J. W. Morton shipped eleven boxes of Early Crawford peaches to Portland last Thursday that would be hard to beat for size and beauty. One box contained 52 peaches in two layers, and the box was too full by an inch to nail on the lid. The other boxes averaged 72 peaches to the box.  
It is always gratifying to receive testimonials for Chamberlain's Colic, Cholera and Diarrhoea Remedy, and when the endorsement is from a physician it is especially so. "There is no more satisfactory or effective remedy than Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Dr. R. E. Robey, physician and pharmacist, of Olney, Mo.; and as he has used the Remedy in his own family and sold it in his drug store for six years, he should certainly know. For sale by Williams and Brosius.

The special meeting of the Hood River Fruit Growers' Union Saturday was called to order after the adjournment of the meeting to consider the proposition of holding a fair, but no quorum being present regular business could not be transacted. N. C. Evans, secretary of the union, read the reports of the shipping season and that of the auditing committee. A short discussion was held on the question of amending the by-laws of the union so that the annual stockholders' meeting could be held in the fall of the year, in order to give the newly elected managers more of an opportunity in which to make preparation for their spring work, and a meeting for this purpose was ordered called for Oct. 16th. Not the least discontent was manifested at the meeting and everything passed off harmoniously.

Mr. Joseph Frazier completed the masonry work on J. H. Shoemaker's fruit dryer Saturday. Mr. Shoemaker's dryer, when completed, will have a capacity for 6000 pounds of green fruit per day. The dry house is 15x8 feet, with an arched brick furnace within, of about 8 feet in length and 2 feet in height and width. Ten-inch pipes are arranged for heating and distributing the air throughout the dryer. The drying trays are arranged in tiers around the furnace. Mr. Frazier completed the stone and brick work in four and one-half days.

Never before has there been so large a number of summer tourists in Hood River. They arrive every day by boat and cars from all parts of the country. Many of them go to Cloud Cap Inn, and make the ascent of Mt. Hood, or for an outing in the mountains at the lakes and streams, or spend a week or two boarding at various farm houses. Hood River, with no special advertising, is well-known throughout the state as one of the most beautiful and delightful summer resorts in Oregon.

C. D. Moore and the Portland party, who made the ascent of Mt. Adams on August 1st, found the Mazama record box under two feet of snow, empty, with lid down and unfastened. No one is able to account for the destruction of the records, which were placed there by the Mazama party of 1895, and contained the names of all who reached the top at that time, and those of persons, as far as known, who had previously made the ascent. The Mazamas will replace a copy of the old record.

The secretary, W. H. Bishop, is the authorized agent of the Valley Improvement company for the collection of all accounts due the company, and no payments should be made to any other person. Hereafter he will be at the Mt. Hood hotel from 12 to 4 o'clock Saturday afternoons, where the office of the company is located for the present.

The president of the horticultural fair has called a meeting of the executive committee to meet at Dr. Watt's office Saturday, August 21st, at 2:30 o'clock, to make preliminary arrangements. Let those who have been elected please take notice and attend and let us have a fruit fair to be proud of.

H. C. BATEHAM, Sec.

Ed. Underwood of White Salmon brought to the GLACIER office Saturday a sample seedling peach grown on his place. The sample is indeed a beauty, measuring 10 inches in circumference, and is a peach that is a peach. Ed. Williams is expected home Saturday or Sunday. Mr. Williams will have a two months vacation before resuming his studies at the California College of Pharmacy, from which he graduates in June '98.

Horace L. Curran of Vento, a bridge carpenter, aged 40 years, was committed to the insane asylum Monday. The cause of his insanity is supposed to be a tumor of the brain. Horace L. is a brother to W. S. Curran.  
Mr. S. R. Reeves returned during the week from his trip to Puget Sound, but left Tuesday for Baker City. Mrs. Reeves has rented the Byrket house and will spend the remainder of the summer in Hood River.

Mrs. J. J. Gibbons cut her hand severely one day last week. She was tightening on the lid of a glass fruit jar when the jar broke and let her hand out onto the glass.  
Owing to the light grain crop, one day out of a week is enough to do all the grinding this year. Saturday is the day. HARBISON BROS.

Mrs. Jos. Frazier left Tuesday for Seattle, where she will visit with her son Fred.  
Dr. M. A. Jones, dentist, will be out of town for a week, after Tuesday.

For Sale—A bakery and restaurant. Inquire at GLACIER office.

Sunday and Monday of this week were two of the warmest days this season. The thermometer on Bartmes' porch registered Sunday, 96, and Monday, 97, while other thermometers ran up 7 and 8 degrees above 100. Since writing the above, it has become a "has been." Bartmes' thermometer smashed all previous records by going up to 102 in the shade, Wednesday.

One of the first Portlanders of any degree of prominence to make the trip to Alaska for the purpose of seeking gold was Judge W. H. Adams. And reports now come from the Klondike that the judge has struck it rich. The judge is Dr. W. L. Adams' son "Billy."

Lost—Between Slingerland's and Roberts' places, a light-colored coat, containing a letter addressed, P. M., Mt. Hood, Or., and a check for \$2.74, payable to A. Fredenburg. Finder will please leave same at post office and oblige O. FREDENBURG.

Rev. Prof. Bates of Forest Grove spent Sunday in Hood River, preaching an able and attractive sermon at the Congregational church. Professor Bates and Rev. J. L. Hershner form the committee on programme for the Congregational association, that meets in Hood River, Sept. 28-30. They spent several days together in preparing a programme which will be published later.

