

Hood River Glacier

FRIDAY, OCTOBER 13, 1899.

BRIEF LOCAL MATTERS.

Mrs. Spangler is on the sick list. Mr. C. R. Bone is visiting in Portland. Hymenith tulip and gladioli bulbs at Columbia Nursery. Miss Bertha Prather is assistant central at the telephone office. E. L. Rood on Monday bought a span of horses from Robt. Rand for \$100. Do you want lumber? If so, see TUCKER. Money to loan on real estate by JOHN L. HENDERSON, agt. Henry Shute was down from Pendleton for several days last week. The Oregon state teachers' association will be held at LaGrande November 1, 2 and 3, 1899. Mrs. Harvey Crapper entertained Mrs. H. H. Bailey and Carrie Bailey last Thursday. Mrs. Koplin is having her two seven-acre tracts in Parkhurst sub-divided in blocks and lots. H. H. Bailey is having his house treated with a coat of paint. His son Harry is giving the treatment. Lands bought, sold and exchanged at Emporium. Keep your eye on the Emporium ad, 2d page of Glacier. Grant Patton, an old friend of D. N. Byerlee, came up from Portland last week and accepted a position at Davison's planer. T. A. Reavis, wife and daughter of Enterprise, Or., are spending a week in Hood River, the guests of Mrs. and Dr. M. F. Shaw. O. G. Chamberlain returned from the eastern part of Klickitat county last Monday, where he had been sojourning for about five weeks. Dr. F. C. Brosius has returned and can be found in his office over Williams & Brosius' drug store, between the hours of 10-11 a. m. and 6-7 p. m. Uncle Oliver Bartmess on Monday proudly exhibited some fine potatoes grown on his lots in town. They were the largest we have seen this season. Chas. Rogers and family and Mr. Bardick returned last week from Portland, where they made quite a visit after their outing in the hop fields of Polk county. The whole country will welcome the news that Ed Stewart have entered the mill stuff market as cash and card buyers. The change means a big saving to consumers. Phones were put in during the week at the residences of Dr. Brosius and Capt. Dukes and at Ed Fewel's billiard room. There are now 27 phones in use in Hood River. Mr. and Mrs. S. L. Taylor went to Troutdale on the boat Wednesday, where they expect to remain for about a month while Mr. Taylor gathers some crops left on his place there. Robt. Rand on Monday sold out the lease of his brick yard on the East Side to L. D. Boyd. He also sold two brick-making machines and all the other apparatus necessary for making bricks. A farmer living below town, who is becoming noted for his good garden truck, brought the GLACIER 10 onions that weighed a little over 16 pounds. He didn't want to name them. Robt. Rand last week sold two acres one mile south of town to H. Pugh for \$2,000. Mr. Pugh's nephew, W. H. Pugh, recently from Binkerman, Neb., has rented the place and moved upon it. It is a strawberry ranch. Barrett-Sigma Addition—Lots 50x130 feet for sale at Emporium. 19 now sold; one house to go up at once; \$35 per lot—\$10 down and \$5 per month; no interest. After Oct. 15 the price will be \$40 per lot. Now is the time to get a home cheap. Miss Alma LeRoy of Portland, sister of Mrs. Wm. Rand, has obtained a three months leave of absence from her school and gone to San Bernardino, Calif., where she has been ordered by her physician for lung trouble, caused by an attack of the grippe last winter. The Congregational church will give a social at the residence of Mr. R. E. Harbison, next Monday evening, Oct. 16th. Refreshments will be served. Conveyances will take all from town who wish to attend, free of charge. Price for refreshments, 25 cents. Mr. and Mrs. T. J. Canning came up from Portland last Thursday, where they had been visiting since their coming in the hop fields of Marion county. They had a good time and enjoyed the trip, except that Mr. Canning came home with a well-developed case of rheumatism. Supervisor W. H. H. Dufur was in town last week. He is planning to go to Lost Lake to look after the forest ranger that was supposed to be on duty in that neighborhood. The ranger was not found. He had gone off to Portland and left his part of the Cascade reserve to