

I Have No Stomach

Said a jolly man of 40, of almost aldermanic rotundity, "since taking Hood's Sarsaparilla." What he meant was that this grand digestive tonic had so completely cured all distress and disagreeable dyspeptic symptoms that he believed, and slept in comfort. You may be put into this delightful condition if you will take Hood's Sarsaparilla America's Greatest Medicine.

The English Archaeological school on the island of Milo recently unearthed three cities built on top of each other. Two belong to the Mycenaean period.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by catarrh, which, if not cured, has a dangerous condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Music for Invalids.

Miss Anna Estell Wilson, of New York, has found a decidedly novel occupation. She prepares music for invalids. She says that although the healing power of music is yet only dimly perceived, nevertheless physicians acknowledge that its proper use produces highly beneficial effects. Under the influence of certain kinds of music the nerve cells, if depleted or too relaxed, may be stimulated to more vigorous action. Music of an opposite character will diminish too great nervous activity and tend to produce a condition of peace and restfulness. Several physicians commend Miss Wilson's system. She does not say anything about how many different diseases of the nerves one piano in a flat house is capable of producing in a very short time.

A German has just completed a bicycle that has one wheel nine feet in diameter. Two people ride it—one on each side of the monster wheel. It runs as easily as a smaller bicycle because of its scientific construction. AIDED BY MRS. PINKHAM.

Mrs. W. E. PAXTON, Youngtown, North Dakota, writes about her struggle to regain health after the birth of her little girl:

"DEAR MRS. PINKHAM:—It is with pleasure that I add my testimony to your list, hoping that it may induce others to avail themselves of your valuable medicine.

"After the birth of my little girl, three years ago, my health was very poor. I had leucorrhoea badly, and a terrible bearing-down pain which gradually grew worse, until I could do no work. Also had headache nearly all the time, and dizzy feelings. Menstruations were very profuse, appearing every two weeks.

"I took medicine from a good doctor, but it seemed to do no good. I was becoming alarmed over my condition, when I read your advertisement in a paper. I sent at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and after taking two-thirds of the bottle I felt so much better that I sent for two more. After using three bottles I felt as strong and well as any one.

"I think it is the best medicine for female weakness ever advertised, and recommend it to every lady I meet suffering from this trouble."

Maternity is a wonderful experience and many women approach it wholly unprepared. Childbirth under right conditions need not terrify women.

The advice of Mrs. Pinkham is freely offered to all expectant mothers, and her advice is beyond question the most valuable to be obtained. If Mrs. Paxton had written to Mrs. Pinkham before confinement she would have been saved much suffering. Mrs. Pinkham's address is Lynn, Mass.

REBELS VICTORIOUS.

Fifteen Hundred Chinese Troops Slain and Bodies Thrown in River.

San Francisco, Aug. 23.—News has just reached here from the Orient that early in July there was a battle between the rebels at Wu Chow and the imperial Chinese troops, in which the former were victorious. Over 1,500 of the troops were slain, and their bodies thrown into the river. The Do Sing, under Captain Tholeman, was engaged to take about 1,000 Chinese troops to the scene of the rebellion.

From the time the Do Sing left Canton until she reached Wu Chow, 300 miles up the river, Captain Tholeman had trouble with his crew, the Chinese sympathizing with the rebels. One, a comrade, began inciting them to mutiny, and the captain alleges that in self-defense he was compelled to shoot the man. The comrade died from his wound the next day.

Captain Tholeman was placed under arrest, and as soon as opportunity afforded was sent down the river to Canton. On his journey he was confined in an iron cage, and on arrival was placed in the British jail.

On account of the claim of American citizenship made by Tholeman, there is a bitter feeling against all Americans in that district.

MILITARY OCCUPATION.

General Merritt Has Proclaimed Government for Manila.

