BRIEF LOCAL MATTERS.

F. I. Hubbard, photographer, Hood River, Oregon.

D. F. Pierce expects to remove to La Grande next Wednesday.

Lou Morse is authorized agent for all newspapers and periodicals.

Rolled wheat, the best of horse feed, can now be had at the box factory.

Gerdes' bakery received a lot of fresh Shoalwater Bay oysters Wednesday.

The stockholders of the armory association will meet Feb. 1st, at 2 p. m.

Invitations for the Maccabees' Ball, to be given Feb. 21st, will be out about February 1st.

Hon. George H. Williams lectured at the Dalles Tuesday night on "Reconstruction."

The programme for the Demorest medal contest, Feb. 3d, will be published next week.

The Maccabees will have Bergfeld's full orchestra of ten or twelve pieces. Remember the date, February 21st.

Saturday and Monday of each week will be our gridding days throughout the fall and winter. HARBISON BROS.

Wanted—A thoroughbred single comb Brown Leghorn rooster, one year old. Apply at GLACIER office.

We are not in the real estate business, but intending purchasers will receive some valuable pointers by calling at this office.

Thomas M. Gilmore, an old resident of Kilekitt county and a Grand Army man, died near Rockland, January 17, aged 50.

Some one cut the rope of Mr. John Parker's ferry boat that he used to cross Hood river at his place, and the boat floated away.

The Belmont boys serenaded the two newly married couples Saturday and Monday nights, and both times were invited to partake of refreshments.

Wm. Tillett on Tuesday shipped a big bundle of apple cuttings to Wm. Borch, a nurseryman at Hillsdale. Mr. Borch says he will use none but Hood River scions in grafting.

Now is the time to prune fruit trees and spray them for aphid and other pests. Everything indicates an early spring, and no time should be lost in attending to the trees while in a dormant state.

A stock of shoes that will invoice over \$600, I will sell for \$500, or will sell a pair at less than first cost, and several pairs still cheaper. Will sell for considerably less than my closing out prices of the past two months. Sale closes Saturday, January 25th.

D. F. PIERCE.

Before adjournment, last week, the county court appointed the road supervisors to serve during 1896. Those of Hood River districts are as follows: District No. 2, J. J. Lucky; No. 3, M. B. Potter; No. 4, Chris Dethman; No. 5, William Jackson; No. 23, A. Billing; No. 26, George T. Prather.

Sunday afternoon, while playing with a number of boys in Mr. Scott Boorman's barn, Alfred Eastman fell backwards over a wagon tongue upon his right arm, breaking both bones just above the wrist. He was immediately taken to Dr. Barrett, who set the broken arm. The boy stood the operation bravely, hardly uttering a sound.

Persons who are buying second-class fruit trees from abroad can get the same kinds of trees of Tillett for less money. He has 2,000 second class trees, two to three feet high, well rooted—Yakima, Spitzberg, Ben Davis, Gano, King, Red Russian, Delaware Red and Jonathan—which he will sell for \$25 per thousand. Or, if you wish first class trees at regular rates, he can accommodate you.

Mr. David A. Turner returned from Portland Monday evening, bringing home his son Mason, who had been at St. Vincent's hospital for treatment. The boy's general health is improving, but his eyesight is now affected. He was examined by some of the best oculists in the city, who pronounced the sight of one eye gone beyond recovery, but that the other might be saved by strictly following the treatment and directions given by them.

Many merchants are well aware that their customers are their best friends and take pleasure in supplying them with the best goods obtainable. As an instance, we mention Perry & Cameron, prominent druggists of Flushing, Mich. They say, "We have no hesitation in recommending Chamberlain's Cough Remedy to our customers, as it is the best cough medicine we have ever sold, and always gives satisfaction." For sale at 50 cents a bottle by Williams & Brosius, druggists.

The question of where shall we get strawberry pickers will soon be agitating the fruit growers. Now is the time to consider where your help is to come from. If you know of families with young children from 8 to 15 years of age, it would be well to secure their services in time. Where the parents of children can be employed to work with them in the patch, or when there is some one with them whom they will look up to and obey, they make the best of help, but otherwise they can not be relied upon. The Japanese were found to be reliable last year, and we presume they will be employed again.

