Write to Davenport Bros.' Lumber Co. for delivered prices on all kinds of lumber, rough or dressed. They have a large and good assortment of finishing lumber on hand, good and dry. Call and get our cash prices before purchasing elsewhere.

Through the kindness of Mr. Amos Underwood we were permitted to peruse the St. Croix River Journal, a new paper started at Fort Wrangle, Alaska, to cater to the St. Croix route to the Yukon gold fields. The paper is published by Theo. R. Needham and is a lively paper for that town of only a few hundred inhabitants.

When you can not sleep for coughing take Chamberlain's Cough Remedy. It always gives prompt relief. It is most excellent for colds, too, as it aids expectation, relieves the lungs and prevents any tendency toward pneumonia.

Notices have been posted by W. H. Perry, clerk of school district No. 2, calling a special meeting of the taxpayers of the district on Saturday, January 23rd, for the purpose of levying a tax to pay off the indebtedness and make repairs to the school house, and such other business as may legally come before the meeting.

Mr. Elisha Berry, of this place, says he never had anything do him so much good and give such quick relief from rheumatism as Chamberlain's Pain Balm. He was bothered greatly with shooting pains from hip to knee until he used this liniment, which affords prompt relief.—B. F. BAKER, druggist, St. Paris, Ohio. For sale by Williams and Brosius.

Mr. W. A. Slingerland returned, Tuesday, from a four-weeks' trip through California. He went as far as Los Angeles and spent considerable time among the orange groves of that section. The absence of rain had made the country dry and dusty, and the water supply being limited in some places, orchards were suffering for irrigation. In the orange belt nothing is grown but oranges, and the growers depend upon the Chinese gardeners to supply them with vegetables. A cold wave came along while Mr. Slingerland was in the orange districts and the people were considerably worked up over the danger of frost. A cold snap in that country, sufficient to damage the fruit or the trees, means heavy loss.

During the 16 years' life of Riverside Lodge, A. O. U. W., it has never been honored by a visit of any officer of the supreme lodge. The greatest interest is therefore excited in the coming of Supreme Past Master Workman J. G. Tate, who will address the public at A. O. U. W. hall, on Saturday next, at 1:30 p. m. Mr. Tate was for many successive terms grand master of the Nebraska jurisdiction, and was last year supreme master of all the loyal workmen in the world. He is one of the most eloquent and earnest leaders of the order, and no one interested in the protection of the home should fail to hear him.

A good deal of comment has been indulged in regard to Joe Purser's 8-months' old pigs which he claimed would weigh six pounds each, and some who have seen the pigs say they will not weigh that much. They are so thin that it was found difficult to keep them from slipping through the cracks between the boards of the pen; but Purser finally dropped on a plan to prevent this by tying knots in their tails.

Wm. Tillett, on a recent trip to Mt. Hood, did some prospecting and discovered a quartz ledge. He sent some of the rock to Salt Lake City for assay, and it went \$45 in gold, 3 ounces of silver and a trace of copper to the ton. The ledge is about 10 feet wide. Mr. Tillett will open up half an acre the spring and ship about half a ton to a smelter in Salt Lake City to give it a thorough test.

Thursday evening, January 13th, Idlewild lodge, I. O. O. F., and Rebekah Degree lodge held joint installation services. The officers for Idlewild lodge installed were: H. J. Hibbard, N. G.; F. J. Wright, V. G.; O. G. Chamberlain, secretary; J. E. Hanna, treasurer. Rebekah Degree lodge—Mrs. Flora Hartley, N. G.; Mrs. Orpha Seymour, V. G.; O. G. Chamberlain, secretary; J. E. Hanna, treasurer.

Some people may not know it, but there is a city ordinance which provides that no person shall ride or drive horses through the streets at a faster gait than eight miles an hour. The ordinance is a good one and should be enforced.

Wedding Elder Parker arrived here Wednesday and is taking part in the revival meetings at the U. B. church.

Prof. D. Bradley photographed the Hood River public school building and the pupils in the foreground.

Mr. Wm. Boorman came up from Portland Thursday and returned Saturday.

One Minute Cough Cure cures quickly. That's what you want! Williams & Brosius.

Body Identified.
On the 7th of October last, George Aleck and Edwin Thomas, Indians, found the body of a man floating in the river below town. The coroner was summoned and an inquest failed to identify the body. Pockets cut open and bruises on the head showed that the man had been murdered and thrown into the river. The body, being badly decomposed, was interred by the coroner on the sand bar near where it was found. The body of this week there arrived at the Mt. Hood hotel Mrs. Foster of Portland, who had recently learned of the discovery of this unknown body. She was fully convinced from the description of his clothing and general appearance that the man was her husband, who mysteriously disappeared during the latter part of September. His name was A. E. Foster, and he was last seen at Pendleton, on his way from LaGrande to an old settler in Eastern Oregon, having for years been the proprietor of the Meacham toll road, and was well known. He belonged to the Masonic order, and members of the Hood River lodge immediately interested themselves in helping to identify the body. The remains were disinterred and on Wednesday were buried by the Masons in Idlewild cemetery.