London, Aug. 23.—The Manila correspondent of the Daily Telegraph, in a dispatch dated Sunday, says: General Merritt has proclaimed a government of military occupation. The news of the armistice arrived on the 18th. It is feared that the Americans may restore the Philippines to Spain and thus inaugurate a fresh period of tyranny, extortion and rebellion.

The Americans found \$500 in the Spanish treasury.

Foreign opinion is loud in praise of the action of the American commander in excluding armed rebels from the city. It is believed his firmness saved Manila from pillage. A week ago there appeared to be a possibility of collision with the rebels, but there is no danger now. Everything is quiet.

More Troops Arrive.

Manila, Aug. 23.—The American transports Peru and Puebla, having on board General Otis and General Hughes, arrived here at 8 o'clock this morning. There was no serious illness on board either of the vessels.

DEWEY AND MERRITT.

Heroes of Manila Are Congratulated by the President.

Washington, Aug. 23.—President McKinley tonight cabled to Admiral Dewey and General Merritt his and the nation's congratulations upon their capture of Manila. The text of the dispatch to Admiral Dewey is as follows:

Executive Mansion, Washington, Aug. 23.—Admiral Dewey, Manila: Receive for yourself and the officers, sailors and marines of your command my thanks and the congratulations and those of the nation for the gallant conduct all have again so conspicuously displayed. WILLIAM M'KINLEY.

Following is the text of the dispatch to General Merritt:

Executive Mansion, Washington, Aug. 23.—Major-General Merritt, U. S. A., Manila. In my own behalf and for the nation I tender to you and to officers and men of your command sincere thanks and congratulations for the conspicuously gallant conduct displayed in your campaign.

WILLIAM M'KINLEY.

The Arizona Off for Manila.

San Francisco, Aug. 23.—The transport Arizona, with Major General Merritt and staff and about 1,300 troops, sailed for Manila via Honolulu just before noon today. The Scandia, with another detachment of soldiers, will depart in a few days. It is understood that General Merritt carries with him plans and authority to construct barracks and hospitals for the troops at Honolulu, which port is now attached to the department of the Pacific, of which he is the commanding officer.

Steamship Lost.

Falmouth, England, Aug. 23.—The British steamer Toledo, Captain W. S. Hart, which sailed from Galveston on July 20 for Rotterdam, struck on Grim Rock, Sicily islands, last night in a dense fog and foundered almost immediately in 35 fathoms of water. There was just time to launch a large boat, and all were saved, many clad in their night clothes only.

The Toledo was built in Sunderland in 1882 for John Tully. Her net register was 1,818 tons; gross register, 2,843 tons. She was 301 feet long by 42.1 feet in breadth and 28.3 feet depth of hold.

From Copper River.

Seattle, Aug. 23.—One hundred and fifty disappointed prospectors arrived here tonight from Copper River, Alaska, on the steamer Excelsior. They brought with them copies of a set of resolutions passed at a recent miners' meeting, setting forth that gold in paying quantities had never been discovered in the vicinity of Copper River, and that the Valdes glacier was impassable for large outfits. The resolutions also censure the boom of the country by certain transportation companies.

Porto Rico Tariff Rates.

Washington, Aug. 23.—The war department has promulgated tariff rates for Porto Rico. The rate is the Spanish minimum tariff heretofore enforced in the island. The tobacco schedule is the same as for Cuba.

Shafter has informed the war department that it will not be necessary to send any more troops to Santiago for the preservation of peace and good order.

MUSTER-OUT TO BEGIN.

Corbin Will Send From 75,000 to 100,000 Volunteers Home.

New York, Aug. 22.—A special dispatch to the Tribune from Washington says: Adjutant-General Corbin said in an interview that he was going to muster out between 75,000 and 100,000 volunteers as soon as practicable. The selection of the regiments will not be made arbitrarily, but having in mind, first of all, the reports of the regular army officers now with the volunteers. The highest consideration will be given the wishes of governors, as well as of the regiments themselves. The interests of the national government demand the disbandment of troops secured under the second call in certain instances, and in other cases regiments raised under the first call, which have had service and which have been materially reduced in efficiency through sickness, will be the first to go.

