Don't think you can cure that slight attack of Dyspepsia by dieting, or that it will cure itself. Kodol Dyspepsia Cure will cure it; it digests what you eat and restores the digestive organs to health. Williams & Brosius.

If you suffer from tenderness or fullness on the right side, pains under shoulder-blade, constipation, biliousness, sick-headache and feel dull, heavy and sleepy your liver is torpid and congested. DeWitt's Little Early Risers will cure you promptly, pleasantly and permanently by removing the congestion and causing the bile ducts to open and flow naturally. They are good pills. Williams & Brosius.

J. H. Aldrich of Cascade Locks was in Hood River last week. Mr. Aldrich is a professional cook and baker and came here with the intention of starting a restaurant and bakery and found the field already occupied. We hope he will find it to his advantage to make his home in Hood River and engage in some other business. There is plenty of room in Hood River at the top-growing strawberry.

Last Friday night, about 12 o'clock, the breaking of three large plate glasses in the window of the People's store awakened the proprietor. After a hurried inspection he concluded that the broken glass must have been caused by the settling of the foundation of his new building. But a closer inspection next morning satisfied him as well as every one else who examined the broken glass, that it was the work of some one striking the window with a club from the outside. The condition of the foundation and of the window casings precluded the idea of the crash being caused by the settling of the building, and no other conclusion can be arrived at but that it was done purposely by some person who chose the hour of midnight to get in his fiendish work. The dastardly act has aroused the public, and no one feels safe while a man of this character is at large. Mr. Knapp refuses to disclose the identity of the party at present.

W. H. Bishop received a dispatch last Saturday from the commissioner of Indian affairs at Washington City informing him that he had been appointed store-keeper at the Puyallup Indian reservation near Tacoma, Wash. Mr. Bishop will accept the appointment and in a few days will go to Tacoma to enter upon the discharge of the duties of his office. Mrs. Bishop and son Perne expect to remain in Hood River for the summer. Mr. Bishop passed the civil service examination last fall in Portland. Though we may lose a good citizen of Hood River far awhile, his numerous friends will be pleased to learn of his appointment in the government service. He is well qualified for his new work, and no one of his acquaintance will doubt his ability to give satisfaction.

Frank Caddy met with an accident at the planer last week. He was loading railroad ties on a car when a fellow workman, mistaking one of Frank's feet for a railroad tie, jabbed his pick-axe into it and took out a piece of bone just above his great toe. It was a painful wound and laid Frank up for a day or two, but he is again at work.

T. C. Dallas' name will go ringing through the corridors of Time along with other great inventors of the world's history. He has lately invented a drinking fountain for watering little chicks. It is a safety fountain, by which chicks are prevented from drowning. Call and see it and invest in one and save your young chicks.

R. M. Hunt planted a lot of horse radish roots last fall. They disappeared during the winter. Last week one day, while digging seven or eight rods away, he unearthed about half a bushel of horse radish plants which had been cached by the moles. The plants are all right, but he has the work of planting to do again.

Mrs. A. Winans has been kindly recommended by James Muir, a soldier in Company M, Second Oregon, who has sent her many nice shells from Manila. Miss Jennie Parsons is teaching the school in the Hillsstrom district.

R. R. Erwin returned last week from the Republic mines.

M. A. Cook made a trip to Portland during the week.

Footography.

For a number of years we have practiced footography. It is not a profession, it's a combination of art and business. It is the knowledge of feet and the art of fitting them right.

We have learned a good deal about feet, shoes and leather, also shoemakers; and some of them don't know as much as they ought to; but there is one at least that knows how to make a shoe that is the easiest thing you ever put your foot in, and at the same time the most elegant. You may think you cannot get a stylish fit that will be comfortable, but that's a mistake. We can fit anybody with some style of the famous "Julia Marlowe."

THE PEOPLE'S STORE.

Under the auspices of the local W. C. T. U., Mrs. Luema Greene Johnson gave a series of talks and lectures in the different churches of this place on the dates of April 22d, 23d and 24th. Mrs. Johnson is a woman of rare intellect and power. She is not only eloquent in her utterances but unveils truths with such intensity of feeling that it carries conviction. Surely, her whole heart and mind and soul is thoroughly consecrated to the cause. "For God, and home, and native land." As a result of Mrs. Johnson's visit to Hood River, the local union was greatly strengthened in purpose and seven new members added.

Geo. T. Prather has been appointed, by Judge Bellinger, United States commissioner for Oregon in Wasco county. He will now do the business of The Dalles land office in the matter of homesteaders making final proof, which will be a great convenience to settlers of the valley.

H. Ries of Mt. Hood favored this office with a box of Yellow Newtown apples, grown at Mt. Hood. They are first class. It has been claimed by some that the Yellow Newtown would not mature so far up the valley, but these apples dispute that claim.

Wm. Luckey came up from Portland Tuesday. He is on crutches, having met with an accident in Smith Bros. saw mill, where he works. A heavy timber fell on his left foot on the 28th of March, and he has been laid up ever since.

Dr. R. W. Benjamin writes that he has been kept from coming to Hood River through sickness for the past month or more, but he expects to be able to come up next week and attend to the dental work that is needed.

Geo. Alex Off with a New Girl. Skamania Pioneer.

Two Indians, Charley Waucomack and Johnnie Sams, passed through Stevenson yesterday with blood in their eyes. They were hot on the trail of the notorious Geo. Alex, who had stolen, abducted, kidnaped and taken away the 15-year-old step-daughter of Charley Waucomack. They carried long enough to swear out a warrant against the said hard Alex, charging him with kidnaping, etc. George is the greatest masher along the Columbia river. However, should he be caught this time he will be dealt with severely. He has one wife, Nellie Alex, nee Nellie Arnot. Nellie was a coy maiden, but George wooed and won her, although against her parents' will. George has probably crossed the mighty Columbia, and hence is safe for the present. His last catch is said to be 15 years old, dark hair and large black eyes. She hails from the Cascades, where she was raised. She loves Geo.
