Rev. LeRoy, post master at LaGrande, while en route to attend the Odd Fellows' grand lodge at Portland, stopped at Hood River Sunday and visited his daughter, Mrs. Wm. Rand.
On account of several stores opening up in my line of goods, I find that I shall have to branch out into some other line to make up any losses I might have by competition. Therefore I am glad to announce to the people that I will take orders for boots and shoes made to measurement, the cost of which will be no more than the ready made shoe you buy here in the stores. Come and have your measurement taken and have a pair of shoes fit you. E. V. HUSBANDS.

Mr. Emil Schanno of The Dalles, member of the state board of horticulture for this district, is in the valley inspecting the orchards of the Hood River fruit growers. Mr. Schanno reports the prospects for fruit here to be better than he ever saw before. The apple orchards of W. A. Slingerland and Chris Dethman will be loaded to the ground with fruit. The number of trees in the valley that were damaged by last winter's freeze is very light, not amounting on an average to 5 per cent. The cherries suffered the most, and the varieties of apples injured are generally the Yellow Newtown pippin and the Spitzenberg.
The stockholders of the Lateral Ditch Co. turned out Monday morning and raised the dam in M. B. Potter's field to connect with the big Dume of the Improvement Co. There was some doubt entertained as to whether the water would cross the road in the underground box at Joe Purser's place. When the water was first turned in it leaked so badly that the road was soon flooded, but the openings in the box soon closed and Oscar Stranahan's part of the work was pronounced a success.
Warren Miller lost a \$70 horse in a runaway Wednesday evening. He had been plowing for Wm. Boorman, and after unbitting his team from the plow they suddenly became frightened and started on a run through the orchard. One of the horses fell, and in some unaccountable manner broke a leg, which compelled Mr. Miller to have him shot.
Wm. Tillett was in the Mount Hood settlement Friday making collections. He reports the orchards to be in excellent condition, very few trees having been injured by the November freeze. At P. F. Fouts' he found strawberries ripening. Grain and hay, he reports, is looking better than that in this part of the valley.
T. R. Coon's school in the Crapper district closed last Friday, two weeks earlier than was expected, on account of the strawberry rush. Mr. Coon's family left for Mosier Saturday and will remain there during the berry season, while Mr. Coon is East as an agent of the Hood River Fruit Growers' Union.
The editor and family enjoyed a visit to the home of Mr. and Mrs. Joseph Frazier last Sunday. Mr. Frazier has one of the best residences in the valley, the work on which was mostly done by himself. His place lies in the foothills west of Phelps creek, and his soil is of the best for fruit.
Dr. and Mrs. H. K. Hines will move to Hood River next week. They will camp in a tent on the Watson place. Mrs. Hines has been troubled a good deal of late with rheumatism, and her physician has recommended that she come to Hood River and live in a tent for the summer.
Rev. J. T. Merrill returned last Saturday from a visit to his father in Sherman county. It was decided that the old gentleman was too feeble to stand the trip to Hood River, as he would have to be brought by stage a distance of 32 miles, to The Dalles. His age is 79.
The increasing business of A. S. Blowers & Son has caused the house to employ another clerk. Prof. H. L. Howe has accepted the position and waits upon customers with his old-time alacrity.
Mr. Wm. Erierson of LaGrande, a delegate to the grand lodge of Odd Fellows at Portland, spent Sunday in Hood River visiting his old friend Mr. W. J. Baker.
Mrs. M. F. Sloper and children left Tuesday evening to join Mr. Sloper at Rossland, British Columbia.
Never mind the high water—go to Dalles and get 2-penny wire nails and nail your berry crates.
Mrs. F. C. Brosius left on the Regulator Monday for a few days visit in Portland.
Circuit court convenes at The Dalles next Monday.
Memorial Day.
Memorial services will be held in the Methodist church, Sunday, May 30th. Comrades of the Grand Army and ladies of the Relief Corps have been detailed to decorate the graves of soldiers in the Pine Grove, Idlewild and Irving cemeteries. Besides the special details made for this purpose, all comrades and their wives and daughters are requested to visit the cemeteries on their way to town on the morning of Memorial day and decorate the soldiers' graves. Those coming from the East Side will visit Pine Grove cemetery; those from the West Side, in passing either Idlewild or Irving cemeteries, will stop and decorate. Flags will be placed on soldiers' graves early on the morning of Memorial day as follows: Comrade Isaac Howe and B. Hull, at Irving cemetery.
Comrade A. K. Isenberg, in Idlewild cemetery.
Comrade Claus Hoak, in Pine Grove cemetery.
Dr. H. K. Hines will deliver the memorial sermon at 11 a. m. Sunday, May 30th.
Comrades of Canby post and members of the Relief Corps and Sons of Veterans will meet at Grand Army hall Sunday morning at 10:30, and march in a body to the church. They will meet at same place at 2 o'clock, and march to the church for the exercises by the Grand Army and Relief Corps. All old soldiers and their families are invited to join with us on this occasion.
A monument to the unknown dead will be erected in the church, over which the Grand Army and Relief Corps will hold their services according to the ritual, at 2:30 in the afternoon.
This will be followed by the regular programme of music and recitations by the school children. The exercises will close with short addresses by the ministers of the town and valley.
Committee on Music—M. P. Isenberg and Mrs. E. L. Smith.
Committee on Monument—O. L. Stranahan.
Committee on decoration of church—Mrs. O. L. Stranahan and Mrs. George Crowell.
All school children are invited to come to Grand Army hall at 2 o'clock and march with the veterans to the church.
Comrades and others living at a distance, who desire to attend the services in the morning, can bring lunches and camp for an hour or so in Parkhurst.
By order of the committee.
T. J. CUNNING, Secretary.