take care of itself. Mrs. Alice Kemp, living near Oddish school house, desires to rent her orchard. The apple trees have been bearing now two years, and next year will no doubt have a big crop. The right party, who will be willing to attend to the trees in the right way, will be called to call and see Mrs. Kemp in regard to the orchard. Geo. Fox took out a party consisting of R. E. Fewel, Miss Grace Ellison, and himself and wife, and spent a couple of days with Mr. Huff at the falls of White Salmon where George promised good fishing. The party caught nine small trout in two days, and now don't feel like recommending that place for fishing. J. P. Watson and family left Wednesday night for their new home at Omaha. For some reason their tickets were not correct, and Mr. Watson was obliged to go to Portland Wednesday morning to get the right way. For this reason they were delayed 24 hours in starting. Their many friends wish them a safe journey. The GLACIER is in receipt of communication from the East Side signed "Stranger." It mentions among other things a dance given by Will Sears and a party at W. F. Jackson's. It is a rule of newspapers never to publish communications not vouched for, and therefore this one was consigned to the waste basket. No part of the proceeds of the lecture by M. C. E. Sanders, on the "Philippines and the Filipinos" will go to the Congregational church. The lecturer is an enterprising young man who is trying to earn money to pay his way in college this year. Hence all the proceeds, so far as the church is concerned, will go to Mr. Sanders. Rev. J. W. Jenkins started on Tuesday for the East to visit his mother in Michigan, who is in her 84th year. He will also take in the Jubilee Missionary convention of the Christian church, which convenes in the city of Cincinnati, Ohio, Oct. 13 to 20. Ten thousand delegates will be in attendance and will report one hundred thousand conversions to Christ during the year, and one hundred thousand dollars raised for home missions. He will return about Jan. 1st and enter upon his sixth year as pastor of the Christian church in Hood River.

Last Tuesday Mrs. Alma Howe invited a few of her old friends to her home to celebrate her recovery from the accident which happened to her four years ago on the 10th of October. A stick of cord-wood fell on her foot in her wood shed, but at the time she did not regard the injury as amounting to much. But the injury soon proved to have affected a nerve, and for two years she was a helpless invalid. She suffered intensely, but at one time expected to lose the injured limb. She lived bravely, however, under her terrible affliction, and for the past two years has been gaining in strength, until now she feels that her restoration to health will be complete. The guests invited to celebrate with her were all ladies. A beautiful dinner was spread and a very pleasant day spent. Mrs. Howe was the recipient of valuable presents of table ware by the guests. Those present were: Mrs. S. J. L. Latham, Mrs. John Parker, Mrs. J. L. Hershner, Mrs. G. B. Carter, Mrs. E. E. Savage, Mrs. E. D. Calkins, Mrs. J. F. Armer, Mrs. S. F. Blythe. H. A. Tawney came to town and viewed the scene of his late accident last Monday for the first time. He thinks he made a wonderful escape from being killed. He fell at least 50 feet with his wagon and team, down upon the big boulders at the foot of the hill. He was shown the place where he fell by J. P. Watson, who pointed out the rock, still bloody, upon which his head struck. He has no recollection of the accident and didn't know that he had made a trip to town that day. He is slowly recovering from the injuries to his head and arm. David S. Kiser brought to the GLACIER a fine variety of rutabaga, or rather a double rutabaga that is a sight to behold. Clinging to every fibrous root of the rutabaga are clusters of small globular growths too numerous to be counted. He also brought along a carrot about three feet long, and a bunch of rutabagas and carrots to C. T. Bonney. The rutabagas were grown in eight rows 200 feet long, and the carrots in three rows of about the same