The ladies aid society of the Congregational church sold all their ice cream last Saturday, clearing about \$12.  
Mrs. Marsh of Forest Grove joined her daughter at the home of Mr. J. W. Connell.

Dr. Lena Halverson's lecture in the U. B. church Tuesday evening, 24th, will be given in the interest of the church. An admission fee of ten cents will be taken at the door. Do not judge the merit of the lecture by the price of admission, as that is to suit only the hard times. The subject, "China and the Chinese," will interest all who come.

P. F. Fouts of Mount Hood presented the GLACIER office Wednesday with some choice apples of the Yellow Transparent variety. These apples were grown within 9 miles of the snow lines of Mt. Hood, and are a good sample of Hood River apples. Mr. Fouts has 300 trees coming into bearing this fall, the fruit of which is entirely free from worms.

The date for holding our fruit exhibit has not been settled upon yet, but will probably be Friday and Saturday, the 1st and 2d of October.  
As we go to press, at 3 p. m. Thursday, the thermometer at Bartmes', which regulates the weather for Hood River, marked 99—a cheerful prospect for exercise on our arm-strong press.

The C. E. Echo Meeting.  
It was our privilege to attend the union meeting of the Christian Endeavor societies on Sunday evening last, at the U. B. church, at which the reports of the recent convention in San Francisco were given.

The young people called attention to the meeting by singing several hymns outside the door, while the people were gathering. The 121st and 122d psalms were read respectively, those being the psalms with which the convention was opened. Prof. H. L. Bates of Forest Grove gave us an idea of the throngs of people who attended the convention. Over 25,000 were registered as delegates and more than 40,000 strangers were in the city. The number far exceeded the expectations of the committee of arrangements, so over-flow meetings were quickly arranged for, as needed, sometimes there were four or five extra meetings at one time. Beautiful decorations of purple and gold were to be seen everywhere, even through the states as the excursionists were coming. The singing was spoken of very enthusiastically, as it well deserved, for just imagine 10,000 voices uniting on some grand hymn, and the uplift it gave to all who heard it.

Prof. Bates also favored us with a song, "Saved by Grace," which was sung with much feeling and earnestness.  
Mr. H. C. Bateham reported the children's meeting with much enthusiasm. Monday afternoon was the great day for the juniors. About 5000 seats were reserved for them and they filled them all. What a sight to see such a host of happy children, the future men and women of this Western country.

Mrs. H. C. Bateham briefly told of the good work being done by Rev. Robert F. J. Pierce of Philadelphia in his chark talks, of the missionary spirit felt at the women's meeting and the earnest plea for more consecration and willingness to enter upon Christian work.

The final consecration meeting was then described, a few of the principles of Christian Endeavor were set forth, and a few of the state responses given. A quartet sang the Oregon state song, and Rev. J. L. Hershner laid down some of the practical rules which were urged at the convention for use in local societies. With a few appropriate remarks by Rev. Merrill, the meeting closed.

The universal expression of Californians in regard to this convention was that it gave such a hopeful outlook to the future of this great West. With such a multitude of earnest workers, we may hope to begin the 20th century with a new era.

The whole convention was a great encouragement to the San Francisco Endeavor, and all who have read or read reports of it are more than ever impressed with the desirability of the Christian Endeavor plan of making this "a country where God is the Lord." NEMO.

Hood River's Fruit Exhibit Assured.  
The fruit growers of Hood River met Saturday in the A. O. U. W. hall and declared their intention to hold a fruit fair during the coming fall. Hon. E. L. Smith, president of the state board of horticulture, was made temporary chairman of the meeting, with H. C. Bateham as secretary. After a short discussion of the subject, in which the sentiment of all present was shown to be in favor of holding a fruit fair, permanent organization was effected by the election of regular officers and the selection of an executive committee. The officers elected are: J. W. Morton, president; Henry Prigge, vice president; H. C. Bateham, secretary; N. C. Evans, treasurer. The executive committee consists of the duly elected officers and five additional names—Dr. J. F. Watt, A. H. Jewett, W. A. Slingerland, Mrs. E. L. Smith and Mrs. O. J. Stranahan.

Mt. Hood, White Salmon, Mosier, and other fruit-growing sections of the mid-Columbia will be invited to join with Hood River in her exhibition of the world-famous Oregon apples.

Many of the fruit growers are decidedly averse to the awarding of premiums, claiming that, as there is such little variation between the products of the Hood River orchards, such action is productive of no good results, while it has a tendency to create dissatisfaction. It was suggested that extra fine specimens of fruit be given a blue ribbon or a diploma of honorable mention, but no definite action was taken by the meeting. Mr. T. R. Coon offered a suggestion worthy of consideration, to the effect that all apples of a variety be grouped together, but a number of growers thought that individual displays would be preferable, as considerable pride is taken by fruit men in the arrangement of their exhibit.

Ice Cream Social.  
The ladies and friends of the M. E. church in Hood River will give an ice cream social Saturday afternoon and evening under the oaks near the post office. Ice cream, ice cream soda and lemonade, with cake, will be served. In the evening, Master Rollin Spaulding, son of Rev. D. L. Spaulding, late from South America, will be introduced to those present by Mr. Hines and sing a few songs in Portuguese. This is the last Saturday of the present pastorate of Dr. Hines, and his wife will be present to greet all their friends.
