Write to Davenport Bros' Lumber Co for delivered prices on all kinds of lumber, rough or dressed. They have a large and good assortment of finishing lumber on hand, good and dry. Call and get our cash prices before purchasing elsewhere.

Prof. P. A. Snyder returned Sunday from his trip to Alaska. He says there will be thousands of prospectors arrive at Juneau next fall without a cent to pay their passage home. The rich diggings of Alaska are yet to be found, and only three or four mines in the country are making anything.

David Frazer, a young man representing the Aberdeen, Oregon, passed through this place, Tuesday morning, for Boston on foot. He is distributing printed information in regard to the Gray's Harbor country. He left Aberdeen July 4th and is due to arrive at Boston in 178 days. He had averaged 33 miles a day when he reached Hood River.

Early Sunday morning while West Bros' team was standing at the depot, a gust of wind picked up a loose newspaper, which, flying about, frightened the team. The horses started without a driver and ran up to Oak street, turned down Fourth to the barn near Nickelsen's blacksmith shop and worked around among the old wagons, oak trees, wood piles and other obstructions in rear of the box factory, then came back to River street and passed along by the Mt. Hood hotel and down across the railroad track and around the fruit union's warehouse and up the new grade, when they were stopped by some one in front of Olinger & Bone's stables. The horses were pretty well run down but nothing was broken.

Mrs. Rhodie Noah of this place was taken in the night with cramping pains, and the next day diarrhoea set in. She took half a bottle of blackberry cordial but got no relief. She then sent to me to see if I had anything that would help her. I sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and the first dose relieved her. Another of our neighbors had been sick for about a week and tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful remedy.—Mrs. Mary Sibley, Sidney, Mich. For sale by Williams & Brosius, druggists.

Last summer one of our grand children was sick with a severe bowel trouble. Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowel complaints.—Mrs. E. G. Gregory, Fredericktown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected. For sale by Williams & Brosius, druggists.

H. P. Moore of Nansene writes to the Dufur Dispatch, and says: "We received a crate of populist strawberries from Mr. and Mrs. C. L. Morse of Hood River, a few days since, which were very fine and which were grown on the Montecito fruit ranch, owned by Mr. Morse." Mr. Morse is one of the strawberry kings of Hood River. Strange as it may appear to outsiders, he has been a populist of the rankest kind; but since the nominations were made at Chicago he has gone back to his first love and will support Bryan and Sewell. Mr. Morse, being a strawberry grower in Hood River, of course has a sack, and could the delegates to Chicago have known it, he would have made a better running mate for Bryan than the protectionist democrat from Maine.

Mr. Jos. Frazier, jr., while packing strawberries at his father's place, on June 23d, wrote in the bottom of a strawberry box asking the purchaser and consumer to inform him of the condition of the berries when received. He hardly expected an answer and the circumstance was forgotten till last Saturday, when he received the following, written on a postal card: "Winnipeg, July 6.—Mr. J. Frazier: The strawberries marked June 23d were enjoyed by us July 1st, in most excellent condition. I have never seen finer berries. They were large, hard, sweet and luscious, with no sign of decay, and all that could be desired in way of small fruit." G. A. F."

A basket social will be given at the Frankton school house this (Friday) evening, which will include a literary programme, with music. Ladies are expected to put up lunches in baskets (paper boxes will answer where baskets are not handy), with their name in the basket. Each basket of lunch will be sold to the highest bidder among the young men, but no bid under 25 cents will be received. The purchaser of a basket will be entitled to eat supper with the lady whose name is found in the basket. Lemonade will also be served. The proceeds will go to paying the indebtedness on the organ.

F. E. Bailey had one acre in strawberries and gathered and shipped 160 crates. He contracted his berries at \$2 per crate for the crop. The cost of picking, packing and boxing was 52 cents, which left him \$1.48 per crate, or \$236.80 for his crop. His berries are late, the first shipment having been made this year June 10th. Mr. Bailey is, comparatively, a new comer, but he thinks fruit growing in Hood River will pay. He will set out at least one acre of new plants between the rows of his young apple trees each year till his orchard comes into bearing.

