A Resume of Events in the Northwest.

EVIDENCE OF STEADY GROWTH

News Gathered in All the Towns of Our Neighboring States-Improvement in All Industries-Oregon.

Several thousand boxes of apples were shipped from Coos bay early last week.

The real estate transfers in Umatilla county for one day last week amounted

to \$7,000. An Astoria paper says that Clatsop county warrants are likely to be at a premium within 30 days.

This year over 700 cords of wood have been shipped from Brown's spur, north of Dallas, to Portland.

A number of settlers bound for the Coos bay country passed through Roseburg last week, in covered wagons.

Wallowa county cattle have been nearly all bought up, but there are a good many hogs left in the county.

Lincoln county's outstanding warrants and the interest thereon amounted to \$25,979, on September 30 last.

Stock in Baker county is reported to be in excellent condition, and the loss this winter promises to be unusually light. Travelers over the McKenzie road, in

Lane county, report from two to seven feet of snow on the summit of the Cascades. A band of 1,000 head of cattle was

driven through Vale last week on the way to Ontario, whence they will be shipped East. Harry Watters killed a bald-headed

eagle in the sandhills near Marshfield last week. The eagle measured nine feet from tip to tip. The financial statement of Gilliam

county shows that on September 80 last there were outstanding warrants and interest amounting to \$24,201.

Several elk were seen in the vicinity of Emigrant Springs, in Umatilla county, recently, but as it was the closed season, they were not molested.

Fishermen in the vicinity of Rainier are of the opinion that the light run of salmon in that section is caused by the heavy blasting along the shore, where the Astoria railroad is being built.

The treasurer of Coos county has advertised that he will pay all county warrants indorsed prior to November 4, 1891. Interest on such warrants ceased November 15. This call will reduce the couunty's indebtedness about \$3,000.

The 800 Angora goats recently shipped from Boise, Idaho, to Pendleton, will be wintered near Pendleton. It is said to be the intention to ship them to the Klondike in the spring to make mutton for the miners. They are hardy and nimble animals, and can more easily be driven over the mountain passes than sheep.

The work of taking spawn is now going on at the Mapleton hatchery. Over 500,000 eggs have already been placed in the hatching troughs. The sum appropriated for operating the hatchery large as nearly so should be, but the work has been attended to closely, and considering the expenditure a great number of salmon fry will no doubt be turned out next spring.

There will be 12 miles of American rails laid on the Astoria & Columbia river railroad begining at Goble. The English rails were not sufficient to complete the track. This new consignment is on its way from the East. The rails are of the same weight and size as those laid, 75 pounds to the yard, 5-inch base, 5 inches high and 2 12-inch ball. Tracklaying at the Goble end of the line will begin when the new rails arrive.

Washington.

A carload of apples grown on Orcas island was shipped from Seattle to Omaha last week.

The state road commission has finished its work for the winter, and the working crew has been discharged. The Hon D. P. Thompson, ex-min-

ister to Turkey, delivered a lecture on Turkey in Walla Walla, last week. M. L. Weston has 5,500 head of

sheep in Prosser, Yakima county, and he expects to winter them on Snipe's creek. The six salmon canneries of What-

com county will all be more or less extensively improved and enlarged during the next five months. The clerical force in the land com-

missioner's office, in Olympia, has 200, leases of school lands to be made out on returns from county aulitors. Government surveyors say that with a little work the Snake river will be

navigable from Pasco to Riparia, to which latter point boats are now running on the Upper Snake. Suit has been commenced in the superior court of Chehalis county by the Northern Pacific Railway Company

against Chehalis county for the purpose of having the taxes against the lands of the company in that county declared not a valid lien. Richard Brown, a logger of Jefferson county, has just finished cutting a cargo of spars, valued at \$13,000, which

will be shipped to New York on the bark Olympic. Three cars of stock cattle and one of beef cattle were shipped from Chehalis last week. The stock cattle went to Yakima. Another carload was driven in from the Salkum country. Dealers say that stock cattle are becoming scarce. The hog market has slipped down a little, \$3.75 being offered now,

and farmers are holding.

GOLD TO BE FREELY USED.

Blanco Trying to Buy Over the Insurgent Leaders.

Havana, Nov. 24.-General Pando started for this city by train last Saturday, according to official announcement, to take charge of the campaign against the insurgents. He was accompanied by all his staff, and was escorted by a company of artillery.