Mr. H. F. Davidson during the past week has been engaged in taking deeds from land owners along Hood river, granting the Valley Improvement Co. the right to take 4,000 inches of water from the river for the company's ditch. Everybody seems to be willing to help along the ditch, and Mr. Davidson informs us he has found no one unwilling to give a deed. It is estimated there is 75,000 inches of water in the stream at low water.

The town of Hood River, with its population of 400 souls, can boast of thirteen secret societies in flourishing condition, three churches and the best public school building in the county, and no saloon. Our saloon started out about a year ago. It was a luxury we couldn't afford. If we had kept up the saloon we might have had to drop behind in paying our dues and insurance in the social and beneficial orders.

Mr. Wm. Ebrck and wife of the East Side celebrated their silver wedding on the 7th of January, 1896. H. Lage and family, Chris Dethman and family and others were present. A good dinner was served, and all enjoyed the occasion, wishing the happy couple many returns of the day.

Our 20 inches of snow that fell last week has most of it disappeared. We had good sleighing for one day, then came a chinook wind and rain, and since then we have had slush and mud in the streets and roads. This morning was clear, with light frost.

Mr. A. M. Creed found a pocket book in the street last Monday. He came to the GLACIER office to advertise his find, and Thursday the owner, Mrs. Allen, came in to advertise her loss. The pocket book contained two ten-dollar bills.

Spelling bees are being held at the house of Supt. Troy Shelby Wednesday evenings of each alternate week. John H. Moore spelled down the class at the first meeting. The second meeting was held last Wednesday evening.

Will and Lee Odell have been on the sick list of late. They are backing on their claim on the East Side. The neighbors have been kind in bringing in things for their comfort, and the boys are improving.

W. A. Langille and Wm. Graham returned from Biggs last Wednesday, where they are building a house for Hon. M. A. Moody. Being short of material, they are taking a lay-off for a few days.

Mr. Edward Feak of the East Side died Monday, January 20th, and was buried Wednesday. Deceased was about 75 years of age and has been in feeble health for several years.

Contractor D. O. Wolf started in with six teams, Wednesday, to grade the approaches to the new railroad bridge across Hood river at this place.

Mr. John Parker is building an addition to his residence.

School in the Odell district closed Friday of last week.

Belmont Sunday School.

Sunday, January 12th, Belmont Sunday school elected the following officers for the ensuing year:

Superintendent, J. T. Nealeigh.
Assistant superintendent, William Isenberg.

Secretary, F. C. Sherrieb.
Organist, Miss Pearl Templeton.
Chorister, William Isenberg.
Treasurer, Miss Ella Isenberg.

Teachers—Bible class, M. P. Isenberg; young people's class, Mr. Elery; junior class for girls, Mrs. Elery; junior class for boys, Mrs. M. B. Potter; primary class, Miss Bertha M. Warren.

Dear parents of Belmont and vicinity, we hope we may have a good school. If your children are not attending Sunday school elsewhere, the superintendent and teachers would be glad to have you come to our school and bring your children with you. We need your help and the children to make a good school. God bless you! send the children if you can't come, and we will try to do them good.

J. T. NEALEIGH, Supt.

Some people have corns and some have not. Most of us have. If you are troubled with corns, hard or soft, drop in and buy a bottle of our "Stearns Corn Cure." It will surely give you relief—much more satisfactory relief than you can obtain by the use of a razor.

WILLIAMS & BROSIOUS,
Druggists.

The Bicycle Craze.

Those who are inclined to talk about what they term the "bicycle craze," and who predict that it is just a passing fancy, will be surprised when the present year's record has been made and the figures turned in. A St. Louis house, which was represented at the cycle show at Chicago recently, states that it seemed impossible to keep pace with the demand manifested there, and its sales for the week for immediate and future delivery ran up to \$30,000, one order falling just a little short of the \$8,000 mark. A amongst other dealers in this line also some surprising facts were gathered. One house had contracted for 20,000 wheels for the coming season, and another bought from one factory alone a bill of over \$100,000.

For a pain in the chest, a piece of flannel dampened with Chamberlain's Pain Balm and bound on over the seat of the pain, and another on the back between the shoulders, will afford prompt relief. This is especially valuable in cases where the pain is caused by a cold and there is a tendency toward pneumonia. For sale by Williams & Brosius, druggists.

