## LATEST WAR BULLETINS.

WASHINGTON, May 4.—Troops will be sent to the support of Commodore Dewey at the Philippines. This much is settled. The numerical strength of the force and the time of departure will be known upon receipt of the first dispatch from Dewey, in which are expected to be indicated the commodore's ideas as to the number of men required to hold and defend the islands. It is probable that not less than 10,000 troops will compose the expedition and that they will sail from San Francisco for Manila not later than May 15th.

Telegraphic orders have been sent to San Francisco to engage nine steamers of the Pacific Mail Company, which could transport without difficulty an army of 10,000 men. Arrangements have also been made to send a supply of coal if Dewey should ask for it, but it is understood that there are 10,000 tons at Manila and good grounds to believe that the supply is much greater. Just back of Fort Cavite is a dock with abundant apparatus for ordinary ship repairs. The principal problem, therefore, is to send enough men to garrison the city, and it is believed 10,000 well-equipped American troops will be sufficient for this purpose.

The present plan is to take all the National Guard from California, Oregon, Washington, Idaho, Nevada, Colorado and far Western states generally. To these troops will be added probably a regiment of regular infantry and one of cavalry, and possibly the Texas Rangers, or one of the new volunteer regiments now being organized.

The command will probably be given to Major-General Merriam, in which case he will be made a major-general of volunteers.

While these plans have all been made in outline, they will be held in abeyance entirely until Dewey's report comes, so that it may be determined what will be necessary to do to hold the Philippines as a base of supplies for future operations in the East Indies. The government has already obtained possession, either by purchase or charter, of the Pacific Mail steamship City of Pekin, now at San Francisco, and she will be put in condition to sail by the 15th, at the latest, with coal, stores and troops for Manila.

### Latest.

PORTLAND, May 5.—For some reason details of Dewey's report are not made public.

Report from Mare Island navy yard says Dewey's losses over 50 killed and 100 wounded. Also that he asks for a hospital ship and 2,000 men.

A late bulletin says Oregon and Marietta have had an engagement off the Brazilian coast.

The GLACIER has been asked why we don't print the county and state tickets of the different parties in the field and keep them standing to let people know who is running for office. The GLACIER printed the tickets when they were nominated, but has never been favored with an order for their publication, as has been customary with former central committees. Other papers in the county are printing the tickets as advertisements. The different candidates have been assessed from \$20 to \$150 each to pay campaign expenses, which should include the publication of the ticket. The money will probably be used to send out dry statistics and old and stale speeches on the tariff or money question which no one will read. The GLACIER is not a party paper, but all others in the county take strong sides. Let the central committees send out the Mountaineer and Dufur Dispatch for the union ticket and the Chronicle and the Antelope Herald for the republicans to new names in the county, and they may expect to do more effective work for their parties than if they burdened the mails with tons of literature sent out from the East.

Considerable feeling is being expressed over the governor's appointments in the regiment formed out of the Oregon National Guard, some claiming there is politics behind it all. Eastern Oregon officers in the O. N. G. have been turned down, and some of them we consider more competent to command than others who have received commissions, yet we fail to see where politics had anything to do with it.

Those mentioned from Eastern Oregon as being turned down are all republicans same as the governor.

About six weeks ago the GLACIER received from the Acetylene Gas Machine Co., Akron, Ohio, a reading notice of about a stickful with a request to publish and send bill. To our reply that we would require pay in advance, giving them liberal terms, no answer was received. We have noticed the same ad running in our exchanges. Now comes the Caxton Caveat, which exposes all fraudulent advertisers, and says its "correspondent reports that up to this time his search for this concern has been a failure."

In striking contrast with the begging for high commissions in the army by some of our favorite generals and others is the action of Lieutenant-Governor South of Arkansas, who resigned his high office and enlisted as a private soldier to go to the front. It is noble to serve your country with a commission and shoulder straps, but a greater patriot is he who enlists as a private and carries a musket.

Commodore Dewey's victory at Manila reassures the American people of the superiority of our navy, in men and battleships, over the Spanish. It was a glorious victory, and Commodore Dewey's name will live in history along with the greatest of the world's naval commanders.

Politics are taking a rest. War is the only subject the people want to hear about. Stump speakers will have a hard time to get audiences or hold them unless they talk about the war during this campaign in Oregon.

Grazing Limits for Sheep Defined. Commissioner Hermann of the general land office issued the following order under date of April 29th:

Allow no grazing within the closed areas about Crater lake and Mt. Hood, nor in the regions about Mt. Rainier frequented by tourists. Upon representations made by the water committee of the city of Portland, grazing is hereby absolutely prohibited in the Bull Run reserve and about Mt. Hood in the Cascade reserve, north of the Barlow road and west of the summit of the divide, and east of the east fork of Hood river.

