In buying fruit trees, good roots are the most important item to look after. Tillitt is careful in taking his trees from the nursery rows, and will not send out any but well-rooted trees.

The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic, Cholera and Diarrhoea Remedy is all that is claimed for it, as on two occasions it stopped excruciating pains and possibly saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later. For sale by Williams & Brosius, druggists.

The Dufur Dispatch denies the story in our item of two weeks ago about the grasshoppers in that part of Wasco county and intimates that our informant, Mr. R. Penier, prevaricated or was under the influence of "soft-bug juice" while in that neighborhood. Mr. Penier is not that kind of a man. This week he brought to this office a bunch of twigs cut from cherry and peach-plum trees in orchards on the divide between Eight-mile and Fifteen mile, and almost in sight of Dufur. These twigs show plainly the ravages of the hoppers. Mr. Penier says the orchards at a distance look as if the trees were dead, and he believes most of them will die. He also says the grasshoppers are quite numerous just beyond the Hood River hills on the road to The Dalles, where they operate on the ash and maple trees, and he fears they will visit Hood River valley next season.

W. N. West returned from a trip to Arlington Wednesday morning. He reports that Hon. Thos. Harlan of Missouri was billed to address a Bryan meeting at that place last Monday evening. Great preparations were made to receive him. A brass band was engaged and the Bryan club marched to the depot carrying torches, bonfires were lit, and salutes were fired, and everything was done to give the speaker a royal reception. The hour for his arrival passed and still no speaker. Inquiries were made by telephone to The Dalles and it was learned that he had left that place on a freight train due at Arlington about 7 o'clock. But he failed to come and the big crowd was disappointed. It was afterwards learned that when Mr. Harlan got as far as Ittus he learned that T. T. Geer was to make a speech there that evening and he stopped off to hear him speak.

The Travers literary club met at Mrs. Bartness' last Monday evening. After the literary exercises the gentlemen opened a millinery establishment and trimmed hats. Prof. Miller took first prize and A. P. Bateham took prize. Mr. Bartness was highly complimented by the ladies on the talent displayed in his work, and would have received first prize if the committee hadn't deemed it best to let the honors go away from home.

City Marshal Evans took up a three-year-old colt last week, and last Saturday it was sold at public auction to the highest bidder. Mr. Blocher bought the animal for \$2.00. The city marshal had posted notices of the sale, and had made inquiries to find the owner, but he was not found till after the sale. The animal proved to be the property of Mr. B. Warren, who recovered the horse by paying Mr. Blocher the amount he paid at the auction.

The first half mile of the big ditch will be completed before the first of November. The lumber is cut to finish the first half mile. A half mile of ditch will be completed each month while the weather is fit to keep the force of men at work. Twenty-eight men are now at work at the head of the ditch, and more are wanted. All who want to work out their ditch stock should apply to Frank Davenport or W. H. Bishop.

The building to be erected on the present site of the GLACIER office will be occupied by Henry York with a stock of drugs and medicines, and Hood River will have another drug store. Mr. York came down from The Dalles Tuesday and commenced excavating for the work of removal of the old building. James A. Langille will have charge of the construction of the new building.

The following persons went to The Dalles Tuesday to hear the speech of Senator Tillman: Claude Copple, Doug Payton, W. J. Campbell, Judge Keuf, Lee Morse, E. V. Husband, H. A. York, C. M. Wolfard and wife, Capt. Jackson, Will Jackson, G. C. Sears, Carl Johnson, Wm. Johnson, Marion Cooper, Levi Monroe.

The local train that passed up Tuesday had more celebrities aboard than are usually found on one train. There was Mayor Blowers, Lee Morse, M. P. Langberg, ex-Governor Moody, Tony Nolting, Congressman Schoonmaker and Senator Ben Tillman, all in one car.

Mr. J. W. Hendrichs of the East Side brought to this office last Saturday a Baldwin apple that measures 14 inches in circumference and weighs just eighteen ounces. He said this was about the average size of his Baldwin. For beauty of color and size this apple is hard to beat.

The new office for the GLACIER is a neat little building and will be quite an ornament to the street. T. C. Dallas and every one connected with it with its building deserves praise for the good workmanship and taste displayed in its construction.

Last Monday the governor belt at Davenport's planer flew off and the engine "ran away" and broke the balance wheel. In consequence, the planer is stopped till repairs can be made.

A letter was dropped into the Hood River post office during the week addressed "408 Fifth street" and just that and nothing more. Another was dropped in without any address.

L. N. Blowers and wife, M. P. Isenberg, W. C. Stranahan, E. S. Olinger, Will Langille went up to hear F. N. Schoonmaker speak at The Dalles Tuesday evening.

The Union Christian Endeavor society will hold their consecration services at the U. B. church next Sabbath evening, at 7:30.

The ladies of the Congregational church will give a dinner at the Champlin house on election day. Bill of fare next week.

Improvements at the Racket Store. Mr. Jackson has a carpenter at work putting in shelving for his fall stock of goods.

The Diamond Mills at The Dalles were paying 75 cents for blue stem wheat, Tuesday last, and 73 cents for club.

C. H. Cromwell and Dr. H. L. Power of Portland are in town to organize an assembly of United Artisans.

A church notice mailed at The Dalles October 18th, reached this office Monday morning, October 19th.

Of the 31 names drawn to serve at the next term of court, 19 are said to be from Hood River.

Mrs. Langille has been sick for the past few days, but is much better again.

