The Entertainment.

The theatrical entertainment given at the armory hall Tuesday evening by the Home Social Dramatic club, was a grand success. The local talent displayed was equal to any professional, and the excellent manner in which the plays were rendered showed careful preparation on the part of the actors. Miss Ida Foss deserves special mention Miss full ross deserves special mettorn in the part taken by her in the play, "The Young Atazon." S. J. La France, always good, was at his best on this occasion. His song was greeted by a hearty encore and in responding, he can a short saleding of his own he gave a short selection of his own composition, containing some good local hits. The play entitled, "The Bicyclers," was very good and all the parts well rendered. The entertain-ment closed with a tableau entitled, "The New Woman and the New Man." Considering the size of the ball a large Considering the size of the hall, a large crowd was present. The receipts of the evening amounted to \$16.95, and after all expenses are paid a balance of about \$4 will go to the library fund.

How to Keep Posted. To be kept thoroughly well posted on the

news of such an eventful year as 1896 prom-ises to be, a person should read the columns of a live, wide-awake metropolitan paper be-sides the county or local newspaper. Now is the proper time to begin a yearly subscrip-tion, which will cover the presidential cam-paign, the great speeches, the November elec-tion and the outcome of all the wars and troubles abroad. If intending subscribers will heed a word of advice they will send \$1 to the twice-a-Week Republic. They will receive in return twice every week for a year a copy of the spliciest, newsiest and most entertaining newspaper in the country. The Twice-a-Week Republic will make a specialty of giving all the policiest news and speeches on both sides and at the same time keep up the very enter-taining departments it has always contained. A big inducement is offered to those who become so interested that only a daily metro-politan paper will meet their wants. The Daily and Sunday Republic has been reduced to only 6 a year of \$3 for six months. news of such an eventful year as 1896 prom

To Strawberry Growers.

PORTLAND, March 5, 1896 .- Messrs. Williams & Brosius, Hood River, Or .-Gentlemen: During the winter Hon. T. R. Coon of your place talked with our Mr. Sargent in regard to fertilizers for strawberries and gave him quite a list of the growers who he thought would use some this coming season. Now, we have guano, which is especially strong in nitrogen and phos-phoric acid, which would be just what would be needed in the sandy soil of your district. We would like to have you see what you can do for us with it there. We can make it to you at a very reasonable rate, in say five ton lots, and are sure it will give satisfac-tion to the growers. Mr. Frank Chan-dier of Hood River, who is now here, says that a large portion of the straw-berry land is greatly in need of such a fertilizer, and we can see no reason why you cannot sell a good deal of it. DAVID M. DUNNE & Co.

Would be pleased to see or hear from any one interested in strawberry fer-tilizers. Perhaps we can do you good. WILLIAES & BROSIUS. Druggists.