Bert Langlie, Sterling Dark and Elton Hayden came in from the McCoy creek mines, arriving here Tuesday evening after a trip of four days. H. Ledehoff started with them but concluded to stop at the Meadows, where the Mazama company have their supplies cached, and wait for the next party going in. The water in McCoy creek is still too high for mining operations.

Edward Gozzard, who died September 13, 1895, willed to C. H. Stranahan of Hood River half a section of land near Bigelow, in Sherman county. The estate was closed in probate last week, and Mr. Stranahan comes into possession of the land. It was willed to him in consideration of his kindness in taking care of the old man in his old age.

Mrs. Sackman, sister of J. F. Armor, who is a teacher in the Presbyterian mission school in Alaska, has been spending her vacation with her brother's family here. She started Monday on her return to Sitka, and Mr. Armor accompanied her as far as Portland, where they will visit Hon. Jos. Gaston and family.

Mr. C. H. Stranahan completed getting in his hay last week, and says he never harvested a better crop. His strawberry crop brought him in \$200 an acre this year. Mr. Stranahan is one of the farmers who thinks it pays to farm in Hood River valley.

M. O. Wheeler and two sons have bought four acres of the five acres recently sold by Geo. T. Prather, on the state road 1 1/2 miles west of town. They are camped on the place and will build a residence in the fall.

Our old friend J. A. Newell of Portland had a recount of the ballots for justice of the peace in East Portland, but not enough errors were found to give him the office, and his opponent is elected by 8 votes.

Rev. Barnhart has been very ill for some time with asthma and other troubles. He has improved somewhat but is unable to get out of bed.—Fossil Journal.

Rev. J. W. Jenkins' lectures on Jamaica, the people and their religion, at the Valley Christian church last week were well attended. Rev. Jenkins spoke for over an hour each evening and kept the audience deeply interested throughout the lectures. Mr. Jenkins gave a great deal of information about the island, describing its principal cities, mountains and rivers, and how the tropical fruits, coffee, bananas and cocoa nuts, were grown and prepared for market. He also told a number of incidents that happened to him during his stay of three years on the island and the many trials and dangers the missionaries to an uncivilized country have to undergo.

A lively runaway occurred yesterday in town. Oscar Cameron had his team hitched at Davidson's livery stable, when a freight train came along at which the team took fright and tore loose and run up the street to Oak street, where the wagon struck the large oak tree in front of S. J. LaFrance's residence. The double tree was broken and the horses got away and started for home, leaving the wagon with a broken tongue but not otherwise seriously damaged.

Next Monday or Tuesday a party will start from Dr. Eliot's place for Mt. Hood on foot. The party will consist of the four Misses Eliot, Miss Watson and Miss VanWyke, and Messrs Zabriskie, Sam Eliot, Randall, Beebe and Strain. They will take their time and camp and fish by the way. Mr. Olinger will haul their provisions on the stage.

The hot weather of the past few days was general all over the Pacific coast. At Walla Walla Wednesday the mercury reached 106 in the shade; at Portland, 92; Roseburg, 98; Spokane, 100. At Hood River we had a good breeze from the west all day, but the thermometer stood at 95 in the shade throughout the afternoon.

The meetings of the Travers club have been growing in interest and number of late. The May meeting at Capt. Coe's was well attended and very interesting. The June meeting at E. L. Smith's was marked by the presentation of the play "Midsummer Night's Dream," which was so much enjoyed they then and there decided to have a realization of the "dream" and voted to hold the next meeting next Monday, July 20th, in a cedar grove east of Mr. H. C. Bateham's house. There will be selections from some of the "out door poets," literary conundrums, games, etc., and a picnic supper and camp fire in the evening, while rambling botanizing and astronomicalizing will occupy the minds of those so inclined. Dr. Watt, chairman of the transportation committee, informs us that free conveyance will be in waiting at George P. Crowell's store, at 2 p. m., to take out all members and invited guests who are not otherwise provided for. If the weather should be unfavorable, the meeting will be postponed till July 27th.
