BRIEF LOCAL MATTERS.

Tennis shoes at the Racket Store.
 Ladies' shirt waists at the Racket Store.
 A full line of hats and caps at the Racket Store.
 Wakelee's squirrel poison, 25c a can, at Williams & Brosius.
 Wm. Yates, P. M., is authorized agent for all newspapers and periodicals.
 New goods in millinery every week at R. Rand & Son's.
 R. Rand & Son are receiving new goods every week in the dry goods and grocery line.
 License to wed was issued by the county clerk Wednesday to Frank Noble and M. A. E. Palmer.
 Dr. Jones will be in Hood River Saturday June 25th, and will remain three days, instead of the 16th.
 Bromide of Quinine Compound, cures colds while you sleep. 10 and 25 cents at Williams & Brosius, pharmacists.
 Miss Alice Frazier went to Portland Tuesday morning. Wilbur Galligan accompanied her as far as Cascade Locks.
 Mr. George Prather captured five nice mountain trout in the Improvement Co.'s ditch, just above his place, Monday.
 Mr. Dorrance Smith went to Astoria last week to take his father's place in the planing mill while Mrs. Lyman Smith is under the doctor's care.
 Dr. E. T. Carns, dentist, will visit Hood River July 1st and remain three days, 1st, 2d and 3d. Office at Mt. Hood hotel. All work at Portland prices.
 The best market prices paid in cash at the Hood River Meat Market, Clyde T. Bonney, proprietor, for chickens, eggs and live stock.

CLYDE T. BONNEY.

There is great excitement at Stevenson over the discovery of a ten-foot vein of coal on the mountain two miles back of that town. The find is located on Frank Clark's ranch, and when he goes back to it may find himself a millionaire.

Notice.—Mr. J. L. Henderson, attorney, has charge of my books, with instructions to collect all accounts overdue. I pay cash for meats and must sell for cash or its equivalent. All accounts due and payable on the 1st of each month.
 CLYDE T. BONNEY.

Now is the time to buy Hood River real estate. You can buy or lease 20 acres 2 miles from town at a bargain. This place produced 800 crates of strawberries this season; 5 acres in bearing orchard. Offered cheap because the owner is going away. Inquire of H.A. York.

Mr. Wm. Thompson left at this office a sample of volunteer oats 54 inches high on the stalk. He sowed the oats last year, but it made a poor crop and he did not gather it. This year it came up volunteer and made a pretty fair crop. We have long believed that the best time to sow oats in this valley is in the fall.

Last Saturday Capt. Jud Ferguson took a party to Cloud Cap Inn, consisting of Mrs. Georgia Rand, Miss Dot Bartlett and Miss Marden. The party had a very pleasant stay on the mountain and gathered a choice lot of wild flowers of varieties that bloom down here in the valley about Easter. They returned to Hood River Monday morning and left the inn in a snow storm.

S. E. Bartness now has the Acme steam fruit canner in stock. This canner not only saves a great deal of labor in canning fruit, but also retains the flavor and form of the fruit. There is no burning or boiling over of fruit, as the fruit is placed in the jars before cooking. Peas, beans, corn and meats may also be canned with perfect safety and saving of labor. Mrs. Bartness is making use of one and says she could not do without it. Call and see it at work in her kitchen.

I was severely afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had any cough for twenty years. Respectfully, Mrs. Mary A. Beard, Claremore, Ark. Sold by Williams & Brosius.

The committees making arrangements to celebrate the 4th of July are meeting with good success. We understand that Wasco will also celebrate and that their band has been engaged to go to The Dalles celebration. However, the invitation has been extended to our Sherman county friends to come and celebrate with us, and we may expect a goodly number of them to accept the invitation. A company of 35 or 40 of Hood River's young ladies are drilling nightly in the big armory, under instruction of Mr. Eph Winans, and the girls will be sure to make a display of military discipline on the 4th that will make us all feel proud of Hood River. The ladies of the emergency corps are untiring in their patriotic efforts to prepare for the celebration.

The strawberry harvest is ended and the crop was better than the average. Prices, so far as returns have been received, are satisfactory. At no time during the rush was there pickers enough to pick the patches clean, and the week of hot weather, followed by a week of rain, brought the shipments to a close with thousands of crates of over-ripe berries left on the vines. The first part of the season was all that could be wished for, and the fruit was fine. The shipments more than doubled those of any previous year and would have easily reached 50,000 crates had the weather continued favored two weeks longer.

