The Broom Corn Industry in Illinois. Trucota, Ill., Sept. 10, 1890.-Editor GLACIDA: Still lingering in the heart of

the Prairie state, I find, as everywhere I go, many things prempting the pencil, The situation in the Transvaal still and if I should yield to inclination you McKamey, returned home on his place remains on the verge of a crisis. Enghand is generally credited with pursuing industry has more or less points of infacts in the case, as given out by the ways been a general newspaper as well official records, that England will have as a chronicler of local affairs, and with to you, James to go to war to protect British subjects it alone, with its summary of the news from the cruel burdens imposed upon of the world, a man can keep reasonably Monday, on business. them by the Boer government. The well informed. This locality is one of Vitlanders, or Outlanders as they are the centers, if not the greatest, of the

men who have gone into the lands of the | Quite a little army of men are here in Dutch republic (so called) and have this and adjoining counties at this time to express to you our deep gratitude and there established themselves with their cutting and thrashing the broom straw. the country. The English outnumber the Boers three to one, though they are excluded from the franchise, and the proportion of their taxes to that of the Boers was as £3,705,684 to £177,876. The Transvaal is the most heavily taxed country in the world, its per capita being \$80. The government excludes the English language from the schools, for the send of the country with the send of the send. Crews of 20 to 40 men in a field are common sights here now, with wages \$1.25 a day, infamilies and developed the resources of It is almost exclusively a floating popu. infancy, due largely to your ever ready

A man needs no credentials to get a ing people pay \$1,000,000 annually. For position in this army of labor. He is ties are now being formed and the signers are practically excluded from the right of trial by jury, the panel for the trial of Outlanders being invariably composed of Boors. There exists such inequality of administration of justice as the holding of an Outlander in £1,000 hall for organizing a public meeting and a Boer £100 for murder. With such strong grievances as these the Uitlandance in the unit of the trial of England that she other day so as to keep well up with cutstrong grievances as these the Uitlanders have not asked of England that she take the country under her control, but only ask that they be given the franchise and representation in the government. In fact, some two years ago, Sir Alfred Miller, the British high commissioner for South Africa, said in the course of a dispatch to his home government; "It seems a paradox, but it is tree, that the only affective way of proment; "It seems a paradox, but it is stalks over so they lay smoothly on top. true, that the only effective way of protecting our subjects is to help them to lay the piles of broom straw on as it is case to be our subjects." The conflict cut and is denominated the "lay on" is therefore a varied contention. The descendants of the early Dutch settlers descendants of the early Dutch settlers to drive wagons through to collect the descendants of the paradox, but it is stalks over so they lay smoothly on top. Every other table thus formed is used to lay the piles of broom straw on as it is cut and is denominated the "lay on" table. The alternate tables must not have straw laid on them but are left free to drive wagons through to collect the

toms that must of necessity fall before the encroachments of an enlightened and English-speaking people. Mr. Kruger stubbornly refuses to recognize the demands of Mr. Chamberlain, and before and force and force are English-speaking people. The cutting is done with knives a little heavier than shoe knives, by walking between the tables, taking one row at a time and defty severing the broom head with six to eight inches of stalk. Wagon beds are specially made for hauling in and discount of the family.

The cutting is done with knives a little enlarged upon. For the benefit of the ladies the latest fashions are handsomely illustrated. The Republic Sunday Magazine is always interesting to every member of the family.

The subscription price of the Semithe demands of Mr. Chamberlain, and long and fierce as England realizes a war would be with the people of the where the seed is thrashed off, After year. Both papers are now being Transvaal, yet imperial necessity will force her into it.

Among the resolutions adopted at the late convention of governors and state late and placed on slats six inches late convention of governors and state lat

itself, if enacted into law by the several states: "Recognizing that trusts are usually composed of corporations, and that corporations are but creatures of law, and can only exist in the place of their caeation, and cannot migrate to another sovereignty without the consent may be witheld when desired, we recommend as the sense of this consent may be witheld when desired, we recommend as the sense of this conference that each state pass laws providing that no corporation which is a member of any pool or trust in that state."

A correspondent of the New York Sun asks: "Why not pay honor to our dissipation of the several states of the several states of the several states of the several states of the several states."

It is an amazing fact that of all bills sent to a family, that of a doctor is in hundreds of families the last one to be paid; and in more cases than it is pleasant to contemplate it is never paid at all," writes Edward Bok in the consent may be witheld when desired, we recommend as the sense of this conference that each state pass laws providing that no corporations, and cannot migrate to a simply blown out as more cases than it is pleasant to contemplate it is never paid at all," writes Edward Bok in the constitution of the trough an inclined state in the state of the families of families the last one to be paid; and in more cases than it is pleasant to contemplate it is never paid at all," writes Edward Bok in the constitution of the families of families the last one to be paid; and in more cases than it is pleasant to contemplate it is never paid at all," writes Edward Bok in the constitution of the families the last one to be paid; and in more cases than it is pleasant to contemplate it is never paid at all," writes Edward Bok in the constitution of the families the last one to be paid; and in more cases than it is nundered to families.

The season up to the transmit it is never paid at all," writes Edward Bok in the constitution of a proper sense to make the families the last one to be families

electricity and its uses, by naming a stock feeders still have corn to sell. worker in the field of human industry and its uses, by naming a Corn four years old is now being shelled deserves better than at the hands of the horseless carriage a 'Franklin?' It is and delivered at 28 cents a bushel, some people whom he serves than the doctor, automobile no more moves itself than the immense new crop now in sight in this and adjoining states settles it. Can it be raised at this price? Whether or proper whom he serves than the doctor, and to pay his fee promptly and cheerfully is the least we can do for the service which he gives us."

Franklin,' aside from its associations, not, they don't know that the content of the service which he gives us." *Franklin,' aside from its associations, not, they don't know what else to put is a pleasant-sounding word, easily spoken, and could be used as a verb as to \$100 an aere. Rents are high. One man told me that the renters and not man told me that the renters and not Mark Neumayer, whether living or dead. Arrangements for the big parade in New York in honor of the arrival of Admiral Dewey placed the G. A. R. in the miral Dewey placed the rear. The commander of the depart- bit of romance about it except perhaps tressed mother to clear the mystery of ment of New York promptly declined to parade, and the old soldiers will not participate.
