## BRIEF LOCAL MATTERS.

Tennis shoes at the Racket Store. Ladies' shirt waists at the Racket Store. A full line of hats and caps at the Racket Store. Waklee's squirrel poison, 25c a can, at Williams & Brosius'. Wm. Yates, P. M., is authorized agent for all newspapers and periodicals. Try one of Mrs. Noteman's shampooing of the hair. They are most refreshing. Joseph Frazier, Jr., left Saturday for Wasco, where he expects to remain for the next three or four months. Mrs. Noteman is treating several cases of eczema and nervous troubles with great success. Bromide of Quinine Compound, cures colds while you sleep. 10 and 25 cents at Williams & Brosius, pharmacists. Mr. R. O. Evans, after a week's visit with old friends at Hood River, returned to his new home at Stevenson on Saturday. Mrs. May Evans of Juneau, Alaska, who visited her sister-in-law, Mrs. Grant Evans, for about ten days, left on Saturday for her home. The best market prices paid in cash at the Hood River Meat Market, Clyde T. Bonney, proprietor, for chickens, eggs and live stock. CLYDE T. BONNEY. The item in last week's GLACIER stating that Rev. J. W. Jenkins and Mr. C. L. Cople went to Turner as delegates to the U. B. convention was all correct except that they went as delegates to the convention of the Christian church. Mrs. George P. Crowell has kindly donated the use of her kitchen and stove, with a good supply of bottles and sugar, to the use of the Relief Corps for putting up fruit to send to the soldiers. Donations of fruit will be thankfully received. Hood River peaches are ripe; blackberries are ripening; apples are fit for use; new potatoes are still acceptable; dried with their jackets on; green peas and string beans are plentiful, and the good housekeeper has no room to complain about nothing to cook. The grain harvest on the East Side is unusually large this year. If you wish to see prosperity on every hand, take a drive through this favored part of our favored valley. If you don't find contentment there it would be hard to find it anywhere on this earth. Harbison Bros. put up 15 tons of clover hay off 4 acres of land this year. Last season the same piece of ground turned off 18 tons at the first cutting and ten tons the second time. It is always lodged and badly tangled, but they drive right through it without much difficulty by fixing a stick 4 1/2 feet long on the divider board in place of the usual short one. Rev. Wm. G. Elliot and family are guests for the summer at Shushula. Mr. Elliot is now pastor of the First Unitarian church at Milwaukee, Wis., where he has a very pleasant charge in a delightful city. For several years he was located in San Francisco. During all his travels he has never found a place he likes so well as Hood River, where he spent the summers of his boyhood days. S. E. Bartmess now has the Acme steam fruit canner in stock. This canner not only saves a great deal of labor in canning fruit, but also retains the flavor and form of the fruit. There is no burning or boiling over of fruit, as the fruit is placed in the jars before cooking. Peas, beans, corn and meats may also be canned with perfect safety and saving of labor. Mrs. Bartmess is making use of one and says she could not do without it. Call and see it at work in her kitchen. Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by Williams & Brosius.

Our old friend W. P. Watson—who has done more for the horticultural interests of Oregon than any man we know of, having, as he tells us, spent \$800 for the introduction of new varieties and making our fruit known abroad—favored the GLACIER with a box of the delicious Logan hybrid berry, which is a cross between the Virginia dewberry and the raspberry. A man named Logan, of Santa Cruz, Cal., was the originator. This berry commenced ripening on Mr. Watson's place June 16th, is now in full bearing and still blooming. The sprouts cost Mr. Watson about \$5 each. Fruit men are invited to call at his place and see this wonderful fruit. Rev. A. J. Bradford, who is associated with Lyman Abbott of New York City on the editorial staff of the Outlook, and who came nearly being elected moderator of the national council, says he was in Hood River 24 years ago, and stood on the top of Mt. Hood before there was even a trail leading up. Mr. Bradford urged the members of the council not to admit from their itinerary a trip up the Columbia, saying it afforded scenery far superior to either the Hudson or the Rhine. Mr. Bradford is a descendant of Gov. Bradford of Plymouth colony, and hence distantly related to our own Bradfords of Hood River. Walter Isenberg was hurt on Tuesday while at work at Davenport's flume. A scantling fell from the top of the flume, 25 feet, and crumpled on his head. He was knocked senseless, and it was about ten minutes before he revived. He received bruises on his forehead, cheek and chin, but has been patched up and soon will be good as new.

