Our Sunday Victories.

The old saying, "The better the day, the better the deed," seems to find substantial support in our war with Spain. Dewey's great victory at Manila was fought on Sunday, May 1; Schley discovered Cervera's ships hidden in the harbor of Santiago on Sunday, May 20; Cervera's fleet was smashed by Schley on Sunday, July 3; the Spanish flag on Morro castle, Santiago, was hauled down on Sunday, July 17; and the first battle between our land forces and the Spaniards at Manila began on the night of Sunday, July 31, ending in a victory for the American troops.—Leslie's Weekly.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube gets inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an indamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

MRS. LUCY GOODWIN

Suffered four years with female troubles. She now writes to Mrs. Pinkham of her complete recovery. Read her letter:

DEAR MRS. PINKHAM:—I wish you to publish what Lydia E. Pinkham's Vegetable Compound, Sanative Wash and Liver Pills have done for me.

I suffered for four years with womb trouble. My doctor said I had falling of the womb. I also suffered with nervous prostration, faint, all-gone feelings, palpitation of the heart, bearing-down sensation and painful menstruation. I could not stand but a few minutes at a time.

When I commenced taking your medicine I could not sit up half a day, but before I had used half a bottle I was up and helped about my work.

I have taken three bottles of Lydia E. Pinkham's Vegetable Compound and used one package of Sanative Wash, and am cured of all my troubles. I feel like a new woman. I can do all kinds of household work and feel stronger than I ever did in my life. I now weigh 131½ pounds. Before using your medicine I weighed only 108 pounds.

Surely it is the greatest medicine for weak woman that ever was, and my advice to all who are suffering from any female trouble is to try it at once and be well. Your medicine has proven a blessing to me, and I cannot praise it enough.—Mrs. Lucy Goodwin, Holly, W. Va.

A FULL TICKET NAMED.

Complete Fusion Was Effected at Ellensburg, Wash.

Ellensburg, Wash., Sept. 13.—The Populist, Democratic and Silver Republican state conventions, representing the silver forces of the state of Washington, formed a fusion today, and nominated the following ticket:

Representatives—James Hamilton Lewis, Democrat, of Seattle, and W. C. Jones, Silver Republican, of Spokane.
Supreme judges—B. F. Heuston, Populist, of Tacoma, and M. M. Godman, Democrat, of Dayton.

Fusion was accomplished by the Populists conceding to the Democrats one of the nominees for supreme judge.

Joint Platform.

The joint platform committee reported the following union platform, which was adopted by the Populists, Democrats and Silver Republicans:

"We demand the re-establishment of bimetalism by a return to the free and unlimited coinage of both gold and silver into money at the present legal ratio of 16 to 1, without waiting for the action of any other nation.

"We demand that our money shall be issued by the government only, without the intervention of banks of issue, as full legal-tender for all debts, public and private; that the volume of the circulating medium shall be sufficient to meet the requirements of the business of the country, for the purpose of restoring and maintaining a just level of prices for labor and commodities, to a realization of all of which we pledge our representatives in congress.

"We demand that there shall be no further issue of United States interest-bearing bonds.

"We denounce government by injunction.

"We demand the election of United States senators by a direct vote of the people, and pledge our members of congress to use every means in their power to secure the submission of a constitutional amendment providing therefor.

"We take pride in commending the admirable record of Senator George Turner and W. C. Jones and James Hamilton Lewis, our representatives in congress, and congratulate members of our party on the high station attained by them in the councils of the nation.

"We believe that the majority should rule, and upon all grave public questions the voice of the people should be heard directly; and for the purpose of securing this most essential reform, we pledge the legislature of the state of Washington to be elected at the coming election to the submission of such constitutional amendments as shall effectually secure to the people the power to initiate, enact and repeal laws.

"We demand adequate protection for the people of this state against railroad monopoly by the passage of just laws governing freight and passenger rates, and we specifically demand a 3-cent-per-mile passenger rate and a material reduction from present freight rates.

"We demand that no public franchise be granted without adequate compensation to the people, and favor the adoption of such legislation as shall secure that result.

"We are in favor of liberal exemptions from taxation and declare ourselves in favor of a constitutional amendment to secure that end.

"We demand that the rate of interest on state warrants be reduced from 8 to 6 per cent."

HIGH-HANDED PROCEEDINGS.

Recruiting Agents Impressing Employes of Foreign Residents.

Manila, Sept. 12.—Recruiting agents of the insurgents are causing further trouble. They have been impressing employes of foreign residents, including those of the British consul, and several foreigners have complained that native grooms are taking their employers' horses and joining the insurgents.

American army chaplains have instituted Protestant services in private buildings. Such services were never previously held in the history of the Philippines.

In conformity with the new regulations, most of the Spanish steamers are taking American registry. The native crews refuse to serve under Spanish officers, and the insurgents demand that the American authorities employ no Spaniards in any capacity whatever.

The insurgents continue divided between those who advocate absolute independence and those who favor an American protectorate.

The British cruiser Powerful arrived today and saluted Admiral Dewey. General Otis responded from the Utah battery in the citadel. It was the first salute since the surrender.

Board of Inquiry.

Washington, Sept. 12.—President McKinley has tendered places on the proposed commission to investigate the war department in relation to the conduct of the Hispano-American war to Major-General Schofield, ex-commanding general of the army, and to ex-Senator John B. Gordon, of Georgia.

Barred by a Cave-In.

Butte, Mont., Sept. 12.—A cave-in of ground in the Ruby mine, just outside of the city, this morning, buried Joseph Kutma and Harry Andrews. The men were working in the stope on the 150-foot level. Men have been working on the fall ever since, but up to midnight had not recovered the bodies. Both men were unmarried.

A Denver Tragedy.