It is stated on good authority, however, that Pando has been commissioned by Captain-General Blanco to enter into communication with the insurgent leaders, with a view to arranging for peace. This statement is based upon accurate knowledge of all the gallows. facts. Pando first secured the release from confinement of Damien Caballero, who had been imprisoned for acting as a spy for the insurgents. Pando furnished Caballero, who is god-father of Rabi, the man looked upon as being the backbone of the insurgent government in the province of Santiago de Cuba, with a considerable sum of money and caused him to be attended to Manzanillo, where a good force was placed at his disposal. Pando's peace emmissary was also furnished official documents empowering him to act in behalf of the Spanish commander.

Pando instructed Caballero to offer army General Rabi high rank in the resentatives, stated that all he had to Spanish army and a large sum of money to be distributed among the other insurgent leaders of that part of his mind, and from the time he passed Cuba, and in addition, a large amount out of the door of his cell, mounted of money for himself in the event of his succeeding in arranging terms of

Although Caballero has not returned, confidential advices reaching Spanish officials here seem to indicate that he has so far been unsuccessful. It is understood that Rabi replied that he believed the successful ending of the war in favor of the insurgents was ap- his wrists handcuffed. While this was proaching, that the Cubans, with the going on he became slightly unsteady. aid of the United States, will gain their independence, and therefore he head, the rope adjusted about his neck desires to continue fighting the Spaniards until the final victory is won.

FIRE ON THE OREGON.

Caused by Spontaneous Combustion-A Narrow Escape.

San Francisco, Nov. 24.-The Call says: The coal bunkers in the United States battle-ship Oregon caught fire Sunday evening from spontaneous combustion, and for over eight hours the crew worked with a vengeance to smother what looked like a costly blaze. There were over 250 tons of coal in the vessel, and prompt action alone saved the ship and fuel. The fire is supposed to have started from water leaking into the coal bunkers. This would eventually cause a terrific heat from accumulating gasses. Luckily, the fire was discovered before it had gained much headway.

An alarm was immediately given, and orders were issued to remove the coal from the vessel to the wharf. Steampipes were attached and connection made with the lower part of the vessel in an attempt to smother what fire might have been in other parts of the ship. The men went to work with a will, but the task was larger than had at first been supposed. The work was done with difficulty, as the smoke hindered the men in their attempts to quickly put it out.

During the whole night after the fire labored in removing the smoking blazing coal, and it was not until daylight that the men were allowed to leave their work. The warship will be drydocked within a few days and properly righted, after which she will be coaled and her ammunition placed on board, after which she will be ready for action.

Senate Will Kill the Curren cy Bill. Denver, Nov. 24. - Congressman John C. Bell, of Colorado, stopped off s few hours in this city on his way to Washington, where he goes to attend a meeting of the appropriations committee. Speaking of the probable action of congress at its coming session on the financial question, he said:

"I think a bill will pass the house practical.y as recommended by the executive, and it will then go to the senate, where it will be abandoned by that body and an appeal will be made to the people that they must make the senate Republican before any remedial legislation can be obtained.

With reference to the admission of new Western states, Congressman Bell said:

"There will be no more Western states admitted into the Union while the Republican party has control of either house. The speaker told me last year that he felt great responsibility for having taken an active part in admitting the Western states. He said the power of the Western senators was unjust, and had been greatly abused, and was, in fact, checking the development of the country; that he thought it was a grievous wrong for the Western senators to stand in the way of the progress of the country. Many senators will probably oppose the admission of those territories because of

this impression. "Hawaii will be annexed."

Luctgert's Trial Went Over.

Chicago, Nov. 24.-The second trial of Luetgert, which was to have begun today, went over until tomorrow at the request of the defense, who will ask for a change of venue from Judge Horton.

Another Trial Trip.

San Francisco, Nov. 24. - The United States gunboat Wheeling is expected to go to sea today to complete the trial of her machinery and other details of her construction. She will be a way several days. She behaved well on her trip to Honolulu, but the navy department's requirements call for a further trial.

It is expected that when the 1899 season opens there will be cogwheel railway from Chamounix up the Mon-

EXPIATED HIS CRIME.

Kelsay Porter Died on the Gallows at Union, Oregon.

Union, Or., Nov. 22.-In the gray fawn of an approaching day, while most of the citizens of Union were still asleep, Kelsay Porter, murderer of the Mache family in Pine valley, January 1. 1896, expiated his crime on the gallows. Including the sheriff's jury of 12 men, about 50 people witnessed the execution. It was carried out with dispatch. Seventeen minutes after Porter left the jail door to mount the scaffold, his body was in the coffin, which was waiting to receive it beneath the

It was about 5 o'clock this morning when Porter was aroused and told to prepare for the trying ordeal before him. Realizing his last moments had really come, he displayed nervousness. After dressing in a suit of black clothes provided for him, he ate a light breakfast, the first meal for several days. The appearance of his religious adviser had a reassuring effect. Rev. Mr. Shields passed an hour in the cell, preparing Porter for his death, reading Scriptural passages to him, and closing with a fervent prayer for the condemned man.

