Prof. J. H. St. Lawrence and son of Colfax, Wash., lectured in Hood River last week on phonology and mind reading. The professor has been blind since 5 years of age. His wife is blind also. Prof. St. Lawrence is a brilliant speaker and debater. While here he met a number of old friends, among them Geo. T. Prather, Mrs. Ida Gregory and Jos. McGuire and family. He took dinner with Walter McGuire and family, where his old-time friends were gathered to enjoy his company. He gave some music while there, when the telephone came in good play. From Mr. Bonney's residence to Redfoot Corner they held their receivers down and enjoyed the musical treat. The professor has promised to come again to Hood River next fall.

### Mount Hood Notes.

April showers prevail and stopped most all the work around here.

Our mail carrier is making lightning express time since he got his fast horse. YOU AND ME.

Numerous invitations were extended, and those who found it convenient to be present were: Gertrude Croby, Mamie Mohr, Mabel Peak and Joy Mason, besides her sisters Blanche and Hester. Enjoyable games were played and a collation was spread such as makes glad the inner child. All expressed having a pleasant time and departed wishing Miss Ruth many happy returns of her natal day.

### The Newspapers' Luxury.

With our new territory and population, the press will become interesting and newsworthy. One morning we will be edited with the cheerful news that we have an inscription on our hands in Cuba; the next day one in old Porto Rico, and as soon as these are well under subjection or state, we can have one on the islands in the Philippine possessions. These will be repeated as often as desired. What a luxury the American people have acquired for the newspapers of this day.—Portland Dispatch.

### Ditches and Flumes Crossing Roads.

Regulations for irrigating ditches and flumes crossing county roads are ordered as follows: Ditches are to be covered not less than 32 feet; inverted siphons to be long enough to leave not less than 40 feet of roadway; and all ditches, flumes and siphons are to be low enough to leave surface of road on an even grade. ### To The Public.

It is the best I have ever known of.—J. A. Dodgen, Alpharetta, Ga. Thousands have been cured of rheumatism by this remedy. One application relieves the pain. For sale by Williams & Brosius.

Mrs. A. J. Montgomery died at her residence in Hood River, Oregon, April 10, 1899. Mary A. Barnes was born in Pike county, Ill., in January, 1851; crossed the plains with her father in 1864 and settled in Linn county, Oregon. She was married to A. J. Montgomery in 1867 and moved to Wakarusa county, Wash., where she resided until the death of her husband and father two years ago. Failing health compelled her to seek a change of climate and she moved to The Dalles, remaining there but a short time till she moved to Hood River, where she lived to the time of her sad death. The nature of her disease was consumption. Her remains were taken to Skamokawa, Washington, and laid to rest beside her husband. She was the honored and loving mother of six children, five of whom survive. She was converted at the early age of 15 and lived a faithful Christian life to the end. During her sickness she fully trusted in her Savior. Her loss is deeply felt by all her children, the youngest being 11 years of age.  
Dearest mother, thou hast left us—  
Hereby I say we deeply feel,  
But 'tis God that has bereft us,  
He can all our sorrows heal.