length. Tomorrow night, Oct. 14th, Earl Sanders will tell of the experience of the Second Oregon in the Philippines at the Congregational church. His lecture has been well advertised and there will be no excuse to say you hadn't heard of it. Turn out and give this deserving young soldier a full house. T. C. Dallas spent two days in Portland last week. Unusual quiet prevailed around and about the corner of Oak and Fourth streets. Country folks, male and female, all have business with Dallas when they come to town, and no business man is more greatly missed when he goes out of town. Wm. Kennedy has taken out the furnace in his cannery and put in a boiler. He is now engaged in canning pumpkins, grapes and tomatoes. He has just completed a 12 foot windmill, which will furnish plenty of fresh water for the cannery. The Masalle club is a new organization in Hood River. Its place of meeting is in Middleton hall, and its officers are: W. Davidson, president; Chas. N. Clarke, vice president; Wm. Gregory, secretary; Lew M. Davidson, treasurer. The Hood River Lumbering Co. are putting in a boom at the mouth of the river, ready to drive logs when the stage of water in the river will allow the work to proceed. The weather is cool but Jack Frost has not yet put in an appearance. We have had cloudy nights with light sprinklings of rain in the mornings, and snow on the hills. Mrs. Phoebe Jones, who has been visiting friends and relatives in Hood River and Portland, for two months or more, left for her home in Pendleton Saturday night. Mrs. James and daughter, who have been guests at Mrs. Alma Howe's boardings during the summer months, left for their home in Portland last Saturday. Alfred Boorman has been having his house fixed up in good style. B. F. Bellin has been engaged for two weeks putting on rustic and painting the house. Owing to the change of weather, the town drill will not be given in the armory but in the U. B. church. Please note the change. Miss Wealthy Kidder, niece of Mrs. A. L. Phelps, arrived here last week from Scandia, Kansas, and will make a good long visit. Many of our citizens have taken advantage of the cheap railroad and steamer boat fares to visit Portland and the exposition. Henry McGuire and sister, Mrs. Baldwin, are visiting their old home in Yamhill county and are expected home next Sunday. Oscar Fields was in town last Monday on crutches, having received a leg when he was in the logging camps two months ago. J. C. Lister, lecturer for the Oregon state grange, will be in Hood River Oct. 16th, to organize one or more granges. Geo. T. Prather has been re-commissioned a notary public. Earl Sanders at Dufur. Prof. R. B. Allard writes to the GLACIER from Dufur, under date of October 9th, as follows: Earl Sanders of Co. L, Second Oregon volunteers, lectured here this evening on the Philippines and Filipinos. His lecture is a bright, entertaining and truthful portrayal of Co. L's experience during the Spanish and Filipino war. R. is a source of enlightenment on our army movements in the Philippines. Tamborine Drill. A very pleasing entertainment will be given in the U. B. church on Tuesday evening, Oct. 17th, under the direction of the Ladies Aid society of the U. B. church. The young ladies in the drill consist of the following: Nellie Reynolds, Myrtle Low, Nora Wiggins, Clara Reynolds, Carrie Shutes, Clara Erwin, Gladys Hartley, Ella Wheeler, Agnes Dukes, Bertha Prather, Bernice Fox, Lena Wells, Vera Jackson, Olive Sturgis, Jennie Kent, Myrtle Ames. Following is the programme: Piano solo. Ladies' quartette, "The Roses." Solo, "The Organ Grinder's Serenade," J. R. Nickelsen. Mother Goose reception and drill, by sixteen young girls. Double quartette, "The Distant Horn is Sounding," by Messrs. Nickelsen, Gregory, Bartmess, Hayes, J. E. Rand, Knapp, Clark and D. E. Rand. Tamborine drill and march, by sixteen young ladies. The piano for the evening has been given free of charge by I. C. Nickelsen of The Dalles. It is in care of Judge Prather and is for rent or sale. A fine entertainment is promised and a large crowd will be present. Admission 25c.; children under 12 years, 10c.

