At my monthly period I suffered untold misery, and a great deal of the time I was troubled with a severe pain in my side. Before finishing the first bottle of your Vegetable Compound I could tell it was doing me good. I continued its use, also used the Liver Pills and Sanative Wash, and have been greatly helped. I would like to have you use my letter for the benefit of others."

Mrs. FLORENCE A. WOLFE, 618 Hulberry St., Lancaster, Ohio, writes: "DEAR MRS. PINKHAM:—For two years I was troubled with what the local physicians told me was inflammation of the womb. Every month I suffered terribly. I had taken enough medicine from the doctors to cure anyone, but obtained relief for a short time only. At last I concluded to write to you in regard to my case, and can say that by following your advice I am now perfectly well."

Mrs. W. R. BATES, Mansfield, La., writes: "Before writing to you, I suffered dreadfully from painful menstruation, leucorrhoea and sore feeling in the lower part of the bowels. **EXPANSION UPHELD.**

**Senator Platt Speaks Against the Vest Resolution.**  
Washington, Dec. 21.—The senate had a busy day, and there were several important speeches. Platt of Connecticut, spoke against the Vest resolution, which declares that the United States has no power to acquire territory. He said that the power of a nation to acquire territory was as inherent as its sovereignty. The United States had the right to govern such territory in the best manner possible until the people of the acquired lands were capable of self-government.

The vote was exceedingly close; it had but two votes more than the necessary two-thirds. Bills were also passed under suspension of the rules to authorize the distribution of the assets of the Freedmen's bank; to enlarge the scope of the fish commission to include game birds; for the relief of the Fourth mounted Arkansas infantry, and for the relief of John W. Lewis, of Oregon.

Bailey of Texas, introduced a resolution in open house, directing the judiciary committee to investigate and report on the question as to whether members of the house who had accepted commissions in the army had forfeited their seats in the house. He made the resolution the text for some remarks, taking occasion to denounce anew the statement that in his attitude on this question he had been made a cat's paw by Republicans in the house. He denounced the Republican who had instigated the statement as an infamous liar, and challenged him to a fight. There was no reply to Mr. Bailey's statement, and the resolutions were referred to the committee on rules.

**JAPAN IS SATISFIED.**  
Polley of Expansion Receives the Moral Support of That Nation.  
Seattle, Wash., Dec. 21.—Commander I. Mori, who is on his way to San Francisco to take charge of the new Japanese cruiser Chitose, says the policy of expansion which has been adopted by the United States receives the most cordial moral support of the Japanese from sentimental and commercial reasons.

Commander Mori places Admiral Dewey in the same class with Admirals Ito and Nelson. "He is not only a great naval officer," said he, "but a general and a statesman." He did not know Admiral Dewey personally, but he saw the result of his work, having arrived at Manila in command of the cruiser Noniwa to look out for the Japanese interests there.

Commander Mori thinks a considerable portion of future contracts for warships will be let to American firms. One of the principal reasons of this, aside from the superior workmanship, will be because the United States is nearer to the home country, so that the vessels can be taken across the Pacific without the long voyage through the Suez canal or around the Cape of Good Hope.

**A COLOMBIAN OUTRAGE.**  
Two Americans Unjustly Kept Under Surveillance for Two Years.  
Los Angeles, Cal., Dec. 21.—Charles Nelson and H. K. Spring have just reached this city from the United States of Colombia, where for two years they were held under surveillance without being granted a trial, on a charge of having killed Jason Hubbard, August 27, 1896.

They are both from Colton, and went to South America and entered the employ of Hubbard, whose dead body was found on the date mentioned with a rifle by its side. It was thought that he had accidentally killed himself, but Nelson and Spring were arrested on suspicion, and imprisoned for 25 days, when they were released on bail. They could not leave the country, but on November 4 their bondsmen secured their release, and they at once started for home. There was no evidence to connect them with the death of Hubbard.

**Gold in Pike's Peak.**  
Colorado Springs, Colo., Dec. 21.—A strike of gold in the Strickler tunnel, being driven through Pike's Peak to increase the water supply of this city, has caused the most intense excitement in Colorado Springs. A splendid vein bearing large quantities of sylvanite has been encountered by the contractor, George W. Jackson, and samples from the find assay up into the thousands. Today pieces of the ore were roasted, and globules of gold were apparent in the rock.

The find is of importance to this city, as the riches will revert to the city of Colorado Springs.

Experts who have examined the property say that millions of dollars' worth of gold are contained in the vein encountered.

**DEAFNESS CANNOT BE CURED**

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; none cases out of ten are cured.