Porter, in refusing to see press repsay would be spoken on the gallows, but before leaving the jail, he changed the scaffold and was hurled into eternity, he did not speak a word. He was assisted to the platform of the scaffold by Sheriff Phy and Deputy McLaughlin, who helped him up the steps. Rev. Mr. Shields and Deputy Sheriff Giffen were also on the scaffold.

Porter was placed directly over the trap, his legs and arms pinioned and The black cap was placed over his by Sheriff Phy, and at 6:55 the trap was sprung and the body shot downward, dangling at the end of the rope. Death was instantaneous, the neck being broken by the fall. Twelve minutes later three attending physicians pronounced Porter dead, and the body was cut down and placed in the waiting coffin.

The crime for which Kelsay Porter suffered the death penalty was the killing of the Mache family-Benjamin Mache, his wife and 17-year-old son, Benjamin-in Pine valley, Union county, January 1, 1896.

LOCKS FOR THE DALLES.

Government Has Abandoned the Boat-Railway Scheme.

Washington, Nov. 22.-The probabilities are that a boat railway will never be constructed at The Dalles. Chairman Hooker, of the river and harbor committee, has made an examination of the rapids, and has interested himself more or less in several matters which will require appropriations coming from his committee. Mr. Hooker is very reticent about expressing his views, but there were other members of the river and harbor committee with him on his Western trip, and the press correspondent has been able to learn that the boat railway plan will not be approved in the next session of congress, and that the committee on river had been discovered, the entire crew action for any improvement there that tion of a survey to be made for construction of a canal and locks, and of about four feet draft. It is asserted that boats of greater draft than this it. go far up the Columbia river, the Snake cents and one dollar. and the Clearwater. If these boats could ply between Portland and the farthest points on the rivers named, a great deal would be accomplished, freight rates would be regulated, and the wheat of Eastern Oregon and Washington and Idaho could be transported to tidewater at a small cost. It is the general belief that a canal and locks of the kind contemplated could be built at an expenditure of less than \$1,000,000, and also that they could be pushed to completion at an early day. It is not known whether the Oregon delegation will accept such a plan as this, but the general understanding is that it will be offered by the members of the river and harbor committee who visited the Columbia during the past summer.

FATE OF PROSPECTORS.

Three Men Are Drowned in White Horse Rapids.

Port Townsend, Nov. 22. - News eached here tonight of the drowning of two men belonging to the party of Colonel Will E. Fisher, of San Francisco, in the White Horse rapids November 4. No details of the accident were received. Neither could the names of the drowned men be learned.

Accompanying this news was the information that Frank Anthony, of Seattle, was drowned at the same place October 29. Anthony's boat capsized. His two companions, Murphy and Hepburn, were rescued by the Canadian mounted police.

Heavy snows are reported on the summits of the passes leading into the interior. Travel is becoming difficult and dangerous, yet people are still going back and forth over the mountains. The lakes and rivers in the interior are more or less frozen. On the Skaguay trail the snow is fully three feet deep. It is five or six feet deep on the Dyes

A Hog-Killing Secretary. Lincoln, Neb., Nov. 22.—Secretary of State Porter was fined \$6.20 in the police court today for violating the health ordinance by butchering hogs within the city limits.

NEVER AWAKE.

Some people will never wake up till the last horn blows, and then they'll ask if that's the horn for dinner. Delays are daugerous and ruinous. Thousands can say if they hadn't put off an opportunity, they would have been rich and happy. Some would have been rich and happy. Some never know they have rheunatism until crippled by it, and all the while in pain, thinking it will pass off. But St. Jacobs Oil never delays, and is always wide awake. It goes straight to its work of cure in a business way, and cures rheumatism in any form and at its worst stage. It's a live remedy.

Mid-Channel Mines a Failure.

The recent experiments made by a special commission to ascertain whether the mines laid in the Dardanelles are capable of preventing the passage of ships have proved the utter uselessness of the present mines, and at the same time the extreme difficulty of laying down mines at all on account of the strong current.

A BIG REGULAR ARMY.

The mightiest host of this sort is the army of The mightless host of this sort is the army of invalids whose bowels, livers and stomaches have reen regulated by Hostetter's Stomach Bitters. A regular habit of body is brought about through using the Bitters, not by violently agiliating and griping the intestines, but b reinsorcing their energy and causing a how of the sile into its proper channel. Malaria, la grippe, dyspepsia, and a tendency to inactivity of the kidneys, are conquered by the Bitters.

