Discouraged and Downcast.

A Well Known Yolo County, Califor nia, Druggist, Pines for the Nirvana. He Finds a More Pleasant Remedy for His Ills Than Bud-

dha's Panacea. From the Mail, Woodland, Cal.

There is probably no man in Yolo county better known that William R. Pond, formerly of the drug firm of Pond & Lawson, of Woodland, Cal. For five years Mr. Pond was a terrible sufferer from nervous prostration, and at and during these attacks, pined for "sleep that knows no waking.

Physicians were powerless to aid him, and he was becoming rapidly worn out, when an old friend, a Mr. Hendrickson, of San Francisco, recommended him to try Dr. Williams' Pink Pills. In much the same way that a drowning man grasps at whatever comes his way, Mr. Pond clutched at the idea of Pink Pills, and they cured him, on his following the printed directions. Mr. Pend is chairman of the Republican county central committee, and is never tired of singing the praises of Dr. Williams'

Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia. partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of lagrippe, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price 50 cents a box, or six boxes for \$2.50 (they are never sold by the bulk or 100), by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

BRIEF PACIFIC COAST NEWS

A Resume of Events in the Northwest.

EVIDENCE OF STEADY GROWTH

News Gathered in All the Towns of Our Neighboring States-Improvement Noted in All Industries-Oregon. Wild pigeons are flying along Coos river, and the gunners are out.

Six carloads of wheat were shipped from Eugene to Portland last week.

There is much activity in Douglas county hopyards this year, and few, if any, yards will go uncultivated. In digging a well on the Warm

Springs reservation recently, George Krause found human bones and teeth at a depth of forty feet. Six or eight Greeks in Astoria sold out their nets and other fishing gear

last week, and, with the money, started back to aid the mother country in her struggle with Turkey. The semiannual statement of the financial condition of Grant county

March 31 last showed that the county's liabilities amounted to \$136,004, and the resources to \$87,944. Two pairs of Mongolian pheasants from Oregon have been turned loose in Rockbridge county, Virginia, where

they will be carefully protected in the

effort being made to propogate them. The firm to secure the government work of the upper Coquille is arranging for the commencement of the work. The improvement will be confined largely to points between Robert's landing and Rackleff's mill, or about one

mile below Myrtle Point. Hood River has doubled the acreage of its strawberries this spring. The new plants will not bear this year, but next year should have a full crop, and this next year should furnish 1,500,000 pounds of crimson lusciousness, or 750 tons, says The Dalles Chronicle.

Dairying in Curry county is in full blast. The number of cows has not been decreased by the hard winter, but, owing to the inreeased demand for cattle and the better prices paid, more calves will be raised and the output of butter will probably not equal that of last year.

The Tillamook Lumbering Company is operating its water pipe factory night as well as day, for the purpose of filling an order for about 216 miles of pipe, which is required to extend the water system at Kalama, in Washington. 'It will require about 50,000 feet of lumber. The pipe will be shipped on the

steamer Harrison. Union county butchers are becoming somewhat uneasy over the prospect of securing beef cattle for this season's business. Heretofore it has been an easy task to secure all the beeves they needed at any time, but the unusual demand for cattle this season threatens to change former conditions. Not only are buyers purchasing all the salable steers they can find, but they appear just as eager to secure dry cows.

Washington.

Potatoes are plentiful in the Kittitas valley, and are selling at \$9 a ton.

The business men of Snohomish are working to get a hospital for that city. A farmers' institute will be held in Ellensburg during the first week in

A movement has been started in Oakesdale to raise a fund to help the dressed \$4.50@5.25 per cwt. Greeks.

Frank Terry is to be the new Indian agent for the Crows at Puyallup Indian reservation.

Klickitat county farmers shipped three tons of bacon from The Dalles to Rossland last week.

Mate Jenner, an old '49er, drowned in Pemiahmoo bay, near Blaine, last \$21; feed meal, \$21. week. His boat capsized during a heavy wind.

Stevens county millmen are beginning to ship their lumber to British Co- \$4.80; Novelty A, \$4.50; California lumbia. A great deal of brick and lime goes the same way.

The monthly report of the Spokane public schools for April shows that the shorts, \$18. enrollment is 556 larger than that at the end of April last year.

A \$10,000 damage suit against the town of Asotin was decided last week by a jury in favor of the town.

Tekoa is said to have a Young Ladies' Pedestrian Club, the members of which get up at 5 o'clock in the morning and take walks for their health.

