 We presume you use soap, and if so the best is cheapest. Hoe Cake is strictly pure, with no free alkali.
 Miss Sadie Orser of Chenoweth spent the 4th in Hood River and returned home Tuesday.

 M. V. Rand's fruit dryer will be ready to dry all the fruit that is brought to it this season.
 Lye packed in sifting pot can is pure granulated potash. All others contain a large portion of salt. Ask for Red Seal.
 The supervisor desires to give notice that persons taking water across the road from the ditch will have to put in culverts.
 Mrs. Howell will have ice cream only on Saturdays, Sundays and Mondays, unless ordered specially. She also keeps oranges, lemons and confectionaries.
 Don't let the cat lick the dishes, but make nice soft soap with Soap Foam. Directions on the package. W. & B.
 A letter received from Austin Wilson last Monday stated that the doctors had just taken the stitches from his leg and that he was getting along all right.
 A hob called at the house of W. C. Stranahan, one day last week, and asked for grub. He was offered some bread and butter, which he refused, saying he wanted pie.
 Children's day at the Valley Christian church was postponed from the first Sunday in June to the second Sunday in July, and now is postponed again on account of the prevalence of measles.
 The Hood River boys belonging to the hospital corps under Lieutenant and Surgeon Brosius went to Portland with the rest of the troops Sunday evening and participated in the big parade on Monday.
 At the competitive drill for the silver cup at Camp Jackson last Saturday, Co. G, of LaGrande, won the trophy and is now entitled to the distinction of being the best drilled company in the Third battalion, O. N. G.
 Supervisor Watson, last Wednesday, removed the fence that stood in the street in front of the old Coe property. He also opened up the old road leading from Dr. Adams' place to the ice house and the old boat landing on the sand bar.
 Write to Davenport Bros.' Lumber Co. for delivered prices on all kinds of lumber, rough or dressed. They have a large and good assortment of finishing lumber on hand, good and dry. Call and get our cash prices before purchasing elsewhere.
 For the Christian Endeavor convention in San Francisco, July 7th to 12th, the O. R. and N. Co. have made the round-trip rate on steamer from Portland \$10, meals and berth in cabin included, and one fare for round trip to Portland.
 Mrs. R. S. Howells met with a serious accident last Monday. She was moving in from Camp Jackson, and as she was climbing into a wagon, the team started up and she fell backward, severely spraining her back. She was brought to town and has since been suffering great pain.
 "Last summer one of our grand-children was sick with a severe bowel trouble," says Mrs. E. G. Gregory of Fredericksburg, Mo. "Our doctor's remedy had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief." For sale by Williams & Brosius.
 The big cannon was placed in position last Friday on the old school grounds. Saturday morning citizens contributed powder and Conrades C. Welds and R. M. Hunt fired a national salute. They charged the gun with only five pounds of powder, but it was enough to break several panes of glass in the old school building and crack the glass in the frames of the shutters of the several lodges that meet in the building.
 W. J. Bryan will pass through Hood River at 12 o'clock midnight next Monday, July 12th, on his way to Pendleton. He might be induced to make a short talk from the platform of his car if he could be assured that a sufficient number of our people will be at the depot at that hour. The central committee of his party should arrange it so that Hood River people may have a chance to see the man who may be our next president.

Mr. G. R. Castner brought with him from Omaha a bottle of preserved strawberries put up in Germany, and which he found sold in Omaha at 60 cents a bottle at retail. The bottle holds about one pint of berries and is hermetically sealed. The berries are fine large ones and look very much like the Clark's Seedling. Here is a chance for Hood River people to go into a business that will not require much capital. The bottles ought not to cost more than 5 cents a piece by wholesale; the fruit, the best in the world, can be raised at home, and 25 cents a bottle would be a big price for them. The bottle of strawberries can be seen at the GLACIER office.
 Leakage from an irrigating ditch somewhere has made a bad piece of road in front of the old Coe property. Water comes from the ground on the upper side of the road, and as the culvert had become choked, the road was soaked and got very soft. Mr. E. C. Rogers' team got stuck with a load of wood and before he could extricate the wagon it was broken in several places. The supervisor has since opened up the culvert and filled in the soft place with earth. The road by way of the school house hill was badly cut up by the heavy teams and artillery hauled to Camp Jackson.