Mrs. C. J. Bradley, sister-in-law of Mr. D. Bradley, arrived in Hood River last Saturday from her home in Sterling, Montana. In Montana she purchased a crate of Hood River strawberries, paying 25c a box. She preserved the berries and brought some of the preserved fruit with her back to Hood River. Dr. J. F. Watt, on Tuesday morning, performed the wonderful feat in dentistry of extracting two teeth from a babe only five days old. The doctor has the two tiny teeth in his possession to prove the truth of this feat. The child is a Hood River product, of course. Hood River still leads. Mrs. Bert Graham is visiting her sister, Mrs. Jos. Brant, in Vancouver. Mrs. Brant came up last Saturday to take her home with her. Miss Grace Graham went down Tuesday and will visit in Vancouver and Portland and attend the Chautauqua at Gladstone Park before her return. Geo. P. Morgan died at Cascade Locks Monday, after an illness of several months. Deceased was a good citizen and well known throughout the county. He was a cousin to W. J. I. N. and S. G. Campbell of Hood River. Willie Carstens has struck out for himself and to see the world. His father received a letter from him at Simcoe. He writes a good bold hand, but like other Hood River boys, is behind in spelling. W. S. Boorman returned last week from the Sumpter mining district. Mr. Boorman and his son Eben have located a placer claim, which Mr. Boorman says bids fair to turn out something good. Mr. Geo. McIntosh is now gauger for the Improvement company, and since last Saturday there has been a good head of water in the ditch, which extended to its furthest laterals. Mrs. C. L. Gilbert, daughter Maud and son Clarence, left The Dalles last Sunday night for Peru, Indiana, where Mrs. Gilbert was called by the serious illness of her mother. Fay LaFrance and Hester Howe will leave Sunday for Astoria, where they will visit with Mr. Lyman Smith, and expect to spend some time at the coast before returning. Miss Bertha Prather and Miss Vera Jackson sold 35 photos of the girls' military company by canvassing. Mr. Bradley will sell about 100 of these popular photos. Capitalists are hereby informed that there is a chance to make a good investment by loaning \$800 to school district No. 4, for the erection of a school house. Miss Lillian Ackerman, a graduate of the university of Oregon, class of '98, came up from Portland last week and is visiting with relatives in the valley. John Chapman started on Monday for the harvest fields at Walla Walla, going overland and working his passage on the hurricane deck of a cruise. Mr. Frank Noble and bride returned from their wedding trip on Tuesday and were on the Regulator when it was wrecked at the Cascades. Mr. Bradley has added a large portrait camera to his already well equipped gallery and is now better prepared than ever to do good work. H. C. Hengst and family, John Kelley and family and J. C. Miller and family spent Sunday of last week at the forks of Hood River. Mr. A. W. King's family have been having quite a siege of it with the measles. Mrs. King is quite sick with the disease. Deacon J. N. McCoy and wife were in attendance at the national council of Congregational churches at Portland last week. Rev. Gray of the Lutheran church of The Dalles will preach in the U. B. church next Sunday evening, 8 o'clock. Mrs. S. Koplin left Wednesday for Netraska, where she was called by the serious illness of her father. Mrs. J. M. C. Miller of Philomath and Mrs. Deaver of Portland are visiting friends in Hood River. County Commissioner N. C. Evans attended his first session of the county court last week. Mr. Pratt Whitcomb came up from Portland last week and returned home yesterday. Miss Edna Jones of Tekeo, Wash., is visiting her uncle, J. J. Luckey and family. E. W. Udell went to Sherman county on Wednesday to work in the harvest fields. Mr. L. Neff made a trip to Sherman county last Saturday, returning next day. Miss Lillian Ackerman has been engaged to teach the school at Mosier. The boats of the Regulator line now land at the old Backus landing. Mr. Robert Foley returned from Crook county last Saturday.