It will not be feasible to issue a general order or to prepare a complete list covering all the forces to be mustered out for some time to come. On the contrary, as soon as an agreement is reached regarding any particular regiment, it will be immediately sent to the state camp, and as soon as its property can be turned over to the government and its accounts settled, the individual records of its officers and men will be completed and they will be discharged from service under the United States.

The only mustering out orders issued up to the present time, relate to the First Vermont Infantry.

It was originally proposed that the regiments organized under the second call which had not left their states should be immediately disbanded, and this plan will probably be followed out with very few exceptions.

Ordered Home for Muster Out.

Washington, Aug. 22.—Orders were given today for the return to their states of the following regiments: First Illinois cavalry and First Maine infantry, now at Chickamauga; Second New York infantry, now at Fernando, Fla., and First Vermont infantry at Chickamauga. Similar orders will be issued from day to day to other volunteer regiments selected for mustering out.

FOR HONOLULU.

Over Three Hundred Men Wedged Aboard the Little Alliance.

San Francisco, Aug. 22.—Three hundred and twenty-five officers and men of the New York regiment embarked on board the steamship Alliance this morning, and will sail for Honolulu today. The ladies of the Red Cross Society furnished the men with luncheon before they went on board the Alliance, which is a very stanch little vessel, but entirely unsuited for the transportation of so many men. Merritt stated today that the Scandia and Arizona will probably sail some time Tuesday forenoon.

In addition to their troops, the two transports will carry 1,000,000 rounds of ammunition for the Philippine forces. It is now on the way from the East, and although the railroad company is hurrying it westward, it will not be possible to get it all aboard the two vessels. The troops will embark in the afternoon, and the transports will then anchor in the stream until their departure.

Yellow Jack Subdued.

Washington, Aug. 22.—The war department is not alarmed about yellow fever among the troops in the United States, but a close watch is being kept at all points where there is the least danger. Three cases at Key West were the only ones reported in the South, and no additional cases have been reported in the last three days. At Montauk Point there are several suspicious cases, but if it is yellow fever it is of a very mild type.

With American Consent.

Berlin, Aug. 22.—A dispatch from Hong Kong, dated August 19, and evidently official, says: The Kaiser Augusta, which left Manila with dispatches from Admiral Dietrichs, after the fall of that city, will return there today. Augustin and his family arrived on board the cruiser. Von Dietrichs, at the request of Augustin, gave them passage by arrangement with the American commander. Augustin has left Hong Kong en route for Spain.

Slaughter in China.

London, Aug. 22.—The Hong Kong correspondent of the Times says: "The slaughter in Southern China continues. Corpses float past Wu Chow daily. Two hundred rebels who had entered Tai Wong Keng were defeated by General Mawho, who killed 100 of the rebels and took 40 of them prisoners. The gentry in the districts of Pakian and Wu Gun daily send to the magistrates between 10 and 20 rebels for execution."

Military Prisoners Escape.

San Francisco, Aug. 22.—Three prisoners escaped from the military prison on Alcatraz Island last night. They secured a rowboat and started for the mainland at dark. Sentries fired at them, but no trace of the fugitives has yet been discovered.

Two Privates Killed.

Kansas City, Mo., Aug. 22.—Alphonso Dayton, a private in the Twenty-third Kansas volunteer infantry, and another negro were run over and killed by a Union Pacific passenger train west of here today.

Injured at a Bullfight.

London, Aug. 22.—A dispatch from Madrid to the Times says: It is reported that at a series of bullfights at the village of Vicalvaro, four miles from Madrid, on Monday, 25 persons were injured.

Strengthening the Navy.

Berlin, Aug. 22.—The Russian government has ordered a 5,000-ton ironclad vessel from the Krupp works at Kiel and a similar vessel from the Vulcan works at Tattin.
