A large supply of wall paper just received at S. E. Bartmess', with prices lower than ever before offered in Hood River.

Farmers on Phelps creek are engaged making hay. The wheat crop is not first class, but the clover and timothy are excellent. Sunday evening rain fell at Dufur and Kingsley in sufficient quantities to lay the dust and to be of benefit to growing crops. Wolfard & Ferguson are selling flour at \$3.35 per 48-lb. sack, a sack of C. oil oil, 20 cents a gallon. Other goods in proportion. Cash counts with them. The birds are very destructive on the cherry crop this year, in some orchards taking all the sweet and juicy cherries about as fast as they ripened.

An error in Rand & Son's ad last week caused them to say they were selling 50 pounds of stock salt at 50 cts. It should have read 100 pounds for 50 cts. Hood River will have no general celebration of the Fourth. Several picnics will be held, and there will be plenty of opportunity for the patriotic to keep the day sacred from labor.

For the Fourth of July, the O. R. & N. Co. will sell excursion tickets at one fare for the round trip to all points within 300 miles. Tickets sold on July 2d, 3d and 4th, good returning until July 6th. Big reduction on photographs! Up to July 15th I will take photos for \$1 to \$1.75 per doz. View work reduced accordingly. The Yakima apple belongs to the "Baldwin family," and therefore is a sure bearer. Tillet has a fine lot of young Yakimas growing in his nursery. He also has the Klicketit, a red apple that will keep till August. The O. R. & N. Co's timetable for Hood River is as follows: Westbound overland, 5:50 a. m.; eastbound overland, 9:45 p. m.; local passenger eastbound, 11:12 a. m.; local passenger westbound, 8:23 p. m.

Jack Lucky has three little pigs he is raising on the bottle. The mother sow refused to care for them, and after she had killed all but three of the litter, Jack concluded to try to raise the three on the bottle. The pigs are doing well. Write to Davenport Bros. Lumber Co. for delivered prices on all kinds of lumber, rough or dressed. They have a large and good assortment of finishing lumber on hand, wet and dry. Call and get our cash prices before purchasing elsewhere.

Mrs. J. H. Cradlebaugh and partners in the Mazama mining company, who started last week for their mines on McCoy creek, returned to Hood River Monday evening. They got as far as Steamboat mountain, where they found the snow too deep for travel. There will be no encampment of the Third regiment at Hood River this year. The governor has decided to convert the funds that were intended to defray the expenses of an encampment here toward paying the expense of the picnic of the First regiment at Astoria.

Mrs. Rhodie Noah of this place was taken in the night with cramping pains, and the next day diarrhoea set in. She took half a bottle of blackberry cordial but got no relief. She then sent to me to see if I had anything that would help her. I sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and the first dose relieved her. Another of our neighbors had been sick for about a week and tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful remedy.—Mrs. Mary Sibley, Sidney, Mich. For sale by Williams & Brosius, druggists.

A correspondent from the East Side sends the following story of a remarkable cow: "There is a cow on the east side of Hood River valley that supplies her owner's family (a family of six grown persons) with plenty of milk and butter and a surplus for sale that supplies the cow with grain, a span of horses with hay and grain, two hogs with grain, two dozen chickens with grain; also, the surplus supplies three women with shoes. And this cow's grazing is pine grubs and fern." Now, if any one is curious to know the value of the products of the cow, if handy at figures they can figure it out all but the cost of supplying three women with shoes.

Mr. M. A. Cook went to Salem on Thursday of last week, where he met his wife and took her to Portland for treatment at the sanitarium for nervous diseases. Mrs. Cook's health was found to be so delicate that the examination had to be postponed, and she was left for treatment. The doctors say she is in a very precarious condition and that it will take skill and gentle nursing to bring her back to health. Mr. Cook returned to Hood River Sunday.

Mr. W. H. Perry discovered a spring just above the road on the south of his place that will furnish water sufficient to irrigate a couple of acres. He put in an inch and a quarter pipe to bring the water across the road, but found it was not big enough, and he has since built a flume. He dug for the water on the side hill and found the spring just as others have been found and dug out of side hills in this locality.

The Mountain Stage Co. got home 15 head of their horses from Sherman county during the week. Wednesday the company received a carload of barley and a carload of hay, and are now prepared to haul mountain climbers to Cloud Cap Inn or any other part of the country.

Mr. H. Henn, our station agent, sent a crate of Mr. T. A. Templeton's strawberries to Buffalo, New York, and they arrived there in fine shape. This shows that Hood River strawberries will sometimes stand shipment to New York better than to East Portland.

The board of directors of the Portland schools have reduced teachers' salaries 10 per cent. Prof. Rigler has been appointed city superintendent in place of Prof. Pratt, who is given the principalship of Failing school.

The Dalles band will give an excursion to Hood River tomorrow. They will give a concert before and after dinner, and a ball game will be played between The Dalles and Hood River.

Mrs. Margaret Saxman talked entertainingly on Alaska at the Congregational church last Sunday evening, concluding by singing a hymn in the Klicketit dialect. The island is rich in historical interest and picturesque beauty, and Mr. Jenkins, during his stay of three and a half years on the island, made a special study of the island and its people and will give a graphic description of both. Tickets for the course will be sold for twenty-five cents or ten cents a piece. The proceeds will be used in paying for the organ purchased for the Sunday School. Inspiring music, eloquent and entertaining lectures, a worthy purpose and a full house is the motto of these energetic young people. Don't forget the dates, July 8th, 9th and 10th, and encourage them by your presence.

Outragoes. A gentleman engaged in strawberry growing in Hood River picked and packed a nice crate of strawberries and shipped them to a friend living in a suburb of Portland. There being an express office at the point of destination, he was informed by the agent here that the berries would be forwarded from the office in Portland. The berries were the best in the patch and were packed and packed with great care. Every box in the crate contained 32 of the choicest of Hood River strawberries. The unusual size of the berries necessitated nailing strips on the top of the crate to allow the lid to be nailed on. The addition to the top of the crate made an opening that permitted a view of the berries by any one curious enough to lift the paper cover. Two days after the berries should have arrived at their destination a postal card was received by the person to whom the berries had been shipped stating that the crate of berries was in the Portland office and would not be delivered. Immediately on receipt of the postal card the party called at the express office for the berries when he was coolly informed that the berries had been sold to save them from spoiling! The sender of the berries will lay the matter before the superintendent of the express company, and we hope he may not let up till the person who swiped the berries is dismissed from his position.

Notice. Fire crackers will not be allowed to be fired within the fire limits of Hood River. The west boundary of the fire limits is the street west of the U. B. church to the O. I will be in town to see that the law is enforced. E. S. OLINGER, City Marshal.