**Died.**  
In Hood River, July 10, 1898, Mrs. Elizabeth J. Smith, aged 57 years, 4 months and 22 days.

Elizabeth Jane Quick was born in Illinois, February 18, 1841. In 1852 she crossed the plains to Oregon with her parents, was married, in 1863, to Chas. H. Haynes, a pioneer and Indian war veteran. About 1874, with her husband, she came to Hood River and resided at Haynes Spur, where her husband died in 1886. May 20, 1897, she was married to Mr. Lyman Smith, long a resident of Hood River and now residing at Astoria. Two months ago Mrs. Smith was taken ill and came from Astoria to Hood River, hoping to regain her health among the health-giving hills where she had spent so many days in vigorous womanhood. But fate ruled otherwise. Physicians pronounced her malady cancer of the stomach. She was taken to Portland, where specialists could do nothing for her, and she returned to Hood River to die. Mrs. Smith was a true-hearted Christian woman, loved by all who knew her. She did much for charity in her quiet way, and many friends outside of her immediate relatives will mourn the loss of this noble woman. She leaves a sorrowing husband; an adopted son, Wm. Haynes, grandson Bruce Morton, 12 years old, and three sisters. Deceased was a profound Christian and a member of the M. E. church. Rev. J. T. Merrill preached the funeral sermon in the M. E. church to a large audience on Tuesday, at 10 o'clock, and a long procession of carriages followed her remains to Idlewild cemetery.

**Card of Thanks.**  
I wish to tender through the columns of the GLACIER my sincere thanks to the many kind friends who administered to the comfort and helped to alleviate the suffering of Mrs. Smith. Friends indeed are they, and they will ever retain a warm place in my memory. LYMAN SMITH.

Taylor received notification that the supreme court of Michigan had decided the case he had pending before that court, in his favor. He also received a number of telegrams congratulating him on the termination of his case.—Mountaineer.  
Mrs. H. F. Davidson was made very sick Monday night after taking, as she supposed, two quinine capsules. The capsules were prepared, and Dr. Shaw, who was called, said they contained cocaine. Mrs. Davidson was deathly sick, and only prompt medical assistance saved her life.  
Hon. J. W. Morton's children have the whooping cough.  
Wm. Tillet's three children are down with measles.  
"I have used Chamberlain's Cough Remedy in my family for years and always with good results," says Mr. W. B. Cooper of El Rio, Cal. "For small children we find it especially effective." For sale by Williams & Brosius.

GILFORD D. WOODWORTH, Of Hood River, county of Wasco, state of Oregon, has this day filed in this office his sworn statement No. 100000 for the purchase of the northeast 1/4 of northeast 1/4 of section No. 21, in township 2 north, range No. 10, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver at this office at The Dalles, Oregon, on Saturday, the 11th day of July, 1898. He names as witnesses: Fred Kantz, Frank Devenport, Fred Hiett and John Nickelson, all of Hood River, Oregon.  
Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 6th day of August, 1898.

Wikoff of San Francisco, secretary of the Congregational building society, will preach in the evening at 8 o'clock. The town of Antelope, in this county, was almost totally destroyed by fire last Monday morning. The fire started in the bowling alley at two o'clock in the morning, and as the town had no fire protection, the flames soon did their work. Among the buildings consumed were the Masonic hall, W. D. Jones' big red barn, Patterson's notion store, Silvertooth's saloon, Kirckheiser's blacksmith shop, Dr. Pilkington's drug store, the post office and notion store, Glisan & Brown's furniture store, Occidental hotel and a small building adjoining. The fire is supposed to have originated from a cigar or cigarette stump thrown into a box of sawdust.
