The Fruit Growers' Meeting.

The adjourned meeting of the stockholders of the Hood River Fruit Growers' Union met last Saturday. Upon the call of the roll, when the meeting was called to order, it was found that only 113 shares of stock were represented, 25 less than a quorum. A committee of five was appointed to go out on the streets and drum up a quorum. The committee soon returned with more than enough votes to make a quorum. The minutes of the last regular meeting were then read and approved. The reports of the secretary and treasurer were read and adopted. Following is a summary of the secretary's report:

Number crates shipped	21,388
Freight and refrigeration	\$12,723.42
Commission	4,004.90
Net returns to union	29,552.12
Gross sales	46,890.51
Crates charges	2,558.32
Union charges	1,711.85
Distributed to growers	25,281.95
Net returns to union	29,552.12
Average price per crate, gross	2.19
Freight, per crate	59.4
Commission, per crate	21.5
Net returns per crate to union	188.1
Box charges, per crate	15
Union charges, per crate	68
Net average to grower, per crate	115
Average freight per crate in 1897	64.5
Average freight per crate, 1898	60.4
Gain for 1898	22
Distributed to growers by union, 1897	10,332.21
Distributed to growers by union, 1898	25,281.95

The following shows the total shipments of the Hood River and the grain over 1897:

Number crates shipped by the union	21,388
Number shipped by Davidson Fruit Co. and other shippers	15,630
Total number crates shipped from Hood River	37,018
Total shipments in 1897, crates	18,202
Gain for 1898	18,816

The treasurer's report shows, after paying a freight bill due, \$216.98 on hand.

After reading the reports, the board of directors offered their resignations in a body. This action was taken in order to give the stockholders a chance to legally elect a new board. There being no quorum present at the meeting two weeks ago, no election could be held. After some discussion the resignations were accepted and the meeting proceeded to make nominations to fill the vacancies. As most of the old board refused to accept renomination, others nominated also refused to serve if elected on a new board. A motion was then made to reconsider the vote by which the resignations of the old board were accepted and was carried unanimously.

The following motion by T. R. Coon was unanimously adopted: That the chairman appoint a committee of five to solicit the signatures of the strawberry growers to a pledge to ship with the union, and unless 80 per cent of the output of strawberries is pledged, that the board of directors may suspend all shipments of fruit by the union for the period of one year. The time given for signing the pledge is limited to the 15th of December. The following were appointed to circulate the pledge: Capt. A. S. Blowers, Robt. Rand, G. J. Gessling, Hon. E. L. Smith, Hon. T. R. Coon. Adjourned.

Capt. P. S. Davidson, capitalist and veteran saw mill man, is now in Hood River. He has investigated the timber resources of the valley and finds a good quality of timber and enough of it to run a mill of 10,000 feet an hour capacity for many years. He stands ready to put in his mill if he can obtain the necessary property rights and the use of Hood river for driving logs. If his mill is located here it will necessitate the building of at least 50 houses in our town to accommodate the families the work in the mill will bring. It will double the population of our town within a year. Every business, every ranch and every family in the valley will be benefited by this enterprise. We hope nothing will stand in the way of Mr. Davidson's mill coming to Hood River.

Howard Isenberg of the Second Oregon volunteers at Manila, sent the GLACIER three Manila papers—the Daily American of Oct. 23d; Freedom, a semi-weekly, of Oct. 22d; and La Republica Filipina, Spanish, of Oct. 19th. The American papers contain news of the military camps, cablegrams, war news and advertisements. Schlitz beer occupies a page in each of the American papers, which goes to prove that trade really does follow the flag. All three of the papers are gotten up in the poorest style of the printer's art. The type setting is evidently done by cheap Filipino labor.

Spain has at last acceded to the demands of the United States and gives up the Philippines, but protesting that she has no other recourse. And our government gives up \$20,000,000 for the privilege of trying to govern the islands. It may be a long time before we have any better success with the Filipinos than did the Spaniards. In the meantime it will cost in men and money many times the worth of the islands to America. It will be a great

pity if Aguinaldo's government doesn't prove itself capable of governing so that we can some day let the Filipinos govern themselves.

