Now is the time to lay in your supply of firewood while it is dry. H. C. Bateham has some 40 cords of 18-inch wood, which he offers to sell at cost.

The Yakima apple belongs to the "Baldwin family," and therefore is a sure bearer. Tillet has a fine lot of young Yakimas growing in his nursery. He also has the Klickitat, a red apple that will keep till August.

The O. R. N. Co.'s timetable for Hood River is as follows: Westbound overland, 5:50 A. M.; eastbound overland, 9:45 P. M.; local passenger eastbound, 11:12 A. M.; local passenger westbound, 3:23 P. M.

Write to Davenport Bros. Lumber Co. for delivered prices on all kinds of lumber, rough or dressed. They have a large and good assortment of finishing lumber on hand, good and dry. Call and get our cash prices before purchasing elsewhere.

Quarterly conference of the M. E. church was held at the residence of Mr. H. Pugh, in Hood River, last Monday. There was no room to hold the meeting in the church, as the painters were at work varnishing the inside woodwork. Ministers present were: Presiding Elder Moter, F. L. Johns, J. W. Rigby and Chris Nickelsen.

We have just received from the music publishing house of the S. Brainard's Sons Co., 151 Wabash ave., Chicago, copies of the "True Blue Republican" and the "Red Hot Democratic" campaign song books for 1896. They are not cheap word editions, but contain solos, duets, mixed and male quartets, and are especially arranged for campaign clubs. Price 10 cents each, or \$1 per dozen.

Six weeks ago I suffered with a very severe cold; was almost unable to speak. My friends all advised me to consult a physician. Noticing Chamberlain's Cough Remedy advertised in the Saint Paul Volks Zeitung, I procured a bottle and after taking it a short time was entirely well. I now most heartily recommend this remedy to any one suffering with a cold.—Wm. Keil, 678 Selby ave., St. Paul, Minn. For sale by Williams & Brosius, druggists.

There was a break in the Hood River Water Supply Co.'s ditch last Saturday, which left the patrons of the company without water over Sunday. Dave Gibbons and another man were sent up on Sunday to make repairs. This company is selling 305 inches of water this season, and we are informed there is at least 100 inches going to waste by running down Dead Point. If the big Hood River ditch does not soon give promise of being built, this company may conclude to extend their ditch to Green Point, which would give them double the supply of water now in their ditch.

My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the Remedy half its worth. I am sorry every one in the world does not know how good it is, as I do.—Mrs. Lina S. Hinte, Grahamsville, Marion county, Florida. For sale by Williams & Brosius, druggists.

James E. Hanna and O. B. Hartley returned last week from Alaska, where they have been for three months in the employ of the Juall mining company, 40 miles north of Juneau, in Burner's bay district. Two other companies are operating mills in the district, and all making money. The Comet mine recently struck a pocket from which \$55,000 in gold was taken. They found there was plenty of work at these quartz mines for all who applied for work, at \$2 a day and board. They visited the mines at Sitka, where they learned there was a scarcity of labor. The Treadwell mine, near Juneau, which they also visited, made a clean up for the month of June of \$55,000. They think Alaska is a good country for a laboring man, because he can there find steady employment at good wages.

Judge Welds and Wm. Buskirk were prospecting on Indian creek, Wednesday, for gold. They found some nice colors in the creek just above A. B. Jones' place. The judge thinks the little valley of Indian creek might pay good wages all the way across it if the gravel on bed rock was washed. This little valley is now a garden spot for strawberries, and it would have to pay big money in mining to make it more profitable than it is now to strawberry growers.

Mr. George Booth came to town Tuesday and hitched his horse to the oak tree by the Langille house. His big dog he tied to the fence near the horse. The dog's rope was too long, and in passing between the horse's legs he got it wrapped several times around one of the hind legs of the horse. The gentle animal stood like a stone while Mr. Dallas removed the rope. Some horses, like some men, would have kicked, and there might have been a broken cart or a dead dog or a dead man.

Austin Wilson met with another serious accident at Mullen, Idaho, August 7th, this time breaking his left leg between the knee and ankle. He was at work on the ore train on the way down from the mine to the mill, the engine became unmanageable and jumped the track, rolling 2,500 feet down the mountain side, and to save themselves they had to jump. It is thought one man was fatally injured. Austin's injuries are the least serious of any who were on the train.

Harry Watkins, candidate for presidential elector on the populist ticket, who was advertised to speak in Hood River last Wednesday evening, was found on the streets of Pendleton in a dazed condition, August 7th, and has since been too ill to meet his appointments. In his speech at Pendleton he said Bryan would be the next president and would save the country as Lincoln did by issuing more paper money.