M. A. Cook now offers that elegant organ at half price on easy installments.

Mr. Emile Melancho came down from The Dalles yesterday on the Regulator.

F. H. Button has taken up a stray horse, a bay, with two white feet.

Have you heard of Tucker's \$4.25 all-wool suits? Read his ad.

Circuit court commences in The Dalles Nov. 9th.

Mrs. C. R. Bone left last night for a visit to Grants.

Flour has gone up to \$4.50 a barrel in Hood River.

Mrs. Iddings is reported sick.

## Death of D. D. Rogers.

Daniel D. Rogers died at his home two miles west of Hood River, last Sunday morning, aged 81 years and 8 months. Deceased came to Hood River in the spring of 1878 and built the first grist mill in the valley, located on Phelps creek. He was born at Troupsburg, Steuben county, New York, February 4, 1815. His aged wife, now nearly 80, survives him. Two sons, E. C. and Charles Rogers, out of a family of ten children, are left with the widow to mourn his loss. Grandfather Rogers was a kind-hearted, industrious old man, liked by his neighbors and respected by all. For the past year or two his health has been quite feeble, but he kept up and was about ill a week or two before his death.

## Obituary.

Lucy Foss Haskin, wife of Mr. Frank Haskin, died at the Good Samaritan hospital in Portland, Oregon, October 15, 1896. She was the daughter of Mr. and Mrs. William Foss, born at Danville, Illinois, September 17, 1872. The family moved to Oregon in 1874, where they have since lived. When but a child she gave herself into the care and keeping of the Good Shepherd. In 1888 she was wedded to Mr. Haskin. Two little boys, with a devoted husband and large circle of friends, mourn her loss; not, however, as those without hope, but with the assurance that in God's good time the severed ties will be united and broken hearts made whole again.  
"She sleeps; yet far upon that crystal sea, Her heart is waking, waking, Lord, with Thee!"

## Married.

At Cloverdale, Oregon, October 14, 1896, at the home of the bride's parents, Dr. E. T. Carus and Miss Martha E. Gatchel.

Dr. Carus is Hood River's popular dentist, and the happy couple have taken up their permanent residence here. The GLACIER joins in congratulations.

When you get a good thing, keep it. Cider is a good thing, and when you lay in a supply for the winter, keep it from fermenting by using our Cider Preservative. It will keep it pure and sweet. It is perfectly harmless, and a package, just the size for one barrel, costs 25 cents at

## WILLIAMS & BROSIOUS.

Hood River Pharmacy.

The picture of McKinley looks like Lyman Smith.  
Win. Tillitt shipped a carload of wood yesterday from Viento. He is making up another carload and will pay cash for eight cords of fir or pine.

## A Woman's Idea of Politics.

Did you ever hear such din and noise In all your livelong days? It's politics from morn till night, And men are well nigh crazed. Our platform is divided now. In parties one, two, three Some are asking for "sound money," Some clamoring for silver free.

## If you ask a man his politics,

He'll slowly scratch his head; If a McKinley man he'll snifle, If a populist, talk loud instead; A democrat draws down his face And looks so very wide, While solemnly he answers you, "We never compromise."

## The populist cry: "Down with gold

And bring the tariff low." Their standard is 16 to 1, And say laborers have no show. The gold bugs say high tariff! Will bring us better times; And an international silver base Will still furnish dollars and dimes.

## Bryan speaks with eloquence

Of the great financial error, And thinks men fools who advocate Free silver will make times worse. The "Boy Orator" they call him, A mighty Lincoln he Then the hero of our country Who gave us our liberty.

## Women are supposed to have

Much wiser minds than men; But for protection she will stand— Talk it, too, nine out of ten; She can see with half an eye, They'll have to work much harder And make less money do.

## She may not understand the power

That makes the wheels go round, Nor be able to discuss at length, A subject so profound, But she knows McKinley is the man And for him she would vote; And strange foreign monopoly By grasping free trade's throat.

## If you are a populist,

Your head is full of wheels; If you are a democrat, You know how Bryan feels. For McKinley is ahead we know, And soon will win the day; He is not opposed to silver, But thinks gold is better pay.

## LADY (GOLD) BUG.

## The Time to Subscribe.

The old newspaper saying, "Now is the time to subscribe," was never more true than at present. The times are so full of incident, so many important national and state affairs are passing themselves for a change, that no one can afford to be without a metropolitan daily or weekly. The St. Louis Republic, the greatest newspaper, is making a special offer of its daily and Sunday paper for three months at \$1.20. It is \$6 a year by mail. The Weekly Republic is not two times a week—34 papers—for only one dollar a year. In addition to all the political news, it prints every day a spread of general news and features not equaled by any other paper.

## WEBSTER'S

## INTERNATIONAL

## DICTIONARY

Successor of the "Unabridged."

Standard of the U. S. Gov't Printing Office, the U. S. Supreme Court and of nearly all the Schoolbooks.

Warmly recommended by every State Superintendent of Schools, and other Educators almost without number.

A College President writes: "For one with which the eye finds the word sought, for accuracy of definition, for effective methods in indicating pronunciation, for terse yet comprehensive statements of facts, and for practical use as a working dictionary, Webster's International exceeds any other single volume."

## The One Great Standard Authority.

Rev. J. J. Brewer, Justice of the U. S. Supreme Court, writes: "The International Dictionary is the perfection of dictionaries. I commend it to all as the one great standard authority."

Save a saving of three cents per day for a year will provide more than enough money to purchase a copy of the International. Can you afford to be without it?