I am advised and assured by said committee that the road and divide would be unmistakable boundaries, and if sheep are excluded from all portions of the reserves embraced by them, the water supply of Portland will be preserved, and the camping grounds and places of resort on the slopes of Mt. Hood frequented each summer by large numbers of the inhabitants of neighboring villages and by tourists will be protected. Consequently the above will be the closed areas about Mt. Hood.

Daughter of the Department. THE DALLES, Or., March 31, 1898.—My Dear Comrades: At the last annual encampment of the G. A. R., held in Independence, the department of Oregon conferred upon the citizens of this place a most gracious honor by accepting our invitation to hold the next encampment in The Dalles. Our enthusiasm at that time was unbounded, and the same earnest desire to meet the members of the G. A. R. in our own homes still warms our hearts as the time draws near. Perhaps some of the veterans who read this letter did not know the department of Oregon had adopted a daughter; but be assured the daughter is yours, and through this message brings a greeting filled with honor and love and loyalty to every member of the Grand Army of Oregon.

I wish to personally invite you to visit the encampment this year, and give us the opportunity of proving to you the sincerity of our promise of a year ago. Come and meet with us (May 17th, 18th and 19th), and I assure you you will have the heartiest welcome a loving and loyal daughter can give you. MAMIE WAGLEY BRIGGS, Daughter Dept. of Oregon.

Nashville and Roseburg, 1898. The attention of the Christian Endeavers of the world is being directed to Nashville now as it was a year ago to San Francisco, and one of the greatest meetings in the history of this great movement is assured. Oregon Endeavers are looking especially towards Roseburg at this time where their annual state convention will be held May 12th to 15th. Preparations are being made in that lively burg for the reception and care of all the delegates who may find it possible to attend.

List of Letters Remaining uncalled for in Hood River postoffice May 1, 1898. Bushnell, Col G E Thompson, Peter Frohn, Antone Thompson, Frank Hyland, Fred Thomas, S. Raines, bridge carp Williams, Gus W. M. YATES, P. M.

Beauty is Blood Deep. Clean blood means a clean skin. No beauty without it. Cascarets, Candy Cathartic clean your blood and keep it clean, by stirring up the lazy liver and driving all impurities from the body. Begin today to banish pimples, boils, blotches, blackheads, and that sickly bilious complexion by taking Cascarets,—beauty for ten cents. All druggists, satisfaction guaranteed, 10c, 20c, 50c.

The latest music is the song of the candidate, which he hums to the tune of "America" about this wise: "My office, 'tis of thee—soft place reserved for me, of thee I sing! Place that I long to get, worked for in cold and wet—place that I'll have, you bet! Of thee I sing. I love thy downy bed, soft hair and tape so red, you bet I do! I love thy full control. I love thy big party roll. I'm for you heart and soul—I'm after you!"

The Goldendale Sentinel says that the new Cook road at White Salmon, when completed, will be one of the best in Klickitat county.

WANTED—TRUSTWORTHY AND ACTIVE gentlemen or ladies to travel for representative houses in Oregon. Monthly \$185 and expenses. Position steady. Reference. Inclose self-addressed stamped envelope. The Dominion Company, Dept. Y, Chicago.

Strawberry Prospects. Latest advices from the East state that strawberries from the heavy producing sections in Arkansas, Missouri and Kansas are late, owing to heavy frosts during the early blooming season. The first full car was shipped from Van Buren, Ark., on April 30th, and Sareoke, Mo., and vicinity expect to be shipping about May 10th, but as the weather is cool and damp they will probably be still later.

The California crop is now moving and the quality of the fruit is good. Comparisons show that our crop is maturing rather too early to be conducive to a good healthy market to begin with, and a generous application of ditch water is now in order.

H. F. DAVIDSON. A letter from Denver, dated May 2d, to N. C. Evans, secretary of the Hood River fruit union, says: "The strawberry crop in Arkansas and Missouri will be heavy, but on account of the cold backward rains they are ripening very slowly. As soon as the weather warms up they will ripen very rapidly and they expect the season to be very short. Arkansas berries will, no doubt, be out of the way on the 12th and the Missouri berries will be in about that time and will last possibly fifteen days, but we doubt if they will load cars that long. This will leave the market bare, with the exception of your stock, until our own comes in."

Educate Your Bowels With Cascarets. Candy Cathartic, cure constipation forever. 10c, 20c. If C. C. fail, druggists refund money.