The injunction restraining the construction of the Snohomish county courthouse has been dissolved, and once sack, 40@50c; cabbage, per 100 lbs, more Everett will try to get the county \$1.50; onions, per 100 lbs, \$4.25. seat on a firm foundation.

The corporations throughout Washington are generally complying with the new law requiring the payment of an annual fee of \$10. Last week in one 8 1/2c per pound; lamb, 5c; pork, 6 1/2c per day \$40 was received from this source by the secretary of state.

Indian Commissioner Barge has returned to North Yakima from Montana, and will be joined this week by Commissioner Hoyt, when negotiations with the Yakima Indians will be resumed. Commissioner Goodwin has gone East on a leave of absence.

A resident of Walla Walla last week took 1,300 stock hogs to Nebraska. The hogs were bought for 3 cents a pound by a Nebraska man, who bought 30,000 bushels of corn at from 10 to 11

cents a bushel before the hogs arrived. The experts at work on the books of Whatcom county have finished the work in all the county offices except the treasurer's, and are at work in that department now. The work in that office will take about two month's time, as there are over 16,000 receipts to check WEEKLY MARKET LETTER.

Downing, Hopkins & Company's Review of Trade.

With a large cash demand for wheat at all points, with stocks being reduced to a lower point than in years by the end of the crop, and with prospects for an average crop of winter wheat very poor, it is enough to warrant the maintenancee of present values, and also the prevalence of good prices for wheat for the coming twelve months. How high prices will go depends on three things - speculation, crop prospects, and the war. There will be a short crop of winter wheat for the third consecutive year. The conditions are also uncertain for as large an acreage of spring as was expected earlier in the season, owing to the wet weather and the latenes of the seeding in some sections. High prices, however, will stimulate farmers in the Northwest to get in as large an acreage as possible. There has been a good deal of seeding, but in the Red River valley, where a large part of the crop is grown, there is too much water to admit of early seeding. Kansas gives good promise, but a change for the worse may come. The only things that can injure the crop are hot winds and sand storms. The outlook in California is uncertain. Reports say that hot winds have deteriorated the crop. Latest reports from France and Russia are against a large crop of winter wheat, but in the other foreign countries there is promise of about an average vield. Stocks, however, are low, and consumers will go into the new crop with less then the usual quantity.

Greece and Turkey are not important factors as wheat growers, the former raising 4,800,000 bushels, and the latter 24,000,000 bushels. Bulgaria, Servia, Roumania, and Montenegro raise 125,000,000 bushels. A liberal proportion of their crop is exported to the continent. If Greece has a navy of sufficient strength to prevent a free export movement of wheat from these countries, it might make a great difference in the supplies of the continent.

Triumphs in Surgery.

Cleansing of the wound itself was al most a surgical heresy a few years ago. Fouled bandages were the rule, and the thicker and more abundant the discharges the more "laudable" they were considered to be. Hence in the older works on surgery the so-called "laudable" pus was as much a sign of safety as it is now of danger. Cleanliness of instruments, now a prime consideration, was then entirely ignored. Oftentimes the same instruments would be used at different times upon the dead as well as the living body, and a celebrated operator of that day was accustomed to hold his knife between his teeth when his hands were temporarily employed in the wound. If a cut healed rapidly it was a rarity sufficiently great to court fact. The former result was rather an accident of cleanliness than the deliberate acknowledgment of what should have been the rule. Consequently the most careful surgeonsthose who possessed instinctive habits of neatness and cleanliness-were the most successful.

The Probability. "Does your wife worry about burg-

lars? "Not much," answered Mr. Meekton, "I wonder what she'd say if she found one in the bouse?"

"I don't know, But I have an idea that she'd ask him how he dared come into the house without wiping his shoes on the mat!"-Washington Star.

PLAYIN' POSSUM.

"Playin' possum" comes from the fact that the possum will feign sleep or death when pushed into sudden danger of being captured. But pains and aches never play that kind of a game. They never try to fool anybody, and go to work to wake up people, leaving no chance to feign sleep. On the other hand, there is a remedy known as St. Jacobs Oii that will lull a pain or an ache so that it won't wake up again in the cure that follows its use. Pains and aches are great or less in intensity just in degree as we treat them. Prompt treat-ment with the best remedy—St. Jacobs Oil—prevents their increase and by curing pre-vents their return. Everything is gained by taking pains and aches in time for a prompt and permanent cure, and there is nothing better than the use of St. Isoobs Oil better than the use of St. Jacobs Oil.