Denver, Colo., Sept. 12.—W. H. Lawrence, of Cleveland, O., was shot and probably mortally wounded in a room at the Oxford hotel this afternoon by a woman who is known here only as Florence Richardson. The woman then shot herself in the heart, dying almost instantly. Mr. Lawrence was taken to St. Luke's hospital. The doctors in attendance give no hope of his recovering. The hall entered his back and passed clear through the body, coming out at the left nipple.

WEEKLY MARKET LETTER.

(Reported by Downing, Hopkins & Co., Inc., Board of Trade Brokers, 711 to 714 Chamber of Commerce building, Portland, Oregon.)

The wheat market was a very dull affair during the past week; foreigners will not buy and farmers will not sell. The principal item of news during the week was the September report of the statistician department of agriculture showing the following average condition September 1: Corn, 84.1; wheat, 86.7; oats, 79.0; barley, 79.2; rye, 89.4; buckwheat, 88.8; potatoes, 77.7. The decline in the average condition of corn during August was 2.0 points, and the condition on the 1st inst. was 4.8 points higher than on September 1, 1897; 6.9 points lower than on September 1, 1896, and 0.8 of a point higher than the mean of the September averages for the past 10 years.

There was marked decline during August in several of the principal corn-producing states, the decline amounting to 10 points in Iowa, 9 points in Kansas and 23 points in Nebraska. On the other hand, 21 states show a more or less improved condition. The condition of wheat, 86.7, is one point higher than on September 1, 1897; 12.1 points higher than on September 1, 1896, and 5.1 points above the mean of the September averages of the last 10 years. In accordance with its practice, the department has not yet made any quantitative estimate of the wheat crop, and will not do so until it completes its revision of the wheat acreage, which shows some increase over the preliminary figures. The average condition of oats was 79.0 against 84.6 on September 1, 1897, and 74.0 on September 1, 1896, and a September average for the last 10 years of 80.0. The average condition of barley was 79.2, as compared with 86.4 on September 1, 1897; 83.1 on September 1, 1896, and a September average for the last 10 years of 84.7.

The Great Hegelmans Coming to the Exposition.

Portland, Or., Sept. 12.—(To the Editor.)—This is a most beautiful and attractive city, and its live people are up and doing in the march of progress.

The Hegelmans are coming to the Oregon Industrial Exposition, and they are an attraction that will be long remembered, for they are the greatest aerial gymnasts in the world. They command princely salaries, and people who have seen them in San Francisco, where they are now playing, say that they alone are worth ten times the price of admission. They limit their performances this season to three places in the United States—San Francisco, Portland and New York, then they return to Europe. The exposition management was bound to have star attractions, and certainly secured a big one in the Hegelmans.

Other attractions are being arranged for, and people who come to the exposition this year will have plenty of amusement in connection with instruction and sight-seeing and promenading through the big building.

The full military band which has been engaged to give concerts day and evening during the exposition is now giving daily concerts at a big fair in San Francisco, and is delighting thousands of people. Such music will be appreciated in the Northwest, and those who attend the exposition will be given every opportunity to enjoy it.

Advices from all parts of the Northwest indicate that many people are coming to the exposition who have not been in Portland for years. They will find that many improvements have been made here and that the city has grown. And they can see all these improvements at a cost of almost nothing in time and money, for Portland has one of the best street-car systems in the world. Electric cars vibrate to all parts of the city and its suburbs, and you can take a car every few minutes. Excursions to the beautiful city park, the heights, Willamette falls and other attractive points are thus quickly and cheaply made. At the city park visitors not only see a very pretty place, but also see a large collection of bears, cougars, wolves, alligators and other wild animals, besides eagles, owls and all kinds of feathered families.

The great Exposition building is being rearranged and made attractive, and every evening during the exposition it will be illuminated with countless electric lights, and the display along that line will be the grandest ever seen in the Northwest.

The farmers and fruit-growers of the Northwest are taking a very laudable interest in the exposition, and the display of their products will be large and creditable, and many special features are being arranged for their benefit and edification, and the farmers' wives and daughters will find in the exposition many exhibits and attractions that will be especially interesting to them, not the least of which will be the free cooking lectures by Miss Sozy Tracey, who is an acknowledged scientific expert in that line.

The solid and enterprising business men of Portland are all behind the exposition, and are pushing it along. They know that it is a good thing for the whole Northwest, and their committees are meeting every night to arrange for and engage new attractions and make the exposition beneficial to all, and the railroad and steamboat companies are going to give low special rates, so that all may come and enjoy themselves and be edified, instructed and amused.

IMPROVEMENTS IN FLYING MACHINES.

Inventors are plenty who can make a machine that will rise and float in air, but the one improvement which none has succeeded in making is an apparatus that will guide the machine through the many treacherous currents of air. In this respect humanity is fortunate in having Heston's Stomach Bitters, which acts as a safe guide by curing treacherous stomach, liver and blood diseases, giving a good appetite, a strong constitution and nerves like steel.

It has been proved, as the result of experiments, that the circulation of the blood is affected by music.

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

Crown and Bridge Work.

If you are in need of artificial teeth be sure they are modern and strictly up to date. If you have a few teeth do not have them extracted, but have bridges made. The L. L. White system of crowns and bridges is acknowledged to be the latest and best. All persons who are fortunate enough to have crowns and bridges made according to this system are delighted, and never cease in their praises of the comfort they derive from their new teeth. It also more perfectly restores the features of the face than any other method. This system of artificial teeth is more easily kept clean than any other. A large number of Portland people are wearing our make of artificial teeth and crowns, and several of them had worn crowns and bridges of other systems, and they assert that for comfort, cleanliness and artistic appearance nothing can equal the White system. Dr. White also uses all the latest electrical appliances for painless filling and extraction of teeth.