Close of Our School.
At a meeting of the school board for the town district, Monday evening, it was decided to close the public school this week until after the taxpayers' meeting called for January 31st to vote a tax for the ensuing year. This action was found necessary by the board because of the lack of funds on hand. There is about \$500 yet due on delinquent taxes for 1897, and the district officers had counted upon this money to pay indebtedness already incurred. The closing of the school now will work a hardship on teachers and pupils. A good many families in the country moved to town in the fall to be near the school, and even if we have more school after the annual meeting, it will throw the school late and it may have to run into the following months, when pupils from the outside cannot well be spared at home. From what we can learn, our school is in better shape now than it ever has been to give instruction that will do the most good. Prof. Snyder deserves great credit for the hard work he has put in in organizing the school and bringing it up to its present standard of efficiency. With the present cramped condition of the finances of the district, the salary of the principal must of necessity be small, but a good portion of his meagre salary has gone for the benefit of the school.

James Hoag is a candidate for councilman on the people's ticket in Wasco. Prosperity comes quickest to the man whose liver is in good condition. De Witt's Little Early Risers are famous little pills for constipation, biliousness, indigestion and all stomach and liver troubles. Williams & Brosius.

George Ford of Louisville, Ky., 77 years old, has been married seven times, and the age of his latest bride is 17 years.

Mrs. M. B. Ford, Ruddell's, Ill., suffered for 2 years from dyspepsia and chronic constipation and was finally cured by using De Witt's Little Early Risers, the famous little pills for all stomach and liver troubles. Williams & Brosius.

The governor of Idaho, Frank Srenenburg, never wears a necktie.

Miss Allie Hughes, Norfolk, Va., was frightfully burned on the face and neck. Pain was instantly relieved by De Witt's Witch Hazel Salve, which healed the injury without leaving a scar. It is the famous pile remedy. Williams & Brosius.

Rev. D. Anderson, a negro preacher in Georgia, has created a sensation by a defense of lynching, which he condemns as sometimes justifiable. Some persons of his own color have threatened to try it on him.

It is easy to catch a cold and just as easy to get rid of it if you commence early to use One Minute Cough Cure. It cures coughs, colds, bronchitis, pneumonia and all throat and lung troubles. It is pleasant to take, safe to use and sure to cure. Williams & Brosius.

The British registrar general, Dr. Totham, has issued a supplemental report showing the influence of occupation upon male mortality. The clergy had the healthiest lives and after them came in turn lawyers, doctors and farmers.

Mrs. Stark, Pleasant Ridge, O., says: "After two doctors gave up my boy to die, I saved him from croup by using One Minute Cough Cure." It is the quickest and most certain remedy for coughs, colds and all throat and lung troubles. Williams & Brosius.

Dr. A. Robinson, a dentist of Grand Rapids, Mich., has a bull terrier which recently broke two front teeth in its fight. Robinson fixed the dog up in his chair and fitted the teeth with gold fillings, and the terrier is again on the war path.

When You Have a Bad Cold
You want the best medicine that can be obtained, and that is Chamberlain's Cough Remedy.
You want a remedy that will not only give quick relief but effect a permanent cure.
You want a remedy that will relieve the lungs and keep expectation easy.
You want a remedy that will counteract any tendency toward pneumonia.
You want a remedy that is pleasant and safe to take.
Chamberlain's Cough Remedy is the only medicine in use that meets all of these requirements. This remedy is famous for its cures of bad colds throughout the United States and in many foreign countries. It has many rivals, but for the speedy and permanent cure of bad colds, stands without a peer and its splendid qualities are every where admitted and praised. For sale by Williams and Brosius.

Mr. B. Warren is still confined to the house with rheumatism.
Grandma Rogers is quite feeble; old age is beginning to tell on her.
Wm. Ellis, sr., and wife returned from their Portland trip last Monday.
The Rogers' hill is almost impassable by being washed out with rain and not having scarcely any work done on it in the last two years.
Mr. S. Coplin is making considerable improvements on his house by way of repairing and painting inside and out. W. J. Campbell is doing the carpenter work.
Mr. A. E. Imbler is making good improvements on his place and is now grubbing the southeast corner of his land, adjoining the school house, and along the creek.
The best place for a cannery in this vicinity is the Rogers' mill, which can be bought for less money than a new building could be built for. Besides, it stands in a central location and could be reached in a short time from any part of the west side of the valley.
