The editor of the Urbrua (Ohio) Cit.

Over twenty remedics. Physicians and surgeons endorse it. Beware of danger-ous counterfeits. Williams & Brosius.

Cholly: "There goes that dashing widow Brown, whose husband left her so much real estate." Jack: "Real esman, Attorney John L. Henderson, made a record last year by a swim in the Columbia that is far ahead of that reported by the Republic. He made the 22 miles from Hood River to the Cascades in 5 hours and 5 minutes. The cades in 5 hours and 5 minutes. The water of the Columbia is ice cold, and such a swim is equal to a 25-mile swim in the warm waters of the Mississippi. Mr. Henderson lived seven or eight years in the South and while there held both the amateur and professional championships of America. He has met several challenges for this title but has bested all competitors. One of his record makers was a swim of He miles straight out into the gulf of Mexico, equal to at least 30 miles in a river with a current. Mr. Henderson says he has a standing challenge, for a purse of \$1,000 and up for each side, for a swim in the Columbia, either from Hood the Columbia, either from Hood River to the Cascades or from The Dalles it to drink. The phenomenal peculiar-to Hood River, a distance of a little over ity of these people of the northwest is 20 miles each way. The swim of Mr. Henderson's from here to Cascades was little of it in the East. When you realize that the great little of the contract with an Eastern firm to manufacture his summer fallow little of it in the East. When you realize that the great little of the contract with an Eastern firm to manufacture his summer fallow little of it in the East. When you realize that the great little of the contract with an Eastern firm to manufacture his summer fallow little of it in the East.

Nothing New Under the Tent.

I wandered to the circus, John; I sat beneath the tent and saw the man from Borneo, like-wise the tattooed gent. I heard the toothless lions howl, while men in spangled clothes stepped fearlessly into their dens and whacked them on the nose. I saw the sacred elephant the jokes we used to know when we were boys together, John, some twenty years ago. The same old horses wandered round the same old kind of ring; the same old comic vocalists proved that they couldn't sing; the same old hippopotamus was grunting with disgust; the same old Persian ox was kicking up the dust; the same old rheumatic across the same was grunting with disgust; the same old rheumatic across the same was grunting with disgust; the same old rheumatic across the same old rhe

He goeth forth in the morning warbling like the lark, and is knocked out in

one round and two seconds.

In the midst of life he is in debt, and the tax collector pursueth him wherever

He walketh forth in the bright sun-

light to absorb ozone, and meeteth the bank teller with a sight draft for \$375. He cometh home at eventide and meetoth the wheelbarrow in his path, and the wheelbarrow riseth up and smitetl him to the earth and falleth upon him and runneth one of its legs into his ear

him with woc and rheumatism.

He layeth up riches in the bank, and
the president speculateth in marginter trousers, and a wasp that abideth ir them filleth him with intense excitement

He sitteth up all night to get the re-turns from Ohio, and in the end learneth that the other fellows carried it. He buyeth a watch dog, and when he cometh home late from lodge the watch dog treeth him and sitteth beneath him till rosy morn.

He goeth to the horse trot, and bettet! his money on the brown mare, and the bay gelding with the blaze face winnetl.

He marrieth a red-headed heiress with wart on her nose, and the next day her parental ancestor goeth under, with few assets and great liabilities, and com-eth home to live with his beloved son-

Save the Forests.

Vast as the forests of the Northwest ness a terrible denudation of the forests. but ten years beyond that will be a very short time in which to repent and at-tempt to renew them. The farmer would be thought very unwise who depended upon one crop for all his life's income. Trees are treated not as a renewable crop, but as a mineral which affords but one yield. Because nature put in the first crop, man has not attempted to renew the forests and a most valuable source of wealth is becoming exhausted Orchardists plant fruit trees, which can not give any return for ten years, but the forests are stripped and then aband-