Capt. Gadsby of the Second Oregon volunteers has resigned and come home. Officers may resign, but the privates must be resigned to their fate, whatever it is to be in the Philippines, and serve out their two years.

Living in the Country.

In the December Ladies' Home Journal Edward Bok, with much satisfaction, notes the strong tendency to country living, and believes that "it is one of the best signs of the times. Nothing in the world can keep a man or woman so young and fresh as to be able to be in touch each day with the perpetual freshness and youth of Nature. Suburban life means more out-of-door living, and that is what we Americans all need. We want more exercise, and suburban living makes that easier. We want our interest in things kept fresh, and that Nature does for us as nothing else can. The more our busy men see of Nature's restful ways the more restful will they become. The closer we keep our children to the soil, the healthier will they be physically, and the stronger will they develop mentally. The more our girls breathe in the pure air which God intended for all, but which man in the cities pollutes, the better women we shall have. The more our young men see of out-of-door sports the more clearly will they realize the greatness of splendid physical health. The more the tired housewife sees of flowers and plants and trees the closer will become her interest in all things natural and simple; and as she sees the simplicity with which Nature works, unconsciously will the lesson be forced upon her and enter into her own methods. We all agree that there is no teacher like Nature herself. Let us all, then, get as close to her as possible. Whatever she teaches is wholesome to the mind and uplifting to the soul and strengthening to the body. In the very act of studying her wonderful ways there is health."

Antelope Educational Meeting.

Last week's meeting at Antelope held educational meeting at Antelope and teachers from Wasco, Crook and Sherman counties. The following resolutions were unanimously adopted:

- 1st. The financial year should be made to conform to the school year and end about the first Monday in July.
- 2d. It should be made more difficult to obtain state papers and the fees charged for granting same should be reduced one half, and said reduced fees should all go to the county institute fund with the fees for county certificate.
- 3d. With fewer state papers, second and third grade county certificates should be re-issued as the result of regular examinations.
- 4th. Teachers should be required to attend the county institute at least five days, and if during school term, be allowed full pay for the time.
- 5th. The state board of education should be authorized to prepare a course of study for rural schools.
- 6th. The members of the state board of examiners should be paid for their services, and should meet after each examination, and grade the work of all applicants for state papers.
- 7th. The enumeration for the purpose of drawing school money should be changed from 4 to 20 years, as at present, to from 6 to 20 years inclusive to conform with the ages for free school attendance.
- 8th. The term of county superintendent should be increased from 2 to 4 years, and only persons holding valid first grade county certificates (or better) and having taught school at least 18 months in Oregon should be eligible to the office.
- 9th. Qualifications for voters at school meetings and elections should be uniform for districts having less than 4,000 population (those districts having only three directors) and should include tax payers and parents having children to educate.
- 10th. The law should clearly give to each district the power to decide whether or not high school studies should be taught in addition to the common branches.
- 11th. The two present normal schools maintained at state expense are amply sufficient for educational needs of Oregon for ten years in the future.
- 12th. The minimum school term for drawing public funds should be increased from 3 to 4 months.

The Rev. Irl R. Hicks
Annual Almanac and monthly paper, Word and Works, are known from sea to sea. We are pleased to call the attention of our readers to the Almanac for 1899, now ready. It is a splendidly printed and illustrated book of 116 pages and the storm forecasts and diagrams and astronomical and scientific matter are superior to anything that has ever been seen before in a 25 cent book. His monthly journal, Word and Works, is one of the best literary, home and scientific magazines in the country, besides containing 115 monthly storm forecasts with explanations. The subscription price of Word and Works is \$1 per year and a copy of the Almanac is sent as a premium to every yearly subscriber. Single copies Word and Works, 10 cents. Price of Almanac alone, 25 cents. Send your order to Word and Works Pub. Co., 2201 Locust Street, St. Louis, Mo.

Pains in the chest when a person has a cold indicate a tendency toward pneumonia. A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the chest over the seat of pain will promptly relieve the pain and prevent the threatened attack of pneumonia. This same treatment will cure a lame back in a few hours. Sold by Williams & Brosius.

Two Pointed Questions Answered.
What is the use of making a better article than your competitor if you can not get a better price for it?
Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?
If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by Williams & Brosius.