Strawberries.
Strawberries have begun to move in earnest. They are ripening this season pretty much at the same time throughout the lower portion of the valley, and the warm weather for the past week has been ripening them rapidly. Shipments are being made principally to Montana and the Rocky Mountain states. Prices in Montana opened at \$7, but the markets being loaded with California berries the price for Hood River berries soon fell to \$5, while the California berries went at \$1.50 per 15 pound case.
T. R. Coon will start for Butte, Montana, the latter part of the week in the interest of the Hood River Fruit Growers' Union. Mr. C. G. Castner expects to leave next week for Denver and Omaha.
Mr. Perry McCrory shipped the first Hood River strawberries this season from J. W. Morton's ranch. They were picked May 12th.
The places of M. N. Foley, M. Willis, B. Warren, R. Ribbyson and W. J. Campbell, lying along the state road, are about as early this season as any part of the valley.
The total daily shipments of strawberry crates to date have been as follows: May 11, 11; 12th, 1; 13th, 21; 14th, 8; 15th, 15; 16th, 36; 17th, 71; 18th, 124; 19th, 229—total shipments to date, 480 crates.
Hood River strawberries sold in Portland Wednesday at \$3 a crate.
Oregon strawberries were quoted Wednesday in the Oregonian's market report as selling at \$1.50 per crate; California berries going at \$1.
Wednesday, Observer Page predicted that the river at The Dalles would continue to rise slowly for a few days, and a rapid rise would occur on and after Friday.
Mr. H. L. Crapper has a Ben Davis apple tree, three years old from the graft, that shows 20 clusters of bloom. A one-year-old strawberry plant on Mr. Crapper's place contained 88 blooms.
The Hood River Fruit Growers' Union had but \$9.50 on deposit in Moody's bank.
Mafie Duikes made a record, Wednesday, in nailing up strawberry crates, nailing 310 in ten hours and a half.
The ice cream social at the Congregational church, last Friday evening, was well attended and netted \$17.50. The musical part of the programme was of a high order.
The Best Remedy for Rheumatism.
From the Fairhaven (N. Y.) Register.
Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her so much good. The 25 and 50 cent sizes for sale by Williams & Brosius.
Paris Green
Is chiefly arsenite of copper. The insecticide efficiency of Paris green depends upon the amount of arsenous acid present, which is somewhat variable, ranging from 54 to 61 per cent in an analysis of five samples obtained in the market. The chemist of the Maine state college found 54, 55, 54, 55 and 40 percent of arsenous acid respectively. It is a very stable compound, does not readily suffer deterioration and may be safely kept in ordinary containers, in a cool, dry place.
London Purple
Is chiefly arsenite of lime, a residue obtained in the manufacture of aniline dyes. It does not contain quite so much arsenic as Paris green, and by being a by-product, it is not so constant in its constitution. According to an analysis by the chemist of the U. S. department of agriculture, it has 43 per cent arsenous oxide. A later analysis by the chemist of the Vermont agricultural experiment station, it has

The Chicago Chronicle

IS FIRST OF ALL
A GREAT NEWSPAPER.

INCIDENTALLY it is an advocate of democracy, with no taint of socialism or extreme socialism. The champion of the people's presidential election, as a result of the disruption of the democratic, devolves upon the latter the duty of re-organization on the lines of their own, and not some other party's. In the Chicago Chronicle, the democratic party will find the political mission of THE CHICAGO CHRONICLE in the future as it has been in the past. As a newspaper THE CHICAGO CHRONICLE will continue to be a newspaper and not a party organ, and neither side nor none will be made its organ of all unwholesome, unprincipled and unscrupulous. It covers exhaustively the entire field of news, discovery, invention, industry and progress.
For one cent a day every family within five hundred miles of Chicago may have on the day of its publication a copy of a great daily newspaper, costing thousands of dollars to produce—a miracle of cheapness and value. sept
