Edmonton Relief Expedition. Seattle, Sept. 25 .- Moved at last by the appeals of the relatives and friends of the misguided men, so many of whom met death or encountered hardships and sufferings almost beyond human endurance, Canadian officials have dispatched a relief expedition over the Edmonton trail route. The rescuers left Dawson early in September. It is a splendidly equipped body, led by Corporal Kerving and Constable Boke. The voyage will probably require seven menths. The expedition left Dawson, going down the Yukon to the mouth of Percupine river. Thence the voyagers go up the Porcupine to the postage of Bell and West Rat rivers, where they cross the mountains to the Pelly river, thence portage to the Mackenzie and down that stream to Fort McPherson.
