Ed Williams and Miss Hazel Hartsough returned Monday from a trip to Lost Lake. School will commence in the Barrett district September 7th. Wm. Ellery will teach a nine-months term. Mrs. W. M. Shirley, matron of the children's home in Portland, was in Hood River during the week. John A. Wilson was laid up last week with a severe attack of rheumatism and had to call the doctor. Mrs. Williams, mother of Mrs. Dr. Brosius, and Miss Hazel Hartsough, started Tuesday night on their return to Kenesaw, Nebraska. We have received the first number of the Temperance Thunderbolt, published at The Dalles; G. E. Stewart, editor. Its mission is to make war on the saloons of that wicked city. The citizens of Wickliffe neighborhood contemplate building a hall on the school grounds for the use of the Sunday school, debating society and literary. This is a worthy move, and we hope it may succeed. The O. R. N. Co.'s timetable for Hood River is as follows: Westbound overland, 5:50 a. m.; eastbound overland, 9:45 p. m.; local passenger eastbound, 11:12 a. m.; local passenger westbound, 8:23 p. m. Write to Davenport Bros.' Lumber Co. for delivered prices on all kinds of lumber, rough or dressed. They have a large and good assortment of finishing lumber on hand, good and dry. Call and get our cash prices before purchasing elsewhere. If Hood River is going to have a fair this season, it is time for us to move in the matter. The Portland exposition will open September 19th, and to have our fruit exhibit placed in the exposition, our fair should be held about the 15th and 16th. Bishop J. S. Mills of the U. B. church and daughter Alice returned from Hood River Monday night going east. The bishop is on his way to Africa, to oversee some missionary work, and will be gone a year. His daughter will visit in the east. Hinrichs, Lage & McCrory's threshing finished their work on the East Side and came to this side Monday to thresh the crops of C. H. Straubman, Henry Frigge and Charles Chandler. Crops on the East Side were good. Harbison Bros.' 23 acres of wheat went 28 bushels to the acre. Dorrance Smith came up from Astoria last Saturday and is enjoying Hood River climate for a short spell. He has been nursing a felon on his hand, which laid him off duty, and now that it is getting well, he is afraid it will heal up too soon and he will have no further excuse to keep away from work. Rev. F. C. Krause preached his farewell sermon last Sunday evening in the U. B. church, where he has labored for the past 18 months. He left with his family on Thursday for Oakland, Cal., where he will enter upon a course of study in the theological seminary. Their many friends in Hood River will always be glad to learn of their well doing. Six weeks ago I suffered with a very severe cold; was almost unable to speak. My friends all advised me to consult a physician. Noticing Chamberlain's Cough Remedy advertised in the Saint Paul Volks Zeitung, I procured a bottle, and after taking it a short time was entirely well. I now most heartily recommend this remedy to any one suffering with a cold.—Wm. Keil, 678 Selby ave., St. Paul, Minn. For sale by Williams & Brosius, druggists. My little boy, when two years of age, was taken very ill, with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the Remedy half its worth. I am sorry every one in the world does not know how good it is, as I do.—Mrs. Lina S. Hinton, Grahamsville, Marion county, Florida. For sale by Williams & Brosius, druggists.

D. F. Pierce came down on last Saturday's morning train from LaGrande, on his way to California, and stopped in Hood River during the day. He goes to California to look out a suitable place to take his wife, who, the doctors tell him, will not be able to stand the climate of LaGrande. Mr. Pierce says business has been good with him since going to LaGrande.

Several tree agents have been in the valley this summer after orders for fall delivery, but our orchardists are becoming more and more convinced that Hood River fruit trees are the best for Hood River growers. In Mr. Hibbard's orchard the home-grown trees have, in almost every instance, made a better growth than those bought elsewhere.

The contract for building the ditch was let to Davenport Bros.' company and the contract signed last Wednesday. The contractors agreed to bring out the water by the first of June. The stock will all be owned by citizens of Hood River. All who wish to subscribe for stock and work it out should apply to Frank Davenport.

Mr. J. F. Stranahan of San Francisco, brother to W. C. Stranahan, is visiting relatives in Hood River. Mr. Stranahan is a populist and two years ago took the stump for his party in California. He is a firm believer in flat money and thinks if we get free silver the relief will be only temporary.

Mr. Amos Underwood says his orchard is bearing a good crop of apples this year. His Red Astrachans and Red Junes are full, and he finds sale for them in the orchard at 75 cents a box. Of his winter apples, the White Bellflowers, Baldwins, Spitzenburgs and Yellow Newtowns are the fullest.

The game of base ball—Sunday afternoon in the Hood River and Belmont nines resulted in a victory for the Belmonters. The score stood 27 to 27, but another inning was played and the Belmont boys scored 9 to Hood River's 3.

Mrs. S. E. Bartmess returned home last Saturday, after a visit of three months in the East. She visited friends and relatives in Lafayette and Dayton, Indiana, Cincinnati and Indian territory. Her little girl, Sally, accompanied her and both returned in good health.

The Oregon Lumber Co.'s old saw mill at Chenoweth burned Friday night of last week. It is not known how the fire started. The woods took fire from the burning mill, and all day Saturday a big black cloud of smoke hung over Underwood mountain.

Hon. T. R. Coon and family have removed to Mosier only temporarily. They will return in about three weeks and reside on their homestead in the Crapper settlement, where Mr. Coon expects to grow an orchard in that favored locality for apples.

