where we change for Locarno. The first part of the evening will be occupied in viewing some of the more important places of interest in our own native land, embracing the following places: Washington, Baltimore, Philadelphia, New York City, Albany, Saratoga, Niagara, Detroit, Chicago, St. Paul, Minneapolis, Montana, Rocky Mountains, Yellowstone Park. Come and enjoy a rare treat.

The Hood River Indians have been having some domestic troubles. It seems one of Indian Frank's squaws left his bed and board and took up with Jack Coon. This was nothing out of the ordinary for Indians, and Frank was willing that she should go; but she took with her a seven-year-old boy that Frank thought rightfully belonged to him. So he employed Indian Sam, and together they stole the child from his mother. Both were arrested, Saturday, charged with kidnapping, and were tried before Justice Soesbe. They set up as their defense that they wanted to buy the boy some new clothes, which they did. Sam was discharged, but Frank was held for carrying concealed weapons and bound over in the sum of \$25.
 We have decided to sell goods only for cash. On and after Monday, Nov. 11, 1895, we will not credit any one. This is positive, and we will make no exceptions. Cash will buy goods from us as low as anywhere in the state. Call and get our prices. If you are thinking of sending away to some catalogue house for your groceries, save yourself the trouble by bringing your orders to us, and we will fill them as cheap as any Portland house, freight added. Patronize home. The above is not mere talk, but we mean every word of it. Try us and see. Yours for low prices, HANNA & WOLFARD.
 The county board of examiners, to examine teachers for certificates, will meet at The Dalles next Wednesday, at 1 o'clock. Mr. J. T. Neff, principal of the Frankton school, is a member of the board, and his school will take a recess from Tuesday until the following Monday. Miss Grace Eliot, whose certificate expires with the meeting of the board, will resign and go to her home in Portland. The board has selected Miss Josie Hansberry to fill her place for the unexpired term.
 A Sunday school was organized at Mount Hood, November 3d, with the following officers: A. G. McKamey, superintendent; Mrs. Ann Dimmick, assistant superintendent; Sam Hess, secretary; Carl Gilmore, treasurer; David Wishart, Bible class teacher; Mrs. O. Sandman, intermediate class teacher; Will Gribble, teacher of infant class.
 The following is a sample statement of returns on fruit shipped from Hood River: L. Henry shipped two crates of silver prunes. They were sent to Denver and sold for \$1. Transportation charges amounted to .76 cents; refrigerator, icing, 6 cents; commission, 10 cents—leaving Mr. Henry 8 cents to pay for boxes, paper and packing.
 The revival meetings at Mt. Hood closed last Sunday. Rev. F. L. Johns returned from there Sunday evening, and Monday went to The Dalles to attend the district conference of the M. E. church.
 The Hood River box factory has received a small dynamo for furnishing electric light, and during these long evenings the factory will be lighted by 12 lamps. The dynamo has a capacity of 18 lamps.
 Jack Luckey is the happiest man in Hood River, having got rid of a tape worm many yards long. Dr. Adams was the accoucheur.
 W. J. Baker finished picking his apples last week. He gathered 550 boxes from his Yellow Newtown trees.
 Hon. E. L. Smith and Miss Anne Smith went to The Dalles, Tuesday on the Regulator.
 The steam wood saw has gone to Cascade Locks, and from there will go to Portland.
 Don't forget the apple-packing contest tomorrow, at Blowers' warehouse.
 The star Venus was visible at noon Tuesday.
 Fashion Books for sale at Mrs. C. J. Hunt's.
 Mrs. Blythe went to Portland Saturday.
 Thanksgiving, Thursday, Nov. 28th.

How to Prevent Croup.
 Some reading that will prove interesting to young mothers. How to guard against the disease.
 Croup is a terror to young mothers, and to post them concerning the cause, and first symptoms and treatment is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily, and croup is almost sure to follow. The first symptom is hoarseness; this is soon followed by a peculiar rough cough which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy, for it contains nothing injurious.
 For sale by Williams & Brosius, druggists, Hood River, Or.

 Notices defining the extent of a settlement claim posted in conspicuous places thereon, are sufficient to protect such claim as against subsequent settlers; and it is immaterial in such case whether the latter settler has actual notice or not, if the posted notices are of such character that they might have been seen by a reasonable exercise of diligence.
 Prior possession of coal lands, without filing, will not avail as against an adverse claimant who has complied with the law.
 A Remarkable Announcement.
 A brief paragraph can hardly do justice to the interesting announcements which the Youth's Companion makes for the coming year. Not only will some of the most delightful story-writers contribute to the paper, but many of the most eminent statesmen, jurists and scientists of the world. No fewer than three cabinet ministers are announced, among them being the secretary of agriculture, who chose for a subject "Arbor Day," the celebration of which he originated; Secretary Herbert writes on "What the President of
