September 17th a reunion of old timers was held at the home of J. R. Warner, White Salmon, the occasion being the 75th anniversary of the birth of their guest, E. S. Jocelyn. Among those present we notice the name of Mrs. P. G. Barrett of Hood River.

C. A. Markham brought to the camp fire last Saturday a hill of four stalks of sweet corn, which he says is a fair sample of the kind grown on the Markham ranch. The four stalks were about 12 feet high, with two ears on each. He had one-quarter of an acre of this corn and says he has been feeding his cow for the past three months on the fodder. The mammoth hill is now at the GLACIER office.
In a recent letter to the manufacturers Mr. W. F. Benjamin, editor of the Spectator, Rushford, New York, says: "It may be a pleasure to you to know the highest esteem in which Chamberlain's medicines are held by the people of your own state, where they must be best known. A number of mine, who resides at Dexter, Iowa, was about to visit me a few years since, and before leaving home wrote me, asking if they were sold here, stating if they were not, she would bring a quantity with her, as she did not like to be without them." The coupons referred to are Chamberlain's Cough Remedy, famous for its cure of colds and croup; Chamberlain's Pain Balm for rheumatism; lame back, pain in the side and chest, and Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. These medicines have been in constant use in Iowa for almost a quarter of a century. The people have learned that they are articles of great worth and merit and unequaled by any other. They are for sale here by Williams & Brosius, druggists.

M. V. Rand, Warren Wells, S. H. Cox and Dan Smith went to Little White Salmon last Saturday morning on a fishing excursion. J. R. Rankin took the party down in his gasoline ferry boat and returned for them in the evening and brought them up the river by moonlight. The fishing was good and the party enjoyed the trip very much. Mr. Rand says he is now very prepared to believe Col. Simnett's story about crossing the river on the backs of salmon in early days, and all other fish stories. The government authorities at the salmon hatchery will not allow any one to fish in the river below the hatchery, and looking down from the bluff one can see myriads of salmon of all sizes dispersing in the clear waters.
Rev. H. Moys, the new minister for Belmont, has arrived with his family and is occupying the Belmont parsonage. Mr. Moys stated to us that when he heard of his assignment to Hood River, he expressed to himself as very much pleased with the location at Belmont and the work in prospect for him. His father-in-law, Dr. N. E. Clark, a gentleman 80 years old, lives with him. Dr. Clark served through-out the war as surgeon. He was a delegate from the state of Maine to the first national republican convention, held in Philadelphia in 1856, and it was upon his motion that the party was given the name "republican."
John F. Dodson, while at work in the timber for the Oregon Lumber Co. at Chonoweth, last Friday, met with an accident that will lay him off from work for a couple of months. He was helping to load a big log, when a fir limb that had been loosened by the falling of a tree and left hanging about 120 feet in the air, fell and struck his hand, piercing it through and through, and lacerating the hand in a fearful manner. He had been watching the limb, and had just looked up when it struck his hand, else he would have been struck on the head and instantly killed. The limb was two or three inches in thickness and fell with the butt end down.
Mr. C. Welds made a valuable contribution on his place above town, on the East Side, during the week. His well that he had dug some time ago and walled up with rock, and in which he started to dig another 8 or 10 feet away, R. M. Hunt was engaged to do the work, and he had not dug more than two feet but he struck a strong current of water. There seems to be quite a large creek flowing underground. Mr. Welds thinks it is as much as Indian creek.
Rev. H. K. Hines preached in the new Methodist church last Sunday. He will fill the pulpit of this church for the coming year. Mr. Hines resides at the University Park and will not move his family to Hood River before next spring. He fills the chair of theology at the Portland University, and finds time to preach at the same time. Mr. Hines is glad to come to Hood River, and we feel assured his congregation here will appreciate his coming.
W. H. Bishop moved to the head of the ditch Wednesday and is occupying the Nesson house. Tuesday he finished building the mess house for Davenport Bros. Yesterday Mr. Bishop commenced building the four miles of flume and will continue on the same as long as the weather will permit outside work. The saw mill is now in full operation and is cutting 5,000 to 8,000 feet of lumber a day.
City Marshal Evans sold a bull at public auction last Monday, which was bid in by L. Neff for \$2.75. The bull was taken up by the marshal some time ago and placed in the city pound. After diligent inquiry, no one could be found to claim him. He is about three years old, brindle color, with right ear cropped and slit, and had on a bell tied with a rope.

A copy of the Lincoln (Kansas) Republican of September 17th, belonging to a subscriber at Hood River, is at the GLACIER office. The name on the address label got torn off in the mails.

O. B. Hartley, while coming down from the saw mill at the head of the ditch, last Monday, saw a young bear cross the road just above Mr. D. Divers' house.

Miss Florence Bassoni of The Dalles is the school teacher at Mosier.
Grandpa D. D. Rogers is very low and is confined to his bed.
Joseph Frazier is plastering his residence.
Henry Rogers will be in town Monday.

The camp fire last Saturday was well attended, the weather was perfect and a very enjoyable time was had by all present. Capt. Dukes and Judge Henry made a big camp kettle of excellent coffee, and the ladies spread the good things to eat under the spreading oaks east of the big spring on Captain Blowers' grounds. After dinner short addresses were made by Dr. Hines, Mr. Canning, C. J. Hayes and others.
The members of the Hood River Methodist Episcopal church met at their new church last Monday with their pastor, Dr. Hines, to form plans for the work of the new conference year. It was decided to hold the dedicatory services for the beautiful new church on the 11th of October, and it is hoped that the Bishop of Cranston can be secured for the occasion. The outlook for the year is encouraging for the society.
B. F. Tucker is delivering to subscribers the book entitled "The Parties and the Men; Political Issues of 1896." The work gives a history of all parties in our country from colonial times down to the present day, all the party platforms and sketches of the leading statesmen. The issues of the present campaign are fairly and impartially presented.

As His Mother Used to Do.
He criticized her paddings and he found fault with her cake;
He wished she'd make such biscuit as his mother used to make;
He didn't wash the dishes and she didn't make a stew,
Nor would he wash his stockings as his mother used to do.
His mother had six children, but by night her work was done;
His wife seemed drudging always, yet she only had the one;
His mother always was well dressed, his wife would be so, too,
If only she would manage as his mother used to do.
Ah, well! She was not perfect, though she tried to do her best,
Until at length she thought her time had come to have a rest;
So when one day he went the same old rigmarole through,
She turned and boxed his ears, just as his mother used to do.