Letter from Mrs. Howe.

The following letter from Mrs. Alma Howe will be of interest to her many friends here:

PORTLAND, Or., January 21, 1896.—I came to the St. Vincent hospital because I found I could do better for myself. Dr. Jones being on the staff of this hospital, very much preferred my being here. I find them very kind indeed, anxious to do all for my comfort. The operation was performed on Tuesday, the 14th inst. What the results will be can not be determined yet. I suffer greatly with my foot all the time. The first dressing was removed yesterday morning, also the stitches, six in number. The wound is closing nicely. If the pain would only ease up I should be a little more encouraged.

My case is a peculiar one, and all are watching its progress with interest. I still have one nervous chill after another. I have taken something to produce sleep only twice—once the night after the operation, but did not go to sleep. The next time was when I had not slept for three nights. I realize that it would be a habit easily formed when one is in pain, and when one thinks they may have to bear pain for an indefinite period. I know the habit would be a hard one to break. It takes plenty of real grit to say no when one could have it for the asking.

I want to thank all my kind friends at Hood River for their kindness and sympathy to me; am grateful for the good letters which the postman brings. I find my friends here are very kind also. We fully appreciate our friends when we are down. As I lay here in bed, and the door is often left ajar, I watch the people passing to and fro in the hall and wonder if I shall ever walk as they do. I wonder if I shall ever be able again to go as I once did. I wonder if my foot would hurt so much if it were not so large, if it would hurt less if it were smaller. I wonder if I shall have patience to bear whatever comes, and I wonder and wonder. ALMA HOWE.

Important Decision.

An important decision has been rendered by State Superintendent of Public Instruction Irwin, which is of especial interest to rural school districts. In a letter to the superintendent of Lincoln county's schools he holds that a school district does not lose its organization by reason of its failure to have at least three months school each year, but simply loses its apportionment of state and county money. Should a district fail to have school for a number of years, and then by private means raise funds and have the necessary three months' school, the district would be entitled to its apportionment of state and county money thereafter. It would seem in the light of this decision that there is no way for a school district to lose its autonomy unless it be attached to some other district. A voluntary failure to elect officers or to have the three months' school each year does not affect the organization.—Telegram.

Parents to Blame.

The editor of the Spokane Chronicle says:

It is a melancholy fact, but any one who walks through the business streets of this city almost every afternoon or evening is forced to the conclusion that there are two or three hundred parents in this city who are not fit to be entrusted with the training and education of a yearling calf. Perhaps one should be thankful that the proportion of such parents is smaller in Spokane than in most cities; but that is no excuse. Parents who care so little for their children as to allow them to run wild in the streets, filling the air with profanity and obscene language and making life a burden for passers-by are not only wronging the public and grievously wronging the little folks—for which perhaps they care nothing—but it is a satisfaction to state that they are also laying up large stocks of trouble for their own future use.

Cheap Metropolitan Papers.

There is no excuse nowadays for a citizen failing to subscribe for a great metropolitan newspaper in addition to taking his own local paper. The "Twice-a-Week" Republic of St. Louis, which is credited with the largest circulation of any weekly paper, is only \$1 a year, and for this sum it sends two papers a week, or 104 papers a year—less than one cent each. The weekly contains the best and brightest news condensed from the daily paper, together with a well assorted collection of reading matter and useful information. A popular feature in its columns this year will be the speeches of prominent men of all parties in the presidential campaign. These will be given almost in full. A reader of the "Twice-a-Week" Republic will always be abreast of the times, for no paper has greater news gathering facilities.

The Daily and Sunday Republic can now be had by mail for a little more than one cent and a half a day, or \$6 a year when paid in advance. Though this paper has greatly reduced its price, it has increased its value two fold by adding many valuable features.

Not a few men who read what Mr. Robert Rowle of Hollands, Va., has to say below will remember their own experience under like circumstances: "Last winter I had a gripe, which left me in a low state of health. I tried numerous remedies, none of which did me any good, until I was induced to try a bottle of Chamberlain's Cough Remedy. The first bottle of it so relieved me that I was enabled to attend to my work, and the second bottle effected a cure." For sale at 50 cents a bottle by Williams & Brosius, druggists.
