Hood River Glacier.

FRIDAY, DECEMBER 4, 1896.

Notes and News. Congress meets next Monday.

The Turkish military forces number

7 A),000 men of all arms. Nineteen degrees below zero was the record of the thermometer at Golden-

dale, Nov. 27th. All men are not made of dust, says and there are lots of men that never do. the late freshets will amount to about

Charles E. Downing, one of the founders of the Portland Tomahawk, is now on the repertorial staff of the nounced their intention of supporting getting through the locks, decided to San Francisco Chroniele

The Heppner Gazette says it must have more patrons for its advertising space in order to live. It asks no charity but appeals to business men to wake up and do business once more.

Turkey-raising is a profitable industry in some sections of Kentucky. At Lancaster, one firm slaughtered 25,000 last year, and they expect to increase their sales by 5,000 this year. They give employment to 75 men and women for four or five months.

An Eastern editor offered a prize of \$50 for the best written proposal of Scott. Every one knows where he against the wind. Night had set in provide for their use by the public. Armarriage by a lady. He selected one stands on the money question or any and the darkness was intense. The estry division of the agricultural dewritten by a rich widow and answered with a letter of acceptance. When the lady refused to marry him he sued her would consent to serve the state in the for breach of promise.

ing is finished at the Cascade locks, for the place. when boats can pass through at any hour, the steamers Dalles City and Regulator must go through during the forecasting a long and severe winter. noon hour. When the locks are finished the time of leaving of these steamers will be made later than at present.

census of 1890, was 313,767. By the We must confess to having little faith state census of 1895 it was 362,763. The in weather prognostications made estimated population in 1896 is 400,000. The total vote cast at the late presidential election was 97,346. This number, multiplied by five, the usual way of estimating the population from the Yet the fact is indisputable that Hicks vote, would give the state a population of 486,730.

The Dufur Dispatch says fourth-class post offices are now under civil service them right. Still we are inclined to regulations and congratulates Dufur's P. M., Henry Pitman, on the prospect due more to his luck at guessing, like of his holding the office so long as he that of Father Pumpkin, mentioned properly attends to Uncle Sam's inter- by Saxe, than to any insight into the ests in that department. If the Dis future, or any pull on the weather patch is correct, P. M. Morse will hold clerk .- Dalles Chronicle. on to the Hood River office indefinitely; but we are inclined to think fourthclass postmasters have not yet been in- in January, at which time the four the passengers and make their situacluded in the sweep of civil service re-

McKinley carried 23 states; Bryan 22; McKinley has 272 electors; Bryan 175. The states that voted for McKinley contain double the population of the Bryan states, and three times the value of property. The majority of McKinley over Bryan on the popular vote is about 800,000. Only in one respect and that is in the area of the states ful candidate by millions of acres.

A correspondent of the Agriculturist from Trout Lake says: From the 11th to the 16th of November it rained almost night and day, and the White Salmon was higher than it had been for 20 years. Four bridges on Trout lake went out, belonging to Messrs. Wagnitz, Pearson and Peterson. A lot of fenging also went out. The dwelling house of Mr. Hayes had a close call. He had to vacate it for two days. The bridge at the falls went out, but the supervisor went to work and put in a new one, making it three feet higher. Nov. 25th the snow was three feet deep, and most of the Trout Lake people had not got in their winter sup-

Odd Fellows' Entertainment.

Fellows in the Mason's and Odd Fellows' hall, last Thursday evening, in the interest of an organization of a Rebecca Degree lodge, was a very enjoyable affair, and the 160 persons present will verify the statement. A propramme was well carried out in every particular. The singing by the Misses does Bryan get the better of McKinley, able affair, and the 160 persons present Ministers, S. E. Bartmess. which he carried. In the matter of pramme was well carried out in every Mrs. Travers; Selections from Keets. area he is clearly ahead of the success- particular. The singing by the Misses Ella and Lulu Buddemer of Portland was a rare treat and showed well trained voices. The plastique movement exercise by Miss Lulu displayed talent of a high order. Miss Nellie Clark's recitation was well received and creditably delivered. Our home quartette, composed of Mrs. Miller, Mrs. Canfield, Dr. Brosius and Delbert Rand, sang "Old Mother Hubbard" in a manner that showed thorough training in the preparation of the song. All merit the thanks of the lodge for the help given by them. Next in order was the discussion. This part of the programme was of rare interest and every one present took an active part in it and displayed a creditable craving after the with a comprehensive review of the written upon every feature, and along condition of American farmers. Fifty head of cattles, 50 hogs and a lot of dogs were on the lower deck. All through the night velope. The National, Star Building, Chicago. the east wind whistled and swept the decks, the dogs howled, the cattle bellowed, the pigs squealed, and there was no sleep for any one with nerves. At daybreak, Purser Butler and two deck hands managed to launch a small boat and rowed to Cascade Locks to obtain relief for the passengers and crew. Day Bros.' boat Maria arrived about noon and rescued the passengers, who by this time considered themselves in great danger, expecting the boat to break in two. The boat was lying on a small sandbar, and the sand washing away from under the bow and stern, caused the hog chains to part, and they came crashing down through the cabin. The cracking of timbers about this time was fearful, and tracking of the capital and the capital and the cracking of timbers about this time was fearful, and tracking of the capital and t it seemed as if the boat would go to pieces. The strong down stream wind and the air full of flying sand, with the mercury down to zero, made it impossible to take the passengers off in small boats. The officers of the boat

to zero and a few degrees below at to zero and a few degrees below at night. Monday snow fell all day and well into the night. Tuesday there were indications of a chinook, but the thermometer didn't get above 20. Tuesday night there was a heavy fall of JAS. F. MOORE, Register. untried. The participants were arrayed on opposite sides, of course, as sleet, and Wednesday morning the Secretary Morton has made public evenly as possible, and then began the snow having settled to about 15 inches in depth, was covered with a crust that made it bad for stock to get about. Wednesday was a fair day, with a chinook blowing overhead. Hood river was rising rapidly, showing that the chinook was getting in its work at the headwaters. Thursday was a mild day. Clouds overhead were coming from the southwest, but there was no suffering, he declares to be without any the most enthusiastic participants, fell wind here. Hood River has enjoyed excellent sleighing for the past two weeks.

Seventy-first Birthday.

The Youth's Companion will celebrate its seventy-first birthday in 1897. Among the many attractive announcements of the Companion for the coming year is an article of exceptional value by Mr. Andrew Carnegie, on "The Habit of Thrift." Successful men in other walks of life will second Mr. Carnegie's paper with readable, practical articles based on their own experience, and valuable to the old as well as to the young.

The non-partisan editorials and the current events and nature and science departments are of especial interest to stude ats and to all who wish to keep informed of the doings of the world. As a reference book a file of Compan-ions is well-nigh invaluable, for its reputation is founded on seventy years of

tested accuracy.

New subscribers sending \$1.75 to the Companion for 1897 will receive the Companion for the remainder of the year free, also the Companion's artistic

twelve-colored calendar, and the paper

Just What Miners Want.

All who are, or expect to be, interested in mines will be glad to know that Henry N. Copp, the Washington (D. C.) land lawyer, has revised Copp's Prospector's Manual. The mineralog-ical part of the work has been almost entirely rewritten by a Colorado min-ing engineer, who has had years of ex-perience as a prospector, assayer and superintendent of mines and United States surveyor. The book is a popular treatise on assaying and mineralogy, locate and survey a mining claim, various forms and much valuable infor-
