A good many of the young men of Hood River intend starting for the mines in the Cascade mountains north-west of this place, as soon as the melting of the snow will permit.

Harbison Bros. mill is supplying the lumber for Coburg's new barn and also the fencing lumber for the place bought of James Peak by Mr. Johnson of Portland.

Trains from the East have been delayed for two or three days on account of the burning of a bridge in the Blue mountains.

W. J. Campbell has been engaged in spraying orchards in the Frankton neighborhood during the past week.

The democratic county central committee will meet in the court house at The Dalles, Saturday, March 7th.

Notices are posted for the annual school meeting, next Monday, March 24, at 1:30 o'clock.

There will be a meeting of the Lateral Ditch company tomorrow, at 2 o'clock.

When in need of such a medicine, give this remedy a trial and you will be more than pleased with the result.

**Entertainment.** Following is the programme for the entertainment to be given by the Home Social and Dramatic club, Tuesday evening, March 26: "Love's Dream," Lov band. Play, "The Young Amazon"—Misses Foss and Graham, Messrs. Rand, Wheeler and Bartmess. Song, Mr. LaFrance. Tableau, "The Coming Man." Song, "Angel Grace"—Dr. Brosius. Play, "The Bicyclers"—Misses Smith, Cleaver, Rankin and Watson, and Messrs. Carus, Williams, Rand and Mercer.

**Fruit Growers, Attention!** Prof. U. P. Hedrick, horticulturist of our State Agricultural College, will address the fruit growers of Hood River valley on Saturday, March 14th, at 1 p. m. Prof. Hedrick will probably be accompanied by either the chemist or entomologist of the college, and an instructive meeting may be anticipated. It is hoped that there will be a general attendance at this meeting. E. L. SMITH, Pres. Oreg. State Hort. Society.

Supervisor Prather has had the large oak tree grubbed out that stood in the middle of the street in front of J. A. Soesbe's residence block. It looks like an act of vandalism to cut this tree, but it is said its removal was necessary because of the short turn in the road leading down the hill from the school house. The road might have been changed to the other side of the street, giving room to turn teams, so as to "spare that tree."

Mr. F. J. McHenry, state deputy head consul for the order of Woodmen of the World, was in Hood River during the week and organized a lodge of that order. The lodge organized on Thursday evening, when the following officers were elected: Grant Evans, C. C.; W. Haynes, A. L.; Dr. Brosius, banker; H. Henn, clerk; O. B. Hartley, escort; W. Stranahan, sentinel; H. W. Watt, guard; Drs. J. F. Watt and F. C. Brosius, physicians.

The Klickitat Agriculturist of February 22d says: "The last assay from the mines north of town has made a sensation among our citizens. From four ounces of rock a button the size of a No. 8 shot was taken, and after being weighed and figured up it was found that the ore was worth \$72 per ton. Claims are being staked off in every direction."

The "Cascade Gushings," the literary society at the Barrett school house, brings out a full house every Saturday night. A paper, full of jokes on every one in the neighborhood, is read at each meeting, which "brings down the house." A mock trial will be held Saturday evening.

Tillett's nursery, during the week, made a large shipment of fruit trees to the Willamette valley. This is as it should be. With Hood River's reputation for good fruit, there is no reason why our nurserymen shouldn't be shipping fruit trees to all parts of the Northwest.

Frank Jones of Hood River will start for the Alaska gold fields in a few days. He will go to Portland Sunday, where he will join a party of thirty or more for the Upper Yukon. A number of other Hood River young men expect to start later in the season for the Alaska mines.

A good many of the young men of Hood River intend starting for the mines in the Cascade mountains north-west of this place, as soon as the melting of the snow will permit.

**The Ball.** The first grand ball by the Hood River Tent No. 19, Knights of Maccabees, was given at Armory hall, Friday, Feb. 21, 1896. This event had been for months a source of great social speculation, not only by the amusement seekers of Hood River, but a deep interest was manifested at the Cascade Locks and The Dalles by Terpsichorean worshippers. The music was furnished by Bergfeld's orchestra of The Dalles and the spacious hall was neatly and tastefully draped and decorated. Among the hundred or more couples who were present about thirty were from The Dalles and ten or fifteen from the Cascade Locks. Among those present from The Dalles were Judge and Mrs. Blakely, Attorney W. H. Wilson, Sheriff T. J. Driver and wife, A. M. Kelsay and Paderwiski. The floor of the hall was in excellent condition and the grand march began at 8:30 o'clock led by Dr. and Mrs. Watt, followed by Judge and Mrs. Blakely. As usual the dancers were formed from the grand march and the dancing was continuous until supper was announced. About 1:30 o'clock the whistle of the Regulator warned those from The Dalles that they must begin their homeward march, yet one and all were loth to depart from the scene of pleasure. It has been agreed upon that the Maccabees of Hood River Tent deserve the fame they are so rapidly acquiring in the social realm. The committees acquitted themselves gracefully and were as follows: Committee of reception, H. F. Davidson, G. E. Williams, C. A. Bell, J. H. Ferguson, J. F. Watt; floor committee, J. E. Rand, C. E. Markham, E. V. Husbands, M. F. Loy, A. B. Jones. So great a success has the first attempt of the Maccabees been, that we hope they will feel encouraged to entertain soon again.

**Events of the Coming Year.** The coming year will be a period memorable in the history of the world, if but a part of the plans of the United States government and European nations is carried out. In the United States there will be the liveliest presidential campaign ever held, and the fifty-fourth congress, now in session, will furnish exceedingly interesting debates on the tariff and financial questions until June. There will be several exciting state elections and many great political speeches. Everyone will watch with interest the progress of the Venezuelan commission's inquiry, the results of the wars in Cuba, in South Africa, in Turkey, and the outcome of other complications now arising in the Old World.

It is a remarkable coincidence that at the beginning of a year of such rich promise of stirring news the greatest metropolitan newspaper in the United States—the St. Louis Republic—should reduce its price to 86 a year, or to less than two cents a day. This low price now places the Republic within the reach of every one. Those who wish to keep posted on politics, trade, national and international affairs during 1896 should at once subscribe for it on these easy terms, in addition to taking their own local paper.

Newspaper readers who may think they cannot afford to take a metropolitan daily paper should at least subscribe for the Twice-a-Week Republic—104 papers a year—for only \$1 a year. It contains the best of everything that appears in the daily.