Mr. A. B. Jones shipped two crates of strawberries that probably had as rough passage as any berries that ever left Hood River. These two crates were shipped to the mines in British Columbia; were three days on the cars and then carried for three days on a dead X wagon. Arrived at their destination, the crates, not being protected, were covered with dust, and the man to whom they were consigned refused to receive them. The freighter paid the expressage himself, then washed the berries and sold them out at 30 cents a pound and wanted more at the same price.

Mr. W. P. Watson, chairman of the committee of arrangements for the 4th of July celebration, is confined to his house with a lame back. The old gentleman is intensely patriotic and a whole team in himself when it comes to getting up a 4th of July celebration, and it is hoped that the balance of the committee will not long be deprived of his valuable services.

Messrs. Miles Sharpe and L. A. Thompson, who have been conducting the Gem photograph gallery in Hood River for the past month or so, left on Monday for Sherman county, where they will pitch their tent for business either at Wasco or Moro. These gentlemen are fine artists, and we can recommend them to the people of Sherman county.

Bradley's photograph gallery continues to do a good business for the reason that it is turning out a superior quality of work. Mr. Bradley is located permanently in Hood River, and it will not now be necessary to go to The Dalles or Portland to get a good picture taken.

The GLACIER is indebted to Mrs. P. A. LaFrance of Elmira, N. Y., for a bunch of wintergreen and some berries from this aromatic plant, which take us back to over 40 years ago, when as a boy we gathered partridge berries and wintergreen along the banks of the Conewago in Pennsylvania.

The Hood River box factory has the reputation of turning out a superior quality of strawberry crates and apple boxes. The strawberry crates and hallowlocks shipped here from Portland during the present season were in every way inferior to home-made product.

Miss Ida B. Roe of Eugene spent Tuesday night in Hood River, the guest of Mrs. Mercer. Miss Roe is an assistant in the English department at the university of Oregon, and was on her way to visit relatives at North Yakima, Wash.

Mr. Paul C. Bates of Portland, representing the Pennsylvania Fire Insurance company, while on his way to Heppner stopped off at Hood River for a few hours Tuesday evening to get a taste of strawberries and cream.

Mr. G. W. Backus came up from Portland last Saturday along with his daughter and her husband, Vince Circle of Princeton, who have been visiting here and at Portland. Mr. Backus will return to Portland.

Mr. P. A. Snyder returned from Baker county last Friday. While in Baker City he priced Hood River strawberries in the retail stores and found the price ranged from two to four boxes for a quarter, according to quality and packing.

The intelligent compositor last week sent W. C. Stranahan and family to Spokane when it should have read Portland. Mr. Stranahan has a good situation at his trade and will make Portland his home.

Mr. George Stranahan went to The Dalles last week and enlisted for the war. If he passes the examination he will make the tenth volunteer from Hood River.

Mr. J. J. Gibbons has received a letter from his son Riek, in New Mexico, and we are glad to learn that the climate is helping the young man.

Mr. Ed Williams has received a state diploma and is now a full-fledged druggist. He passed the examination at college with an average of 95.

Mr. S. A. Knapp is fitting up neat quarters for his new store in the Morse & Early building. See his announcement in another column.

Mr. Frank Clark bought Jack Binns' two acres of strawberries in the patch and is now shipping a fine lot of berries to the upper county.

Mr. E. V. Husbands and family of Mosier visited Grant Evans and family for a couple of days during the latter part of last week.

Mr. Simpson Bishop and family of Umatilla county are visiting his brother, T. Bishop and family.

Mr. and Mrs. Prindle, from Massachusetts, are visiting their uncle, S. M. Baldwin of Mt. Hood.

Thos. Bishop has struck a job as fireman on a steam thresher in Sherman county.

THE People's Store

Will open July 2d, in the old post office building, with a new and attractive line of Shoes and Furnishing goods.
 We are locating in Hood River because we like the country and the morality, intelligence and thrift of the people, and believe there is a bright future for Hood River valley.
 We propose, by fair dealing, courteous treatment and right goods at right prices, to merit a share of the present and growing trade. And we assure you that nothing will be gained by going to Portland or The Dalles to buy anything in our line.
 Next week we will tell you more definitely about our new goods and low prices.
 Don't forget the date—July 2d, the last Saturday before the Fourth.
 Come in, get acquainted and see our new goods. Will be glad to show them whether you buy or not.
 Seasonable goods and excellent values for the Fourth.