Judge Davenport was in town Wednesday. The judge is an old settler—came here when Mt. Hood was a hole in the ground. He has prospected a good deal for gold, but says about a good prospect he ever found was at Haynes' Spur, three miles below town. He has promised some of our citizens to come down some day and point out his gold discovery of 25 years ago.

Mr. and Mrs. E. S. Joslyn, the original locators of the Joslyn ranch across the Columbia, are visiting the families of Captain Coe, Dr. Barrett and other old settlers. They now reside at Colorado Springs, Colorado. Mr. Joslyn served two terms in the legislature from Klickitat county. Mrs. Joslyn is a sister to Mr. J. R. Warner.

The hot weather of this season, of which we had more than usual, did not make the apples on the trees as in former years. It frequently happens that the hot sun will cook a spot on the side of the apples exposed to its rays, but this summer, so far, the fruit has escaped this blemish, which unfits it for market.

The huge form of Mr. Frank Hammond of Portland darkened our sanctuary door on Wednesday, he having come up on the boat to visit among old friends for a week or two. He informed us that he has 150 stands of bees in Portland, and while here he will look out a good location and send the bees here next spring.

C. H. Stranahan on Wednesday received a letter from his son in Sherman county. They report that the wheat crop on their father's ranch is turning out better than expected, so far as threshed. The grain stood thick on the ground, which afforded protection from the blighting east wind.

Mr. G. J. Gessling's strawberry crop netted him, above all expenses, \$208.79. His patch covered just 96 square rods. This is close to \$400 an acre. And yet there is land for sale close by Mr. Gessling's, of the same kind of soil, for less than \$100 an acre.

Mr. E. E. Martin and daughters with their children, from Portland, are stopping in one of the Harrison cottages. Mr. Martin is a veteran of the late war and served in the Fifty-seventh Illinois throughout the war.

Mr. and Mrs. S. R. Reeves have leased the Mt. Hood hotel at Hood River, and that will be their future address. Their many friends in La Grande wish them success in their new home.—La Grande Chronicle.

Amos Underwood on Monday received a letter from Sterling Park, who recently returned to the McCoy creek mines. He says all hands are doing well. Dark expects to remain at the mines next winter.

E. S. Olinger has resigned as city marshal and R. O. Evans was appointed by the council in his stead. Mr. Evans says he will enforce the stock ordinance to the letter.

The directors of Frankton school met last Saturday. It was decided to commence the fall and winter term on September 7th. J. T. Neff will teach the upper room.

Dr. A. W. Wilgus, resident physician at the Yakima agency, was in Hood River, last week, on a visit to his old Indian neighbors, O. C. and S. E. Bartness.

H. W. Scott, editor of the Oregonian, and family, came up on the local train yesterday and went out to Cloud Cap Inn.

Prof. Ackerman left Wednesday for his home in Portland. Next week he will attend the institute at Condon.

Clarence English came up from Portland on the boat Tuesday and will stop in Hood River two or three weeks.

Farmer C. J. Hayes brought to town, Wednesday, several stacks of German millet that are fine specimens.

Just received at the Bakery, a nice lot of Hires root beer; 5c a glass, 15c a bottle, \$1.50 per dozen.

Mr. J. R. Galligan left some samples of German millet at this office with heads 16 inches long.

Rev. Chris Nickelsen will preach at the Congregational church next Sunday at 11 o'clock.

Mr. John Watson came up Sunday from Portland and is stopping at the Watson ranch.

The Crapper school is expected to commence August 31st, for the fall term.

M. V. Rand's nice peaches lately in the market he calls the Alexander.

An Indian squaw, wife of Cultus Dave, died Wednesday.

Prospectors' picks and gold pans at Dallas.

The school board of this district held a meeting Wednesday. It was decided to drop one room, the first grade, and get along with three teachers. Prof. J. M. C. Miller was selected for principal; Miss Grace Graham for the second grade and Miss Eliza Stevens for the primary department. School will begin Sept. 14th.

Summer boarders have been more plentiful in Hood River this season than usual. Mrs. Potter now has 19 and has turned away a good many for the reason that she could not accommodate them. The same is true of Mrs. Parker's boarding house, and others.

In addition, it prints all the news of the doings of both parties and all the speeches of statesmen. The Republic is only \$1 a year, \$1.50 for 3 months, or 5 cents a month by mail. Semi-Weekly Republic \$1 a year.