Rev. Chris Nickelsen preached to a large congregation at the Congregational church last Sunday. Chris is Hood River boy. He preached an able sermon, his manner of delivery is perfect, and we predict for him great success in his chosen work.

Mrs. M. A. Cook returned home Monday, and Mr. Cook and family have moved into the house recently occupied by M. F. Shopper and family. Mrs. Cook is much improved in health, and will be pleased to again see her many friends.

A grapevine dispatch from The Dalles, August 18th, brought the following startling news: "Kidnapped—a Phelps creek bachelor taken. Last seen he was in custody of two ladies. Left a note saying he had gone to the country."

Mr. W. J. Campbell went to The Dalles Monday, and on Tuesday made final proof on his homestead. His witnesses were E. D. Calkins and T. E. Wickens, and all went overland with Mr. Campbell's team and wagon.

Wallace Husbands and family, Miss Rosella Root, George Evans and Mr. Kruse, all of Mosier, passed through Hood River Monday, where they were joined by Miss Emma Husbands, and all went out to Lost Lake.

Mrs. A. O. Hershey picked half a crate of strawberries last Monday and brought them to town and found ready sale for 10 cents a box. All who tasted of them pronounced them of finer flavor than the first crop.

The pews are being placed in the new Methodist church this week. They were manufactured by Stranahan & Coe, as were also all the moldings used in the construction of the church.

Not for Sale—Mr. A. O. Hershey desires to notify all persons interested that his place is not for sale at present. When he offers it for sale, it will be advertised in THE GLACIER.

Mrs. Wm. Tillett was taken quite sick on Friday of last week, and a doctor was called. She is improving, but Mr. Tillett has since been on the sick list.

There is a demand for strawberry plants. All who have plants for sale will find a cheap medium to advertise them in THE GLACIER.

Miss Carrie Ross came up from Portland Sunday and is stopping with Mrs. C. G. Hanson. Yesterday they went to Mt. Hood.

Saturday and Monday will be our grinding days during the fall and winter. HARBISON BROS. Dufur & Menefee, the well known attorneys of The Dalles, have moved their office into the new Vogt block.

Mrs. Fied Snow came up from Portland on Sunday's local and is visiting her mother-in-law, Mrs. E. Snow. Grant Evans and Clarence English went up to the west fork of Hood River last Monday, on a fishing trip. The Frankton Sunday school decided to purchase one dozen new song books for use in the Sunday school. The delinquent tax roll has been turned over to the sheriff with orders to force immediate collection. For Sale—Second hand bicycle in good repair, with new tires. Apply to M. A. Cook. Miss Middleton of Spokane visited her sister, Mrs. C. R. Bone, the first of the week. Mr. F. K. Arnold of Portland visited Hood River last Saturday and Sunday. P. F. Bradford of White Salmon shipped 92 crates of tomatoes Monday. A. W. King is going on crutches, caused by rheumatism in his knee. Mr. Wm. Foss is supplying the town with a handsome lot of crab apples. Mrs. N. J. Mercer has returned to Hood River to make it her home.

The outdoor meeting of the Travers club which was postponed from July on account of absence of so many members, will take place next Monday at H. C. Bateham's place. The lively men have made a race of 25 cents for the round trip, going out at 3 p. m. and returning at 9, or thereabouts. This rate includes transportation charges on hammocks, lunch baskets and books, so do not forget these essentials to a good time.

Considerable building is going on in the valley. E. N. Benson is building a handsome barn; Mr. H. Bailey is completing a dwelling house; N. C. Evans is building a residence; L. N. Blowers built a small cottage on his 40 acres; Wm Potter has lately completed a nice residence; J. R. Langille is putting the finishing touches on his new residence; John Kelley is building a residence.

Wednesday night some young men raided a watermelon patch one mile south west of town. The melons were not ripe, but were growing nicely and promised to be of extra large size. The owner of the patch says he has pretty good proof who did the raiding, and it might be well for the boys to make good the damages before anything further is done.

A. O. Hershey on Wednesday set 7,000 strawberry plants in 10 hours for W. J. Baker. The plants were trimmed, but Mr. Hershey dropped them himself. He uses a hoe. This is good work.

From the McCoy Creek Mines. Ed Hoke came in from the McCoy creek mines, arriving at Underwood's place Wednesday. He reports that the four Locke boys and Wm. McCoy came in with him. The latter, he thought, had come in for the season. Langille & Son are working their claims. They are making a big run and will not make a clean up for some time.

The Langilles, Hoke says, have a long string of sluices which are full of riffles, and are working their claim for all there is in it. It is expected they will make a good clean up. The Mazama company had made a small run and cleaned up some coarse gold, some pieces containing over a dollar's worth. The Mazamas have stopped work on their claims and the balance of the boys left at the mines are prospecting.

In addition, it prints all the news of the doings of both parties and all the speeches of statesmen. The Republic is only \$1.50 a year, or 60 cents a month by mail. Semi-Weekly Republic \$1 a year.

Onions are almost the best nerve known. No medicine is so useful in cases of nervous prostration, and there is nothing else that will so quickly relieve and tone up a worn out system. Onions are useful in all cases of coughs, colds and influenza; in consumption, insomnia, hydrophobia, scurvy, gravel, kidney and liver complaints. Eaten every other day they soon have a clearing and whitening effect upon the complexion.—Medical Times.