THE PEOPLE'S STORE.

S. A. KNAPP, Proprietor.

An effort is being made to organize a brass band in Hood River. Enough instruments can be secured, with what are now here, to equip the band so that it can render service at the coming celebration, and there is a number of experienced musicians here who would make good material for a band. Mr. Dick Fisher of Mosier, an excellent instructor, has been asked to come down and help in the organization. There is no reason why Hood River should not have a good band, and the people of the town and country we think would willingly help in outfitting the men who might organize the band.

Mr. Doug Langille had a narrow escape from drowning while fording the east fork of Hood river one day last week. His team and wagon were washed down the stream, and for a time it looked like he was bound for Davy Jones' locker, but he pulled through all right. Doug started up yesterday with a force of men to commence building a new bridge on the site of the old one, and just below the new bridge owned by the settlers.

The laborer is worthy of his hire. The GLACIER is working for Hood River. Pay day has come again. All knowing themselves indebted for subscriptions will please call. If those too much in arrears can't pay all, credit will cheerfully be given for any part. We like to be generous, but our health is not good and we don't know what kind of a man our administrator will be to deal with.

Union Laundry.—I have made arrangements to have all plain laundry work done for 25c per dozen pieces. This includes table cloths, napkins, collars, sheets, pillow slips, bolsters, towels, rollers, rugs. This notice will appear but once. You should save this paper for future reference. No less than one dozen pieces taken.

S. J. LAFRANCE.
 The Canby camp meeting will be held July 1-11, this year. The Evangelical services will be in charge of Rev. John Naugle (the Peter Cartwright of the Pacific slope). Sermons on the Higher Life and lectures on the Bible daily by eminent preachers of the M. E. church. Clean straw for campers, free pasture for horses. Good board at very reasonable rates.

Thieves stole two demijohns from the back porch of Mr. Jos. McGuire and helped themselves to cherries a few nights ago. The demijohns contained vinegar and the thieves probably thought they were making a rich haul in something that would inebriate. Judge Henry's cherry trees have also been raided.

Robt. Husbands, while loading a car of strawberries a couple of weeks ago, wrote on one side of a crate, "This car was loaded by R. Husbands, Hood River, Oregon." Monday he received a letter from an old school-mate back in Nebraska, stating that he had found his address on the strawberry crate.

The late rush caused by the strawberry business, when everybody was happy if not cranky, developed the fact that we have among us some artistic shoppers. During two engagements Hood River came out on top in great shape, while the foreigners went to grass.

Mrs. S. S. Norem is now located at the Rigby cottage and is prepared to give hot air, medicated vapor, electric, perfume or sulphur baths to ladies. Will visit ladies at their home if preferred; also shampooing and treatment for all scalp troubles.

The Eastern Star will meet on Saturday evening. A full attendance of the membership is desired. The announcement that the Star would meet last Saturday evening was an error.

The ladies aid societies of the three churches will have a refreshment stand on the grounds 4th of July and will sell ice cream, cake, lemonade, sandwiches, coffee and other refreshments.

Mr. Jas Portours, brother to Mrs. D. R. Cooper, is expected to arrive next week from New York. After a visit here he will go to Portland, where a situation awaits him.

Strawberry shipments: June 16th, 88 crates; 17th, 202; 18th, 249; 19th, 165; 20th, 123; 21st, 76; 22d, 138. Total for the week, 1,039; total shipments for the season, 36,591 crates.

A quartette from battery A, Portland, who have been picking berries in the valley, gave a serenade in town Monday evening, and furnished some good music.

Rev. E. E. Flix of the U. B. church, Portland, arrived at Hood River on the Regulator, Wednesday afternoon, prepared to camp out for a few weeks.

Mr. W. J. Smith has loaned his printing press to the Astoria Box Co., which is running it night and day making up salmon boxes.

M. S. & L. CO.'S Livery and Feed STABLES

Of Hood River can furnish comfortable conveyances to all parts of the valley and vicinity. Heavy draying and transferring done with care and promptness.

GEO. P. CROWELL,
