 The annual county teachers institute will convene at The Dalles September 7th and continue three days.
 The families of Judge Henry and J. E. Rand returned home from camp at Stevenson last Thursday.
 Mrs. Koplin returned home last Friday. Her father was never conscious but twice after she reached his bedside.
 Pine squirrels are becoming numerous everywhere in the valley. It is said they drive away the big gray squirrels.
 E. H. Pickard, painter and decorator; estimates gratis; prices moderate; satisfaction guaranteed. Leave orders at Glacier pharmacy.
 Mr. Charles Rogers of Frankton has opened a wagon repair shop, which will be of great convenience to the people of that neighborhood.
 Seneca Fouts, who is first sergeant in the Oregon volunteers, telegraphed his father at The Dalles that his company would leave for Manila Aug. 23d.
 Mr. Chas. H. Jenkins, general agent for the Bill-Kenderfer type-writer, was in town last week. For merit and cheapness the machine he represents is hard to beat.
 Mrs. Bartness has canned with the Acme Steam Canner over 100 quarts of fruit, peas, beans and fish without the loss of a single jar. Call and see the canner at S. E. Bartness.
 Hon. J. W. Morton is delivering a fine lot of peaches of the Early Crawford variety. The Morton ranch is one of the oldest in the valley and well sustains its reputation for early and fine fruit.
 Mr. Wm. Carlisle and family of Atchison, Kant., are visiting S. E. Bartness and family. Mr. Carlisle is a saw mill man and has extensive mills and lumber camps in the rich woods of Southeastern Arkansas.
 The Oregon industrial exposition at Portland, September 22d to October 22d, will have some wonderful topographical maps of the various battles of the late war and explanations of how they were fought.
 Mr. W. R. Winans has recently finished the improvements of the new road from Tucker to Winans. Five turnouts have been made on the grade just above Tucker, and the road has been greatly improved as far as Diversion place.
 The demoralized condition of the market for blackberries stopped all shipments last week. Everybody was shipping independently, which caused congestion in some places, and the bottom dropped out of the market. This gives us an idea how the strawberry crop will pan out when all get to shipping independently.
 Proceedings of the American Pomological Society, session of 1897, published in pamphlet form, is an interesting book and contains much information for the horticulturist. The reports on new varieties of fruit are very complete, and the state reports, showing the adaptability of different sections to the different kinds of fruit. Among the latter is a good report from E. L. Smith, president of the Oregon State Horticultural Society.
 About one month ago my child, which is 15 months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about 25 operations of the bowels every 12 hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Borgs, Stumpston, Gilmer Co., W. Va. For sale by Williams & Brosius.

Mr. D. R. Cooper returned last week from a trip to Lost lake, where he was in camp ten days. He says dog fish are very plentiful in the lake and are eating the spawn of the trout, and it is only a question of a short time when the trout will be exterminated. These dog fish are very easily killed, and he thinks something ought to be done to rid the lake of their presence. The party he was with killed thousands. They come to the edge of the water to feed and can easily be killed with clubs. It is in order for some one to circulate a subscription paper to raise means to send a couple of men to the lake to kill dog fish.

An incipient runaway was headed off Monday by Mr. Henry McGuire near the meat market. Mr. B. Warren had left his team standing in front of the post office while he went in for his mail. The wagon brake got loose and the team started, and had it not been for the timely intervention several crates of blackberries might have been distributed about town.

The employees of the O. R. & N. construction crews have been flooding the town recently with pay checks of varying denominations, and in consequence there was a famine in the supply of small change. One man on Saturday tried at every business place in town, besides several individuals, but failed to get his twenty busted.

Jerome Wells made final proof on his homestead last Tuesday. His witnesses were Capt. F. M. Jackson and Peter Kopke. Mr. Wells has a fine piece of land and a good home on the hills between Neal creek and Rook creek.

Mr. John Dark was seriously injured by the upsetting of his wagon while hauling wood to the bluff at the top of the chute at White Salmon. He laid unconscious for several hours, but when he came to he managed to mount a horse and ride home, where he was unable to get from his horse without assistance. He is injured in the right hip and has a gash cut in the groin.

While passing over the county bridge last Wednesday Mr. D. A. Turner's horse got both hind feet through the planking on the west approach. The horse, however, after a hard struggle, got his feet out without breaking any bones. It was a close call for a damage suit against the county.

To Cure Constipation Forever. Take Cascarets Candy Cathartic. 10c or 25c. If C. C. C. fail to cure, druggists refund money.

Gen. Greeley's 278 Days of Death. The true story of those 278 days of suffering by Greeley's heroic little band of explorers in the Arctic region has been told by General Greeley himself, for the first time, for the October Ladies' Home Journal. For years Gen. Greeley has kept an unbroken silence about his fearful experience and that of his companions, as they dropped dead one by one at his side, and it was only after the greatest persuasion that the famous explorer was induced to write the story.

Beauty Is Blood Deep. Clean blood means a clean skin. No beauty without it. Cascarets, Candy Cathartic clean your blood and keep it clean, by stirring up the lazy liver and driving all impurities from the body. Begin today to banish pimples, boils, blotches, blackheads, and that sickly bilious complexion by taking Cascarets,—beauty for ten cents. All druggists, satisfaction guaranteed, 10c, 25c, 50c.