In the Apple Belt. Last Sunday the GLACIER force took a drive on the East Side, to note some of the improvements and visit several orchards in this fruitful section that are well worthy of special mention. We passed over the new grade that starts at Reynolds' place and winds around the bluffs and intersects the old road at Wm. Ploss' place. This piece of new road is a great saving of time and horse flesh to the settlers on the East Side, and its promoters and those who so freely subscribed the money for its construction deserve the lasting thanks of the traveler. A few more turnouts and a railing or fence along the river side are needed to make this work complete; but we have the road and the safeguards will be sure to come later. At the top of the hill a grand view of the Hood River valley was invited to tarry for the day. Mr. Sears has a ranch of 100 acres, 2 1/2 miles from town, 40 acres lying on the west side of the road and 60 on the east. Mr. Sears located on this place just seven years ago. The place then had very little or no improvements. With very little means to go ahead and make improvements, himself and son-in-law, J. C. Porter, went to work and in a few years cleared the land and transformed the wilderness into a blooming and productive home. Mr. Sears now has a commodious and comfortable dwelling, good barns and other buildings, and about 2,000 apple trees, besides other fruit. His land is mostly on a rising slope gently to gulches on either side, affording good drainage. His apple trees are well worth a day's travel to see. The trees are healthy looking and have made a good growth this season; in fact we never saw a finer looking body of trees, and in the off year, three and four-year-old Ben Davis, Yellow Newtown, Red Cheek Pippin and other varieties are well loaded with large well-shaped apples, free from codling moth. Mr. Sears has kept the spray pump going and sprayed eight times during the present season. He believes in using plenty of arsenic and lime, and by using the spray when it is about the consistency of thin whitewash, keeps his apples all times covered with the spray. In our walk through his orchards, where we estimated his crop at least 1,000 boxes, we found but two wormy apples, and evidently they were upon trees that did not get sprayed every time because the apples on them were not seen till they got to be a good size. He has four-year-old Ben Davis trees that will yield three and four boxes of first class apples. Even on trees that are heavily loaded with fruit a growth of codling moth was noted on some of the branches. If one of these Ben Davis trees, with its load of well developed fruit, could be taken up bodily and exhibited at the Portland exposition it would create a sensation and advertise our section more satisfactorily than it could be done in any other way. Mr. Sears is justly proud of his orchards. He knew nothing about the cultivation of fruit when he came to Hood River, but has made it a study, and now we consider him an expert. He has some of us who had been in the business for years before he left his old home in Ohio to come West. He is a miller by trade, and followed that occupation for years in his old home in Marion county, Ohio. Mr. Sears has a record of 18 years of civil war, having served within a few days of four years in the 9th Ohio cavalry. He spent seven months in Libby prison. He went out as a private before he had reached his 14th birthday, and had to shoulder a rifle. He served in the army of the Potomac and was under Phil Sheridan and other noted cavalry leaders. Mrs. Sears is a lady of refinement and is attached to her new home. The gentleman she served with will not soon be forgotten and the remembrance of it will be apt to bring us back again. While in the neighborhood we visited the Theo. Lacey place, now managed by Warren Lacey. Mr. Wells has also taken up a study of the apple, and some of us who had been in the business for years before he left his old home in Ohio to come West. He is a miller by trade, and followed that occupation for years in his old home in Marion county, Ohio. Mr. Wells has also taken up a study of the apple, and some of us who had been in the business for years before he left his old home in Ohio to come West. He is a miller by trade, and followed that occupation for years in his old home in Marion county, Ohio. Mr. Sears has a record of 18 years of civil war, having served within a few days of four years in the 9th Ohio cavalry. He spent seven months in Libby prison. He went out as a private before he had reached his 14th birthday, and had to shoulder a rifle. He served in the army of the Potomac and was under Phil Sheridan and other noted cavalry leaders. Mrs. Sears is a lady of refinement and is attached to her new home. The gentleman she served with will not soon be forgotten and the remembrance of it will be apt to bring us back again. While in the neighborhood we visited the Theo. Lacey place, now managed by Warren Lacey. Mr. Wells has also taken up a study of the apple, and some of us who had been in the business for years before he left his old home in Ohio to come West.