 W. C. Stranahan and Clarence English went to Portland last Saturday on their wheels. They left here 20 minutes to 1 p. m. and made such good time that they expected to get into Portland by 9 o'clock. But at Lataurell they got onto the wrong road and made a detour in the direction of Mt. Hood. They finally got to Portland at 2:30 o'clock Sunday morning, after a trip of 83 miles.
 Mr. Gessling informs us that the GLACIER was in error last week in stating that the Hood River Supply Co. had turned over all of their ditch east of the Valley Christian church (known as the Clark ditch) to the Improvement Co. He says the Clark ditch was only leased to the Improvement Co. for the balance of the season of 1897.
 M. A. Cook stepped up to a case in our office and set up the following in his native tongue, which is John Schmitt's celebrated lecture on the silver question boiled down to four lines: "Tose ndekpcomnts elvq aghn nuw hmlbquntunvRL qecqebunnum v h n m adpvludntafa elssg VWkxyv b0CsETGdntun cmuebtgswff6." We never knew before that Cook could set type.
 The number 13 is unlucky again this year. The GLACIER sent out 13 bills the other day and hasn't received a cent from either of them. Strawberries ripened 13 days earlier this season than last. Peaches are 13 days ahead of time, and now blackberries are ripening just 13 days ahead of schedule time.
 Mr. and Mrs. M. N. Foley are sick with measles. Mrs. Foley has been quite sick for the past three weeks, but is now getting better. Strange to say, Mr. Foley had the lightest attack of any one of the family. It can only be accounted for from the fact that the old man always was "one of the boys."
 While people in the East have been suffering intense heat during the past week, Hood River has been blessed with delightfully cool weather, and at Cloud Cap Inn the visitors were treated to a snow storm on the 5th of July. For a summer resort, a better place than Hood River valley would be hard to find.
 Master Jay Wolfard took a contract from O. P. McFall to pick his cherries on shares. After Jay, with some help, had picked some cherries, Mr. McFall asked him what had become of his share. "Only picked my share," said Jay; "you're share is still on the tree, too high for me to reach."
 Dallas has got back from the wars and buckled down to business again, and the music of his hammer is heard as of yore. He can build you a bath tub, sell you a stove or anything in the hardware line, repair your tinware, and make himself generally useful, as though nothing had happened.
 Mrs. J. J. Luckey, while visiting the encampment last Saturday, fell in fainting fit from her seat in the buggy. She fell between the wheels and the buggy and was severely bruised, so much so that she has been laid up most of the time since, but is rapidly improving.
 C. J. Hayes will leave for Gilliam county next week to begin his duties as examiner of surveys. Scott Boorman and Elijah Udell will accompany him. Mr. Boorman will take along his team and act as teamster for the party while in the field.
 Fred Howe took a party to Cloud Cap Inn last Sunday and returned Monday afternoon. It snowed during the night of the 4th and next morning the ground at the Inn was white. Snow kept falling at intervals Monday forenoon.
 Dr. Freid, father and brother, and Julius Durkheimer and family, all of Portland, were stopping at Mrs. Alma Howe's for several days last week. The same parties have rented Mrs. Howe's furnished house for the summer.
 A free public address will be given at the A. O. U. W. hall tomorrow evening by J. L. Mitchell, deputy supreme commander of the Knights of Macabees.
 Dr. Elliot will return from Portland today. Arrangements are being made for him to occupy the United Brethren pulpit next Sabbath.
 The family of Judge T. B. Kent arrived here last week from South Bend, Wash., and expect to make this their permanent home.
 Here is your chance: Baled timothy and clover hay, mixed, delivered for \$11.50; wheat hay, \$9.50. Inquire at GLACIER office.
 Prof. J. M. C. Miller left Tuesday for Philomath, where he will assume his duties as president of the college at that place.
 Mrs. Gen. Beebe and two sons and Mrs. Major Mears and son stopped at the Parker house during the encampment.
 E. D. Calkins came down from his Klickitat ranch Sunday and returned Tuesday with some live stock.
 A meeting of the board of directors of the Lateral Ditch Co. is called for tomorrow at 4 o'clock.
 Mrs. MacAllister and Mrs. French of The Dalles were guests of Mrs. John Parker last week.
 Henry McGuire is back at his old job, selling meats and vegetables for West & Co.
