All members of Riverside lodge and the Degree of Honor, A. O. U. W., are especially urged to attend the regular meeting April 1st. A great treat is in store for that occasion. At the social meeting those present will be entertained by the very latest improved gramophone, the wonderful talking machine, through which may be heard, in song and story, the actual living voice of men and women long since dead. This is a new instrument, far superior to anything heretofore known. By it the sound of the human voice is stored to be reproduced by the pressing of a button, not in wheezing, jerky squeaks, but in full volume and perfect tone. There will also be exhibited the very latest thing in photography, by means of which living, moving pictures are portrayed upon a screen. Comic pictures, songs and recitations will fill the programme. A roar of laughter is assured from the rise to the fall of the curtain. A regular vest splitting, corset ripping time. Don't miss it. Bring the old folks and the baby.

Ian MacLaren's New Work. Ian MacLaren, who is now on a lecturing tour in this country, begins in an early issue of The Ladies' Home Journal his latest piece of literary work. It is a series of popular articles in which he defines the relation that minister holds to his congregation; how a preacher is helped by his people; how a congregation can make the most of a minister, and other phases of the most satisfactory attitude of a congregation to a pastor.

The fire meeting held at Bartmes' store, Monday evening, received the report of the committee appointed to procure estimates on a small reservoir and stand pipes. It was found that a reservoir is not necessary. The Spring Water Co. offers the citizens the privilege of tapping the mains at street corners for fire plugs. A committee was appointed to place the matter before the council, requesting it to act. The estimated cost is under \$100. Also, a meeting of citizens was called for next Monday evening, at A. O. U. W. hall, to organize a bucket brigade. At this meeting ladies are requested to be present and refreshments will be served at the close. It was found that not much can be accomplished without the assistance of the ladies even in fire protection. The ladies will be eligible to membership in the bucket brigade, and to them will be given the post of honor in passing empty buckets back to the tank during a fire.

Miss Grace Rogers, who has been in the family of Chas. Rogers of Hood River, and was raised here, has recently discovered the whereabouts of her mother. It seems that when but four years old, her mother, then named Emma Lemay, was divorced from her husband. A sister of Lemay had the child taken to the Children's Home in Portland, from where Mr. Rogers took her for adoption. Recently E. C. Rogers has interested himself in the girl and found her mother at Tacoma. Her mother married again and is now Mrs. John Smith. A photo of a sister to Grace, it is said, leaves no doubt of her identity being established. Her name was Maggie Lemay.

A gentleman hired a horse in Hood River, one day last week, to go to Winans to view some land. Arriving there, he put his horse in W. R. Winans' stable. When ready to go out and look at the land he went to get his horse, but the intelligent animal refused to leave the stable. He would allow himself to be led as far as the door, but no further. The men had to go about to look at the land. When ready to return to Hood River he tried again to get the horse out of the stable, but with all his coaxing, pulling and threatening, the horse would not come out of the door. At last Mr. Winans rigged up a rope and tackle, and by the united efforts of the two men the horse was finally pulled out of the stable.

The Hood River hen is aware that spring has come, and as a result of her industry eggs are coming in freely and the price has dropped to 12 1/2 cents. This is a fair price for eggs at this time of the year, but when the price gets below 12 1/2 cents, it will pay to pack them down and hold till the strawberry season opens. Two months from now we will be in the midst of the strawberry harvest.
