Lost—Small Oxford pocket Bible, with the poem, "Just for Today" posted on the fly leaf. Finder will please leave at this office.  
The editor was invited to take a sleigh ride with W. R. Winans in his new sleigh, which is constructed on a unique plan of his own invention.  
Mr. A. I. Mason takes exceptions to the GLACIER'S advice to lend to neighbors. He says he loaned a wire stretcher 18 months ago and has never seen it since.  
Dr. Benjamin was in Hood River last Friday and Saturday, attending to the wants of our people in the dentistry line. He will be here again Jan. 20th and 21st.  
F. E. Denzer is putting up a good quality of ice in the ice house in rear of his store. This will assure a good supply of coolness for the hot days of next summer.  
The young people of the Valley Christian church and their friends are invited to the home of Mr. and Mrs. J. W. Jenkins on Friday evening, January 13th.  
Bonney's meat market is supplied with a choice lot of beef these days. It makes a desirable change in the bill of fare from prime-fatted hog to juicy beef-steak and roasts.  
School boards should not forget that the assessed valuation of property in their districts should be received from the county clerk and meetings called before February 1st in order to levy school taxes for 1899.  
The failure of the hog melt to forestall the weather this time is explained by Frank Caddy, who says the melts of hogs fattened on codlin moth and prunes can't be relied upon to make good weather indicators. Frank reads up on these questions, and by making a study of them keeps himself posted, and when his neighbors get stuck on knotty problems of like character is always free to help them out.  
Eggs have commanded a good price all winter, selling for 25 and 30 cents a dozen. Unfortunately, most of us keep hens that go on a strike and refuse to lay when the price of hen fruit is up. The work of the average Hood River hen is an unflinching gauge of the market reports. Fewer eggs are gathered as the price advances, and when no eggs are found in the nests it is a sure sign the price is at the top notch. But it is not so with John Kobler. He keeps 100 hens of the Yellow Cochon breed, and all winter has gathered an average of 34 dozen eggs a day. The secret of Mr. Kobler's success is not altogether in the breed of his hens, however; he knows how to feed and care for them, and they are never neglected. The rest of us might get a settin' of them eggs and the hatch would do no better than the common strain would.

G. D. Woodworth's store had a close call from being destroyed by fire Sunday night. Mr. Woodworth had taken the ashes from the stove Sunday morning and built a fire to keep the room warm. He put the ashes in a box and left it near the stove. During the night the ash box took fire and burned a hole through the floor. Mr. Gregory, who was sleeping in the store, was awakened at 5 o'clock by the smoke and put the fire out. Mr. Woodworth had kept the ashes in sight all day for safety, and before going home made sure there were no coals in the box. His stock of goods was insured for \$5,000, but he has since taken out a policy for another \$5,000.  
Harbison Bros. of the Plonze, Mills, East Side, have sent a large order for flour sacks with a brand specially designed for their popular whole wheat graham. Harbison Bros.' whole wheat graham has become a necessity in most Hood River families, and the firm will make an effort to enlarge their trade with towns up and down the Columbia river. Their whole wheat graham is made from selected winter wheat, and as they never grind any quantity ahead of orders, its freshly ground qualities can always be depended upon.  
Canby post had a full meeting last Saturday, when the new officers for the ensuing year were installed, as follows: Commander, D. G. Hill; senior vice, J. W. Rigby; junior vice, W. H. Perry; surgeon, L. D. Blount; adjutant, T. J. Cuning; quartermaster, L. Henry; quartermaster sergeant, C. J. Hayes; inside guard, J. B. Rand; sergeant major, S. F. Blythe.  
At the stockholders' meeting of the Hood River Water Supply Co., last Saturday, the following officers were elected: Board of Directors—C. E. Markham, F. C. Sherrieb, J. F. Armor, G. J. Gessling, Frank Davenport, D. G. Hill and Chas. Chandler. The board organized by electing D. G. Hill president, C. E. Markham secretary, and G. J. Gessling treasurer.  
The weather continued stormy during the past week. Snow fell every day till Wednesday, when a light chinook wind sent the thermometer up to the 40s. The snow was about two feet deep Wednesday morning, but the chinook settled it and it is now not more than 15 inches.  
Capt. John W. Lewis delivered his lecture in Hood River Monday evening, which proved to be about the stormiest night of the season, and in consequence the audience was small. We have not heard from the country, where he lectured at Barrett and Odell school houses.  
The K. of P. lodge, of which John H. Gerdes is a member, gave him a wood bee last Monday. A fine lot of wood was hauled and cut up. There were present: Tom Wickens, O. Eastman, Frank Caddy, W. S. Boorman, Sam C. Smith, Wm. Buck, Charlie Lloyd, Warren Miller.  
Chas. Bradley, M. F. Loy, Wm. Loy and Oliver Richardson, who were getting out the timbers for the new bridge above Winans, were compelled to quit work and came home Sunday on account of the snow, which was then about 24 feet deep.  
G. D. Woodworth received a letter from P. S. Davidson, Jr., which said the family were getting ready to move to Hood River and that some of them would arrive here in the latter part of January.  
Mr. H. Pugh received a telegram last Sunday from Wasco stating that his granddaughter, Esther Pearl Pugh, aged about five years, died of pneumonia January 7th.  
Edwin Henderson, son of Attorney J. L. Henderson, is expected to come to Hood River from Olympia about February 1st to make his home with his father.  
Dr. Benjamin, dentist, will be in Hood River Friday and Saturday, Jan. 20th and 21st. He has moved his Portland office to room 314 Oregonian building.  
Work will commence again next Monday with a full force on the new bridge above Winans, provided the snow is off the trees.  
Mr. J. D. McCully, a prominent banker and merchant of Willowa valley, Oregon, was the guest of Dr. Shaw over Sunday.  
Robt. Husbands is seriously sick with typhoid fever. He brought the disease with him from Sherman county.  
Don't forget the union meeting tomorrow, and if you can't attend send a proxy by some member.  
Before you go to drive logs on Hood river get your boots filled with calks at Denzer's.  
Miss Madge Warren spent the holidays at Portland, visiting friends.  
C. T. Bonney pays highest cash price for fat stock of all kinds.  
Mr. C. R. Bone was in town last Saturday.  
**Beauty is Hood Deep.**  
Clean blood means a clean skin. No beauty without it. Cascarets, Candy Cathartic clean your blood and keep it clean, by stirring up the lazy liver and driving all impurities from the body. Begin to-day to banish pimples, boils, blotches, blackheads, and that sickly bilious complexion by taking Cascarets,—beauty for ten cents. All druggists, satisfaction guaranteed, 10c, 25c, 50c.  
**County Commissioners' Court.**  
Commissioner Evans returned from The Dalles Wednesday morning. The county commissioners court was in session six days.  
Road supervisors were appointed as follows:  
District No. 2—J. F. Armor.  
No. 3—Thos. Bishop.  
No. 4—Chris Lethman.  
No. 5—Frank La Pier, Mosier.  
No. 6—Thos. Collins.  
No. 23—A. B. Billings.  
No. 25—J. H. Dukes.  
No. 29—D. S. Crapper.  
No. 31—F. M. Byrd, Viento.  
The tax levy is as follows: State, 5.7 mills; county school, 5; indigent soldiers, .61; county, 13.2—making a total of 24 mills. Last year the total was 22 mills, but the county tax was 13.4 mills. The difference this year is in the state levy. Had the state levy been the same this year, the total county tax, as levied by the commissioners, would be 2 mills less.  
**A Question for Debate.**  
Correspondence Goldendale Sentinel.  
The red man was the original American, and the immigrants from the Old World and their posterity are called Americans, whether rightfully or not. I do not pretend to know, but before closing I venture to ask, if white parents raised a few children in Africa, would the offspring be called Africans?