Proposed Floating Tunnel. In connection with the railway comnunication between Scotland and Ireand it is proposed to send trains through a tunnel which shall float at a depth of 60 feet below the surface, and which shall be kept steadily in its place by means of anchors.

AN OPEN LETTER TO MOTHERS.

We are asserting in the courts our right to the exclusive use of the word "CASTORIA," and "PITCHER'S CASTORIA," as our Trade Mark. I, Dr. Samuel Pitcher, of Hyannis, Massachusetts, was the originator of "PITCHER'S CASTORIA, the same that has borne and does now bear the fac-simile signature of CHAS, H. FLETCHER on every wrapper. This is the original "PITCHER'S CASTORIA" which has been used in the homes of the mothers of America for over thirty years., Look Carefully at the wrapper and see that it is the kind you have always bought, and has the signature of CHAS, H. FLETCHER on the wrapper. No one has authority from me to use my name except The Centaur Company of which Chas. H. Fletcher is President.

March 8, 1897. SAMUEL PITCHER, M.D.

Giraffes are from 15 to 16 feet from the ground to the tip of their horns. Specimens from 18 to 23 feet have been known.

If you look at the map you will find that the mountain chains of the Old World lie east and west, while those of the New World lie north and south.

Benjamin Bissell, who lives near Ballston Spa, N. Y., says he has voted for 18 presidential candidates, not one of whom was elected.

FREE TO OUR READERS.

Our readers will be pleased to learn that the great discovery, Dr. Kilmer's Swamp-Root, has been so universally successful in quickly curing all forms of kidney and bladder troubles, that those who wish to Prove for themselves its wonderful merit may have a sample bottle and a book of valuable information both sent absolutely free by mail. Nothing could be fairer or more generous than this liberal offer, and we advise our readers to write, mentioning this paper, and send their address to Dr. Kilmer & Co., Binghamton, N. Y. and harbors will not taken favorable Dr. Kilmer's Swamp-Root is the discovery of a great physician, and as does not have for its object a different such is not recommended for everyplan than either a boat railway or a thing, but will be found just what is portage railway. It is very probable needed in cases of kidney and bladder that what will be done is the authoriza. disorders - or troubles arising from weak kidneys, such as gravel, rheumatism, pain or dull ache in the back, too which will secure the passage of boats frequent desire to pass water, scanty supply, smarting or burning in passing Swamp-Root stands the highest cannot operate successfully above the for its wonderful cures. The regular dalles, and that boats of this draft can sizes are sold by druggists, price 50

English Peers.

Of the entire number of English peer ages, only five go back as far as the 13th century. Of the 538 temporal peers, 350 have been created during the present century, 126 during the last sentury, and only 62 trace their titles beyond the year 1700.

A HEALTHY WIFE

Is a Husband's Inspiration.

A sickly, half-dead-and-alive woman, especially when she is the mother of a family, is a damper to all joyousness in the home. If a woman finds that her energies

are flagging and that everything tires her, her sleep is disturbed by horrible dreams, and that she often wakes suddenly in the night with a feeling of suffocation and alarm, she must at once regain her strength.

The following from MRS. F. S. BEN-NETT, Westphalia, Kans., shows the power of Lydia E. Pinkham's Vegetable Compound, and a letter of advice:

"Dear Mrs. Pinkham:-I have suffered for over two years with falling, enlargement and ulceration of the womb, and this

spring, being in such a weakened condition, caused me to flow for nearly six months. Some time ago, urged byfriends, I wrote to

you for advice the treatment After using advised for a which you short time, that terrible flow stopped. I am now gaining strength and flesh and have better health than I have had for the past ten years."

Best Cough Syrup, Tastes Good, Use in time, Sold by druggists.

The South Polar Expedition.

The commercial and scientific expedition to the South Pole, under Herr Borchgrevinck, will start from England next July. Inquiries are now being made for a suitable ship in Scotland and Norway. The object will be to reach Cape Adairi and proceed to the South Pole on Snowshoes. The party will include several scientific men. Herr Borchgrdevinck will go to Norway at Christmas, and, with some Norwegian friends, practice snow-shoe running.

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand 24 hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. So remarkably successful has Swamp-Root been that if you wish to prove its great merit, you may have a sample bottle and pamphlet both sent free by mail. Mention this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Sensational Predictions.

Old Moore's almanac, which won notoriety the past year by predicting the Paris fire, predicts for 1898 a terrible civil war in the United States, the death of the czar and the kidnapping of the young king of Spain, and that about the second week of November of that year communication will be opened up with Mars.