### The Barrett School.

The Barrett school gave another of their excellent entertainments last Saturday evening and those who were not present missed a literary treat, as it was one of the best the writer ever attended. The progress shown by the pupils cannot fail to gratify the parents and all interested in the school. The programme consisted of singing, readings and recitations and occupied something more than an hour. Several participants were encored, especially the serenade, which consisted of a song with a guitar accompaniment being encored time and again but the sweet singer had flown and taken the accompaniment with her.  
The paper, which is to be issued monthly, was delayed on account of the cold weather, but has since been delivered, and is appropriately named, "Barrett School Educator." It is filled with contributions, cuts, etc., by the pupils and should be well patronized. The price is 5c per copy. The entertainments also deserve patronage, as the proceeds are applied on articles needed in the school. These entertainments are to be given every month. Prof. Howard, with the assistance of Mrs. R. H. Alard, is giving to this country school a metropolitan aspect that is equaled by few schools.  
Receipts for the evening about \$6. Everybody come to the next entertainment and enjoy a good time, and encourage teachers and pupils in this good work. **NON-DESCRIPT.**

The next meeting will be at Mr. B. F. Shoemaker's and will be conducted by Mrs. B. F. Shoemaker.  
**E. N. BENSON, Secretary.**

### White Salmon Side.

The weather was very bad on our mail carriers last week. The Trout Lake man got on the wrong road and had to stay out all night, the mail carrier from Hood River got caught in the ice and staid out five hours while the ferryman and some boys from town pulled him to shore. The Chenoweth man has been having trouble also.  
Mrs. W. T. Hansberry has been staying with her son Harry Hansberry for the past week and taking care of his wife, who has been sick with rheumatism.  
Mr. P. F. Bradford has been quite sick the last week.

**No-To-Bac for Fifty Cents.**  
Guaranteed tobacco habit cure, makes weak men strong, blood pure. 50c. All druggists.

### A Fine Piece of Color Work.

An experienced art critic gives it as his opinion that there will be no handsomer piece of color work issued this year than Hood's Sarsaparilla calendar for 1899. It is not only useful, but artistic and beautiful, and up to date. The charming "American Girl" whose beautiful face appears with a delicately painted flag in the background, makes a pleasing feature which anyone will be pleased to have before him the whole of 1899. We suppose druggists will have this calendar, or a copy may be obtained by sending 6 cents to C. I. Hood & Co., Lowell, Mass.

### How to Prevent Pneumonia.

You are perhaps aware that pneumonia always results from a cold or from an attack of la grippe. During the epidemic of la grippe, a few years ago, when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or la grippe to result in that dangerous disease. It is the best remedy in the world for bad colds and la grippe. Every bottle warranted. For sale by Williams & Brosius.

### Card of Thanks.

To our neighbors who so kindly and untiringly assisted us in our endeavors to relieve the sufferings of little Elinor, we desire to express our heartfelt thanks  
Mr. and Mrs. T. R. COON.

### Died.

In Hood River, January 6, 1899, of whooping cough, Lynn, infant son of Mr. and Mrs. W. J. Smith, aged 13 months.  
In Hood River valley, January 8, 1899, of whooping cough, Sarah Elinor, infant daughter of Mr. and Mrs. T. R. COON, aged 2 months and 17 days.

There are times when one almost questions the goodness and mercy of God. A tender little plant is given into the family whose tendrils go out and intertwine themselves about the hearts of each member; suddenly and almost without warning they are torn away, leaving the home desolate and the hearts torn and bleeding. Little "Bottle" made a place for herself that can never be filled, and there are wounded hearts which only time can heal. Our loss is her gain. "The child of our adoption" is only transplanted.
